NEXT WORK PARTY IS May 19, 2018

Provisional members - This is a good chance to get in your required volunteer hours. **The next work party will be August 19, 2018**

The Presidents' Corner

Annual Association BBQ

The association BBQ will take place on May 20. Early bird tickets are \$20.00. (Through April 30) Regular price's: Adult is \$25.00, children 12 years of age and under is \$10.00. Advance tickets can be purchased through BOD members or the Association clerk. Tickets can be purchased at the event.

Junior Muzzleloader

Our Junior Muzzleloader event was held on March 6, and thanks to Ren Everett it went off smooth as silk. Three (3) young shooters braved the weather and participated and all seemed to have had a great day. All of the young shooters got to try their hand at caplock and flintlock rifle. One participant had never fired a firearm at all and still posted an amazing score. I want to thank all of the folks from SPAR (Society of Primitive American Riflemen) and the Black Powder Silhouette shooters for coming up and taking the time to coach and teach this sport to our youngsters. I will be looking forward to the next event, May 6, 2018.

Elections

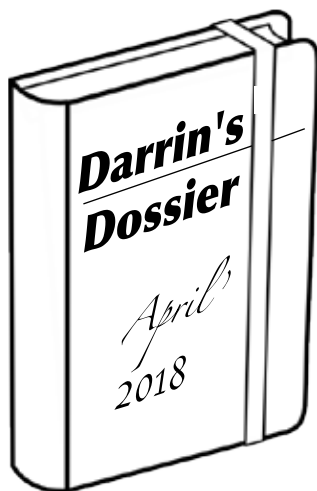

Well, it's that time of the year again. Nominations for your Board of Directors will start at the general membership meeting this month, {April 12, 2018}. At the general membership meeting in May, {May 10, 2018}, the floor will be open once again for nominations, then immediately followed by the membership vote. Please remember to bring your membership card with you or you will not be given a ballot. Committee chairperson Jack Bryson has informed the Board of Directors that along with the President, Vice President and Secretary positions, there will be three (3) Director vacancies for this years election. If you know any responsible members that you think might be interested in serving the association on the BOD, please, "DON'T HESITATE TO NOMINATE".

Kudos

Our Junior(s) program is one of the best in the state and might just be one of the best in the country. I believe the reason is our volunteers. It takes between 30-35 volunteers to run these events for these young people and I for one would like to recognize these dedicated folks. THANK YOU to all who come up and make these events work. I appreciate you and I am sure the kids do as well. WELL DONE.

PLAY SAFE, STAY SAFE

Rain or Shine

One of my favorite events at EF&GA is the Combat Match that is held on the first Saturday of each month. Every month I scramble to get there early and help set up the targets. On March 3rd, I got up, jumped in my truck and made the trek from Oceanside as usual. On

the way to the Range I noticed a little bit of mist on my windshield and even turned my wipers on a couple of times but I figured that most of us are not made of sugar so we should be okay to continue with the event. When I got there Brian Lamb agreed that we would be okay even if it did rain a little. So, we continued setting up and the match went on as usual. We had 57 shooters and by the time we were done it rained quite a bit but we all had a great time. I thought that it was great training to shoot pistol in rainy conditions. Moreover, like in football, it rains on both sides of the field. We were all dealing with the rain so it was not an advantage for anyone.

This whole thing got me thinking about other events as well. Some events cannot work in rainy conditions. For example, if rain gets in the Trap machines, it could damage the equipment. At the very least, soggy clays would all come out of the machine broken. Before you drive all the way to the Range for an event, you might want to check the web site to see if your event has been cancelled. Whether an event is cancelled for weather or because a shoot chair is out sick, we can post that cancellation on the web site. If you are a shoot chair and you need to cancel an event, contact me or the EF&GA Secretary (Geoff Orchin) and we can change an event to display as CANCELLED on the web site.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Paulette Bryson won the \$25 door prize. Had he attended the meeting, Kevin Miller would have won the \$500 Attendance Prize. The next General Meeting is 4/12/2018. If you don't show up, you can't win.

NRA Metallic Cartridge Reloading Class (4/7/2018)

Although ammo has plentifully come back to the market there are California restrictions (Prop. 63) that have been generated to hinder such purchases both in-store and on-line. The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on April 7th, 2018.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session (8:00 AM 4/7/2018) will last until approximately 12 noon. The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads. Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session. The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and limited. For more information, contact Elvio Marchi at elvio1@cox.net or 760-734-3942

NRA Concealed Carry Class (4/14/2018 & 4/15/2018)

Please note that this two-day class will be held on Saturday the 14th (Classroom) and Sunday the 15th (Range). This is the NRA's advanced pistol class and students (adults 21+ who must have prior intermediate or greater experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. This class includes a full day on the range with exercises that provide increasing challenges through advanced drills that demonstrate principles of concealed carry, the draw, defensive shooting, movement, single, multiple and moving threats, use of barriers, and situational awareness. The classroom session includes review of the course textbook, flashlight techniques, laser trainers, and other important information to compliment and reinforce the range sessions and the essentials of concealed carry. This class includes both the Basic and Advanced NRA Certificates upon successful completion. This class is listed on the NRA training website under Self Defense, NRA Basics

of Personal Protection Outside the Home Course at: <https://tinyurl.com/y82v6uaw> To reserve your spot and for more information, email (best way) or call Bill Magdych: cienegabill@gmail.com 858-356-4019. Prior registration is required. Open to the public (EF&GA members receive a discount).

RANGEMASTER SOUND OFF

By: Jay Zimmet – CRSO • crsojay@escondidofishandgame.com

I would like to repeat a section of the article I sent out last month, since a few of our members did not have any opportunity to read it.

*The phrase “Cold” means the range is **INACTIVE**; there are no people shooting. You may **NOT** handle any firearm(s), ammunition, magazines, etc. You may **NOT** move equipment from/to your car or off the shooting line. It is **your** responsibility to verify the status of the range!*

We take safety very seriously at this range and we want the members to understand that a major violation will get you an invitation to the Board Meeting to discuss the incident.

I keep finding people who leave their magazine in their rifle when not shooting. Regardless of whether the bolt is back (please use a chamber flag) and/or the magazine is empty, when not shooting please remove it. Ammunition in the magazine is fine so long as it is not in the firearm.

If I keep seeing this, I may start confiscating them and have you visit a Board Meeting to get it back...

We discuss and stress the importance of firearm safety all the time, but neglect to talk about the component that makes it go bang: the ammunition.

Factory ammunition is pretty reliable and I usually never worry about it, but I have had a few duds. Factory reloads are also usually good quality ammunition at a reduced price. They have the proper equipment and quality assurance.

As a reloader, I take great care to make sure my loads are correct, but will admit I have had one squib and one double-charge in my years of reloading. The double-charge was a YeeHaa moment in 45 ACP shooting one handed—I had to check to see if all my fingers were still there... Thank goodness for shooting glasses and an all steel 1911 frame!

Well it appears one of our members was using reloads that they acquired from someone else and their Glock went boom. Fortunately, the shooter (and the other people around him) was not seriously hurt—just a bruised hand. The Glock frame, however, did not fare so well.

So know your ammunition source and determine how much you trust it. Your firearm, body parts and the shooters around you will appreciate it.

I am still looking for some “Volunteer” Rangemasters who would like to assist in managing and keeping the range safe (it is the Wild West sometimes). I provide training, a nifty red hat/shirt and an opportunity to help people shoot safely.

Jay “Rustler” Zimmet – CRSO

One last appeal: Please don’t forget to stop at the gate and wait for it to close while entering and leaving --

BLACK POWDER NEWS

By Garth Warner

Last Contest: Feb 25th was our standard short range event. 9 rifle and 6 pistol shooters participated. There were no single shot pistols this time. You can blame Ray Bucholz for pulling everyone to the dark side with cap and ball revolvers. Ray was presented with a baby buffalo at the last club meeting in appreciation of his continuing efforts to provide Black Diamond awards to muzzle loading BP shooters. He will have to clean up after it until he can get it housebroken.....

Next Contest: April 22nd. 2017 Top Gun contest winners shootout starting at 07:00am. This will be immediately followed by our standard pistol contest at 08:30 AM, and standard Long Range rifle contest starting at 10:00 AM. (Standard Pistol and Rifle times are approximate depending on how long the Top Gun shoot takes. (For specific questions about the Top Gun contest contact Ren Everett. He runs this one. YES!, he can use some help setting up the field between 06:00 and 07:00 on the day of the event.)

NOTE: The following is a list of shooters that are eligible to participate in the Top Gun contest. I have NOT been able to contact all of you. We would really like to see you there. (In no particular order) Dan Hannah, Alan Chmielewski, Bud Smith, Joseph Jelinek, Elwanda Hannah, Ren Everett, Tom Arendell, Craig Rogers, Garth Warner.

Thank You
Garth Warner

Junior Marksmanship Working Party (4/8/2018)

Ray Bucholz and Pamela Tucker have been very supportive of the Junior Marksmanship program. He has also been instrumental in teaching all of us to take pride in our range and the surrounding property. So, to show our appreciation, the four Junior Coach coordinators decided that we need to get together and provide lots of bodies to help out so that we can make the roses look awesome before the annual barbecue (5/20/2018). Please join us as we show Ray and Pam our appreciation as well as make the range look great for the barbecue. Everyone is welcome. There is no age or membership requirement. We will begin at 10:00 AM and continue until around 5:00 PM.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

First Impressions

By Ken Halpert

My name is Ken Halbert. I am a Jr Coach Coordinator along with Chris Cote.

My first trip to the range with my granddaughter (she was age 10) was for Jr trap shooting with Steve Sparks the RSO. I had some concerns about safety until I saw Steve in action. He has a special knack for handling the kids and is in total control of everything that occurs on his range. My granddaughter wrote the news article for the Jr Corner in March 2016 and here is what she said about him.

"I met my first Range Safety Officer. His name is Sparks, not John, not Ray, not Joe but Sparks! He is the best junior trap shooting coach in the whole world. He says he has eyes in the back of his head and I believe him. He sees everything".

If you ever attend Jr trap shooting at EFGA, you will never again have a concern about safety while your youngsters are shooting on his range.

My next trip to the range was for Jr rifle. As a first time shooter at Jr rifle, my granddaughter had to attend a safety class before she could do any shooting so I attended the class as well. Ren Everett gave an excellent class on safety and shooting technique. (You will never find anyone more dedicated to the Jr Shooting Program than Ren, his wonderful wife Julie, and his beautiful daughter Kim). After the class, we went to the shooting range and were given a safety brief before any handling

of the rifles was allowed. I was starting to feel a little more relieved concerning safety at this range. When the shooting started, each shooter had a coach and I could see that the coaches were all over safety.

After the shoot, I requested and was granted the privilege of being a Jr Coach. I felt this would be a good way to give back to a program that was giving so much to the kids and my granddaughter.

Not long after that, we met Patrick Russ. He was starting a new Jr pistol program and asked if my granddaughter could shoot in the program. Soon after, he asked me if she could be a Jr coach. I was a bit reluctant at first but he assured me that she would do well and it turned out he was right.

I have learned that Patrick is very skillful at selecting youngsters to be Jr coaches and most of our Jr coaches have been personally selected by him. He has a passion for the kids and has done a great job with his selections and leadership as we have a fantastic group of young men and women in the Jr Coaching Program.

Darrin Eaton is another important person in the Jr Coaching Program. He is more of a behind the scenes person unless he is the RSO for a shooting match. He is a big part of the success of the Jr Shooting Program and he keeps me safe. While on the 150 yd range, he once reminded me that I was not wearing my eyes (goggles). Thank you Darrin.

It's very easy to forget or inadvertently do something that is unsafe at the range but there is always someone there to correct you. So; if anyone points out something you are doing that is unsafe don't be insulted. Thank them. They just made everything safe for you and everyone else on the range.

A special thanks to Mike Marks, Tony Penzich, Frank Alessio, Curt Summers, Laurie Bresnahan and Patrick Watson. They are a huge part of the success of the EF&GA Jr Shooting Program. I also have to give a shout out to all the adult coaches that volunteer their time and show up at 7:00a for the shoots. You guys and ladies are awesome. Thank you to Chris Cote for being such a great partner to work with. Also; thank you to the parents of our awesome Jr Coaches. There are many others that I don't have room to name. You know who you are and my thanks to all of you.

Remember, above all else, SAFETY is the number one PRIORITY at the EF&GA.

Junior CPR/AED/FIRST AID

By Patrick Russ

The Jr. Marksmanship program would like to thank all of the young adults and parents that took the time to get CPR/First Aid/AED qualified. We would also like to thank Laurie Bresnahan for putting the course on for the Jr Program. This is another great example of how the Jr. Program is taking responsibility for themselves and others at the range.
