Linda's Lines

Okay, this is a little unusual for me, not exactly cheerful lines.

With the spread of Covid-19, I have been forced to make some really hard decisions.

1. All events in April will be cancelled. That means the BOD meeting, the general meeting, combat, cowboy, and other shoots scheduled before 5/1/2020 are cancelled. Any events after the end of the month are yet to be determined. The most recent decisions will be posted on the website. If you have questions please let us know.

2. The annual Barbecue has been postponed to June 28th. This decision was very difficult to make. I know a number of people will be inconvenienced by this. However, directed by an abundance of caution, I felt this was best for the health and safety of our members and guests. The date for the cleanup has been changed to June 27th.

3. The range will remain open for the foreseeable future. We are strong and resilient adults and can make safe decisions for ourselves. Please be aware of others sharing the range and extend every courtesy to all.

4. It has been decided to postpone the elections until June. We will nominate in May and then nominate again in June. After nominations, we will vote and install at the June meeting. It will make for a long meeting but we will still be within our regulations. I hope this doesn't create additional problems for the members.

In conclusion, these are unusual times and they call for creative decisions. I hope the choices I have made are understood to be in the best interest of our Association. If mistakes are made, they are mine. If this proves to be beneficial to the Association, it is because of a great Board of Directors.

God bless all of us. Stay safe and healthy.

Linda

DARRIN'S DOSSIER

 **Well, This is inconvenient**
So, apparently the world has changed overnight. All of our events are cancelled and we all need to be constantly aware of our new favorite phrase *social distancing*. We all have various opinions about how bad the situation really is and

what new requirements seem excessive or insufficient. One thing is for sure. Regardless of our opinions, we are all in this together. As long as we all set aside our differences and look out for each other, we will be just fine as a community.

One of the features of our nation that I think that we should all appreciate is that when adversity happens, we band together and find solutions. After the battle of Lexington on April 19, 1775, we banded together and became a sovereign nation. After Pearl Harbor on December 7th, 1941, we banded together and won a World War. After September 11th, 2001, we banded together, made our Nation secure and fought terrorism around the globe. In each of the three examples above, we used creativity, ingenuity, determination, and stubbornness to find ways to accomplish our common goals. During WWII we converted typewriter manufacturers into firearms producers and used automobile manufacturers to make large quantities of tanks and aircraft. When we unleash the power of Yankee ingenuity combined with our abilities to mass-produce anything, we can accomplish anything that set our minds to do.

I am confident that the COVID-19 challenge will have a similar result as long as we are all on-board to get it done. We have automobile manufacturers making ventilators and pillow manufacturers making surgical masks. Even an underwear manufacturer is now making surgical gowns and scrubs for medical personnel. When the Nation asked for help, private industry has stepped up with creative and innovative solutions.

The next question in my mind is what can we do to help the situation? First of all, we have to live by the federal, state, county, and city guidelines for how we conduct ourselves outside of our homes. This means that we need to maintain social distance, eliminate gatherings of 10 or more people, and wash our hands frequently. At the time of this writing, we are suspending all scheduled range events for April so that we do not have gatherings of 10 or more people at the Range. If you come to the Range for casual shooting and you see a group of people at the 100 yard Range, perhaps you should choose to use the 150 yard Range instead in order to prevent too many people in one location. This is all simple, common-sense behavior that we have been hearing about and practicing for the past month or so at other venues.

newsletter@escondidofishandgame.com

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, **Bob Leider** won the \$25 door prize. Had he attended the meeting, **Roger Moynihan** would have won the \$100 Attendance Prize. The next General Meeting (**scheduled for 4/9/2020**) is cancelled due to COVID-19 concerns. Stay tuned for further details.

Donor List (3/12/2020)

Thanks to all who donated to the raffle table at the last General Meeting – **Troy Fichtelman, Chuck Hanlen, Michael Maury, Bill Williams, Bud Smith, Bob Leider, Wayne Brunner, Joyce Alessio, Neil Pisk, Linda Linaker, Michael McKinney, Ray Bucholz, Paulette Bryson, Patrick Russ**

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Membership Renewals

Renewals notices will be mailed out the end of April. If you have an address change, please contact the Association Clerk at efgaclerk@cox.net or phone 760-432-2089.

Meetings Cancelled (4/2/2020 & 4/9/2020)

Due to the COVID-19 mitigation requirements, there will be no Board of Directors meeting and no General Membership Meeting this month. The May meetings are uncertain at this time, keep an eye on the web site for any recent changes in calendar items.

Too Much Free Time

I have heard friends and family complaining that they bored with being cooped up in their homes. I have noticed that many of my neighbors have cleaned out their garages and took on other minor projects around their homes. My EF&GA friends have been cleaning firearms and organizing their safes and ammunition storage. Reloading has been popular as well. Some are learning about how difficult education is because they have to home-school their kids. I think that more parental involvement in the education of our youth can only have *positive* results. My nephew says that he is *positive* that home schooling is difficult because he can't get away with fooling around. I think that this is a

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

Event Status

This is usually where I tell you about our last event and what is planned for our next event. Unfortunately, due to the Covid-19 outbreak, we have decided to temporarily suspend all Junior Marksmanship events until further notice. This was not an easy decision to make. There was a lot of debate between the Shoot Chairs and others involved in the program. Escondido Fish & Game and the Junior Marksmanship program pride themselves on making the safety of not only our shooters, coaches and staff, but their families as well, the first and most important priority. Safety is not only a priority while shooting, but with everything that we do. Consequently, we decided that it was better to err on the side of caution and temporarily suspend the events. The Shoot Chairs will be readdressing the issue weekly to decide when it is safe to continue. My hope is that we will be able to have the Junior Pistol / Archery event on April 26th. Check the web site for the latest status of any events.

I would like to thank the many volunteers that make this program so successful. It's very inspiring to see so many people come together. When something needs to be done, it's not just one person that steps up to get it done, but many people that step up to get it done. Many hands make light work.

The COVID-19 outbreak is absolutely tragic, but remember that we are also living through an important time in history. Like many of the national tragedies that have happened in my lifetime from the Space Shuttle Challenger explosion,

the attempted assassination of President Ronald Reagan, September 11th, 2001, I remember exactly where I was and what I was doing during these events. This event will be no different. I think that it's important to remember these events and hopefully learn from them. This is especially true of the younger generations. So take a second to look around and remember what you see and hear.

The Junior Marksmanship program would like to wish everyone the best of luck in dealing with the COVID-19 outbreak. Our thoughts and prayers go out to everyone. I look forward to seeing everyone's healthy, happy, smiling faces at our next event.

Proud of Our People

The Junior Marksmanship Program is proud of all of our shooters. And, when one of them achieves something huge we want to share it. We would like to take this opportunity congratulate one of our Junior Coaches, Michelle Fan on being accepted to Georgetown University Walsh School of Foreign Service. This is a huge achievement and the Junior Marksmanship Program is extremely proud of you.

Dossier continued from pg. 3

great time for parents to teach their children about American history and civics. A few years ago when my son was down with Swine Flu I had him go through each of the amendments in the Bill of Rights and describe the responsibilities that go with each of them. To this day my son will tell you that the Constitution and the Bill of Rights are not obsolete because he had to prove it himself years ago.

I am still working every day so I do not get to experience these first-world problems myself. I do I.T. Systems work and now my job is to make it so that the rest of the employees can work from home reliably without compromising security. It's flattering to be considered *essential* but it gets old when I have to work long hours and deal with end-users trying to login remotely from an old Windows for Workgroups 3.11/ MsDOS 3.30 PC over a dial-up connection trying to get video conferences to work. (If you don't know what Windows for Workgroups, MsDOS, or dial-up are, go ask your parents.)

2020 Barbecue (6/28/2020)

Due to COVID-19 concerns, the annual Barbecue has been rescheduled for June 28th, 2020. Tickets that have been purchased will still be honored on the new date. Bekker's Catering is still slated to handle the food so it will be as tasty as ever. Stay tuned for updates and any other schedule adjustments. If you want tickets contact Neil Pisk, Ed Migdal, or use the form below.

TRAP CORNER

Since We Can't Shoot

With all of our regular shooting events cancelled, you would think that I would have finished the projects around the house. Well, I got some reloading done, I cleaned some firearms, did a lot of internet shopping for another shotgun and some other cool accessories. Eventually, I will get around to that shelf in the laundry room that my wife wants me to install... Ooooh! They have JEG signature Berettas at Joel Etchen's web site... Anyhow, I need to finish the garage door opener thing that my wife wanted me to do and... Hey, I can get a new shotgun case from Amazon for a decent price... Well, I should be able to do many important home projects while there are no Trap events. Yeah... Right.

RANGEMASTER SOUND OFF

By: Jay Zimmett – CRSO
crsojay@escondidofishandgame.com

I have a malady when it comes to Cowboy firearms and shooting matches.

There are enough clubs in the area that I can shoot just about every weekend. So I have no trouble getting my Cowboy "fix" and it keeps my blood pressure low (stress relief).

Due to the current Zombie "Its the end of the world" Coronavirus, all organized shoots have been canceled or postponed. For how long is unknown at this time. So, what can we all do during this time to keep firearms busy and safe.

RELOADING:

I keep enough materials to keep me supplied for a long time, this is not my first Zombie Panic! Use this time to load ammo for your shooting activities in all the calibers you use. This is a great social distance activity since you don't want anyone around you when reloading!

CLEANING:

I promise you, your firearm will not fall apart if you clean out all the gunk - It actually may work better!

Clean and Oil all your firearms that you have stashed in your safe(s). You may be surprised and find stuff you didn't remember you had and then it's kinda like Christmas.

This is also a great social distance activity, once you take out the cleaning materials everyone disappears and you are alone...

PRACTICE:

For some of us that is a 4 letter word, but dry firing can really help get you familiar with your firearm (muscle memory).

You can also practice transitions, magazine changes and trigger control. This is also a good justification to get a gaming console and some shooting games (Red Dead Redemption comes to mind).

Note: Please make sure you do not have any LIVE ammo in your practice area!

GUNSMITH:

If you have the talent, do some upgrades or repair work on your firearms. In my case send them to a qualified gunsmith to get the work done (you are not using them now anyway).

If you see a screw driver in my hand be very worried (makes my gunsmith happy)...

MOVIES:

There are a lot of good movies with firearm themes to keep you occupied. I always have a selection of Cowboy movies (John Wayne) and there is nothing wrong with having a (unloaded) six shooter in your lap while you watch... :-)

Stay safe and sane.

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN

* Lost the coin flip

** Enfield with paper patched conicals - first contest

Last Contest: was held Feb 23rd. This was scheduled to be a Standard Short Range contest. At the time of set-up it was raining. According to our rain plan, this contest was set up as a Super Short Range event.

This allowed all participants to shoot from the range house. Per Mother Nature's whimsy, it stopped raining mid-way through the first event. Oh well...

March Contest: was cancelled due to Covid-19 concerns.

April Contest: We are scheduled to hold the 2019 Top Gun followed by a regular Long Range contest on April 26th. . No Pistol event will be held due to time limitations.

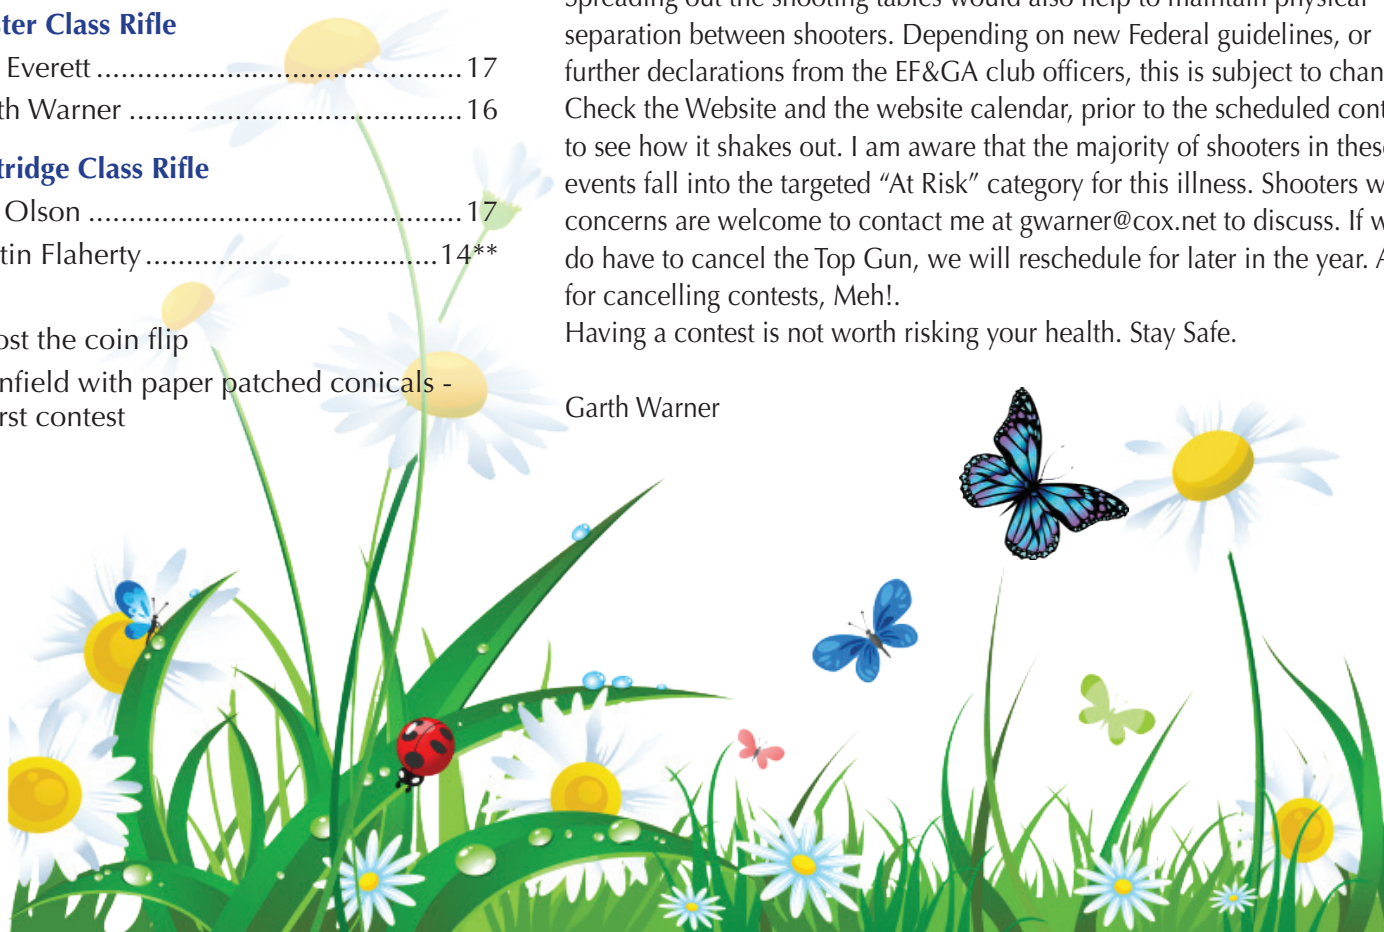

Due to Covid-19 concerns, this event MAY BE CANCELLED.

I believe that I can structure both events to occur with MINIMAL CONTACT, using a dedicated scorer, (me). There would be no physical contact between people using scoring pens, or touching the scoring sheet. I would also be the sole person setting up, or resetting targets.

Spreading out the shooting tables would also help to maintain physical separation between shooters. Depending on new Federal guidelines, or further declarations from the EF&GA club officers, this is subject to change. Check the Website and the website calendar, prior to the scheduled contest to see how it shakes out. I am aware that the majority of shooters in these events fall into the targeted "At Risk" category for this illness. Shooters with concerns are welcome to contact me at gwarner@cox.net to discuss. If we do have to cancel the Top Gun, we will reschedule for later in the year. As for cancelling contests, Meh!.

Having a contest is not worth risking your health. Stay Safe.

Garth Warner

TRAINING CENTRAL

There is not much to report this month as far as scheduled classes are concerned except that anything that has been scheduled this month has been cancelled due to the COVID-19 pandemic. This concerns me greatly because I consider training and education critical keys to safety and proficiency with firearms. When the dust settles and we can finally get back to normal, please seriously consider taking any classes that your time and budget allow.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

CLASSIFIEDS

All sales must comply with Federal and State laws!

Support those who support us

There are a lot of advertisers in this newsletter and they represent a lot of members and business owners in our community. They have committed their money and reputation to publicly support our Association. When you patronize any of these businesses, please make a point to thank them for advertising in our newsletter.

Also, there is a banner in the Meeting Hall listing all who have donated at least \$500 to our Junior Marksmanship program. It has individuals as well as corporate sponsors listed. The Junior Marksmanship program is also getting some great donations from the collection jars at the events like Combat and Trap. Thank you to all who donate. Without these donations, the program could not continue.

Review of the Association Bylaws

Every few years the President appoints a committee to review the Association's bylaws. Changes may include grammar corrections, changes in verbiage, changes the members may deem important to the Association, and changes that the Board of Directors may deem necessary to keep current with policy changes. Changes to our bylaws are not taken lightly. Any changes that make it through committee, and are approved by the Board of Directors are then voted on by the general membership. All members are encouraged to review the bylaws, which can be found on our website on the [About Us] page. If you have any suggestions to improve our bylaws please submit them to me at deaton@escondidofishandgame.com. It would be helpful to reference the existing Article and Section that you are requesting revision or review. Also, state why you think your proposal would benefit or strengthen our association.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
