Darrin's Dissertation

The Work Party that Was Rained Out

Or was it? We had a Range Clean-Up scheduled for February 25th. We had everything ordered and ready to go. Dumpsters for the broken clays and other debris, two big tractors for getting the mass into the dumpsters were ordered for delivery and then we got the rain... and more rain. A couple of days before the big day, we figured that heavy tractors wouldn't work well in all that mud, and we would probably not get enough people to do the work. We decided to cancel the equipment rentals and dumpster deliveries.

I used a tool from the web site to send an email blast to everyone that we had an email address for and spread the word that the Work Party was canceled. This left one problem – there are a few hundred members that don't have an email address on our list. Rather than have people show up for nothing, we decided to hold an Indoor Work Party and I included mention of that in the email. The day of the Work Party, we had 68(ish) people show up and they got stuff done.

We needed to clean and maintain the firearms for the Junior Marksmanship Programs and do a bunch of other indoor tasks. Another couple of teams went out to the big shed and did a bunch of cleaning and organization tasks. We even had some hearty souls brave the elements and do a bunch of landscaping tasks in the rain.

For an event that was supposed to be rained out, we got a lot of tasks completed that needed to be done. I consider it an honor to be counted as one of the many who participated.

The Outdoor Work Party has been postponed until March 25th. If you receive this newsletter via email, you will probably get it before the Work Party. Everyone is welcome to pitch in and help make the Range beautiful. The food is always great, and we all have fun working together and meeting new people.

Be there or be square!

2023 EF&GA Elections

Elections are coming up and nominations for the Board of Directors begin at the General Meeting (4/13/2023). Additional nominations and the elections are at the May General Meeting (5/11/2023). I always encourage as many members as possible to turn out and vote. I would not be impolite enough to tell anyone who to vote for, but I absolutely appreciate having a high turnout for every election.

Participation

One of my favorite features of the Association is that there are many members who are willing to show up and participate. Some participate in the shooting events, others participate in service tasks like Work Parties and volunteering to help run the events like the annual Barbecue. Some participate by showing up to the Board and Membership meetings to learn about what is going on and to be part of our community. I am honored and proud to be a member of this community.

BULLET POINTS

February Work Party Postponed

A funny thing happened on the way to the February Work Party.....RAIN, RAIN, and more RAIN. We postponed the Work Party until March 25th, but mentioned that we would still have a few indoor things to do if anybody showed up. WELL.....69 people showed up eager to work. **Chris Cote** led the largest team to clean all the firearms for the Junior Program. We filed new member paperwork. **Garth Warner** led another team to clean and organize the shed. They were the happiest looking bunch of guys. The meeting hall, the kitchen and pantry, the tables and the trap ramada were all cleaned. And, YES, some people even volunteered to work outside cutting roses back, fixing an irrigation leak and cleaning the trash cans. It was truly amazing. **Jack Starlin** brought donuts and **Linda Linaker** made chili dogs and corn bread to add to the pizzas that **Mark Baldwin** picked up. Everyone had a blast and were well fed. This newsletter had to go to print before the March Work Party, but I have no doubt that it was equally successful.

If you thought we were done with firearms, think again. The silent auction already has a growing collection of firearms to bid on. AND.... for the icing on the cake, we will hold the official dedication of our new Flagpole Monument.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Frame of Mind – Think Safety at All Times

You may have noticed that many of the newsletter authors frequently write about the rules and incidents on the range. You might even get tired of hearing it at times. That could be why we still have incidents from time to time. The majority of our members and guests shoot responsibly. Oh, there might be slight slips in protocol on occasion, but we usually catch ourselves, or another member gives us a gentle nudge. Remember, "That's their job." We consider ALL members to be RSOs.

BUT.....Also remember that in the blink of an eye, one incident can have devastating consequences. We have recently had a few negligent discharges and dropped firearms. WE WERE LUCKY!! No one was hurt. Someone could have been seriously injured or worse.

If this has happened to you, you're probably not in the right frame of mind to be handling firearms that day. Take a break that day and come back when you can focus clearly on what you're doing. This is too important.

In addition to the risk of personal injury, keep in mind that the EF&GA range is here, in part, because of our excellent safety record. Careless behavior jeopardizes our existence.

So....If you are tired of seeing a list of "DON'Ts", Here is a list of "DOs":

1. Know and follow the EF&GA Range Rules. If you forget something, there is a wood bound copy of the Casual Shooting Rules at each range kiosk.
2. Shoot your legal firearms in a safe and courteous manner.
3. Have fun and enjoy the camaraderie of your fellow EF&GA members and guests.

Guests

Bringing guests to the range is a privilege. Each member is allowed 2 guests. You are responsible for your guests. Make sure they are with you at all times and abide by the rules.

House Keeping

As always, we want to remember to sign the Green Sheets and make sure they have the correct Date and Range information. Remove your targets and take them home with you. Check to be sure you have all of your belongings. If you have any comments, concerns or questions contact me at 760-420-7488 or gfkuda@escondidofishandgame.com.

Thanks.

TRAP CORNER

by Mark Baldwin

Have you ever seen the "Trap Straights" in the "Trap Corner" and wondered what it is?

This is where we put the names of people who have shot a "Straight", which is hitting all 25 birds or 26 birds in doubles. Rarely do you see a 5 Stand shooter's name in these columns. I'm not saying that 5 Stand is harder to shoot than Trap, but it is definitely more challenging. We've been asked by 5 Stand shooters if we could put the "top shooter" of the day in the Trap Straights, so starting in April we will be adding the top 5 Stand shooter. If more than one person happen to shoot the same high score, then we will include all their names and scores.

Let me explain some of the differences between Trap and 5 Stand. In Trap you are shooting at one clay pigeon from 16 yards (unless you're doing handicap). With Trap the bird comes out of the house anywhere along a 43° angle. The machine has interrupters in it, so you don't know exactly where the bird is going to be thrown next. With doubles you have 2 birds coming out at the same time, but it's usually coming out in the same spot. In Trap you shoot one shot, then the next shooter shoots and so on until you all have taken your 5 shots at that position and then move to the next position.

One of the reasons 5 stand is more challenging is that we have 11 different machines throwing clay pigeons out at different angles, different speeds, and different elevations. We also have one that runs along the ground called the rabbit. In 5 Stand you take 5 shots from 5 different positions for a total of 25 shots. Your first shot is a single bird. The next is a pair followed by another pair.

So, look for the 5 Stand high scorers in the Trap Straights from now on.

(No Junior Rifle in May due to BBQ)	

by Patrick Russ

On March 19th we held our Junior Rifle event. While everyone shot well, we had an extra special day. Our own **Kestrin Walsh** celebrated her Sweet 16th birthday with us. How many teenagers would want to spend their 16th birthday working at a Junior Event? Well, Kestrin did. I think that is one of the things that makes her such an extraordinary individual. Kestrin has been a part of the Junior program for at least 5 years. We have seen her come from being shy and quiet to someone who takes charge and gets things done. Her work ethic is second to none. You rarely, if ever, see her doing nothing. Her initiative is unlike any 16 year old I have ever known. She is truly a major reason why the Junior Program enjoys the success that it does. We were honored that she decided to spend her 16th birthday with us.

Happy Birthday, Kestrin!!!!

Anyone looking for BBQ tickets can come see me at North County Shooting Center in San Marcos to get them. I will have adult and kids tickets as well as raffle tickets. Cash or check only.

The BBQ Committee is looking for volunteers to help at the BBQ. We need people to help with some of the events as well as cleaning up afterward. This is a great time to get your hours before the June 30th deadline. Plus, it's a lot of fun. If you are interested in volunteering please contact, **Linda Linaker, Ed Migdal** or **Patrick Russ** for details. Thank you.

We are also planning to dedicate the new monument and flagpole at the BBQ. It will be a short (20-30 minutes) event to officially dedicate the monument. We are still asking for donations to help cover the cost of the monument. Donations can be sent to the PO box (EF&GA c/o Monument, P.O. Box 460506, Escondido, CA 92046) or dropped off at North County Shooting Center. I would love to announce a new donation total at the dedication. Thank you.

The Junior Marksmanship Program would like to wish everyone a SAFE and Happy Easter.

BLACK POWDER NEWS

by Garth Warner

Upcoming Events in April:

April 1st April Fool's Day: My favorite day of the year. I proposed to my wife on April Fool's Day. The joke was on me, she said "Yes".

Also on April 1st get on-line at <https://bulletin accurateshooter.com> click on the Daily Bulletin. They always have an outrageous on-line article played "dead serious" about things like Prehistoric Ground Hogs, or the latest Wildcat round as a .17 cal 50 BMG varmint rifle. These are portrayed as "dead serious", so you need to read between the lines....

Upcoming Events:

Bullseye League: Will host a Long Range Pistol contest on April 2nd. One target offhand at 25 yards and one target two handed at 50 yards. This event is for Single Shot Muzzle Loading Pistol. Start Time is 08:00. Contact **Thomas Arendell** tarendell@sbcglobal.net for more information.

Traditional Archery: Also on April 2nd following the above pistol match (10:30 ish). FITA round on the Archery Range. Contact **David Premetz** slxgunr@yahoo.com for more information.

Spar Spring Camp: Scheduled for April 15th. Will include primitive archery and Hawk & Knife competition. (Plus you get to see a bunch of old, overweight guys dressed in 1830s period correct clothing). Bring your own jerky....

Muzzle Loading Silhouette: Scheduled for April 23rd. Pistol starts at 08:30, rifle starts at 10:00. This time around the range will be MID RANGE with rifle targets at 75, 100, and 125yds. (Plan on shooting "Bear Silhouettes" at 100 yds. (As a reminder, in the event of rain we switch to the "Stupid Short Course" and shoot from inside the 150 range house.) No snowflakes will be melted during this event.

Volunteer Hours:

Anyone needing volunteer hours is welcome to come out and help set up the initial course starting a 06:30 on the 150 range. Roughly 90 minutes. If you stay and reset targets during the match you can make up to 6 hrs of volunteer time. It is 'stoop' labor lifting up to 20 lbs of steel every 30 minutes. Bring gloves and a jacket.

Be a Boy Scout, Be Prepared:

On your next range visit do your homework. Check the website to see if the range you want to use is available. S#@t Happens. Work will start soon on the 100 yard range, and it may not be available. We also have some scheduled shoots on weekdays like Trap on Tuesday mornings and .22 events on Thursdays. Don't drive out to the range without bothering to check. You may be unpleasantly surprised.

Black Powder Range Etiquette:

Please show a little courtesy to other shooters that share the range with you on practice days. Black Powder shooting is messy, and it smells. If you arrive at a range that is already in use, try to set up on the downwind side of the other shooters. Black powder smoke smells like "freedom" to us; not so much to other shooters that are not used to it. Clean up your mess. Used cleaning patches, spilled powder on the table or ground, and used percussion caps, should be cleaned up before you leave the range. Your mama is not a member here, (unless she is) and you need to clean up your own mess.

Finally, take your own targets home with you. The range can not dispose of used targets, it is your responsibility to take care of your own stuff. It is also kind of obvious when you see a Pig, Chicken, or Ram target with 1/2" + sized holes in them, as to who has been shooting. Be an active member on clean-up days. We shoot hundreds of cloth patches down range every contest. Come out on clean-up days and grab a rake. (The birds that have been using these for nesting material are starting to get addicted...)

That's it for this month. Look for a Top Gun announcement coming soon.

THE COMBAT CORNER

Hello fellow shooters,

We have a few changes to the Combat Match. We are now implementing the same rules to the Combat Match as to other matches and casual shooting. Please do not handle your firearms or bring your gear to the range area while the blue light is flashing. Shooters must remain in the parking area until the Range Master has cleared everyone down range, and has given the OK. I know everyone wants to get their gear ready early but there are people down range painting steel and setting up targets. This is for their safety.

There were two separate incidents of shooters accidentally dropping their guns on the ground. Both incidents occurred away from the firing line. At USPSA sanctioned events this situation is not grounds for Disqualification or DQ. Since the Combat Match is not a sanctioned USPSA event, this falls under EF&GA range rules. This year we addressed this issue and decided that this is too great of a safety concern and it is now a DQ. We're sorry but we have to send you home, with no refund. So, please make sure your holster is properly attached to your belt prior to holstering your gun. If you don't have a gun retention system in your holster, hold on to your gun when bending down to pick up magazines, brass, etc. This will prevent your gun from popping out of your holster.

Please double check your firearm to make sure there isn't a round in the chamber and no magazine in your gun before getting on range property. We don't want any negligent discharges. Remember to always assume your gun is loaded until you check it yourself. Don't just pull the trigger because you saw the hammer was cocked. The last thing we want to do is send anyone home or worse, send someone to the hospital.

We had 90+ competitors three straight months. With more shooters attending, there is always an increased risk of an accidental or negligent discharge. It can happen to anyone, whether you're an expert or a beginner. If you're a new shooter, your chances of having one are even greater. When you're finished shooting a stage, listen to and follow the Range Officers' commands. Keep your finger off that trigger until the RO has cleared you to drop the hammer with your gun pointed down range. This is very important for the safety of all.

In other news, we had another great match. We introduced a plate rack to the Combat Match. I believe this was the first time it was ever done. Everyone seemed excited to get their chance to shoot it. I know it's satisfying to hear the sound of hitting steel, but also seeing it fall. *Well, that's just pure fun!* If things work out we will have another exciting surprise stage this coming match. So, come join us at the next Combat Match.

COWBOY ACTION SHOOTING

The Cowboy Action posse had a small match for the March 4th gathering. Many of the Bandidos and their frequent guests were in Phoenix at the World Championship match.

Fifteen shooters completed the match with **Dead Meat** finishing first at 155.4. The top Lady shooter was **Lantana Lady** with 242.8. We had no clean shooters this month.

Our next match will be held on April 1st, 2023.

NEW RANGE EVENT Pistol Skill Builder

This newly added range event is focused on helping new and intermediate shooters improve their basic handgun skill set in a coached environment. Participants divide their time between free shoot time and a series of drills. Both precision and defensive shooting skills will be covered in this one-hour event. The event will take place on the 4th Saturday of each month at 2 pm. The ratio is 4 participants per coach with a maximum of 8 shooters, so reservations are required. Cost is \$5 per member and \$15 for non-members.
