## *From the President's Point of View*

### Welcome

This last board of directors meeting 24 new members were voted in. Welcome folks, I encourage you to attend our general meetings (2nd Thursdays 7:15 pm) and get as involved in your association as your time will allow. The newsletter is the best place to find out what's offered and when it happens. For those who need volunteer time or just want to volunteer, we are forming two new committees, Inventory and Kitchen/ Clubhouse. If you would like to chair or be on one of these committee's let me know.

### Wanted: Trap Shooters

During recent visits to our trap events I have noticed the number of shooters has been down. I would like to find out why. Traffic at the bottom of the hill? Ammunition hard to get? Weather, Other reasons? We have the best trap facilities in the area and we host three weekly public events for this family-friendly pastime. Events include regular trap, doubles, five stand, and pot shoot. Please email or call me with your comments. We are one association.

### RSO Shout Out

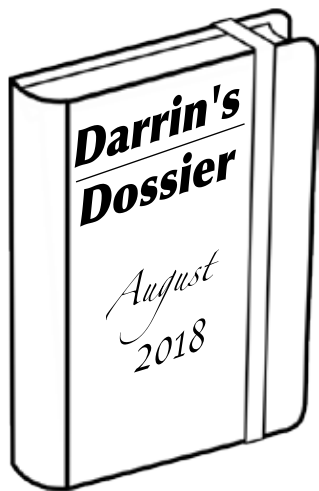

A special shout out to our Range Safety Officers (RSO). These men and women are a vital branch of this association. Every month there are a few members that seem to be annoyed by their presence. But remember they help maintain this association's impeccable safety record. If you have an encounter with an RSO, listen to what they say, follow their instructions, and then thank them for their volunteer service.

Thank you to those who responded to my request for feedback.

*Norm Porst*

### Be Safe, Be Considerate

**NEXT WORK PARTY AUGUST 19TH, 2018** - Contact Ed Migdal or myself with any questions. This is way more fun than working at your own house.

### **Range Party (8/19/2018)**

It's a party and you are invited! There is a 10% discount for Juniors (under 18) and Seniors (over 65). Members and Guests pay the same price – It's FREE! Get a great physical workout like no indoor gym can possibly offer. There will be fun games like "Pull the Weeds" and "Rake the Hill". The event is great family-friendly

fun and all of the participants will be worshiped like rock stars after the event.

Okay, maybe it's not glamorous but at every Work Party I have lots of fun. The lunch is always great and there is a no-cost raffle for all of the participants. When we are all working together to make the Range beautiful we all share one thing in common – ownership. It's great to be part of something bigger than yourself. If you need volunteer hours for your membership requirements, this is a great opportunity to have that documented.

### **Make Time to Attend a General Meeting**

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Lucy Nelson won the \$25 door prize. Had he attended the meeting, Sean Van Slyke would have won the \$500 Attendance Prize. The next General Meeting is 8/9/2018. If you don't show up, you can't win.

### **Donor List (7/12/2018)**

Thanks to all who donated to the raffle table at the last General Meeting – *Bill Williams, Bud Smith, Joyce Alessio, Ray Bucholz, Pam Tucker, Daughery, Leonard Hodges, Frank Tecca, Michael McKinney, Smitty, Tim & Francois Geiser, Alan Anzelone, Larry Mayer, North County Shooting Center*

### **Be a Raffle Donor**

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at [budsmith223@gmail.com](mailto:budsmith223@gmail.com). Please consider new or used items in working order. Thanks for your support.

### **Thanks for the Donations**

When Juli was processing membership paperwork, many members decided to generously donate to EF&GA and/or the Junior Marksmanship Program. Juli asked me to call attention to them and thank them publicly: *Martin Conrad, Ronald Mottino, Michael Lasiter, William Lambert III, Gregory Dietrich, Bryan Gideon, Edward Govoni, Jason Knight, Winslow Garnier, James Preston, Stephen Stuart, Glen B Fleming, Jose Ines Villa Diaz, C. Joseph Doran, Jerald Strauss, Michael Carroll, James Walker, Amir Jafri, Edward Komzelman, Paul Sullivan*

### **Sheepdog Academy - CCW Tune Up**

Are you a member with a current California CCW license? Do you carry every day (you should)? Then you need to be proficient with your EDC pistol. And the only way to do that is practice, practice, practice. I am starting a get together, so we can practice this all-important skill. We will practice real life scenarios, drawing from cover with distractions. Timing and accuracy will be noted. You will be using your everyday carry firearm(s) and garments (read that, no fishing or trap vests). In our minds we can all make that important shot that will save the day, but why use the blind squirrel method. Come join us. If you are interested email me at [nporst@escondidofishandgame.com](mailto:nporst@escondidofishandgame.com)

### **NRA Basic Muzzleloader (8/4/2018)**

Learn how to properly and safely use muzzleloader pistols and rifles. Live fire exercises are included. See the course description and a link to the NRA registration page on the EF&GA website under Training.

### **NRA Basic Rifle (8/18/2018)**

Brush up on your own skills or send a friend or relative to this fun and interesting class. Live fire exercises are included. See the course description and a link to the NRA registration page on the EF&GA website under Training.

### **NRA Home Defense class (09/16/2018).**

One of the most thorough classes you can take and perfect as a gift! It is also scheduled on a Sunday. Home intrusions and robberies make the news daily. This one-day class addresses range exercises that emphasize potential home intruder encounters, movement to cover and use of cover/concealment, awareness, avoidance, and dealing with single to multiple threats, and a classroom session that expands upon the concepts you experience on the range and more. It includes the NRA certificate and handbook. This is an intermediate class: Students (adults 21+ who must have prior basic to intermediate experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. This class is listed on the NRA training website under Self Defense, NRA Basic Personal Protection In The Home Course at: <https://tinyurl.com/Sep162018HmDefense> To reserve your spot and for more information, email or call: [cienegabill@gmail.com](mailto:cienegabill@gmail.com) (best choice) or 858-356-4019. Prior registration required, open to the public, I will contact you with payment instructions and discounts for registration by August 26 (additional discount for EFGA members).

## BLACK POWDER NEWS

Garth Warner is out on medical leave this month. We all are hoping for his speedy recovery and his feisty attitude back at the Range.

# RANGEMASTER SOUND OFF

By: Jay Zimmett – CRSO • [crsojay@escondidofishandgame.com](mailto:crsojay@escondidofishandgame.com)

**T**here still seems to be a lot of confusion on what can be done when the range is Hot or Cold. It is important for everyone to understand and follow these procedures. Please don't make Ed put up another sign!

| <b>Cold Range:</b>   | <b>Hot Range:</b>  |
|--|--|
| <ul style="list-style-type: none"><li>• Blue Blinking Lights <b>ON</b></li><li>• Can NOT handle Firearms &amp; Equipment</li><li>• Handle Targets</li><li>• Sweep up brass behind the Yellow and in front of the Red line</li></ul> <b>OK TO GO DOWN RANGE</b> | <ul style="list-style-type: none"><li>• Blue Blinking Lights <b>OFF</b></li><li>• Handle Firearms &amp; Equipment</li><li>• OK to Load/Unload Vehicle</li><li>• Sweep up brass behind the Red line</li></ul> <b>DO NOT GO DOWN RANGE</b> |

As an additional safety item we are requesting that all members and their guests start using Open Bolt Indicator (OBI) flags. This is especially true for firearms on the bench before going down range to handle targets. It is an easy way for all parties to see that a firearm has no round in the chamber. We have them for sale at the membership meetings cheap.

I would like to schedule an NRA Range Safety Officer's (RSO) class for early fall. Any EF&GA Rangemaster or Shoot Chair who has not completed the course should register. The class will also be open to the general membership. If you are interested please contact me through email so I can start a class roster. Yes, there is a nominal cost for materials.

I volunteer and am sometimes "volunteered" to assist in the many activities we have at the club. When I look around at the other suckers volunteers it is mostly the same people. This club gives you a wonderful opportunity to give back and not just a place you send in your annual dues. Get involved in some of our programs or even better yet become a Rangemaster!!

July is new member orientation and we will have a significant number of new members joining our organization. When out at the range please take a moment to welcome the new members and HELP them familiarize themselves to our range and our safety rules. If you see something that is not right, calmly explain the proper procedure.

Regarding our safety rules; just a reminder that unsafe firearms handling can/will get you a special invite to the Board of Directors meeting and usually a suspension or expulsion of your membership. Please don't be that person, pay attention and be safe!

# WHAT SETS US APART

by Patrick Russ

As I walk around our range and talk to many of the members and guests, there is one thing that seems to stand out as the largest common denominator. Could it be the support for the 2nd Amendment? You would expect that at a gun range. Is it the love of firearms? Maybe! How about the willingness to help someone that has forgotten to bring hearing protection or some other necessary item? Possibly! But the one thing that really stands out above all else is the patriotism and love of country. From the way that members thank the Marines and Sailors that volunteer their time to work with the Junior Program, to the fact that we start each board meeting and general meeting by reciting the Pledge of Allegiance. The evidence of the patriotism and love of country is everywhere.

More evidence is seen in the way that Escondido Fish and Game displays the flag. Thanks to members like Al Anzelone, Old Glory is always in great shape. Once the flag has become worn, it is quickly replaced with a new one and the old one is retired properly. Additionally, we ensure that the Stars and Stripes are lighted properly at night.

Looking at the flag brings me back to my earliest days as a Boy Scout, learning proper flag etiquette and how to fold the flag, or to my many days in the United States Marine Corps, as a young Lance Corporal that was tasked with raising the flag for morning colors. To this day I consider that one of my best memories and most enjoyed duties. To anyone that has ever worn a uniform, the very act of raising or lowering our flag has a very special meaning.

The Junior Marksmanship Program strives to teach not only firearms safety and marksmanship, but also responsibility, patriotism and the love of country that I was talking about earlier. We do this by starting each Junior Marksmanship event with the National Anthem or the reciting of the Pledge of Allegiance. We teach them about proper flag etiquette, such as flag placement and that the blue field always leads the way. By doing so, we believe that we are not only preparing them to be responsible gun owners and shooters, but also patriotic Americans. This is what our future leaders look like.

Have you ever noticed the golden sphere that sits atop a military flag pole? That golden sphere is called a truck. Legend states that the truck is to contain three objects: a grain of rice, a match and a .45 ACP cartridge. When surrounded by the enemy with the capture of the flag imminent, the grain of rice represents the last meal for strength, the match would be used to burn the flag in lieu of capture and the .45 ACP cartridge, at least in my preferred way of thinking, was to carry on the fight.

I would like to thank my good friend and fellow Marine, Dennis Bailey for the many conversions that we have had about this very subject and for the inspiration for this article.

## InterClub Trap Competition (8/25/2018)

Don't miss the InterClub match when we get to host the event at our range. Shoot two rounds of 25 from 16 yards and two more rounds of 25 at Individual Handicap (distance calculated by your score in the first 2 rounds). The cost is \$30.00 and it includes lunch. Members and Guests ARE WELCOME. Sign-ins start at 8:00 AM and Shooting starts before 9:00 AM. For more information contact Darrin Eaton at [deaton@escondidofishandgame.com](mailto:deaton@escondidofishandgame.com)

## August Doubles on Wednesday Nights

During the month of August we do repairs on the 5-stand equipment so there will be Fixed Doubles on House 3 each Wednesday night instead of 5-stand. Sometimes when we agree that we want an additional challenge, we will set the machine to Oscillating Doubles. If we are really feeling frisky, it can also be set up for Wobble Oscillating Doubles. After a couple of rounds of that, 16-Yard Singles look easy.

## How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to [newsletter@escondidofishandgame.com](mailto:newsletter@escondidofishandgame.com) and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

**Category** – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

**Subject/Title** – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

**Description** – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

**Price** – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

**Contact Info** – This should be a name AND a phone number (including area code) and/or an e-mail address.

## FOR SALE

**Custom Fishing/Hunting Canoe** - This is a River Ridge Custom Canoe designed as a two person fishing platform albeit rated for four. It is stable enough to stand and cast from. Equipped with two folding swivel seats, an electric outboard motor with solar panel, umbrellas, paddles, life jackets, tackle boxes, spare propeller, rod holders, and a roof top carrier. River Ridge canoes have a unique double-ended design with a square transom allowing an electric trolling motor to be mounted. Because the canoe has a wide beam (39 inches) for its length (12 feet, 9 inches) and because it has a keel that runs the length of the hull, it is very stable. It has a weight rating of 750 pounds but only weighs 84 pounds, less accessories. \$1250 or best offer. **Contact Chip** at 760-310-6175 or [cstratmann@cox.net](mailto:cstratmann@cox.net)

## Cream of The Crop

by Patrick Russ

I'm sure that every one of you that are reading this follows the Jr Marksmanship scores like you are following you favorite sports teams. But for those of you that do not follow the scores, here's what you may have missed.

Over the past two or three years the scores have been steadily getting better, to the point that during our last Junior Rifle match we had a record number of Distinguished Expert shooters. We had 4 shooters shoot better than 385. Think about that for a second, that's 385 out of a possible 400. I guarantee you that that there are few adults that could do as well.

Why are the scores getting better you ask? Could it be global warming? Trump's election or that these kids are just born shooters? Perhaps! I think the fact that we have a dedicated group of adult and Junior COACHES is the major reason that we are seeing the scores rise steadily over the past couple of years. We are extremely fortunate to have a group of adults that have dedicated a lot of time and energy to becoming great coaches. They have learned how to connect with the shooters and communicate the many details of good shooting. This is no easy task. It can be frustrating at times, but the payoff is well worth the effort. When you see a child finally understand and begin to hit the black, it can be like Christmas morning for both of you.

As many of you have noticed, there is a select group of Junior shooters that usually wear their lime green Junior Coach shirts, running around getting stuff ready for the events. These young adults are part of our Junior Coaches program. They have committed to improving their Junior Marksmanship program. They have been trained on not only how to shoot but how to coach as well. They do things like give safety briefs and setting up and tearing down the events. They look after the younger shooters and make sure that they are safe and where they are supposed to be. They sacrifice their time and sometimes their own scores to make sure that the rest of the shooters are safe, having and good time and are learning each time that they visit the range. This is what our future leaders look like.

While I am sure that this is old news to many of you. I would like to say how proud I am of this program and everyone involved in it. This is an amazing program and a real feather in the cap of the Escondido Fish and Game Association.
