Darrin's Dissertation

AB 2571

The State Assembly passed AB 2571 and put it on the Governor's desk for signature on June 30th, 2022. Because it includes an *Emergency Clause*, it went into effect July 1st, 2022. This bill makes it illegal to advertise any firearms, parts, ammunition, apparel, and activities from any *firearms industry member* directed to minors in the State of California. Penalties for each violation are fines up to \$25000 per violation. As it is written, EF&GA would likely be considered a *firearms industry member*. As a result, we have removed all advertising of any Junior Marksmanship events pending further advice from our attorney and any changes to the implementation and enforcement of the law.

First of all, Escondido Fish & Game Association is NOT a political organization and is NOT affiliated with any political party or politician. Individual members are free to have their individual opinions, but the Association has no official political positions. With that in mind, it is obvious that AB 2571 conflicts with our stated mission:

The objectives of Escondido Fish & Game Association are to promote conservation of our fish and game, to cooperate with the responsible fish & game government agencies, to promote fellowship among sportsmen and landowners, to promote the shooting sports, to serve the community by providing training such as hunter education and firearm safety, and to assist youth organizations in their firearms training.

Our Junior Marksmanship Program has grown over the years and we are hoping to continue with that tradition. We are not sure if we need to cease the events or just the advertising. While we cannot *advertise* the events, you are certainly able to directly contact the shoot chair of any event for current information about their respective events. Stay tuned for additional information as it becomes available.

In other Association news, we have a new Maintenance Person, **Dean Dorman**. This stellar individual has been an active EF&GA member and shoot chair for many years and has a background in automotive mechanics. Please make him feel welcome to his new position with the Association. If you are looking for a good way to get volunteer hours completed, Dean has a long list of tasks and he is always looking for additional bodies to help get those items completed.

Darrin Eaton

BULLET POINTS

Monthly Membership Meeting

Unfortunately, it was necessary to cancel our July Membership Meeting. Several board members and shoot chairs tested positive for Covid. Our primary concern was the health and safety of our membership and any guests who might have attended. We sincerely apologize for any inconvenience this may have caused. We look forward to seeing you at the August Meeting (8/11/2022)

Cowboy Action Shoot

37 shooters participated in the July Cowboy Action Shoot. The match was followed by the annual Bandidos BarBQue hosted by Shoot Chair **Double Diamond (Darrell Brinkmeier)**. The next shoot will be on August 6, 2022.

Flag Pole Monument

Plans are underway for a new Memorial Flag Pole display to be located just to the East of the Meeting Hall. If you would like to see the scale model of the memorial produced by **Jack Starlin**, it is in the Meeting Hall. We will also have the Bronze Plaques honoring each branch of service and first responders on display during the General Membership Meetings until the project is complete. Much of the cost is being covered by donations. If you would like to contribute to this project, please send your donations to EF&GA, C/O Memorial Flag Pole, P.O. Box 460506, Escondido, CA 92046.

New Range Maintenance Person

Please welcome **Dean Dorman** as the new Range Maintenance Person. Dean officially started his new position on July 1. Dean has expressed that he will be happy to provide projects to help new members meet their volunteer obligations. Contact him at 858-231-8436. We look forward to working with Dean.

Left the Range

We received notification that senior member **James Leary** has passed away. He became a member in November of 1994. Please keep him and his family in your thoughts and prayers.

Neil Pisk Memorial Scholarship Program

The **Neil Pisk** Memorial Scholarship Program consists of up to 4 scholarship awards of \$500 each for College, Junior College or Trade School. The program is open to our members, their children and grandchildren ages 23 and younger. All completed applications must be received by 5:00 P.M. on September 23, 2022. Late applications will not be considered. Scholarship Award information and requirements can be found on the www.escondidofishandgame.com website under the Junior Marksmanship section. Click the EF&GA College Scholarship Application Form link for details.

Send your application and essay to:
Escondido Fish and Game Association
Scholarship Committee
P.O. Box 460506
Escondido, CA 92046

Left the Range

We recently learned of the loss of **Laurie Gentz**, wife of senior member, **Rick Gentz**. Laurie was a flight nurse on the Aeromedevac jet that went down on 12/27/2021 on approach to Gillespie Field in El Cajon. Please keep her and her family in your thoughts and prayers.

Bullet Points continued on pg. 3

Letter from an EF&GA Friend

Team EFGA,

Thank you for years of my Family & Friends enjoying the fine Association that you work so hard for. I have moved from California to New Hampshire and do not see myself coming back in the near future. Hopefully, by relinquishing my membership, another family will be able to join and enjoy. I have enclosed a check for \$200 for Junior Rifle, in memory of my son, **Mark Girard Jr.** Thank you,

Mark Girard Sr. 603-851-2785

Update on By-Laws Review

Members will be receiving a copy of the proposed By-Laws changes in the mail soon. Please review the changes. At the September General Membership Meeting we will do an item-by-item hand vote. Your input is valued.

Upcoming Coaching Course

There will be a Coaches Course held on Sunday October 30th starting at 8 AM. We will be covering Rifle, Pistol, and Shotgun. Come on out and possibly learn something new, remember something that you forgot, or just reinforce what you already know and remember about the basics and fundamentals of shooting. These classes are designed to help you be a better shooter and to help you be a better coach to a shooter that you are working with, by knowing what to look for in their position, technique, etc. We hope that you will want to come out and help us coach at any of the Junior program events or at a Women On Target shoot. No sign ups required, but please email **Ren Everett** at everettju1@cox.net so he will know how many people will need the required supplies.

Thank You Precision Arms

Escondido Fish and game Association, Women on Target and the EF&GA Junior Marksmanship Program would like to thank **Martin Christensen** for his generous donation of .22 LR ammunition to the Association for its dedicated programs. His support of these programs and the transfer of 3 Precision Arms firearms are greatly appreciated.

Thank you Garth Warner

At the end of the membership renewal cycle, there are always new members that have not completed their required volunteer hours. We have members who have gone out of their way to generously create or provide projects to help these new members meet their obligations. Many of the shoot chairs have stepped up to help.

A very special "Thank You" is due to **Garth Warner** for providing a lot of projects for our new members in this past renewal cycle. As a shoot chair he put volunteers to work setting up and cleaning up for Black Powder matches. In addition to that, Garth organized teams to replace target backers, clean the warehouse and general grounds maintenance among other things.

If Garth helped you get your hours, make sure he knows how much you appreciate it. I certainly do.

Member Donations

For the past few months we have acknowledged members who included an additional contribution to the Association with their annual renewal. As the membership renewal process has continued, many more members have made extra donations. We would like to thank all of you for your generous support. It is truly appreciated.

TRAINING CENTRAL

Location: Escondido Fish and Game Association, 16525 Guejito Rd., Escondido CA

NRA Metallic Cartridge Reloading Class 8/6/2022, 9/24/2022 & 11/5/2022

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition.

The class is structured in two separate sessions:

1st session – This ½ of the class is academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This ½ of the class is “Hands On” training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (ie: cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 deposit is required to secure a place in this limited class.

Contact: Elvio Marchi elvio1@cox.net 760-734-3942
or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

Hunter Education Class 8/13/2022, 10/8/2022, 11/12/2022 (7 am – 4 pm)

Class Description:

The Hunter Education Course is a nationally approved curriculum designed to teach hunters the knowledge, skills, and ethics to become safe and responsible hunters. The covered topics include basic firearms nomenclature, safe firearm loading/unloading practices, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, shot placement, bag limits, tracking skills, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more.

Every state in America requires a Hunter Education certificate in order to obtain a hunting license. The certificate issued is valid in all states and in numerous foreign countries, and is good for life. No live fire involved, firearms and ammunition are not required for the course.

Register at California Hunter Education website.

NRA Home Firearm Safety Class 8/10/2022 (8 am – Noon)

Class Description:

The goal of the NRA Home Firearms Safety Course is to teach the basic knowledge, skills and attitude for safe handling and storage of firearms in the home. This is a non-shooting course. No live fire is involved. The course of instruction will be on the safe gun handling rules, primary causes of home firearm incidents, firearms nomenclature, how to properly and safely unload firearms, ammunition components, firearms cleaning and maintenance, and safe storage of firearms in the home to preclude access by unauthorized persons.

Pistol Skill Builder Clinic
8/13/2022 & 8/27/2022 (3 pm – 4 pm)

Clinic Description:

This clinic is for new shooters who have taken a basic course but have limited or no experience after that class. The clinic goals are to increase comfort, reinforce safety, and work on the fundamentals of shooting in a coached environment. If you are not currently comfortable going to the range and shooting on your own or just want to work on basic skills/accuracy, this is for you. Current Ratio is 6 students per coach. Cost is \$5 per member.

NRA Basic Pistol Class
8/20/2022 & 9/17/2022 (7:30 am – 3 pm)

Class Description:

This course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals. This is a full day NRA Instructor led pistol course. It includes classroom instruction and hands on instruction. The hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique.

NRA Rifle Instructor Class
8/28/2022 (7:30 am – 3 pm)

Class Requirements: All Instructor candidates must first complete the Basic Rifle Shooting Course and the Basic Instructor Teaching Course prior to completing the Rifle Instructor Course as required by the NRA.

Class Description: The NRA Rifle Instructor Course is designed to provide the necessary training to become an NRA Certified Rifle Instructor.

The Rifle Instructor Course provides actual hands-on methodologies of the curriculum to provide candidates the opportunity to experience a classroom educational setting. There is a live-fire portion where candidates meet the shooting level also required to become certified instructors.

Registration for the course can be done directly through the NRA website.

Contact: David Premetz, NRA Training Counselor at slixgunr@yahoo.com

NRA Pistol Instructor Class
8/30/2022 (7:30 am – 3 pm)

Class Requirements: All Instructor candidates must first complete the Basics of Pistol Shooting Course and the Basic Instructor Teaching Course prior to completing the Pistol Instructor Course as required by the NRA.

Class Description: The NRA Pistol Instructor Course is designed to provide the necessary training to become an NRA Certified Pistol Instructor.

The Pistol Instructor Course provides actual hands-on methodologies of the curriculum to provide candidates the opportunity to experience a classroom educational setting. There is a live-fire portion where candidates meet the shooting level also required to become certified instructors.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello everyone,

Recently on the 100 yard rifle range on a Saturday there was a guest shooting from about the 75 yard line in alignment with the steel targets and shooting at them. The guest said he was with a member that was shooting the Cowboy Action Match on the 150 yard rifle range. He was advised that for Casual Shooting you cannot shoot from downrange. He was asked for the member's name, but would not give that information. Members, if you bring guests with you to the range, they must be with you at all times except when using the restrooms.

Casual shooting is not allowed in front of the (Red) firing line on any range.

The Green Sheets: If you sign any of the Green Sheets and there is not a Date and Range filled in, can you fill in the Date and Range? There are Green Sheets being turned in with no Date and Range information filled in.

All Shooters: Remove your targets from the target backers and return the target frames back to the designated area.

Make sure that what you bring with you to the range, you also take back home with you. There are still items, including rifles, being left at the range.

If you have any comments, concerns or questions, please feel free to contact me at garymfukuda@cox.net or 760-420-7488.

Be safe and try to participate when you can.

Thanks,
Gary Fukuda
Chief Range Safety Officer

TRAP CORNER

by Darrin Eaton

Anyone who knows me well knows that I am very proud of our Junior Marksmanship Program. Besides Junior Trap, we also have Junior Rifle, Pistol, Archery and Black Powder. At all of these events, we have a select few who are considered the cream of the crop. These youths are involved in all of the events and because marksmanship has similarities in all disciplines, they are known for scoring well in all of the disciplines. They are known as Junior Coaches because they help to coach the newer shooters as well. When they commit to participate as Junior Coaches, they also take on additional responsibilities besides just shooting in the events. These young adults also help set up, tear down, and manage the events. They have skin-in-the-game and they act like it. They are learning leadership skills along the way and we are all very proud of them.

When we have a Junior succeed at a discipline after years of practice and program involvement, it proves that our programs are getting results. One of our outstanding Junior members is **Michelle Fan**. Not only has she participated in Junior Trap, Rifle, and Pistol, but she has also been a steady and reliable member of our Junior Coaches program. She is now in college back East but this summer she has been in town and has been helping out with the Junior Marksmanship events as well as practicing and honing her shooting skills.

On July 9th, 2022 Michelle shot her first 25 straight and finally got to shoot her hat. We are all very proud of her and I consider it an honor to have her around the Association. Her hard work, practice, and persistence has definitely paid off. As much as I would like to have the Association take credit for her attitude of discipline and involvement in the Association, I know that it mostly comes from values and behaviors that she learned from her family. Her mother is always with her providing encouragement and guidance.

InterClub Trap Competition

8/13/2022

Don't miss the InterClub match when we get to host the event at our range. There are categories for individuals (Men, Women, and Juniors) as well as a Team Score. You will shoot two rounds of 25 from 16 yards and two more rounds of 25 at Individual Handicap (distance calculated by your score in the first 2 rounds). Even if you don't think that you are a great Trap shooter, you will still be helping our team just by showing up. If you want to help with the event, we always need help with scorekeeping and loading the houses. The cost is \$35.00 for EF&GA members and \$40 for non-members and it includes lunch. Members and Guests ARE WELCOME. Sign-ups start at 8:00 AM and Shooting starts before 9:00 AM. Contact **Darrin Eaton** at Deaton@escondidofishandgame.com for more information.

COMMUNITY SERVICE

Unfortunately, due to circumstances beyond our control, we had to cancel the Junior Rifle event scheduled for July 17th. We apologize for any inconvenience that it may have caused. As Darrin mentioned in the Trap Corner this month, Escondido Fish and Game Association is very proud of our Junior Marksmanship Program. We don't take lightly our responsibility to these young citizens. We have witnessed many young people in our programs develop character and leadership skills. Many of them have gone on to serve the community and our country with respect and dignity. We must all aspire to maintain our programs at the highest level.

This brings to mind the many other ways the Escondido Fish and Game Association serves our neighbors in the community. In addition to our dedication to the youth of our community, we support a robust Women On Target® program. These clinics are available only to women and provide them with the opportunity to learn safe firearms handling in a non-threatening environment. Some of the events are arranged for specific women's organizations in the community. Other events are open to all women.

For Junior Marksmanship and Women on Target, EF&GA members volunteer as coaches. The volunteer coaches are always within arms reach of the firearm to ensure a safe experience. They look for proper stance, position and technique to help develop proper form and instill confidence. These coaches are proud of their contribution. They are giving something back to society. They truly make a difference.

While we are talking about making a difference, you have likely noticed that page 3 and 4 of this newsletter is always dedicated to Training Central where we highlight the many classes available each month. These classes are all designed and developed to teach the legal and safe use of firearms. The instructors are all vetted and certified by the NRA, California Hunter Education, San Diego Sheriff's Department or whatever organization authorizes the particular course they teach.

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

Escondido Fish and Game Association also shares the range for several other community needs. You may have observed the Safari Park Security teams, the Palomar College Police or other local Police units at the range performing their training obligations and completing their qualifying requirements.

EF&GA is not just a shooting range. We are a Community Service Association with significant impact. We are proud to serve our community by encouraging the safe and responsible ownership and use of firearms.

BLACK POWDER NEWS

by Garth Warner

TOP GUN August 28th: August will be our annual TOP GUN competition for the year. If you won a ML Silhouette contest in 2021, in the category of , OPEN, PRIMITIVE, or MASTER, you are eligible to enter. There is NO FEE. The contest will start at 07:30 AM, immediately following the safety briefing. You will have a frame with 3 silhouettes at each distance from 25 to 150 yards. You get 1 shot per silhouette (3 shots per frame) with a time limit of 7 minutes. This will be scored 1 point per silhouette knocked down with 18 points total possible for the entire course of fire.

After each frame we will go cold to reset and you then move to the next frame. Ties will be resolved by who got the most hits at the farthest distances. If you win this contest you are automatically promoted to Master Class. Shooters eligible to enter this event are (In no particular order) **Brian Kowalski, Ren Everett, Dan Hannah, Tom Arendell, Bud Smith, Kaz Lewak, Garth Warner, Joe Jelinek, Dan Crane, Brad Speer, Rich Hall, and Alex Luz-Olson.** If you feel that I missed your name, please contact me immediately.

Volunteers! The above event is very labor intensive to set up and run. If you need volunteer hours, meet me at the range at 06:00 to wrangle steel silhouettes and frames. We will need helpers to help reset silhouettes between relays. Roughly 06:00 to 10:00. Bring gloves and comfortable walking shoes.

August 28th Muzzle Loading Silhouette: There will be NO PISTOL contest in August due to the TOP GUN. Starting at 10:00 we will hold the regular August LONG RANGE rifle contest. Targets will be at 100, 125, and 150 yards. It will be warm so bring fluids. Contact **Garth Warner** for more details.

Muzzle Loading Bullseye August 8th: Bullseye Rifle Short Course plus Special Events. Contact **Patrick Watson** for details.

August 8th Traditional Archery: This will be the long range plates course of fire. This event will start immediately following the above Bullseye rifle event. Contact **David Premetz** for details.

Muzzle Loading Bullseye Shotgun Trap August 27th: Contact **Patrick Watson** for details.

June 26th Muzzle Loading Silhouette Contest Results

This was a Standard Short Range Rifle contest with targets at 50, 75, and 100 yards. Pistol with a twist. The firing line was set up 10 yards FORWARD of the 25 yard line. Pistol distances were 15, 40, and 65 yards. Sadly, nobody seemed to notice.

The temps were in the high 90s range. Coolers with a case of water were provided to sustain the crowd. Note too, that we had 3 new members that needed to finish their volunteer hours for the year. We worked them unmercifully from 06:30 till 12:45, setting up the range, resetting targets and breaking down the range. I think we may see at least one of them again as a competitor. All were given a chance to shoot a pistol or rifle. This seemed to spark some interest. Strangely enough, ALL the water was gone by the end of the contest.

AROUND THE RANGE

Air Pistol Silhouette is Back

by Jim McKim

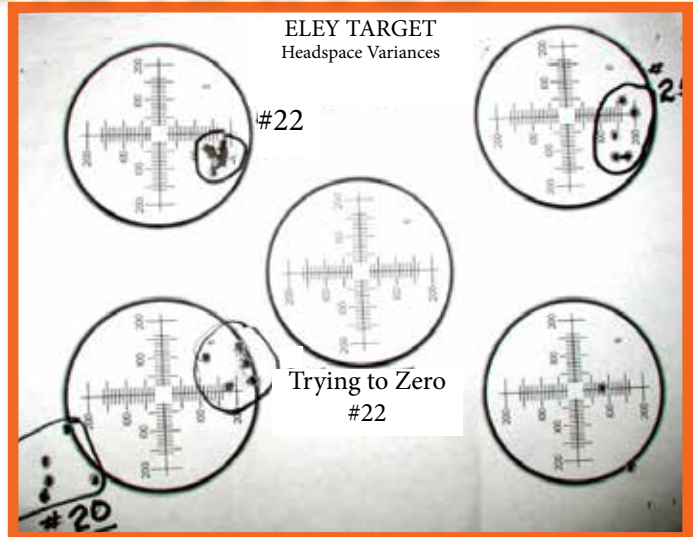

Air Pistol Silhouette returns to the event calendar in August. Held at 7 PM in the meeting hall on the 2nd Tuesday of the month, air pistol silhouette is a 40-round match shooting at small steel animals at distances of 10 to 18 yards. If you knock the target off the rack, it is a score for one point- very simple!

The challenge comes from the size of the targets, ranging from about that of a quarter coin for chickens at 10 yds to about the size of a baseball for rams at 18 yds. The good news is that, unlike in hunting, it doesn't matter if you hit them in the vitals or in a leg, neck or nose- as long as it falls over it counts as a hit!

Equipment requirements are simple: any air pistol in either .177 or .22 caliber is allowed. For "Air Pistol" category, any sights are allowed; for "Air Pistol Open Sights" only open or hunting-style peep sights ("irons") are allowed. Two matches will be held if shooters want to shoot in both categories. Eye protection is required.

EF&GA owns three nice air pistols that are available on loan for free to shoot the match. Shooters can either bring their own .177 ammo or pay \$1 per match for ammo. (Contact the Shoot Chair in advance if you want to shoot a loaner.) For more information, see the event description on the association website or contact the Shoot Chair, **Jim McKim** 760-390-9426 or jamesemckim@gmail.com.

.22s.....Again???

by Elvio Marchi

The other day I did a little experiment using one box of lower end Eley ammunition. The process was time consuming but it gleaned a lot of information about the rifle and the ammunition.

I measured the headspace of each round in the box and separated them into groups. Amazingly, I was able to detect four separate dimensions out of the same box. The next step was to go to the range and check the differences, if any, that the headspace had to do with consistency and accuracy.

The results were eye opening. With four targets on the backboard and the stand at 50 yds, I fired 5 rounds at each target. The numbers (#) are indicative of the tool index I used. As you can see in the photo, there is a lot of discrepancy. It definitely shows that headspace plays a large role in .22 accuracy. My rifle, a Mossberg 144LSB, isn't especially fond of this ammo. It gives me mediocre results. That was until I did this test.

So, were I to use this box of ammunition for precision shooting, my points of impact could vary anywhere from lower left to center right at any given shot.

For me the solution is to check my ammo, whichever brand I'm using, to recognize the headspaces included. The basic key, though, is to use the ammo that performs best with your rifle. .22 shooting is no less precise than centerfire, possibly, even more so.

How to place a classified ad in the newsletter

EF&GA Members in good standing may submit Classified Advertisements to the newsletter at no cost. E-mail to newsletter@escondidofishandgame.com by the 18th of each month. Include your Membership Number from your membership badge with your request. It will NOT appear in the advertisement.

Classified Ads run for ONE month. If you wish to repeat an ad for another month re-submit the request by the 18th.

No Illegal Transactions may be advertised in this newsletter. It is illegal to sell ammunition in California without going through an FFL or a licensed ammunition reseller. Firearms Ads must also include a phrase similar to "Buyer pays DROS".

Please include the following in your Classified Ad:

Subject/Title – This should be 2-3 words and will appear in bold.

Description – This can be a few sentences but no more than a paragraph. Abbreviations are not recommended unless they are well known acronyms.

Price – A specific dollar amount and any qualifiers.

Contact Information – This should be a name AND a phone number and/or an e-mail address.
