Darrin's Dissertation

One of the many things that I really love about EF&GA is that we have a lot of participating *members*. The way that I see it, a *customer* pays for an event, participates in the competition, and goes home with a good experience for a reasonable price. A *member* helps to set up and/or tear down the event so that everyone has a better experience. A *member* shows up to help with a project around the Range. A *member* also participates in Work Parties to keep the Range beautiful. When this happens, that *member* earns ownership in the Association. I call it skin-in-the-game. During these acts of service to the Association, not only is that *member* making the Range better and events run more smoothly, but that *member* is also working with and getting to know a lot of other *members* and building friendships and relationships. As a participating *member*, I consider it an honor to be part of this Association of *members*.

I have been serving on the Board of Directors for a few years now, (because Kurt Nelson recruited me). This has put me in direct contact with many Range projects and events. Over time I have learned that when a project is started (like the 100 Yard Range Remodel) or when an event is coming up (like the Annual Barbecue), it always starts with a committee. Their job is to define the scope of the project or event, figure out the costs, and work out the details of all the moving parts along the way leading up to and including the execution of it. Having served on many of these committees, I have learned that it begins with a bunch of people in a room with a common vision of the result and a very diverse set of opinions about how to get it done. The committee's job is to present those ideas and hash out a workable plan using the opinions and background talents of the other committee members in the room. In my day job, we are supposed to use a similar process, but it is nowhere near as effective as the committees that I have served with at EF&GA. I really believe that we have something special here with how we are able to get things done. No project or event is ever perfect but because we collaborate well together and share common visions of the results, we have many successes at the end of it all.

Darrin Eaton

Left the Range

We recently learned from his son, that **Gary Smalley** left the range last year. He enjoyed EF&GA for more than 30 years and truly loved the time he spent here. Gary was also a passionate reload enthusiast.

It is with sad hearts that we tell you that **Henry (Hank) Beck** has left the Range. Hank passed away Sunday evening, July 9th. He will be missed. Hank was always ready to lend a hand whenever it was needed. He would score trap rounds without being asked and for a while he was your 2nd Tuesday cashier.

When is it OK to Sponsor a New Member?

There aren't any written rules about sponsoring a new member. BUT.....we would like you to consider the responsibilities and implications of sponsorship. You are vouching for the personal character of someone who will be handling firearms with your fellow Association members. Have they been shooting with you? Do they understand and respect the seriousness of firearms? Are they inclined to follow the rules? Do they know what we are about? We sometimes interview new member candidates that have never even been to our range before. In some cases they don't know much about the person that signed their application. Please use good judgment when deciding to sponsor a potential member. Bring them up shooting a few times. If you're not willing to do that, maybe you shouldn't be sponsoring them. Know what you are recommending.

July Membership Meeting

Don't miss the opportunity to participate in Association Business, meet some of your fellow members and just have some fun. Come to the Monthly Membership Meetings, the second Thursday of every month. Find out what's going on around your range.

And....of course there are always prizes....Lots of prizes. The \$25 Door Prize was won this month by **Robert Reid** and he donated it to the Junior Marksmanship Program. The \$200 Attendance Prize would have been won by **Liscom A Cox Jr.**, or **Lisa Yon** if either of them had been present. They weren't, so the prize will increase to \$300 for the August meeting. You snooze, you lose.

Ray Bucholz and **Pamela Tucker** gave away lots of stuff for the Mom's Creek and Black Diamond Program. **Leonard Hodges**, **Moose Cleary** and **Rich Oberle** received State Quarter Sets. **Chris Cote** received a complete collection of Eisenhower Silver Dollars from 1971 – 1978. Ray gave away his own first ever black powder gun to **Robert Reid**. It was a beautiful rosewood Zouave rifle made by **Antonio Zoli**.

We had another fun raffle with the prizes **Mark and Laurel Baldwin** purchased for us and additional donations from **Rich Hall, Jim Rolfes, Al Anzelone, Jack Starlin, Laurel and Mark Baldwin, Steve Baran, Eric Elsam, Bob Leider, Moose Cleary, Rich Oberle, Al Theobald** and **Bud Smith**. You all help keep the raffles interesting and exciting. Thank you

100 Yard Range Update

If you have been to the range recently, you can't miss that the 100 Yard remodel is underway. The temporary firing line has been set up near the 25 yard line complete with canopies and "Cold Range" lights. That's working out quite well so far.

The old structure has been completely removed. By the time you read this we suspect that the ground will be filled and leveled and prepared for pouring the new concrete. Heck, as fast as this team is moving, they may even have the concrete poured by then. Keep your own eyes open for status. Print media just can't keep up with this team. These photos were taken on July 13.

If you would like to help with the project contact **Jack Starlin** at 619-840-7990 or engrjack@cox.net

Neil Pisk Memorial Scholarship Program

The **Neil Pisk Memorial Scholarship** application window is closing. All completed applications must be received by 5:00 P.M. on September 22, 2023. Late applications will not be considered. Scholarship Award information and requirements can be found on the website www.escondidofishandgame.com under the Junior Marksmanship section. Click the EF&GA College Scholarship Application Form link for details. Any questions or concerns, please contact **Patrick Russ** at pruss@escondidofishandgame.com.

Thank You from Scholarship Recipient, Justin Rader

We received an unexpected surprise at our July Board Meeting. **Justin Rader**, one of our scholarship recipients from this year, wanted to thank the Association in person for our assistance. Justin is an engineering student at UC Berkeley. He expressed that at the end of the day when he is completely exhausted from late night studies, it is encouraging to know that he has our support.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone,

Want to be an RSO?

If you are interested in becoming a Rangemaster/RSO for Escondido Fish And Game Association please contact me and we can discuss the requirements. We will have an NRA Basic Range Safety Officer Course coming soon.

Guests

Members pay attention to your guests. Each member is allowed to bring **two** guests. They are your responsibility. Make sure they understand and follow all the rules.

Range Cold Blue Lights

Blue Blinking lights on or off applies to all ranges. If the Blue Blinking lights are on, DO NOT handle firearms. Do not unload firearms or gear from your vehicle. Sign the Green Sheet and wait for the range to go HOT. Then you can unload your firearms and gear.

The Green Sheets

There are Green Sheets being turned in without the Date and Range lines filled in. Please check and fill in the Date and Range information if it is missing.

Watch for Wildlife

Watch for Turkeys, Deer and other wildlife on the range. If any wildlife wanders (or flies) onto the range, call a "CEASE FIRE" until they leave. Shooting to scare them away is not acceptable.

Clean Up After Yourself

This is an Association of Members. YOU are the staff that cleans up after YOU. All shooters must remove their targets from the target backers and take them home. This is a HAZMAT requirement. Return the target frames to the designated area. This is a courtesy requirement. Take a look around. Did you leave the range a little nicer than you found it? Did you remember to take all your stuff home? There is no one to watch it until you can get back for it and we can't leave firearms on the premises over night.

Cold Range:

- Blue Blinking Lights **ON**
- DO NOT Handle Firearms & Equipment
- Handle Targets
- Sweep Up Brass Behind the Yellow and In Front of the Red Line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red Line Only

DO NOT GO DOWN RANGE

Concerns or Questions

If you have any comments, concerns or questions please feel free to contact me at garymfukuda@cox.net or 760-420-7488.

Be safe and try to participate when you can.

Thanks,
Gary Fukuda

TRAP CORNER

Hello Shotgun Shooters,

by Chris Cote

Wow has the weather turned hot. Seems just a few weeks ago we were dodging rain drops in our long underwear. Now we can fry eggs on the trap pads. With that we must remember to keep hydrated and watch out for each other. The trap program will be putting out a cooler with some bottled water. Please drink something before you run into a problem.

Reminder, we will be running 5 stand on Wednesday evenings in July and August. If you are interested in this continuing, please show up early, stay late or help score. Without assistance from all you shooters we may be dropping it back to every other Wednesday.

In case you have not noticed the 100 yard remodel is under way. If you come up to use the hand thrower, be cautious of the shooters on the 100 yard range. You may be exposed to the firing line if you go too far down range. Remember, if the rifle shooter on the 100 yard goes beyond the 50 yard line, trap must go cold for safety. Please communicate with each other and be patient and kind.

The upcoming **InterClub** match will be held at Escondido Fish and Game on August 12th. Contact **Darrin Eaton** or me for details.

deaton@escondidofishandgame.com

ccote@escondidofishandgame.com

We always seem to have the biggest event with shooters coming from 5 different clubs in the area. I believe it is because we have the best place to shoot. If you are interested, please come and check it out.

by Patrick Russ

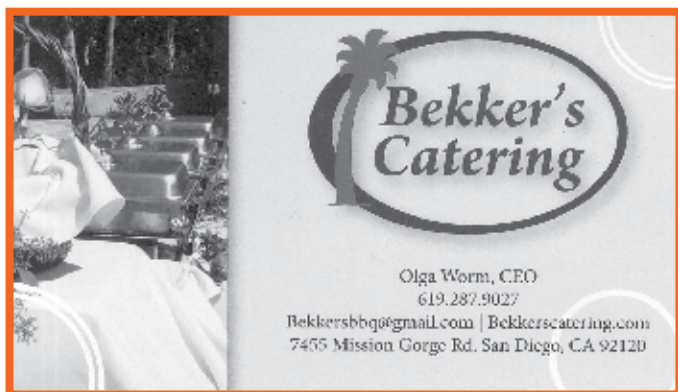

Summer is here in full force. We just finished the Junior Rifle event, held on July 16, 2023. It was about 96 degrees on the firing line. Thank God for the breeze or it would have been too much for many of the shooters. As it was we had over 80 shooters signed up for the event but only 65 showed up. Many of them blamed the excessive heat. But the heat didn't stop our volunteers. It truly amazes me to see so many people come out and work so hard in order to give these kids a great experience. I would love to mention everyone by name, but I have limited space here. Some of the real stand outs are the **Gomez** family. **Travis, Shari, Avalyn** and **Brinley**. The Gomez clan was at the range early to help with set up and they were some of the very last people to leave after everything was cleaned up. They work hard. They are the first to volunteer and they get the job done. Avalyn and Brinley have become excellent shooters and even better coaches. I have seen them connect with their shooter and make a big difference.

Early in June our very own **Michelle Fan** took a trip to Redlands Shooting Park for the Southern Zone Trap Shoot. She started off with 167 out of 200 from the 16 yard line. Due to the fact that she did not have a 1000 registered ATA (American Trap Association) target, she had to shoot in the A class. Michelle's score qualified her to shoot for the Southern Zone Women's Team.

On June 24 Michelle attended the California State Trap Shoot in Kingsburg, California. She shot the 200 rounds at the 16 yard event and 96 on the first hundred targets and followed it up with a 97 on the second hundred for a score of 193 out of 200. Again she had to shoot A class since she did not have enough registered targets in her category. Michelle's 193 was the best score posted for the Southern Zone Women's Team.

For the few that don't know Michelle, she is one of our Junior shooters. She has been shooting with us for about 7 years. Michelle is one of those people that excels at everything she does. The Junior Marksmanship Program is proud of Michelle and everything she's accomplished.

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

So we all know **Garth Warner**. If you don't, you still know his work. Garth is absolutely one of the hardest working people that I have ever known. At the Junior event, he was there before anyone else. He typically has a lot of the gear set up before 90% of the volunteers even show up. He stays all day and makes sure that everything is taken care of. He has absolutely no quit in him. I have seen him do 3 times the work of someone half his age. He is an unbelievable asset to the association and we are truly lucky to have him. If you see him, shake his hand and thank him for all his hard work because chances are, you have benefited from some of it in one way or another.

BLACK POWDER NEWS

by Garth Warner

Top Gun 2022: Our annual Top Gun contest will be held on Aug 27th. If you won a contest in 2022 in Open Rifle, Primitive Rifle, or Master Rifle you are eligible to enter. I have the following people in my records from 2022 that are invited to participate, (in no particular order). **Eric Olson, Brad Speer, Ren Everett, Dan Hannah, Brian Kowalski, Elvio Marchi, Alex Luz-Olson, Garth Warner, Kaz Lewak, Samuel Read, Tom Arendell, Brad Hill, and Bud Smith.** There is NO CHARGE for this event. Contact **Garth Warner** for details.

TOP GUN begins at 07:30 and will last approx 2 hrs. The event will have 3 Silhouette targets on frames at each range from 25 to 150 yards. For each relay, you start with a loaded rifle and get no more than 3 shots per frame in a 7 minute window. There is 1 point per target down. Target starting assignments will be by random drawing. 1st place is declared the 2022 TOP GUN for the 2022 year, (and gets a nice trophy). If the winner was NOT a Master Class shooter, then they are promoted to Master Class for all future competitions. Because of the length of this event, there will be NO PISTOL contest on this date.

Following the Top Gun we will have a Long Range Rifle Contest, with targets at 100, 125, and 150 yards. If you have had trouble scoring well in the long range contests, you should shoot this one. Traditionally, the guys who do well in the Top Gun, will suck shooting in the following Long Range event. It could be an easy win for a dedicated shooter who sticks it out.

Muzzle Loading Bullseye for August: This event will be cancelled for the month of August. National Match Course and As Issued Military Rifle shoot on the same day as Muzzle Loading Bullseye. NMC/AIMR had to cancel in July due to the 100 yard range being closed. They will shoot on the 150 range in August and we will cancel. Watch the Website calendar for updates.

Traditional Archery for August: is scheduled for Sunday the 6th. Start time is 10:00 am. Contact **David Premetz** for details.

Percussion Caps: I recently took a trip to Idaho via Nevada and Utah. I stopped at every gun shop I could find looking for percussion caps. No caps were found anywhere. CCI states that they are going to make a brief manufacturing run "soon". I suggest that if you want caps, start getting your name on Notification Lists for major retailers, so you will be informed as soon as they are available. CCI states that percussion caps will NOT be in continuous production as the company is dedicated to filling a military order for primers. There WILL be another hiatus in cap production. When caps do become available, order more than you need. They will be disappearing again all too soon.

How to place a classified ad in the newsletter

EF&GA Members in good standing may submit Classified Advertisements to the newsletter at no cost. E-mail to newsletter@escondidofishandgame.com by the 16th of each month. Include your Membership Number from your membership badge with your request. It will NOT appear in the advertisement.

Classified Ads run for ONE month. If you wish to repeat an ad for another month (with a maximum of 3 months), re-submit the request by the 16th.

No Illegal Transactions may be advertised in this newsletter.

It is illegal to sell ammunition in California without going through an FFL or a licensed ammunition reseller. Firearms Ads must also include a phrase similar to "Buyer pays DROS".

Please include the following in your Classified Ad:

Subject/Title, Description, Price & Contact information

Editor's Note: Please accept that when space is limited your first 2-3 firearms or your first 5-6 non-firearm items will be published.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
