From the President's Point of View

Tis the Season

It's almost Hanukkah (12/2/2018) and it's almost Christmas (12/25/2018) and it's almost Kwanzaa (12/26/2018). Depending on when you see your newsletter you may already be rejoicing in your chosen holiday. What makes December a great time of year is that folks are in better spirits. I hope these holidays bring joy, peace and satisfaction to you and your loved ones. Be kind to one another and don't let the madness and stress of the holidays overwhelm you. Whatever your faith is, be strong in it and teach your children the value of that faith. I make no secret that I am a Christian. I like to share my faith and hear about yours. I also stumble on a regular basis as a Christian. But each day I will try to do better. Personally, I do believe that Jesus is the Reason for the Season, so I gotta say, MERRY CHRISTMAS.

Updates

As this newsletter, improved and in color, goes to print many of the promised upgrades are happening at your range. A new sail shade cover is at the archery range. New drinking fountains are installed in four locations. An eye wash station is at the back side of the Trap Ramada. The really big change is our new access system on the doors. Membership cards will now be used to enter the Shed, Pantry, Bathrooms, Meeting Hall, and Trap Ramada. Different members will have access to different areas as determined by the Board of Directors. To maintain the integrity of the system most doors are now self-closing. Elsewhere in the newsletter you will find instructions on the new system.

Special Thanks

Have you ever known someone with whom you got off to a rocky start and turned it into a friendship and great working relationship? Your vice president, Darrin Eaton, and I started bumping heads right from the start. But it wasn't long before a mutual respect emerged and then a friendship that has included many back and forth trap and pistol events. The highlight may have been a pheasant hunt in Imperial County. When I decided to run for president I actively recruited Darrin to run for vice president. Darrin is a great asset to me and EF&GA. Whether it's board meetings, the newsletter, running trap events, or junior events, this guy is all in. Thank You Darrin!

DARRIN'S DOSSIER

It's A-Door-Able

I spent the first few weeks of November working with a contractor on the installation and implementation of a new access control system. This system expands on the proximity badge system that we have used for years

to open the gate. Now it is used to open the doors of the Meeting Hall (all 3 entrances and the Pantry door), the Trap Ramada (both entrances), the Restrooms, and the Shed (pedestrian door at the northwest corner).

The Restrooms are unlocked from 6:00 AM – 6:00 PM and when the gate is open for a sanctioned event. When they are unlocked, the badge reader flashes red and green indicating that the door is unlocked. This was done so that members will not need to escort a guest to the restroom during the day or during a sanctioned event.

EF&GA Members have access to the Gate, the Meeting Hall entrances, and the Trap Ramada from 6:00 AM – 9:00 PM. Restrooms are accessible 24 hours per day with a badge in case a member is using the Campground and the restroom doors automatically locked at 6:00 PM.

RSOs and Maintenance staff have access to the Shed door from 6:00 AM – 9:00 PM.

Instructors, Maintenance, and BOD Members have access to the Panty Door in the Meeting Hall Kitchen.

If you believe that you require access to a door that your badge does not open, please contact the Board and it will be handled on a case-by-case basis.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Neil Pisk won the \$25 door prize. Had he attended the meeting, Brian Kellerman would have won the \$500 Attendance Prize. Patrick Watson won the box of 22LR ammunition for correctly identifying a very old photo of Mike Marks. The next General Meeting is 12/13/2018. If you don't show up, you can't win.

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Thanks to all who donated to the raffle table at the last General Meeting – **Ed Kentner, Bud Smith, Elvio Malachi, Bill Williams, Leonard Hodges, Jack Barnhart, Craig Rogers, Linda Linaker, Alan Anzelone, Mark Baldwin, Scottie Clary, Jim Fratis, Wayne Brunner, Ray Bucholz, Pam Tucker, Dorothy Notter, Eric Elsam, Harold and Dorothy, Paulette Bryson, Ed Migdal, Mark and Laurel Baldwin.**

Work Party (12/8/2018)

Come and join us for a great day of physical exercise and a fun time with your fellow shooters. This is when we all get together to clean the Ranges and do maintenance tasks that need to be done in order keep the Range functional and beautiful. There are many tasks that need to be done ranging from heavy-lifting to painting and cleaning. All are welcome - young and old, members and prospective members alike, we would love to have you join us for this family-friendly event. We begin as early as 7:30 AM and we work until it is done and then enjoy a great lunch with a no-cost raffle.

Chilling Words From Your President

Attention All Kitchen Users - We recently had to repair a nearly new refrigerator for reasons that should not have happened. An internal fan was ruined because the doors of the fridge were left open. If you have a French door style unit at home you probably know that the doors are not self-closing. PLEASE take the time to check that both doors are shut, even if you are just passing through. In addition, we all need to be a little more focused on taking care of this recently re-modeled kitchen. Please don't plan for someone to clean-up after you. (for example: coffee people) It would be nice if this kitchen lasted another fifty years like the last one.

Classified Ad Restrictions

I have learned that we need to refine the guidelines and requirements for the Classified ads in this newsletter. There are two issues that have come to my attention that need to be clarified and resolved.

Members Only are allowed to submit Classified advertisements. We have had some non-members submit items for sale hoping to get free advertising in our publication. We will now require that your Membership Number be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

Dossier Continued from page 3

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

Metallic Cartridge Reloading Class (1/19/2019)

HAPPY NEW YEAR! It's a great time for beginning to acquire the skills and knowledge to load your own ammunition and not be limited to market vagaries. Although ammo has plentifully come back to the market there are California restrictions (Prop. 63) that have been generated to hinder such purchases both in-store and on-line. The opportunity to learn reloading techniques that will allow you to produce timely, consistent and accurate ammunition while receiving NRA certified reloading instruction is available on 1/19/2019.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session is 8A.M. on Saturday, 1/19/2019, and will last until approximately 12 noon.

The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads.

Scheduling the second session will be a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class.

Registration is necessary and limited. For more information, contact Elvio Marchi at elvio1@cox.net or 760-734-3942

RANGEMASTER SOUND OFF

By: Jay Zimmet – CRSO • crsojay@escondidofishandgame.com

“Regretfully we continue to have misunderstandings on what can and cannot be done when the state of the range is Hot or Cold. Most of the people I correct are just not aware of how it works.

Cold Range:	Hot Range:
<ul style="list-style-type: none">• Blue Blinking Lights ON• DO NOT handle Firearms & Equipment• Handle Targets• Sweep up brass behind the Yellow and in front of the Red line OK TO GO DOWN RANGE	<ul style="list-style-type: none">• Blue Blinking Lights OFF• Handle Firearms & Equipment• OK to Load/Unload Vehicle• Sweep up brass behind Red line DO NOT GO DOWN RANGE

I will be getting some signs made with this graphic that will hopefully remind everyone. I have also gotten a great suggestion to create a safety video demonstrating Hot, Cold, and Firearm equipment handling to post on our website. Stay tuned -

While it may seem obvious and there are signs -- I feel compelled to review the following. Each range has at least the following equipment; First Aid, Brass Bucket, Smokers and DUDS Disposal.

- First Aid Cabinet – Bandages for your use if needed
Combination is the sticker on your membership card
- Brass Bucket – Used Brass that you do not want
Please clean up after yourself
- Smokers Disposal – GREEN Ash receptacle for Cigars and Cigarettes
Please NO AMMO (really)!
- DUDS Disposal Cans – RED Metal canisters
BAD ammo only -- NOT a BRASS bucket
Do NOT even think about using it as an ash tray...

This festive time of year is also one of the scariest for the RSO's. It is not due to over-eating, but members who have gotten a gift of a new firearms!

If you are one of the lucky ones to get a new firearm(s) for the holidays please read the manual and get familiar (without ammo) with your new toy BEFORE you come to the range with live ammo. There are also great YouTube videos on just about anything.

I will be at the range on December 26th with my flack vest and armored RSO golf cart. Maybe the BOD will put Tasers in my ammo can this year...

TRAP CORNER

By Darrin Eaton

Turkey Shoot 2018

This year's Turkey Shoot was a great success. I had a bunch of people come up and thank me for how much fun it was and how well it all ran and I can't take much credit for how great it was. The whole event was an exercise in herding cats but I had a bunch of volunteers that made it all possible. I want to specifically thank all of the people who volunteered and made my job a whole lot easier:

Tim Hoy – He was the first one there and took care of a lot of the squad arrangement and selling of punch cards. He also made sure that nobody could get on a squad without signing the green-sheet. He also helped load the houses and keep score. Tim also took care of numerous minor emergencies as they came up throughout the day.

Bill Linamen – He started the morning by picking up the frozen turkeys at the distributor and made it to the Range before 7:00 AM. Next, he resolved what could have been a major problem with the Trap machine on House 3. He used his expertise and equipment from his day-job and made it possible to shoot 20-Yard Wobble as the third game of the Turkey Shoot. He pumped out hydraulic fluid that looked like a lumpy chocolate shake and put in new fluid so that the rams that make it oscillate and wobble now work correctly. This was discovered and fixed in about 30 minutes. He also helped load the houses and keep score throughout the day.

Reynalou Linamen – She was an absolute trooper. She stepped in and helped score and made sure that everything was moving smoothly.

Chris Cote – He helped load the houses and keep score throughout the day. He also helped to sign up the squads and kept the whole thing moving smoothly.
Austin Cote – He helped load the houses and keep score throughout the day. He also won a turkey with excellent marksmanship.

Mark Eller – He set up and adjusted all 3 machines to make sure that the birds were flying at the correct speed and height. He also helped load the houses and keep score throughout the day.

Linda Linaker – She made a lunch and dessert that were both fantastic. I think I had 4 bowls of chili and 2 or 3 helpings of the Banana Pudding with Nilla Wafers. She also made sure that the kitchen was spotless at the end of the day so that it would be ready for Junior Rifle the following day.

Trap Corner Continued from Page 10

People kept trying to give me credit for a great event. None of it would have been possible without the people listed above. If you see them, take a moment to thank them for their service to the Association.

Two Weeks Without Tuesday Trap

There will be a hiatus for Tuesday Morning Trap on 12/25/2018 and 1/1/2019. Both days are holidays and the staff could surely use a break. Have a Merry Christmas and a Happy New Year.

New TCS and Saturday Trap Schedules (1/5/2019)

The Trap Card Shoot was designed specifically for the more advanced trap shooter so that we could shoot more advanced games such as Handicap (shooting from the 27-Yard line), Doubles, Sliders, etc.. This event was run for 2 hours each Saturday and staffing has been difficult. People have also been asking to make the event longer. As a compromise, the event will now be monthly instead of weekly and will run for a longer period of time. Starting in January 2019, on the First Saturday of each month, the Trap Card Shoot will run from 1 – 4 PM. Also, regular Saturday Trap will begin at 4 PM (instead of 5 PM) every Saturday (not just the First Saturday). This will simplify the calendar and provide a longer TCS event.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

Items For the Next Newsletter are Due

Tuesday, December 18th

Any and all requests for items to appear in the monthly bulletin should be routed through

and First Responders for their service to this great nation. In addition, we would like to thank the Cadets, Welchons, Ammirata, Clum and Lindemood of the Naval Sea Cadets for doing an outstanding job of presenting the colors. Also we want to thank Madison Prince, Danielle Prince and Payton Prince for sharing their beautiful voices with us.

The 2018 Junior Marksmanship season is coming to an end. We have seen some amazing shooting and almost unbelievable improvements by some of our shooters. We would also like to thank the many volunteers that make this program possible. As well as the Junior Coaches, these kids do an amazing job of helping the adults. Without them, this program could not exist.

Toy Drive

Junior Corner Continued from Page 14

As some of you may know, one of my jobs, while serving in the Marine Corps, was as the coordinator for the local Toys for Tots program. This is an amazing program that collects Christmas gifts for literally thousands of local children, my last year alone, we helped over 63,000 children in the San Diego area. I can tell you first hand that these toys make a huge difference in the lives of these children, many of whom only receive toys during the Christmas season from these toys drives. I have had Marines come to me and want to volunteer to do whatever was needed to help the toy drive. Many times, they would tell me how they wanted to give back to a program that gave them so much as they grew up. During a Toys for Tots event, I saw an old beat up car, that literally looked like it was on its last mile, drive up loaded with toys. When I went to thank the driver for delivering the toys, I found out that he was one of the many kids that only received toys from these programs. Like the Marines, he wanted to give back to the program that did so much for him and his family. Another year and a different event, I had a little girl, no more than 5 years old, ask me what all the toys were for. I gently explained that the toys were for needy children that might not get toys for Christmas. Luckily, her dad was able to explain why Santa missed some kids, he said that sometimes, he sends the Marines and other groups to help give children a Merry Christmas. She seemed to understand the explanation and they went in to do their shopping. She came back about 30 minutes later and handed me a toy and said "Give this to a kid what won't have none." I thanked her and went to thank the father as well. He told me that he had nothing to do with it. He said that it was her idea and that she spent her own money to buy a toy, that she really wanted, for a child "what won't have none." She told her dad that she could wait until Santa brought her a toy for Christmas. These are just a few of the amazing experiences I had with Toys for Tots.

The Escondido Fish and Game Association, with the help of Linda Linaker, does a Joy Drive, in memory of Dave Ransberger. This toy drive does everything that Toys for Tots does and they make sure that these toys go to the families of our military in our local (North County) community. Sometimes, something as simple as a toy can make a huge difference in the life of a military child. Many of these parents will be deployed this Christmas season and knowing that their children will have a great Christmas, while they are away, can make the service members life that much less stressful. This Christmas season, as you are shopping for your loved ones, please remember the children "what won't have none".

Merry Christmas

BLACK POWDER NEWS

Rain Reminder

Yes it does occasionally rain in Southern California. In the event it rains on a Muzzle Loading Silhouette contest day, we do NOT cancel. On rain days we fall back to shoot the Super Short Range course of fire FROM THE RANGE HOUSE. Distances will be 25, 50 and 75 yards. Everybody stays nice and dry under the shelter for both pistol and rifle. As an added benefit we can also add a Trade Gun classification on rain days. With that said, our December event should be a standard short course with targets at ranges of 50, 75, and 100 yards. I am trying to figure out a special event to slot into this format. Show up on December 23rd and find out what I came up with. (It may have something to do with Rudolf's nose...)

2019 Course of Fire Schedule

January Super Short Range. February will be Short Range. March will be Mid Range, and April will be Long Range. April will also be our 2018 Top Gun Shoot-off to determine who was best in 2018. Muzzle Loading shooters also have an anniversary coming in 2019. Look for more here in the coming months...
