From the President's Point of View

HAPPY NEW YEAR

I know, a little late with the greeting. I was so excited to write about the great clean-up we had on December 8th and the early submittal date the newsletter requires, I completely forgot about New Years. How will your new year shape up? For us like-minded Californians, it will be very easy to sit back and dwell on the continuous nonsense coming out of Sacramento. Those who know me realize I do this way too often. I am going to take a different approach, maybe you can do the same. I have a very supportive wife. I have three beautiful grandkids two hours away. I belong and live close to an association that is filled with close friends and great opportunities. My health is decent. My vehicles run OK. The weather is not bad here. With little effort you can continue this list. Was last year perfect? Of course not, close friends passed on, and there were family and health problems. But that is life, and life happens. Realizing that much of what we complain about are known as "first world problems," my resolution is to be more positive this year. If you see me stray from that, call me on it. Finally, reach out to your friends. And not just electronically. Everyone likes to just talk to someone they're close to. You might find you can help with a need. Happy New Year everyone and I will continue to pray for Blessings on your heads.

Trap Request

Are you one of our members who regularly shoots an EF&GA trap event? Then you know our trap program has always been and continues to be a first-class operation. From the facility, to the equipment, first class personnel, and many different trap games, the trap program is a highlight of this association's varied offerings. Participation continues to grow with members and guests alike. With that growth the requirement for more folks to help also grows. If you can help just one night a month, Wednesday or Saturday or one morning a month, Tuesday, please contact trap chair Bill Williams. He can be reached at 760-518-8683 or milkmanwilly@cox.net Volunteers run this association. Is it time to step up and be one?

More Ways to Help

For those sharp-eyed members you will notice that we have added the contact information of Pete Olson to the front page of the newsletter. Pete is the association's grounds and maintenance guy. If you have the time and ability to help with some ongoing needs give Pete a call and give that volunteer gene some exercise.

Need extra cash?

Starting with this newsletter we are inserting three membership numbers in random places. If you spot yours, come to the next general meeting and you will receive ten dollars.

Norm Porst

Upcoming Work Parties

February 17th, 2019, May 18th, 2019, August 18th, 2019.

DARRIN'S DOSSIER

February Already
Everywhere you look this time of year, there is another reminder that Valentine's Day is coming up. Anyone who knows my beautiful wife knows that I am still very smitten with her. She and I have different interests but we understand each other and make it work. My passions are EF&GA, the

Junior programs, and any shooting sports. She is interested in rock concerts and fancy shoes. If I decide to make a purchase for something that I am passionate about, I tell her that I just bought a *new pair of shoes*. She then asks if it is a pistol, rifle, or shotgun. Conversely, she might tell me that she bought a *new gun* and I ask her when she will be out of town and what band she is going to see. Because we give each other the latitude to do what we are each passionate about, we are more supportive of each other and still enjoy our time together.

I have also learned that when I bring her home roses from the Range for no particular reason on days that are NOT Valentine's Day, she likes that too. Thank you Ray Bucholz.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Jack Bryson won the \$25 door prize. Had he attended the meeting, Neil Chitwood would have won the \$500 Attendance Prize. The next General Meeting is 2/14/2019. If you don't show up, you can't win.

Donor List (1/10/2019)

Thanks to all who donated to the raffle table at the last General Meeting – Smoldering Bud Smith, Bill Williams, Dorothy Notter, Jim Rolfes, Ray Bucholz, Pam Tucker, Craig Rogers, Leonard Hodges, Al Anzelone, Kazik Lenar, Ed Migdal, Jeffrey Keith

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Left the Range

Jim Wong passed away on 12/25/2018. He became a member in 2008. Please remember him and his family in your thoughts and prayers.

Dennis Creason passed away on 12/28/2018. He became a member in 2009. Please remember him and his family in your thoughts and prayers.

Membership Renewals

It's almost renewal time again. Renewal notices will be mailed out the end of April. If you have any address changes please make sure the clerk has your correct address so you can receive your renewal. You can email her at efgaclerk@cox.net

"Supporting Your
2nd Amendment Rights"

Work Party (2/17/2019)

We are having a party and YOU are invited. Bring a friend. Get a good workout. Have a great lunch. Everyone is welcome, young, old, large and small.

There are many tasks that need to be done. Some jobs require a strong back and a weak mind and others do not. We will remove the broken clays from the Trap range as well as cleaning of the Pistol and Rifle ranges. If you want to learn how to properly grow and maintain roses, there will be free training and lots of practice. After lunch there is always a great no-cost raffle with great prizes for everyone. If you can't make it for the event, be sure to thank the people who make the time to make a difference.

Lead Mining

Part of maintaining the property and being good stewards of the land includes mining the lead from the hillside. We have made arrangements for a contractor to mine the lead from the South side of the property. They will be working mostly at night and we will do our best to minimize any range closures but there is a possibility that we might need to shut down portions of the Range for a few hours at a time in order to get equipment in and out of the areas being worked on. Please be cooperative and respectful of the miners' time and equipment while they are here.

Loss of EF&GA Assets

EF&GA will soon lose a major asset to the Association. Tony and Julie Pendzich will soon be moving out of state. They have always been willing to help out in any way that they could. Tony serves as an RSO and does a great job keeping the Range safe. Julie designed and managed the acquisition of the T-shirts for our 70th anniversary barbecue. Finally, we have shirts with pockets and they still look great. Tony has been running the Armory for Junior Rifle for the last few years and has done a fantastic job of making it much more smooth and efficient. Besides their countless efforts to serve the Association, they are also great people to hang out with. Tony and Julie made a huge impact on EF&GA and they will both be missed by all of us.

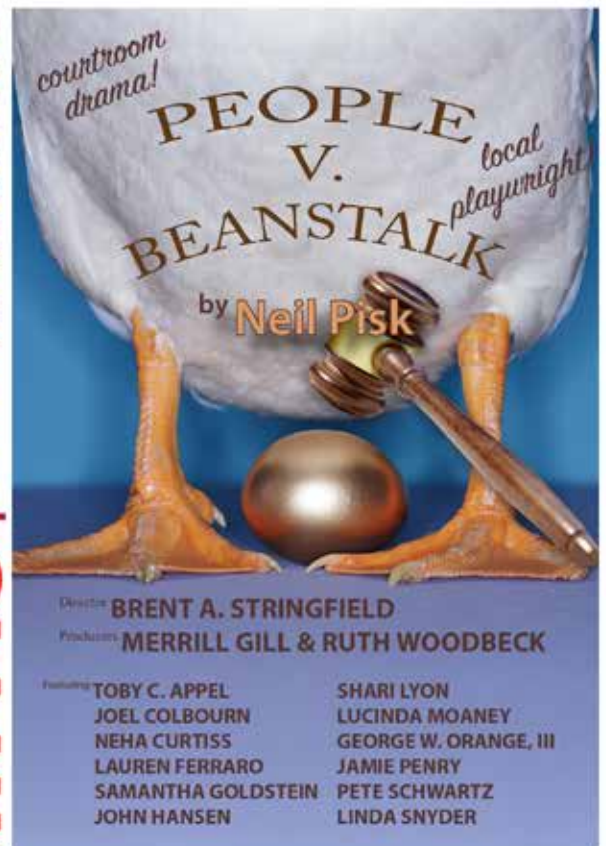

To All Event Shoot Chairs

From Chris Cote, Even Shoot Committee Chair - Please take a minute to review the Web site and the newsletter for accuracy about your event. Your contact information, calendar dates and event starting times as well as the range used all need to be verified. If you have any corrections, please let Darrin and I know via email. We want to be sure that the information on the web site is accurate and easy to understand from a newbie's point of view. Thank you for your service to EF&GA and your cooperation to make the web site as accurate as possible.

High Power Rifle Match (3/9/2019)

Come join us for this competitive and fun shoot starting at 8:00 AM on the 100-Yard Range. This match is held on the second Saturday of odd months (January, March, May, ...) Early arrival is recommended. Any sights are allowed. Any centerfire caliber is allowed. The event consists of 4-position shooting. There will be unlimited practice rounds and then 10 rounds per position for score. One hour is the total time allowed. Members pay \$5 and nonmembers pay \$10. For more information contact Paul Hendrikson at 760-522-4660

People v. Beanstalk by NEIL PISK

a courtroom drama for family enjoyment!
weekends only, jan 11 – feb 10, 2019

Local playwright/actor Neil Pisk has written a courtroom drama that has Jack Beanstalk, from the fairytale of "Jack and the Beanstalk" on trial for the murder of the Giant after he topples the magic beanstalk. Familiar characters of Jack's Mother, the Goose That Lays Golden Eggs and the Magical Harp populate the courtroom along with a mix of new characters to create a family-friendly show. The added twist is that the Jury is drawn from the audience and will decide the verdict. It's a new show at every performance!

Tickets for **PEOPLE V. BEANSTALK** are \$22 for adults;
\$20 for seniors, students and active duty military.
For tickets, please visit our web site at
www.PowPAC.org & click on **Purchase Tickets**
or call the box office at 858-679-8085.

PowPAC joins the San Diego Theatre Connection in collecting new or gently used books for grades K-5 to help support **THE BEANSTALK BOOK DRIVE**, benefitting the United Way of San Diego County and its early grade and summer literacy programs.

Metallic Cartridge Reloading Class (3/16/2019)

Now is a great time for beginning to acquire the skills and knowledge to load your own ammunition and not be limited to market and political vagaries. Although ammunition has plentifully come back to the market there are California restrictions (Prop. 63) that have been generated to hinder such purchases both in-store and on-line. The opportunity to learn reloading techniques that will allow you to produce timely, consistent and accurate ammunition while receiving NRA certified reloading instruction is available at EF&GA.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session will be held at 8AM on Saturday, March 16th, 2019 and will last until approximately 12 noon.

The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your own personal reloads.

The scheduling of the second session will be at a mutually agreed to time and date. This scheduling will be arranged at the first session during the classroom session.

The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied and materials will be provided. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and limited. For more information,

contact Elvio Marchi at elvio1@cox.net or 760-734-3942

Attention Veterans

To commemorate and preserve the personal wartime and military experiences of US veterans for history, the Folklife Center of the Library of Congress has created the Veteran's History Project. This project is maintained and funded by the Library of Congress under Public Law 106-308 and is administered locally by the Veterans Museum in Balboa Park. The goal of the project is to provide a video record of the activities of US veterans on behalf of our country. The video record is produced at no cost to the veteran and maintained in a publicly available repository by the US Government. All video tapes are filed with the Library of Congress. A copy of the video tape is provided to the Veterans Museum in Balboa Park and a copy is provided to the Veteran.

The program is available to all veterans of any US war or conflict, and is also available to civilians who have been engaged in activities that support the US military. Personal wartime engagement is not a pre-requisite to participate in this project. A veteran's recollections and experiences will be recorded by a professional videographer and a copy provided to the participant for personal use. A second copy will be filed with the Veterans Museum in San Diego, CA and a third copy will be filed with the Library of Congress in Washington, D.C. for later generations to view. The process is completed at no cost to the veteran and requires a time investment of approximately one and a half hours.

Mr. Smith - a World War II veteran - will provide appropriate release paperwork and schedule an appointment for video taping at your convenience. The interviews are conducted in a comfortable, living room atmosphere. For candidates with travel difficulties, arrangements for an in-residence interview may be made.

If you are interested in creating and preserving this highly desirable family legacy or if you know a veteran who would like to participate, please contact: STAN SMITH, Director, Veterans History Project - Field Office 858-485-5398

JUNIOR CORNER

Award for Excellence

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

This year we are introducing a new award in the Junior Coaches Program. The Coaching Coordinators Award for Excellence. This award is presented to the coach or coaches that have done an exceptional job in many areas. It was a tough decision, as all of our coaches have been exceptional, but we finally agreed on these two Junior Coaches.

Our first recipient is **Kestrin Walsh**. She is our youngest Junior Coach at 11 years of age and we affectionately call her The Hurricane as she has taken the Junior Coaching Program by storm. In her first year as a Junior

Coach, she has become an Expert shooter in rifle and competed in the Top Gun Competition. She has made a real name for herself by doing Safety Briefs for not only the Junior events but she has been requested to do them for some adult events and classes as well. She is a fixture at the working parties as well as Jack Bryson's basic pistol class. She is an amazing young lady that strives to be the best at everything she does including a Grade Point Average of 4.0. When it comes to coaching, she is considered one of our special forces. If we have a young shooter that is having a hard time understanding the fundamentals, the Hurricane is one that gets the job. She is able to connect with the shooter and help them understand the fundamentals in a way that most adults cannot.

Our next recipient is **Michelle Fan**. Michelle is very methodical in her approach to shooting and everything else that she does at the range. She has been a Junior Coach for the past two and a half years. She is an Expert shooter in rifle and pistol as well as being an excellent coach. Additionally, Michelle was in the Top Gun Competition for the second year in a row finishing second by a very narrow margin in the last competition. She attends many other events at Escondido Fish and Game and is a big part of the success of the Junior Coaching Program. Many times you will find her at the sign in table, checking in shooters and assigning them to the correct relay. Her hard work is one reason that the Junior events run so smoothly. In school, she carries a 4.36 weighted grade point average. She has evolved from a quiet reserved shooter that kept to herself to someone that walks into a situation and immediately looks for ways to help and improve that situation.

Our next award is for the Junior Coaching Program's highest award The Junior Coach of the year. This award is presented to the Junior Coach that has set an example and excelled in all phases of the Junior Coaching Program. The **2018 Junior Coach of the Year** is **Daysha Halbert**. Daysha is one of our original Junior Coaches starting at the ripe old age of 10 and was our first Special Forces coach. This is Daysha's 2nd award. She earned this high honor by not only shooting Distinguished Expert an amazing 8 times in a row but also she has attended every range cleanup in the past 5 years except for three. She has been the top female shooter as well as the top shooter at the Escondido Fish & Game for the past three years. She has been in the Top Gun Competition four of the past five years and is the Grand Champion for the second year in a row. Additionally, Daysha is an Expert shooter in pistol having a top score of 390 this year. In school, she has a 3.6 grade point average. She attends many other events at Escondido Fish and Game, representing the Junior Marksmanship and Junior Coaching programs. She constantly strives to make the Junior programs better for everyone involved. She is personally responsible for helping many shooters, including other Junior Coaches, dramatically improve their scores and shooting skills.

These three young ladies represent everything that the Junior Coaching Program hopes to instill in all the Junior shooters at the Escondido Fish and Game Association.

Jack Bryson would like to thank the Junior Coaches that attended and assisted with his basic pistol class on January 5th, 2019. These include Daysha Halbert, AJ Wagle, Thomas Healey and Kestrin Walsh. Our own Hurricane Kestrin Walsh took control of the line and gave us another outstanding safety brief. If you want to know what a future leader looks like, look no further than our Junior Coaches. These are kids that will be leading the way for our country.

RANGEMASTER SOUND OFF

By: Jay Zimmet – CRSO • crsojay@escondidofishandgame.com

"I am happy to report that there have been no reported incidents of members or guests having any issues with any new holiday firearms. Maybe they actually read the manual!

I would like to continue from last month with Range Safety Rules to refresh everyone's awareness.

General Range Safety Rules

1. Always keep firearms pointed in a safe direction.
2. Always keep your finger off the trigger until ready to shoot (sights on-target).
3. Always keep your gun unloaded until you are at the firing line and the range is declared "HOT." Firearms must be safe (unloaded) when entering or exiting the range.
4. Cease Firing: Immediately stop shooting when anyone calls "Cease Fire!"
5. COLD Range: Shooters must check with others to ensure firearms are unloaded, actions open and firearms laid down on the shooting bench before going down range. No one is permitted to handle firearms or stand at the firing line while there is a cold range.
6. HOT Range: Shooters must check with others to ensure there is no one down range; when the range is declared "HOT" shooters are permitted to commence firing. Shooters may move safe guns to and from the firing line only when the range is "HOT."
7. All shooters are responsible for their rounds staying within the confines of this range and impacting the bank. Shooters may shoot only from the firing line at the target in line with their position. Shooting at items placed on the ground or at targets not posted at the appropriate height on the target frame enables rounds to escape the range or not impact the bank.
8. Respect the Range: Please place your trash into the trash receptacles and your spent brass into the recycling receptacles. Tracer, armor piercing and incendiary ammunition is prohibited.
9. Respect Yourself: Wear eye and ear protection. You should also wash your hands and face after shooting to reduce lead exposure.
10. Respect Others: Be aware of other shooters, you are not the only one on the range.

With all the rain that we have had the hillside is now full of nice green grass, please keep your eyes open for Deer and Turkeys on the range and camping area. Remember we are a game preserve and there is no game hunting, but you may shoot as many *pictures* as you want.

If you see wild life on the range or hillside do not hesitate to call the firing line COLD until they move on. Also it is not OK to shoot around the deer on the hillside to scare them off... Also, Also it is not OK to run up the hillside to scare off the deer, especially if other ranges are HOT...

Cold Range:	Hot Range:
<ul style="list-style-type: none">• Blue Blinking Lights ON• DO NOT handle Firearms & Equipment• Handle Targets• Sweep up brass behind the Yellow and in front of the Red line OK TO GO DOWN RANGE	<ul style="list-style-type: none">• Blue Blinking Lights OFF• Handle Firearms & Equipment• OK to Load/Unload Vehicle• Sweep up brass behind Red line DO NOT GO DOWN RANGE

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

TRAP CORNER

By Darrin Eaton

Our Legacy of Service

When I first started shooting Trap a few years ago, people at the Range were mourning the loss of **'Ponytail' Bob Schoenfield**. I never had the honor of knowing him but I have heard many stories about how he made everyone feel welcome and included. He also fostered a spirit of ownership by giving opportunities for everyone to help out with the Trap events. Whether it was keeping score, reloading the Trap machines, or helping to set up and tear down the events, everyone could participate in keeping the events running smoothly. This made everyone involved more than just customers – now they became participants. Ponytail Bob left a legacy of service that has carried on as other individuals took responsibility for running Trap and the many events associated to it.

The spirit of service and community continues on to this day. Over the past few years, I have had the honor and privilege to work with the leaders in the shotgun events that taught me a lot about service to EF&GA and our guests. I want to take this opportunity to identify a few of them by name so that we can all remember to thank them in person when we are out there enjoying the fruits of their efforts. This is by no means a complete list. I could fill an entire newsletter with the rest of them but here are a few that made a huge impression on me:

Tom Kendall ran Tuesday morning Trap for many years and also served as a CRSO. Whenever something needed to be done around the Range, he has always been there somewhere helping out. He passed this legacy of service on to his son (Scott Kendall) as well as those who worked with him.

Dave Burton served EF&GA in numerous ways as well. While he served as the Chief TrapMaster, he taught me a lot about service to the Association, not just your close friends. I had the honor of serving with him on the Board of Directors and learned a lot from his leadership. Since he has moved to Arizona we have all missed him.

Dan Dorman served as Chief TrapMaster and lead us all through some challenging growing pains in the Trap disciplines. He put countless hours of work into making all of the events work for everyone. I always thought that he was walking through a minefield while wearing snowshoes and did it well. He also continues to work closely with his brother, Dean Dorman (the shoot chair for the Pot Shoot) to keep Pot running smoothly as well.

Annette Champion is famous for two things in my book - making 5-Stand really fun and coaching women that are new to the shotgun sports. In reality, she did a whole lot more than that. I saw her play a major support

role for Dave Burton and Dan Dorman (probably for Ponytail Bob too but I missed out on that). She made sure that the accounting was straight and was instrumental in making the punch-card system much better and more professional.

Ron Boyd is a mechanical whiz-kid. He has been critical when it comes to keeping the target machines operating properly. He also did a lot to grow the 5-Stand events and has always been a wealth of information for ways to make things run better. He has also been a great example for everyone to make our new guests feel welcome at our Range.

Bill Williams is holding the reigns as Chief TrapMaster now and doing a tremendous job of growing the shotgun sports at EF&GA. Whenever we need to navigate a challenging situation, he is interested in gathering as many facts as possible and asks those around him for ideas and solutions rather than finding ways to cast blame for problem situations. To this day he still carries a punch card signed by Ponytail Bob Schoenfield as a reminder of our legacy. I hope that we all can live up to high bar that was set so many years ago.

New Trap Machine

One Wednesday night I did my weekly traffic battle from Oceanside to the Range fighting the 78 Parking Lot as usual. When I got there I learned that the trap machine in House 1 was not oscillating or throwing targets properly. Bill Linamen and I stayed in the trap house trying to nurse it back to life for most of the evening and concluded that it was on its last legs. The following day we got together and with lots of research and a few phone calls, Bill Linamen found a way to get it running again. Even though it is now operational, we know that it is not long for this world. Bill called around and found a supplier that could get us one but they are not cheap and it could take a few months to get one. The Board voted to purchase a new machine but we would still need to find a way to get rid of the old one. When I mentioned it to Layne Kuhlman, he told me to hang on for a few minutes. Five minutes later he came back with a supplier on his cell phone (on a Saturday night) with an offer at the same price and an offer to buy the old machine for parts. To top it all off, he was able to get it shipped here in weeks, not months. Once again, we were able to take advantage of talents and experience from our valued members. If you see Bill Linamen and/or Layne Kuhlman, be sure to thank them for their efforts and expertise.

InterClub Shoot (2/9/2019)

The next Interclub shoot will be hosted by Imperial Valley Rifle & Pistol in El Centro. Registration opens at 8:00 AM and first squad should be out by 9:00 AM. There will be 50 singles targets and 50 handicap targets. Each club team needs at least five shooters to qualify for the shoot and each qualifying team gets one additional point for each member shooting. Even if you don't think that you are a great Trap shooter, you are helping our team score just by showing up. This is always a fun event and everyone is welcome. For driving directions, carpool, and/or caravan information, please contact Darrin Eaton at deaton@escondidofishandgame.com

NRA Basic Shotgun Class

March 31st, 2019 Sunday 8am-5pm

NRA Basic Shotgun Class. Location: Escondido Fish and Game Association 16525 Guejito Rd, Escondido Ca.

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.

To reserve your spot call or email:

Bud Smith 858-922-6489 budsmith223@gmail.com

Dave Premetz 760-489-1082 slixgunr@yahoo.com

or register online through the NRA at www.nra.org

Bud Smith: Chief Range Safety Officer/ Range Safety Officer,

Certified NRA Instructor: Certified Muzzleloading Rifle, Muzzleloading Pistol, Muzzleloading Shotgun, Refuse to be a Victim, Basic Rifle, Pistol and Shotgun.

David Premetz: NRA Training Counselor/Chief Range Safety Officer/Certified Instructor for Rifle, Pistol, Shotgun, Range Safety Officer, Personal Protection, Home Firearm Safety.

California Department of Fish & Game - Certified Hunter Education Instructor.

International Bow Hunter Education Federation - Certified Bow Hunter Instructor.

BLACK POWDER NEWS

As I write this, the Black Diamond Silver Challenge, (revolver contest), has ended. To no one's surprise, it was won by Ilwanda Hannah. Named the First Lady of Black Powder by Ray Bucholz, Wanda attended the January club meeting to receive her prizes. Wanda won a NIB Traditions Silver Remington Cap and Ball revolver, as well as a Black Diamond Buffalo Beer Stein. Wanda scored 53 out of 108 possible points over six months to end up in first place. The next nearest competitor was 23 points behind her. Scores for the top five are listed below. Good shooting Wanda.

New Contest Announcement: Starting in January we are going to run a Black Diamond Six Month Rifle Challenge, in conjunction with our normal rifle contests. There are two parts to this competition.

1. Trophies: Trophies will be awarded for first, second, and third place based on your total cumulative score over six months. Classifications of OPEN and PRIMITIVE will be combined for this cumulative event. BPCR's will not be eligible.

2. Rifle Prize: EVERYONE who enters ANY rifle category, (including BPCR), will earn one ticket per entry, at each contest... At the end of the contest in June, all of the tickets earned will be placed in a hopper. One winner will be chosen by a blind drawing. The prize will be a Muzzle Loading Rifle sponsored by Ray Bucholz.

If you enter six contests you earn six tickets, three contests, three tickets, etc. The more you play, the better chance you have to win. I will describe this in detail at the next contest.

Where to Find Stuff Announcements: Joann's fabric on East Valley Pkwy in Escondido has a limited supply of .18 and .22 pillow ticking, (patch material), back in stock. Wal-Mart East in Escondido also has a small supply of .15 and .18. Take your micrometer and check it to be sure it is what you want. Cutting your own patches is cheaper than buying pre-cut patches.

Harbor Freight carries Pittsburgh Digital Micrometers for measuring patch thickness or ball diameter. They are available in mechanical or electronic versions. I consider this an essential tool for Muzzleloaders.

<https://www.harborfreight.com/digital-micrometer-63647.html>

Track of the Wolf has a (very) limited supply of Green Mountain 1-66 twist drop-in percussion barrel replacements for Thompson Center Hawken rifles. Check the web page and look closely for the "in stock" or "back order" notifications. There are NO back orders. When they are gone, they are gone. Using a Green Mountain barrel on a TC Hawken is almost like cheating.

<https://www.trackofthewolf.com/List/Item.aspx/648/1>

Truth or Fiction? The story I got was that Track made a special run order from Green Mountain for 1-66 twist barrels, instead of the standard Green Mountain twist of 1-70. Green Mountain still makes muzzleloading barrels, but stopped making TC drop in barrels a while back. I shoot Green Mountain barrels on my rifles and think they are very good. I ordered one of these from Track and will be testing it before the February contest. Contrary to popular belief, muzzle loading barrels don't last forever. I have retired the first Green Mountain barrel I ever bought after 35 years and approximately 10k rounds downrange. It's just plain shot out.

Next Contests:

BullsEye League (2/3/2019)

Single Shot Muzzle Loading Pistol Short Course starts at 8:00 AM. There will be 25 yard B-19 targets, one-handed *duelist style*, and the best 10 of 13 shots for each of two targets will be scored.

Silhouette (2/24/2019) We will shoot the standard Short Range rifle contest. Targets will be at 50, 75, and 100 yards. Pistol starts at 8:30 AM. Rifle starts around 10:00 AM.
