STRAIGHT SHOT FROM THE PRESIDENT

Hello everyone,

Well, this years BBQ was the best one yet as noted by many. Food was served all day starting with breakfast for those who came to help set up. All the events were well hosted and I have never seen so much good food! I want to especially thank Jeff and his staff, Annette, Linda, and Denise for all their hard work. I also want to thank Dave and Dottie Ransburger for spending the time to solicit and purchase all the raffle prizes. All those who volunteered to put the different events on are much appreciated. It was really nice to see people you don't normally see every day but make an effort to come to our BBQ.

The new officers for the coming year were sworn in at the last membership meeting. I am sad to lose such good officers who elected to step out but also am very enthusiastic about the new officers coming in. I don't see where we have weakened in that respect.

On the lease extension and property expansion, I just want to say that the new lease has gone through the various departments with the City and been approved. We are waiting for the City Council to give final approval and then we can announce everything to the membership.

Finally, I guess that I upset a couple of people about my comments in my last message regarding a special interest group. I apologize for using this means of media to voice my opinion. I was challenged on this prior to the last membership meeting and apologized for it then also. I was blind-sided just prior to the last two meetings and I hope that this does not happen again. We are all working for the same cause and let's work out our differences. I am always open to opinions and will be glad to bring them before the board.

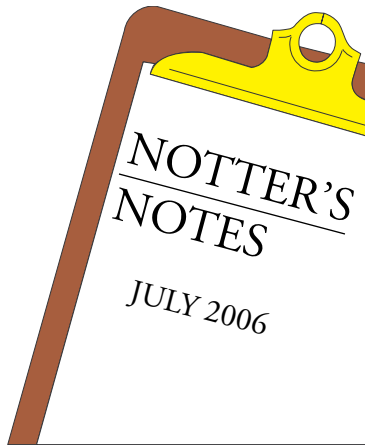

Respectfully,

Denny

THE RANGE LOOKS GREAT

This is a letter from an EF&GA member to the Board of Directors.

“I don’t get to the range as often as I would like anymore. On, Monday, 5/8/06, I spent a couple of hours shooting my rifle & pistols. I couldn’t believe how clean, neat, & tailored the range was. I’d like to thank all of you who are responsible for making this an Association that I am proud to be a member of.

Here’s thanks to all!!!

Joe Coppolino”

LOSING FREEDOM, THE UN ATTACKS THE SECOND AMENDMENT - by Rob Hood, *The Conservative Voice*
July 4 is Independence Day. Many across America will celebrate the day that America declared itself a free and sovereign people. People will cook out on the grill, have family get togethers, and just celebrate freedom in general. However, the UN has plans for this day as well - and these plans are not at all celebrating freedom. These plans are sinister in character and threaten our sovereignty as a free nation.

The United Nations has decided to host its annual global gun ban conference called the 2006 Small Arms Review Conference or RevCon during the fourth of July holiday period right here on American soil. The UN and its liberal allies in Canada, Australia and liberals right here in America would like nothing more than to erase the Second Amendment from the constitution and ban all firearms around the world.

This is a real threat to freedom and I encourage you as a free American to voice your opposition to the UN for its anti-American sentiments and its anti-gun stance. There is no way (under a conservative administration) that America will give in to the UN's demands that America disarm its citizens and destroy a vital part of the constitution. Having the Second Amendment ensures that every American is entitled to own a firearm for hunting, sport, collection, self-defense, or for whatever reason there may be to own one.

For many years now the UN has looked down on the conservative movement in the United States as a threat to their agenda for global domination. The UN is very anti-American and is plagued with corruption and scandal after scandal. Sure they help feed hungry people around the world, but other than that deed of kindness, the UN is an organization straddling the line between reality and science fiction.

The UN nor any nation on earth has the right nor the authority to overrule America's constitution and as for me, the Second Amendment will stand for as long as the United States shall exist. The Second Amendment is a great idea from a group of men that knew what freedom really meant when they drafted the Constitution. Now the UN wants to erase our history and tear down our rights as free Americans by suggesting that guns are dangerous and should be destroyed.

I urge everyone reading this to oppose the UN's efforts to stop freedom. I have personally mailed a card to the UN showing my voice of opposition. The card came inside an NRA magazine that I read and you probably won't see one anywhere else. If you want to write a letter defending your Second Amendment Rights, please send it to :

The Honorable Kofi Annan, Secretary-General of the United Nations

First Avenue at 46th Street

Lot's of new and exciting things have been happening (and will continue to happen) at your Escondido Fish and Game Association. Time for all of you to get "involved" by giving us feedback on what you would like to see done by way of improvements at the Association Facility.

How many of you have taken advantage of all the wonderful programs offered here at EF&GA? How many of you have ideas and/or suggestions to make these programs better. Time for you to pick up the telephone, call your favorite Shoot Chair and let them know what your thoughts and ideas are.

Dog owners: Just a brief reminder and word of caution that this is rattlesnake season. Many of you allow your animals to have free run of the facility, however, there is a great risk of them being snake bitten at this time of the year. All dogs are to be on a leash when on the facility. The responsibility lies with the member/owner to take all precautions to prevent injuries to themselves and their animals. Please remember also that not all dogs get along with each other and so to prevent any incidents we ask that you maintain control of your animal at all times.

Range Masters who have not received their red shirts, caps and/or range master identification badges should contact Ray or Neil to acquire these items.

Range Masters: Many of you are NRA certified RSO's. We are trying to compile a list of NRA certified RSO's for our insurance company. Please contact the Association Clerk, Donna Harmon, and let her know that you are a current NRA certified RSO.

Range Master Appreciation Day: Yes, it's that time of year when we start to plan our gala end of the year Range Master Appreciation Day event. Ray would appreciate volunteers to join this committee to help with the planning. If you are interested in doing so, please contact Ray Bucholz ASAP.

Range Master of the Month: Jeff Orkin. An avid air gun pistol shooter and black powder competition shooter, Jeff brings us over eight years experience in Range Mastering and knowledgeable skills. Jeff enjoys attending gun shows around the Southland, and finding new toys for his ever-increasing collection. Please say thanks to Jeff when you see him.
