From the President's Point of View

As your new president I would like to thank you for the opportunity to serve. I have had the honor to work with several past presidents which has given me much insight into the responsibilities that follow. Also, please take time to thank outgoing directors, Neil Pisk and Pat Watson, for their years of service.

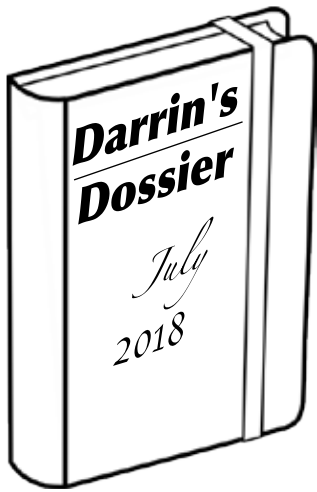

My job is to lead the board of directors and ensure that we are good stewards of the association and its members. You can expect your board to make decisions through the eyes of the membership regarding fairness, financial matters, and long-term stability. Board of Directors meetings (1st Thursday of the month) are open to all members. Come see how your association is run. If you would like to speak to the board, that can be arranged through the secretary, Geoff Orchin. As a reminder, the contact information for all the folks who run your association can be found on the front page of the newsletter.

Now that we're done with the appetizer let's get to the main course. As with any organization a small percentage of members do most of the work. The difference with EF&G is I always hear of folks wanting to know what they can do. I am going to take advantage of these offers in a new way. My first goal is to tap into all the contractors we have in this membership. We have many needs ranging from electric plugs and trenching, to shade covers. Two of our involved contractor / members (read Ed and Norm) can't do it all. While many can do certain projects, a tradesman has the tools and knowledge to get it done fast and professionally. We are also looking for people to commit to short terms of kitchen and club house oversight. We want to be more diligent in maintaining the assets of the association. If you feel you can help with these needs, please phone or email me. We are one association.

Finally, I will be greeting many of you every time I am at the range. I want to know how you feel about your association... what's good, what's bad, what's just ok. Your input is valued.

Norm Porst

Be Safe, Be Considerate

Birth of a Nation (7/4/1776)

Every year at this time I think about how we began as a nation. We all think of how our forefathers fought for freedom and liberty and the ability to self-govern. Before the Revolution, the colonists were considered British subjects under the rule of the monarchy and parliament in London without any representation.

After the Revolution, they became American citizens with individual liberties and freedoms as well as the responsibilities that go with them.

When I was a young lad, my family moved another county and I witnessed first-hand what it was like to live under a dictatorship without basic liberties and human rights. After seeing people arrested in the streets and jailed for nothing more than speech, I learned to appreciate the freedoms and liberties that we have here in the United States.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Ray Bucholz won the \$25 door prize. Had he attended the meeting, Michael McAllister would have won the \$500 Attendance Prize. The next General Meeting is 7/12/2018. If you don't show up, you can't win.

Donor List (6/14/2018)

Thanks to all who donated to the raffle table at the last General Meeting – **Bud Smith, Bill Williams, Al Anzelone, Ray Bucholz, Pamela Tucker, Jim Beck, Wayne Brunner, Lonnie Fowler, John Tyler, Joyce & Frank Alessio, Samantha Pendzich, Neil Pisk, Steve Baran, Craig Rogers, Ed Migdal, Pete & Vicki Swenson**

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com Please consider new or used items in working order. Thanks for your support.

🔫 Left the Range

Dale Mathews passed away 12/20/2017. He became a member 9/20/91. Please remember him and his family in your thoughts and prayers.

Robert Sproul passed away 6/4/2018. He became a member 7/2/09. Please remember him and his family in your thoughts and prayers.

🔫 Landscape Working Party (6/16/2018)

Ain't No Party Like A Working Party. Thank you to everyone that showed up to help with the landscape projects. You did a great job and it shows. I'm extremely impressed to see so many of the Junior Shooters attending the working parties and giving back to the range. This is what our future leaders look like! Everyone who showed up and set aside their Saturday to contribute to the sustainability and beauty of the Range should be recognized and thanked for their service. If you see any of them, be sure to thank them for all that they do.

🔫 NRA Home Defense class (09/16/2018)

One of the most thorough classes you can take and perfect as a gift! It is also scheduled on a Sunday. Home intrusions and robberies make the news daily. This one-day class addresses range exercises that emphasize potential home intruder encounters, movement to cover and use of cover/concealment, awareness, avoidance, and dealing with single to multiple threats, and a classroom session that expands upon the concepts you experience on the range and more. It includes the NRA certificate and handbook. This is an intermediate class: Students (adults 21+ who must have prior basic to intermediate experience/training in the safe use of, and legally be able to use handguns) will shoot their own handguns and ammunition. This class is listed on the NRA training website under Self Defense, NRA Basic Personal Protection In The Home Course at: <https://tinyurl.com/Sep162018HmDefense> To reserve your spot and for more information, email or call: cienegabill@gmail.com (best choice) or 858-356-4019. Prior registration required, open to the public, I will contact you with payment instructions, discounts for registration by Aug 26 (additional discount for EFGA members).

EF&GA members Iris and Steven Labadie met the new NRA President Oliver North. What an honor.

RANGEMASTER SOUND OFF

By: Jay Zimmet – CRSO • crsojay@escondidofishandgame.com

The EFG&A Range Safety Officers are volunteers and regretfully there are not enough of us to cover the range all the time. I am asking all members to make sure their guests and themselves are using the range in accordance to our safety rules.

This is a private membership association where we have tried to make sure that members meet our high standards for safety and trustworthiness.

As a member of this club you are also a Safety Officer at all times. If you see something unsafe please educate the low-down varmint as they might not realize what they are doing. If you do not feel comfortable doing that, please send me a telegraph and I will follow-up. This is especially true over the next few months as a bunch of new pilgrims will be joining the range!

Remember, we lease this land from the City of Escondido and if we do not use it safely it can be taken away...

One of my favorite duties is hosting RMAD (RangeMaster Appreciation Day) which is Sunday July 29th. It is an invitation only event where the BOD and CRSO acknowledge the hard work of the Rangemasters, Shoot Chairs, Firearms Instructors and other select Range Safety volunteers.

The range is shut down for part of the day to allow the participants to have some range time, over eat, win some prizes and bragging rights. But the most important agenda item is "Story Time" when we talk about all the unsafe & irresponsible low-down varmints we have run into over the last year!

I have asked the BOD for Tasers as people still do not seem to understand how to work a Hot/Cold Range.

If you are Down Range and the Lights are not on, the range is HOT. It does not matter that you told the other people on the line that the range is COLD. The new person just walking onto the range does not know that!!! I am looking for this and will Taser you...

BLACK POWDER NEWS

By Garth Warner

Our June contest was scheduled to be a standard short range contest. Due to medical problems I was not able to attend. My thanks to those that stepped up and hosted the event to maintain our unbroken string of Muzzle Loading contests for many years. The July rifle contest is scheduled to be a Mid-Range contest with steel targets at 75, 100, and 125 yards. As always, we shoot Pistol at ranges of 25, 50 and 75 yards.

Note that July is the first shoot of our Black Diamond Silver Challenge for Cap and Ball revolvers. Your cumulative score for July through December makes you eligible to win a silver presentation Pietta revolver hosted by Ray Bucholz. Highest cumulative revolver score for the six contests wins.

2018 Guejito Rendezvous

Every year in June, the Escondido Fish & Game Association hosts a Mountain Man Rendezvous. The Rendezvous is a multi-gun event over two days to determine who is most skilled in a variety of disciplines. Participants use period correct firearms, firing patched round balls only. Tomahawk and Knife throwing skills are also tested. This year's event consisted of a rifle walk-thru on Saturday against 10 steel targets at "unknown" ranges from 15 to 125 yards. All the participants get two shots at each target for a possible 10 target score of 20 points. In the afternoon, there is a pistol walk-thru against 10 steel targets at "unknown" ranges from 25 to 70+ yards.

During the day, each participant has the opportunity to make 10 throws with the tomahawk and 10 throws with the knife. Depending on your throwing style, ranges are from 5 to 7 paces. Knife and Hawk must make 1 revolution to count for score. Each "Stick" earns 1 point. Each target has a playing card stuck to the center. Hitting the card earns an "X" to resolve ties.

On Sunday morning the participants shoot the Trade Gun category. Trade gun is a period correct smooth-bore flintlock firing patched round ball. Sights are restricted to a bead or blade front sight and NO rear sight. 5 targets are set out at ranges from 25 to 70+ yards. Two shots are taken per target for a possible score of 10 points. For this contest, awards are given per category, as well as a Guejito Rendezvous award for top combined scores. With the above challenges defined please check out the scores on page 5. (Note, because of space limitations only the first three in each category are listed.)

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

A Proper Safety Brief

by Patrick Russ

How many of you think that you could give a good safety brief, before a shooting event? The brief would have to include the four main safety rules, otherwise known as the "Rules to Live By", all rules pertaining to wild life, the use of eye and ear protection, the meaning of the different color lines, the meaning of and what to do when "Cease Fire" is called, as well as any particular rules pertaining to the event. It can be

a lot tougher than it sounds, especially if you're a Jr Shooter. As some of you know, that is exactly what the Jr. Program is teaching the kids to do. Under supervision from a responsible adult, the kids are taught how to give a proper safety brief. This includes knowing the material to the point that any notes that are used are only as a reminder, they do not just read from a script. They are expected to talk to their audience not just at them. They must show some personality, be loud enough for everyone to hear and they must keep everyone engaged in the brief. We teach them that, during the safety brief, they are in charge of everything that happens on the line. Including when people are talking during the brief, they know that they must, politely, ask them to be quiet and pay attention to the brief, if they continue to talk or disrupt the brief, that person will be asked to leave.

Most recently, one of our up and coming Jr Shooters did a safety brief for Jack Bryson's Basic Pistol class. Miss Kestrin Walsh (11 yrs old) immediately took control of the group by asking everyone to stand behind the yellow line so that she could see everyone. At which point, she was able to give a great safety brief that included everything that was mentioned above. By immediately taking control, she got everyone's attention and by doing so she was able to make sure that everyone understood exactly what was expected of them. She then went on to out shoot everyone in the class. And, while Kestrin has excelled in giving the safety briefs, she is not alone. The Jr Program has been fortunate to have kids that are willing to work through their fear of public speaking and have become very proficient at doing so. Do they make mistakes? absolutely, but they are taught how to recover from those mistakes and make them a useful part of the safety brief. This is, at the very least, a challenge to anyone, including most adults; it can be terrifying for a young adult. But these kids are doing it and it is giving them invaluable skills that will last a lifetime.

So, I will ask again, after reading what you just read, how many of you think that you could give a proper safety brief?

The Jr program is extremely proud of Kestrin for stepping up to the challenge of doing a great safety brief to a class of adults. She is setting an outstanding example for her fellow Jr shooters to follow. This is what a future leader looks like!
