## Darrin's Dissertation

Finally, the State, CDC, and the Governor gave us the green light to start operations again. Rather than waiting for the next Board meeting to vote on it, we did a quick email vote and it was unanimous - we are finally able to go back to mostly-normal operations. We are all pleased that we can do this before we celebrate another year of **American FREEDOM** on the **4th of July**.

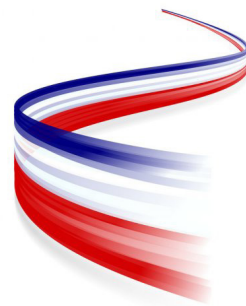

We contacted the shoot chairs and informed them that they now have the option to run their events Open to the Public. Some of the shoot chairs have decided to keep their events as Members & Invited Guests in order to keep the events smaller and more controlled. At the time of this writing, we have not heard back from all of the shoot chairs yet so, keep an eye on the calendar on the web site. If any shoot chair needs to change or cancel an event, we update the web site as soon as we get notification from the shoot chair.

We finally received the new soda machine and it is up and running in the old well house next to the Pistol Range. Remember that all purchases from both soda machines benefit the Junior Marksmanship Program and they appreciate your patronage. I also want to directly thank **James Gordon** for coming up with the idea of placing the machine there, helping with the MOAPL execution, and donating the product for the first run of the machine.

Lastly, I want to use this opportunity to thank you all for your encouraging words and support. I am humbled by all of the positive comments and email that I have received over the past few weeks. I am truly honored. I know that I have some really big shoes to fill and my predecessors have given me some great training over the past few years. **Linda Linaker** demonstrated how to lead with the epitome of the phrase *Grace Under Pressure*. She taught me how to gather a team of great talent and set a plan of execution in motion. **Norm Porst** taught me many ways to take on challenges head-on without blinking. **Neil Pisk** taught me how to work within the boundaries of the Bylaws and how to optimize time. **Kurt Nelson** taught me how to be a *Humble Servant*, not a dictator. I truly believe that I have learned from the best and now I just need to continue our traditions of excellence. I will do my best to live up to the high standards that they have set.

Be safe and shoot straight.

# BULLET POINTS

## The New President Gets a Reprieve

If you read last month's newsletter you already know that after many years of serving as your Newsletter Editor, **Darrin Eaton** is passing the torch to me, **Scotti Clary**. Darrin has done

such a great job developing an exceptional newsletter for the Association. It will be difficult to live up to his high standard. He has established a very organized system, though, to ensure a quality product. Please bear with me as I learn the process. Your feedback is always appreciated.

## The Range is OPEN

As my first official piece of news, I am delighted to inform you that The Range is OPEN. The Board of Directors has voted to open all Escondido Fish and Game Association events and casual shooting to pre-Covid rules. Shoot Chairs will have the prerogative to determine the level of participation in their events. Welcome Back!

## Left the Range

**Eric Griggs** has left the range. He has been a member since December 2011. Please keep him and his family in your thoughts and prayers.

## Volunteer Opportunities

We recognize that this was a difficult year for meeting volunteer hours responsibilities. We are generating a list of people that need hours and want to be notified when spontaneous volunteer opportunities arise. If you would like to be included on the list, please send an email with your name, email address, types of volunteer work desired, and hours of potential availability to [lsclary@escondidofishandgame.com](mailto:lsclary@escondidofishandgame.com). You can still meet your volunteer obligations by coaching, assisting the shoot chairs (call them to make those arrangements) and the quarterly Work Parties. The next Work Party is August 15. Bring garden tools and work gloves if you have them. Otherwise, we will have some available.

## Make Time to Attend the next General Meeting

We're hoping to see you at the next General Meeting. You'll get an update about improvements on the range and all of the upcoming shoots and events. It's an evening of fun and camaraderie with fellow range associates. Bring a friend and one or both of you could win a few bucks. At the last General Meeting, **Larry Bailey** won the \$25 door prize. If **Wayne Brunner** had attended the meeting, he would have won the \$400 Attendance Prize. Next month it will go up to the maximum of \$500.

# TRAP CORNER

By Darrin Eaton

## Trap Straights – Why We Do It

Shooting a trap straight is breaking all 25 targets in succession thrown for an individual by a trap machine during a single squad with an “official” score keeper. Breaking ALL 25 of them for the first time is more than just fun, it can be the fulfillment of a long and (often) agonizing path to personal success in a chosen, competitive sport/discipline. Every one of the people who are listed in our Trap Straights column have achieved a significant goal, but for those listed as FIRST 25 – SHOT HIS/HER HAT!!, it is the achievement of a pinnacle, a very memorable “first time in your life” moment that will never be repeated. This gets a little more complicated when you achieve a straight in other games. In Doubles, there are 13 pairs (26 birds) and that is a particularly challenging feat to accomplish. Getting a 25 in 5-Stand is almost impossible but every so often, someone does it. Just as rare is a 25 from Handicap (27 Yards behind the Trap machine). If you look at the list of Straights every month, you might notice some patterns emerge. We have some really good Trap shooters in our Association. If you want to improve your scores and perhaps even shoot your hat someday, it’s easy to figure out who to ask for pointers.

Last month was unique in that we shot 3 hats, had a Straight in 5-Stand, two straights from the 27-Yard Line, five 75 Straights and even one 100 Straight. Congratulations to all of you that have shot so well.

I want to make a point of congratulating **Austin Cote** for finally shooting his hat. He has been helping out for years as a Puller by helping to set up and tear down events, filling the machines, and keeping score. While doing all of that work, he has not had much time to practice shooting but he finally shot his First Straight while I was standing next to him on the line. I had the honor of sharing in the joy of shooting his hat. He has definitely earned every bit of that joy and it is a pleasure and an honor to shoot with him.

Stop by any scheduled Tuesday, Wednesday or Saturday Trap event and see what the fun is all about.

## InterClub Trap Competition (8/21/2021)

Don’t miss the InterClub match when we get to host the event at our range. There are categories for individuals (Men, Women, and Juniors) as well as a Team Score. The Team score is calculated by the average of the top 5 scores from each team. Even if you don’t think that you are a great Trap shooter, you will still be helping our team just by showing up and participating.

You will shoot two rounds of 25 from 16 yards and two more rounds of 25 at Individual Handicap (distance calculated by your score in the first 2 rounds). The cost is \$30.00 for EF&GA members and \$35 for non-members and it includes lunch. Members and Guests ARE WELCOME. Sign-ins start at 8:00 AM and Shooting starts before 9:00 AM. For more information contact **Darrin Eaton** at [deaton@escondidofishandgame.com](mailto:deaton@escondidofishandgame.com)

# RANGEMASTER SOUND OFF

by Jay Zimmet

I would like to welcome all the new members to our association and ask our current members to assist them in acclimating to our range and its safety rules.

Please remember to uncase/case your firearms on the shooting line and **NOT** on the tables or benches **behind** the firing line.

In the last few years in California and especially San Diego County it has become possible for mere mortals to obtain a Concealed Carry Weapons (CCW) license. I have been asked what our range policy is regarding CCW.

We operate a cold firearms range, no loaded firearms off the firing line. If you are carrying a licensed concealed firearm the key word is "Concealed". Please do not remove your loaded firearm from its holster to show your friends.

If you want to practice with your CCW firearm, bring it in your range bag. It is **NOT** permissible to draw your concealed loaded firearm from your holster, practice with it, load it back up and holster it again. Please remember for casual shooting our rules are stricter than for supervised events.

Just because you are licensed to carry a firearm does not necessarily mean you know how to holster and use it properly. I encourage you to get training and join some of our friendly competitions to become comfortable with drawing and holstering a firearm safely. Keep your booger hook off the trigger!

If you are interested in obtaining your CCW license here is some information to help you.

- San Diego Sheriff
- <https://www.sdsheriff.gov/i-want-to/get-a-permit-or-license/regulatory-licenses-and-fees/concealed-weapons-license>
- San Diego Gun Owners
- <https://sandiegocountygunowners.com/ccw/>
- EFGA Instructors
- <https://escondidofishandgame.com/contacts/instructors/>

One important point to remember especially as a CCW holder is "every round down range has a lawyer behind it". Get CCW insurance!

Know how to use your firearm (muscle memory). Know the laws. You do not have the same indemnity as law enforcement. Know whether or not you can actually pull the trigger if you need to. It is a big responsibility to protect your family and your safety.

The range is starting to get back to "normal" operation with organized shoots getting ready to open back up to the public. We are always looking for volunteers to help with the organized shoots especially the Junior programs.

The Association is in need of Range Safety Officers (RSO) to help keep the range safe. Please contact me if you have time to volunteer, and you get a cool Red Hat and Shirt!

4. **Know** your target and the surroundings

The next Junior Pistol August 22th and Junior Archery events will be held on August 1st

The next Junior Rifle event will be held September 19th. Sign-ups will begin on September 4th.

Hopefully, by the time you read this we will be completely open and done with this Covid nonsense. No more silly masks or social distancing. The last year has been crazy, to say the least. The Junior Marksmanship Program would like to publicly thank the president during these crazy times as well as the year before, **Linda Linaker**.

Now that we have elected a new president, I would like to say a few words about our outgoing president. While we have had some good presidents over the years, Linda was truly unique. Linda's leadership style is unlike most people's leadership style, but it was very effective. That is unmistakable when you look at everything that was accomplished during her tenure. In her two years, we were able to reclaim the lead from the pistol range, held an amazing 75th Anniversary BBQ, we completed the MOAPL (Mother Of All Project Lists). The list is too long to mention everything on it, but if you look around the range, you will see all of the renovations and improvements. This could not have been done under a weak or feckless president. Linda basically told the Board of Directors to go forward and do great things. She was there to support us every step of the way. Every Director has a list of projects or things that they would like to get done in a given year. Linda would guide us and support us the whole way. Gunnery Sergeant Osborn once told me that if you take care of your Marines, your Marines will take care of you when the rounds start coming down range. I think Linda understands what the Gunny meant. Linda was able to take care of her Directors, Shoot Chairs and members so that

we were able to get more done for the range. She built an extremely effective team that was able to tackle the biggest projects with relative ease. Linda never played games or had power trips, her focus was always on doing what was best for the range. Many times she would consult with the Board of Directors or an SME (Subject Matter Expert) before she made some of the tough decisions that went along with running a safe range during a pandemic. These were not always easy decisions to make but she did it and stood by her decisions. As a Director, I can tell you that I believe she made all of the right decisions. As a Marine, I have worked for and with many leaders. I will say, without reservation, that Linda is one of the best that I have worked for. I believe that the range will reap the benefits of her leadership for many years to come. Because of her leadership, the range will come out of the pandemic in better shape than before. The Junior Marksmanship Program would like to thank Linda for her leadership and service to the range. We would also like to welcome our new president, **Darrin Eaton**. He has some big shoes to fill, but I know that he will hit the ground running and do great things for the range.

# As-issued Military Rifle Match

by Jim McKim, Shoot Chair

Collecting and shooting vintage military service rifles is a popular sub-hobby for many firearms enthusiasts. Competing in a match with those rifles can add yet another level of enjoyment. One way to do that is to participate in the As-issued Military Rifle (AIMR) match held at EF&GA on the morning of the first Sunday of each month. This match is a multi-stage, multi-position high-power rifle match conducted per the Civilian Marksmanship Program (CMP) Games Events rules that puts competitors on a fairly even playing field by shooting vintage U. S. or foreign military service rifles that were, or could have been, carried by military personnel in combat operations in WWII or prior conflicts. The match honors "those who served" and carries these rifles while on military duty and also strives to preserve the traditions of military marksmanship in a structured competition.

This event, which was previously and incorrectly referred to as the "John C. Garand Match" and held only every other month, has been gaining popularity recently and is now held every month following the NMC event. Shooters are showing up with an interesting array of rifles, including not only US M1 "Garands" but US M1903s and M1 carbines, British Lee-Enfields, Swiss K31s, Russian "Mosin-Nagant" M1891s, and possibly soon a Japanese Arisaka or two. The variety is part of the fun. That, and knowing you won't be out-scored by someone with a tricked-out or high-end rifle, as all rifles must be in "as-issued" configuration. The 3-stage, 30-round match includes a rapid-fire stage, requiring shooters to perform a reload, so they need a clip or magazine appropriate for their rifle. Other than that, not much else is necessary, although a spotting scope is useful for checking your sighter shots, and a mat of some kind makes the prone stages more comfortable. A sling appropriate for your rifle, and knowing how to use it, can greatly improve your accuracy in the prone position. Details on equipment and course of fire can be found at <https://escondidofishandgame.com/events/as-issued-military-rifle-match/>

Below are photos of two participants in last month's AIMR match. USMC Captain **George Planeta**, who also competes in national NMC matches with a modern service rifle, is shown demonstrating outstanding offhand shooting form with his M1903A1 Springfield, finishing with a score of 264-7X. George is a pleasure and inspiration to watch (one of the perks of being a shoot chair!). Another guest, **Martin Flaherty**, arrived in full British WWII uniform and kit and shot, in his first ever competition, a 236-0X with his SMLE No. 1 Mk III\*. Though not required, that kind of dedication to authenticity certainly added another level of enjoyment for the other match participants.

## How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to [newsletter@escondidofishandgame.com](mailto:newsletter@escondidofishandgame.com) and be sure to double-check for spelling and grammar errors.

**Members Only** are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

**No Illegal Transactions** may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

**There are 5 main components of a classified ad:**

**Category** – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

**Subject/Title** – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

**Description** – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

**Price** – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

**Contact Info** – This should be a name AND a phone number (including area code) and/or an e-mail address.
