Darrin's Dissertation

Independence Day is fast approaching and every year I stop and think about just how revolutionary it was. I read historical accounts of the era as well as biographies of people that were involved in the process like Washington, Jefferson, Franklin, etc... to learn more about it all. I simply find it fascinating.

Our forefathers were truly practitioners of independent thought. They decided to take on the greatest military power of the time, risking blood and treasure, for the lofty goal of self-rule. Most of these people (Washington, Jefferson, Franklin, etc..) could have lived comfortably under British rule and just paid the higher taxes and put up with the inconveniences, but they decided otherwise. Because they rejected tyranny at the cost of capital as well as human sacrifice, we have all inherited our freedoms. When they went on to design the structure of our constitutional republic, they very carefully included checks and balances to minimize the possibility of becoming a tyrannical government in the future. This was done by separating the three branches of government along with the Bill of Rights to restrict the reach of government.

We should all learn from their examples. They never took the easy way out. They were setting up a nation that should stand the test of time.

Sometimes I am concerned that we take those sacrifices and the careful crafting of our founding documents for granted. As a youth, I lived in another country for a few years and observed what it was like to be a 'subject' instead of a 'citizen'. I witnessed tyranny firsthand while the 'subjects' of that tyranny lived with many injustices without any recourse. I believe that we are all truly blessed to be Americans with our freedoms and rights.

God Bless America and Happy Independence Day!

Darrin Eaton

BULLET POINTS

100 yd Range Remodeling

Escondido Fish and Game will soon begin the remodeling project on the 100 yard range, pending a vote of all voting members. The Board has proposed a remodel of the existing structure not to exceed \$75,000. Per our By-Laws, any expenditure greater than \$50,000 requires a vote of the entire membership to approve or reject the proposed expenditure. The letters were mailed in June. Please return your completed ballots by 8/15/2022. Don't forget to include postage on the return envelope.

The remodel will include replacing the overhead and extending it by 15 feet making room for 4 more shooting benches. The plan will extend the existing concrete slab to the west by the same distance. All of the aprons will be removed and replaced to eliminate trip hazards and additional lighting will be added.

Vote for By-Laws Revision

The By-Laws Committee has completed its proposed revision of the Escondido Fish and Game Association By-Laws. The prospective revision with recommended changes was sent to the entire membership in June. All members present at the August 11th Membership Meeting will vote to approve or reject each item.

Monthly Membership Meeting

It is always great to see everyone at the Monthly Membership Meetings. We always have a lot of fun. Bud Smith treats us to a rousing raffle and the shoot chairs give us an update on all the events going on around the range. You could also win some cash. At the June meeting **Jose Perez** won the \$25 door prize and **Ray Bucholz** won a \$500 attendance prize. The Attendance Prize will revert to \$100 for the July meeting on 7/14/2022.

In appreciation for temporarily assuming responsibility for all of his Black Powder obligations, **Garth Warner** presented **Ren Everett** with a special acknowledgment. Inside of a globe stands a mountain man with a black powder rifle leaning against a tree. The inscription reads:

**Master Sergeant Ren Everett U.S.M.C.
1835 - "Somewhere in the Rockies"**

Norm Porst did the honors of swearing in the new Officers and Board of Directors for the 2022-2023 year. Refer to the front page of the newsletter for the new Board of Directors and Officers.

Mom's Creek Rose Garden Raffle and Black Diamond Award

Ray Bucholz recognized **Mark Baldwin** with the fourth Black Diamond Award for steadfast dedication to our range. Congratulations Mark.

Ray also presented a 50 caliber Kentucky Rifle to **Moose Cleary** and an 1858, 44 caliber Remington cap & ball revolver to **Scotti Clary** as the winners of the Mom's Creek Rose Garden Raffle. **Tim Gormley** won an American Women Quarter Proof set and **Drake Dypiess** won a Westward Ho Buffalo Nickel set.

Be a Raffle Donor

This month **Jack Bishop**, **Bud Smith**, **Chuck Daugherty**, **Mark Baldwin**, **Tuck Tucker**, **Therese Thomas**, **Rich Oberle**, **Eric Elsam** and **Bob Leider** added donations to the raffle excitement.

Work Party! Work Party! July 31

We get to have another Work Party this coming July 31. Come out and enjoy each other's company and help keep our range looking "spiffy". Lunch will be served followed by a no cost raffle. We look forward to seeing everybody.

Bullet Points continued on pg. 3

Left the Range

Roger Osterberg passed away 10/9/2021. Roger had just joined the Association in 9/2/2021. We hope it gave him some pleasure while he was with us.

Jack D. Bishop passed away on 6/7/2022 at the age of 87, after a lifetime of service to country and his community. He became a member 7/9/1997. Jack is survived by his wife, Judy Bishop, his daughter, Elizabeth Bishop-Wilkie, two step-children, Richard Heskin and Lisa Kayvan, and four grandchildren. Godspeed Commander Bishop! .

Kathy Brown, the spouse of Walt Brown, was very active in the Junior rifle program while her daughter was of age. She continued after her daughter aged out of the program for several years. She became a spouse member 5/1/1987.

Please keep them and their families in your thoughts and prayers.

Neil Pisk Memorial Scholarship Program

The **Neil Pisk Memorial Scholarship Program** consists of up to 4 scholarship awards of \$500 each for College, Junior College or Trade School. The program is open to our members, their children and grandchildren ages 23 and younger. All completed applications must be received by 5:00 P.M. on September 23, 2022. Late applications will not be considered. Scholarship Award information and requirements can be found on the www.escondidofishandgame.com website under the Junior Marksmanship section. Click the EF&GA College Scholarship Application Form link for details.

Junior MuzzleLoading

Junior MuzzleLoading is back! Come out and learn how to shoot the same firearms that were used in the Revolutionary War and the Civil War. Experience a little part of history. Mark it on your calendars now. Please email **Ren Everett** in August at everettju1@cox.net so that he will have an idea how many are going to attend. Come on out and join the fun on Sunday, August 21st, 2022.

NRA Membership Renewal Through EF&GA

Escondido Fish and Game Association is a National Recruiter for the NRA. In that capacity we get a rebate on all renewals that go through us. Those rebates represent part of our annual budgeted income. In fiscal year 2021-2022 we received \$2275 in rebates from the NRA for our membership renewals. Additionally, the renewal through EF&GA is less expensive for you at \$10 annually or \$45 if you want the magazine. Once you have renewed your NRA membership through EF&GA you can disregard the solicitations from the NRA.

New Member Volunteer Hours Allowance

EF&GA values membership involvement. To that end, volunteer hours are required for all new members. Six hours are required the first year of your membership and 4 hours are required for the next 4 years.

The previous policy required the primary member to complete the required volunteer hours. Secondary members were encouraged to participate, but their hours were not considered for meeting the membership obligation. Going forward, any volunteer hours completed by the primary member or the secondary member will count toward satisfying the requirement.

NOTE to Long Term Members: If you have been a member for more than 5 years, you have already satisfied any volunteer requirements you may have had.

Member Donations

Last month we acknowledged members who had included an additional contribution to the Association with their annual renewal. As the membership renewal process has continued, many more members have made extra donations. We would like to thank all of you for your generosity. The Association truly appreciates your support.

TRAINING CENTRAL

Location: Escondido Fish and Game Association, 16525 Guejito Rd., Escondido CA

NRA Metallic Cartridge Reloading Class

7/2/2022, 8/6/2022, 9/24/2022 & 11/5/2022

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is “Hands On” training scheduled with a mutually agreed to time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (ie: cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 deposit is required to secure a place in this limited class.

Contact: Elvio Marchi elvio1@cox.net 760-734-3942 or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

Bow Hunter Education Class

7/9/2022, 9/10/2022, 12/10/2022 (7:00 am – 3 pm)

Class Description:

The Bow Hunter Education Course is a nationally approved curriculum designed to teach bow hunters the knowledge, skills, and ethics to becoming safe and responsible archery hunters. The covered topics include basic bow and arrow nomenclature, safe bow and arrow carrying practices, distance-judging techniques, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, tracking skills, shot placement, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more.

Most states in America require a Bow Hunter Education certificate in order to obtain an archery hunting license. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. The Bow Hunter Course includes 3-D archery field shooting at various targets and distances, including using a ground blind and tree stand. Bring a bow, arrows and quiver. Traditional and compound bows are acceptable. Use field tips on the arrows, no broadheads for the course targets.

Register at **California Hunter Education** website.

Pistol Skill Builder Clinic

7/09/2022 (6:00PM – 7:00PM)

7/23/2022 (3:00pm – 4:00pm)

Clinic Description:

This clinic is for new shooters who have taken a basis course but have limited or no experience after that class. The clinic goals are to increase comfort, reinforce safety, and work on the fundamentals of shooting in a coached environment. If you are not currently comfortable going to the range and shooting on your own or just want to work on basic skills/accuracy this is for you. Current Ratio is 6 students per coach. Cost is \$5 per member.

Contact: Woody Morrison 760-712-6159 text preferred or woodym@emorrison.net

NRA Basic Rifle Class **7/16/2022 (7:30 am – 3 pm)**

Class Description:

This course teaches the basic knowledge, skills, and attitude necessary for the safe use of a rifle in target shooting. The course includes classroom and range time learning to shoot rifles. Students learn NRA's rules for safe gun handling; rifle parts and operation; ammunition; shooting fundamentals; range rules; shooting from the bench rest, prone, sitting, standing and kneeling positions; cleaning, and continued opportunities for skill development.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

NRA Blended Pistol Class **7/22/2022 & 8/12/2022 (8 am – 11 am)**

Class Description:

This 2 Phase course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals.

Phase I is self-paced on-line instruction through the NRA website which must be completed prior to Phase II.

Phase II (8 am – 11 am) is the range portion. Hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique. You will need to register & complete Phase I prior to attending the Phase II hands-on range portion.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone,

Last month for some odd reason, there was .223 brass on the 100 yard Rifle Range halfway downrange in the drainage ditch aligned with the steel targets. Casual shooting is not allowed in front of the (Red) firing line on any range. If you are shooting at the steel targets during casual shooting, you are only allowed to shoot from the last three shooting benches on the far right hand side of the shelter.

When unbagging your handguns on the Pistol Range, bring your handguns up to the shooting bench and unbag them there. When unbagging your rifles on the 100 yard and 150 yard ranges, bring your rifles up to the shooting benches and unbag them on the bench. Do not unbag your firearms from the seating benches behind the yellow line.

All shooters: Remove your targets from the target backers and return the target frames back to the designated area.

Make sure that what you bring with you to the range, you also take back home with you. There are still items being left at the range, like range boxes with ammo.

The new Casual Shooting Rules are now posted on the EF&GA Website and in binders at each of the range kiosks. These rules supersede all previous rules and signage on the range. We will be updating the signs in the near future. Please go to the web site and review the updates. All members and guests are responsible for knowing and following the new Casual Shooting Rules.

If you have any comments, concerns or questions, please feel free to contact me at garymfukuda@cox.net or 760-420-7488.

Be safe and try to participate when you can.

Thanks, **Gary Fukuda**

TRAP CORNER

by Darrin Eaton

Most of the Trap shooters have met **Chris Cote**. He has served two terms (four years) on the Board of Directors and is heavily involved in all of the Junior Marksmanship events. He has served in numerous committees to continue the advancement of the Association. Whenever there is a project at the Range, he is one of the first to step up and volunteer. He is present at just about every Work Party as well.

One day (a few years ago) he and I were at the Range and I offered to loan him my spare shotgun and introduced him to the game of Trap. A week later, I loaned it to him again so that he could shoot at an InterClub on our team. Just like the rest of us, he was hooked on the game in no time.

After more involvement in Junior Rifle, Pistol, and Trap, Chris was 'voluntold' to be a co-chair for Junior Trap in 2019. In very little time, we got together and re-designed the Junior Trap program and assembled a team to take it all to the next level. With some great teamwork with his excellent co-chair, **Curt Summers**, this program has become very popular.

While all of this was going on, he also became a Trapmaster and helped run Trap on Wednesday and Saturday nights. Between his service as a Trapmaster and serving on the Board along with numerous committees, he has been molded into the ideal candidate to become the new Chief Trapmaster. He has worked closely with **Dan Dorman** to learn the ropes and I'm confident that he will do well in that position.

I can't write about the Trap program without adding some words about **Dan Dorman**. He has served as the Chief Trapmaster for numerous years in many challenging

conditions and situations. Between the pandemic and his day job, it is a miracle that he has continued to excel in his position as Chief Trapmaster. Dan is not leaving the management of the program entirely. He will still be working with Chris to continue improving the program. I am confident that we are once again assembling another great team to discover and invent new features and streamlined processes to make all of the shotgun sports more fun without compromising safety and sportsmanship.

JUNIOR CORNER

Important Dates:

Junior Trap 7/9/2022
Junior Rifle 7/17/2022

by Patrick Russ

Welcome to July. It's hard to believe that 2022 is halfway over. Starting in July, the Junior Rifle program will be charging all non-shooters and anyone that is not assisting with the program \$5 for lunch. All shooters and anyone assisting with the program will still eat for free. This is due to the dramatic increase in the cost of pretty much everything. As always, donations are appreciated.

On June 19th, we held our Junior Pistol event. We had 15 shooters including 6 new shooters. Everyone did a great job and there were big smiles all around. It was great to see all the fathers taking time out of their day to take their kids to the range.

I would also like to congratulate **Kestrin Walsh** on being promoted to Senior Junior Coach. This is a very well earned and deserved promotion. Kestrin is by far the hardest working Junior Coach that we have ever had. Kestrin sets a great example for all of the shooters and coaches to follow. We're looking forward to seeing where she takes the Junior Coaching Program. Her predecessor, **Austin Cote** held the job for about 3 years. His hard work and dedication helped make the Junior Coaches' program the great program that it is today. Austin recently graduated from high school but he will remain a valued Junior Coach and mentor for the younger shooters and coaches.

The Junior Marksmanship Program would like to wish everyone a safe and Happy 4th of July. Here's to 246 years of being the greatest country the world has ever known.

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

BLACK POWDER NEWS

by Garth Warner

2022 Rendezvous: Was held on June 11th and 12th. Steely Eyed veterans of the 1830s Rocky Mountains Fur Trade met to "shoot it all" over two days. Most contestants elected to wear "period" clothing from head to toe. Saturday opened with contestants shooting a rifle "walk thru" with two shots each at 10 targets. All targets were at "unknown" distances. Mutual spotting was required to determine "hits" as the heavy steel we use does not move much. (And most of us are too deaf to hear it if we do hit it). After rifle, we retired to the campground to run a knife and hawk throwing contest. A brief interlude for refreshments and lunch, and then it was back to the 150 to shoot a (single shot), pistol "walk thru". Following the pistol contest we again retired to the campground for a discussion of the day's event, and more fluids. (It was pretty hot that day.)

On Sunday we redistributed the targets, (moved them in closer), and shot Trade Gun (Smoothbore Flintlocks- front sight only). We then exercised our sledge hammer skills, removing all the targets on the 150 and opened it back up to the general membership.

Primitive archery was next on the schedule. This year we ran archery on the archery range, rather than the campground. When the archers finished and recovered we moved back to the campground and held a "fire starting" contest. (Flint and Steel, no Bics) Despite some singed facial hair, the winner had a fire going in seconds, while the longest time was just under 2 minutes. We dragged Tuck's hose over and made sure everything was OUT.

We moved on to the Blanket Prizes. Contestants that chose to participate, were required to bring a \$25 value Mountain Man themed prize to place on a blanket. Names were drawn from a hat. The first name drawn gets to pick a prize and then the second name is drawn, etc. Prizes include Knives, Knife Kits, Blankets, Primitive cookbooks, ball block speed loaders, etc.

TOP GUN: This year's Top Gun will be held August 28th. If you won a contest in 2021, in the category of Open, Primitive, or Master Class, you are eligible to enter. I will post a list of names in the next newsletter, but you should know who you are. The format will be the same as we have done in the past: 6 balls to shoot 3 targets, at each range. Target frames will be placed on each range from 25 yards to 150 yards. Each range is one relay, 7 minute time limit on each range relay. Safety briefing and relay assignments will be made at 07:30. The contest will start immediately thereafter. Because of the Top Gun, there will be NO pistol contest on this date. A Standard Long Range Rifle contest will start at 10:00, or as soon as the Top Gun ends, and the target frames are moved to the correct distances.

Primitive Archery: July 3rd following the above contest, (10:00 ish). **Contact David Premetz** for details. slixgunr@yahoo.com

Muzzle Loading Bullseye: The next contest is July 3rd. This will be a Trade shoot. (Smoothbore Flintlocks, front sight, no rear sight). **Contact Patrick Watson** at patwatson1969@hotmail.com for details.

Muzzle Loading Silhouette: The July contest will be on the 24th. This contest will be rifle at Mid-Range, with targets at 75, 100, and 125 yards. Pistol will be at 25, 50 and 75 yards. Pistol starts at 08:30 and Rifle starts at 10:00. **Contact Garth Warner** for details at gwarner@cox.net.

If Your Cage is Clean, Your Welcome. Thank these people. On Saturday, June 18th we held an impromptu Work Party to help members finish off their volunteer hours. **Michel Rentz, Vince and Anne Torti, Katelyn and Jamison Woodside** all showed up to finish off their work hours requirements. **Jerry Strauss** and **Patrick Watson** also showed up to help in the Muzzle Loading cage and got roped into the rest of it. Between 0600 and 1200 we managed to reorganize and clean the Muzzle Loading cage, the Junior Rifle Cage, the Ground Keeper/Mowers cage, and the Maintenance Man's cage. The entire floor was swept east and west. The Junior Rifle jackets were arranged by size and neatly hung. We also managed to repair and reskin ALL of the general membership targets on the Pistol range, the 100 yard range, and the 150 yard range.

Muzzle Loading Silhouette Contest Results 5/22/2022

Overcast AM with no wind, changing to Sunny with wind from the SW 8 to 10 MPH by 10:30. Low Turnout.

AIMR NEWS

by Jim McKim, Shoot Chair

At the June match we had the usual showing of shooters and their M1s, M1903s, Arisaka and Lee-Enfield, but what was different was the closeness of some of the scores. We had a clear winner at 265-1X (out of 300 possible) but an almost-tie for second at 260 and another almost-tie for third at 250. Those "almosts" were broken by the shooter with the highest number of Xs. In both cases, one shooter had one more X than the other. If the number of Xs had been equal, then the tie would have been broken by the shooter having the highest score (including Xs) in the stage with the most difficult shooting position (offhand) and if necessary, progressing through the stages to slow prone.

The historical discussion for the month was a report on the new book, *Against All Odds - A True Story of Ultimate Courage and Survival in World War II* by Alex Kershaw, given by yours truly. It highlights four highly decorated individuals in the U.S. Army's 3rd Division, from fighting in North Africa, to the invasions of Italy and Southern France and the push up along the Rhone, through the Colmar Pocket in the harsh winter of '44- '45, and on into Germany. The four individuals were: former pro footballer Capt. Maurice Britt, Pvt. (later 1st Lt.) Audie Murphy, Keith Ware (who went from a draftee to lieutenant colonel in WWII and later major general), and Michael J. Daly (a West Point dropout who landed on Omaha Beach as a private and then joined the 3rd Division and finished the war as a captain). For their acts of valor and heroism, all of these men received the Medal of Honor, all but Daly the Distinguished Service Cross, all one or more Silver Stars, all the Bronze Star, and 2-4 Purple Hearts each, among other awards, making them some of the most highly decorated soldiers in history.

Britt lost part of his right arm at Anzio and returned to the States to promote war bonds and went on to become Lieutenant Governor of Arkansas. Murphy joined Company B, 1st Battalion, 15th Regiment, 3rd Division in early 1943 and served in that company for the remainder of the war, accepting an officer's commission only if he could remain with B Company. He was wounded badly in the hip and later in both legs. Ware went on to an Army career, instructing at West Point and then volunteered to serve in Vietnam, where he landed during the Tet Offensive. Later he, his command group and helicopter crew came under heavy fire and were killed in the ensuing crash. Daly was shot through the face in Nuremberg, Germany, less than three weeks before VE Day. He survived his wounds and went on to a business career and served as a director and trustee of a hospital for thirty years.

Although I didn't particularly care for the author's style, I found the subject matter very interesting, especially because it covers aspects of the war that have not received nearly as much attention as the Normandy invasion and battles in the Pacific, and the exploits of those four men are nothing short of truly awe-inspiring. And as is so typical, all four said they only did what anyone would have done and that the true heroes were those left behind.

The Gremlin (or what's going on??)

by Elvio Marchi

One of the most common complaints I overhear in the smallbore field is, "I had this zeroed yesterday. Why isn't it today?" Same ammo right? Nothing has changed....or has it been changing right out of the box?

One of the things I constantly yammer about is how finicky the 22 caliber rifle is in regards to its ammunition. Not all brands are accurate in all rifles. A rifle should be matched to a brand it fires best.

One factor of that ammunition is its CONSISTENCY in production. CCI, Eley, SK, RWS and Aguila brands among others, all have different price and quality product lines of 22 LR ammo. One of the differences of these product lines is their rigid manufacturing quality control tolerances. When matched to a particular rifle the ratio of accuracy is increased.

In referencing this article I used a fresh box out of a fresh brick of a well known brand of 22 rimfire ammunition. Everyone seems to feel this is a good brand. This ammo is standard velocity (1070f/s), 40gr 22 long rifle. Here is what I found in a box of 50 rounds:

Bullet diameter:

32 @ .223
18 @ .224

Cartridge OverAll Length

(SAAMI calls for a standard COAL of .996"):

1 @ .996, 2 @ .995,
6 @ .994, 6 @ .993,
6 @ .992, 7 @ .991,
7 @ .990, 6 @ .989,
5 @ .988, 4 @ .987

The combination of these physical parameters would also produce ballistic variances.

So the question now becomes, "Which combination did you zero with?" There are shooters with abilities and excellent quality rifles on our lines who are handicapped because of this inherent rifle sensitivity due to manufacturing strategies.

In closing, different brands will give different results. The rifle will tell you which one it enjoys best.

WWW.RANCHOGUEJITOVINEYARD.COM

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.

50% OFF

ONE TASTING,
GLASS, BOTTLE, OR
CASE OF WINE.
