FISH & GAME ASSOCIATION

July 2023

**Affiliated with: National Rifle Association • CA Rifle & Pistol Association
California Outdoor Heritage Alliance • Single Action Shooting Society
San Diego Wildlife Federation • The National Muzzle Loading Rifle Association
Civilian Marksmanship Program • National Shooting Sports Foundation**

Darrin's Dissertation

Patriotism

So, I started writing this on Flag Day, thinking about what to write for the July newsletter. My first thought was about Independence Day. While many think about barbecues and fireworks, I think about my own family history. The family lore that has been passed on through the generations is that long ago a man named **Lewis Eaton** was an officer in the British Army in the early 1770's. There was no further information about him until a year or two later when he appeared as an officer in the US Navy during the Revolutionary War. My great-grandmother liked to tell us stories about how he was a turncoat during the war, who raised a family in the Ohio Valley after the war. My guess is that those stories may have been only partially true, but it was always fun to hear my uncles, aunts, and cousins talk about them.

I enjoy seeking out books, stories, and any other information about how our ancestors lived, fought, and survived during the Revolutionary War. I am not only interested in the firearms of the day but also what they ate and how they survived in the wilderness without conveniences like Gore-tex, Bic lighters, or dehydrated food. With all of those obstacles, they kept their powder dry so that they could continue to fight for our freedom. I am truly grateful for their sacrifices, determination, and tenacity.

100 Yard Remodel

We are moving along with the 100 Yard Remodel project. During the June General Membership Meeting, **Jack Starlin** presented drawings and photos of similar structures made by the same manufacturer. There were many questions asked and answered and the general consensus is that we are proceeding on the right track. I plan to provide that same information on the web site in the form of a document so that we all know what to expect.

We are working with the manufacturer to narrow down the delivery and installation schedule so that we can minimize disruption of the existing 100 Yard Range. We plan to remove the existing structure so that we can salvage materials (2x6 lumber, plywood, etc..) for the new structure (concrete forms) as well as other projects around the Range. There may be temporary pop-up type shade structures while the project is under way and for a short period of time. We will also need to move the firing line downrange a few yards, but we are working hard to minimize that sort of inconvenience to the Membership.

Darrin Eaton

General Membership Meeting

The June General Membership Meeting was held on Thursday, June 8.

Congratulations to **Jose Perez** who won the \$25 door prize.

Since we had a winner in May, the Attendance Prize reverted back to \$100. **Tim Federighi** would have won the prize, but he was not present. Next month the prize will increase to \$200.

Once again, the raffle was a lot of fun. **Bud Smith, Jim Rolfes, Bob Leider, Mark Baldwin, Geoff Orchin, Steve Baran, Ray Bucholz, Therese Thomas, Wayne Brunner, Michael McKinney, Eric Elsam** and **Al Anzelone** all donated prizes to the table making it even more interesting.

The Board of Directors and Officers for 2023-2024 was sworn in. The new Board consists of President **Darrin Eaton**, Vice President **Mark Baldwin**, Secretary **Geoff Orchin** and Directors **Scotti Clary, Ren Everett, Rich Hall, Leonard Hodges, Ed Migdal, Patrick Russ** and **Jack Starlin**.

New Life Member

Congratulations to our new Life Member, **Jim McKim**. Each year up to 2 members can be awarded Life Membership. Nominations are submitted by the membership at large. The nominations are open to anyone that has been a member for at least 7 years.

Jim is Shoot Chair for 5 different events and the Rifle Line Chief at Women On Target®. He is also a contributing writer for the newsletter. Jim is famous for jumping in to help and be part of a solution rather than complaining about how and when a task is being done.

Jim is the epitome of an Association *member*, not a *customer*. His qualities, as well as his repeated actions over the years, make him an ideal Life Member at EF&GA.

Left the Range

Ray Thomas Jr. has left the range. Ray has been a member since August of 2010.

James (Jim) Walker also left the range on May 14th. Jim has been a member since October of 1995.

Our sympathies go out to their families and friends.

Women on Target

The next NRA Women On Target® event will be held on Sunday August 27. Women On Target® clinics are available only to women. This time the clinic will offer pistol and shotgun for the ladies. You will learn safe firearms handling and how to store your firearms safely. No experience or equipment is necessary to participate. Pre-registration is required on the NRA Training website. Please wear outdoor closed toe shoes and avoid lower-cut necklines. Hot brass in certain areas is very unpleasant.

Contact: **Breda Walsh** at 619-847-9213 or bwalsh@escondidofishandgame.com

Holiday Joy Drive

Ho! Ho! Hi! It's almost holiday time. At least it is time to start collecting for the Holiday Joy Drive. I have been helping this drive for more than 10 years and it still brings warmth to my soul. Disposable diapers, Onesies, toys, gift cards, and even money is always appreciated. Please leave donations at the clubhouse. If you have questions call 760-638-0573.

Thank you. **Linda Linaker**

100 Yard Range Remodel

As many of you know we are off and running on the 100 yard range remodel. At this point we have decided to use a prefab metal building. The manufacturer will install this building on our foundation. **Dave Robertson** has agreed to be in charge of the demo and excavation and is already proceeding. We will need volunteers to disassemble the old structure to salvage materials.

I still need someone to be in charge of the concrete/foundation portion. We will need volunteers for the forming, drilling and epoxy of reinforcement to the existing slab, and the placement of the rest of the reinforcement. I would like to have some experts volunteer to assist with pouring the new slab. We are planning to hire professional finishers to make sure that the slab is as perfect as it can possibly be.

Once the building is set, I will need volunteers to install the rigid insulation and the finish ceiling material. This portion will just require people that are handy with basic carpentry skills. Please contact me at engrjack@cox.net if you are willing, so we can set a schedule. I should have a preliminary delivery date for the structure by the end of June.

Thanks in advance. **Jack Starlin**

100 yard HIGH POWER RIFLE SHOOT

Saturday 7/8/2023 8:00 am

Competitive - Fun Shoot

Any sights allowed. Any centerfire caliber allowed.

The event consists of 4 position shooting.

Unlimited practice rounds then 10 rounds per position.

1 Hour is total time allowed.

EF&GA Members	\$5.00
Non-Members	\$10.00

Contact: Paul Hendrickson @ 760-522-4660

Wanted:

Shooters interested in Cowboy Action Shooting

We are scheduling a new shooter's orientation day for anyone interested in Cowboy Action Shooting (SASS- Single Action Shooting Society). The orientation will be held on Saturday, July 29th, 2023 at the long range/150 yard range starting at 8:00 am. We can accept the first 10 people interested.

For reservations, or more information, please call or message Darrell Brinkmeier at 760-745-9249 or dbrinkmeier1@cox.net.

WANTED COWBOY ACTION SHOOTERS

SATURDAY, JUL. 29TH, 2023, 8:00AM

MEET AT ESCONDIDO FISH & GAME ASSOCIATION

SEE ESCONDIDOFISHANDGAME.COM FOR DIRECTIONS. 150 YARD RANGE ON WEST SIDE.

COST: \$10.00

REGISTER WITH DARRELL BRINKMEIER AT 760-745-9249, OR DBRINKMEIER1@COX.NET

Renewal Stickers Have Been Mailed

Renewal stickers were mailed the end of June. If you sent in your renewal and did not receive your sticker by July 7th, contact the Association Clerk at EFGAclerk@cox.net.

Member Donations to the Association

Our members continue to show amazing generosity. Donations continue to come in with your annual membership renewals. Unless otherwise specified, your donations will go into the Junior Marksmanship Program. The following members have added their donations to those that were recognized last month. Your donations are very much appreciated.

NRA Metallic Cartridge Reloading Class

7/1/2023, 9/2/2023 & 11/4/2023 (8 am – 12 noon)

Need or want ammo but can't find any? MAKE YOUR OWN!

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is "Hands-On" training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (e.g., cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 deposit is required to secure a place in this limited class.

Contact: Elvio Marchi elvio1@cox.net 760-734-3942
or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course>

Hunter Education Class

7/8/2023, 8/12/2023 & 10/14/2023 (7 am – 4 pm)

Class Description:

The Hunter Education Course is a nationally approved curriculum designed to teach hunters the knowledge, skills and ethics to become safe and responsible hunters. The covered topics include basic firearms nomenclature, safe firearm loading/unloading practices, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, shot placement, bag limits, tracking skills, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more. Every state in America requires a Hunter Education Certificate in order to obtain a hunting license. The certificate issued is valid in all states and in numerous foreign countries, and is good for life. No live fire involved, firearms and ammunition are not required for the course.

Register at [California Hunter Education](http://CaliforniaHunterEducation.com) website.

woodym@emorrison.net

NRA Basic Rifle Class
8/26/2023 (7:30 am – 3 pm)

Class Description:

This course teaches the basic knowledge, skills, and attitude necessary for the safe use of a rifle in target shooting. The course includes classroom and range time learning to shoot rifles. Students learn NRA's rules for safe gun handling, rifle parts and operation, ammunition, shooting fundamentals, range rules, shooting from the bench rest, prone, sitting, standing and kneeling positions, cleaning and continued opportunities for skill development.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

Bow Hunter Education Class
9/9/2023 (7:00 am – 3 pm)

Class Description:

The Bow Hunter Education Course is a nationally approved curriculum designed to teach bow hunters the knowledge, skills and ethics to becoming safe and responsible archery hunters. The covered topics include basic bow and arrow nomenclature, safe bow and arrow carrying practices, distance-judging techniques, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, tracking skills, shot placement, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more. Most states in America require a Bow Hunter Education certificate in order to obtain an archery hunting license. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. The Bow Hunter Course includes 3-D archery field shooting at various targets and distances, including using a ground blind and tree stand. Bring a bow, arrows and quiver. Traditional and compound bows are acceptable. Use field tips on the arrows, no broadheads for the course targets.

Register at California Hunter Education website.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

NRA Pistol Instructor Class
9/23/2023 (7:00 am – 4:00 pm)

Class Requirements: All Instructor candidates must first complete the Basics of Pistol Shooting Course and the Basic Instructor Teaching Course prior to completing the Pistol Instructor Course as required by the NRA.

Class Description: The NRA Pistol Instructor Course is designed to provide the necessary training to become an NRA Certified Pistol Instructor.

The Pistol Instructor Course provides actual hands-on methodologies of the curriculum to provide candidates the opportunity to experience a classroom educational setting. There is a live-fire portion where candidates meet the shooting level also required to become certified instructors.

Registration for the course can be done directly through the NRA website.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello everyone,

Birdshot

Someone is shooting shotgun birdshot at targets on the rifle range. Not allowed. You can only shoot shotgun slugs on the rifle range.

Chambers Empty?

When you are finished shooting on the Pistol Range/Trap Range/100 Yard range and the 150 yard range, and before you walk off the firing line make sure your firearm is empty and no rounds are left in the chamber. Sounds simple, but it has happened that there is a round in the chamber and it gets discharged back behind the firing line. Pay attention.

Guests

Members pay attention to your guests.

Unloading Gear

Blue Blinking lights on or off applies to all ranges. If the Blue Blinking lights are on, do not unload firearms or gear from your car. Sign the Green Sheet and wait for the range to go "hot" and then you can unload your firearms and gear.

The Green Sheets

If you sign any of the Green Sheets and the "Date" and "Range" is not filled in, fill it in. There are Green Sheets being turned in with no "Date" and "Range" information.

Clean up your Target Frames

All shooters remove your targets from the target backers and return the target frames back to the designated area. This is your range. Respect it and your fellow members.

Wildlife

Watch for Turkeys and Deer on the range. Call a "Cease Fire" if wildlife is present.

Cold Range:

- Blue Blinking Lights **ON**
- DO NOT Handle Firearms & Equipment
- Handle Targets
- Sweep Up Brass Behind the Yellow and In Front of the Red Line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red Line Only

DO NOT GO DOWN RANGE

Take your Belongings Home

Make sure that what you bring with you to the range, you also take back home with you.

Questions?

If you have any comments, concerns or questions please feel free to contact me at garymfukuda@cox.net or 760-420-7488. Be safe and try to participate when you can.

Thanks,

Gary Fukuda

TRAP CORNER

Hello Shotgun Shooters,

by Chris Cote

We have had some wonderful weather as of late and more shooters are blessing us with their presence. On that note, we have a couple things we need to review.

Range Lights: We have added some additional blue cold range lights to the trap light poles. This is to help with cold range notification. When the cold range lights are on, as you know, we are not to handle our shotguns. If you are approaching the trap range from the parking lot, please stop and wait for the light to be turned off. Bagging or unbagging guns must be done during a hot range. You must practice muzzle discipline. Please do not muzzle your neighbors.

Shotgun Handling: At the Escondido Fish and Game Association we do not move with loaded shotguns to and from the line or in between stations. If you are asked to confirm you are unloaded by the puller or a fellow shooter, please oblige and confirm. Remember safety first. If you have a break action gun you must break it open when moving. If you have a semi-auto or a pump, the action must be open and facing out when moving. Semi-auto and pump action must never have the muzzle pointed at your toe. The semi-auto and pump must be muzzle up when moving and up or down range when at the line.

Leaving the Range: We must remember our belongings, and to clean up after ourselves. Week after week we seem to have debris left around the trap ranges soda cans, water bottles, hulls and - YES - guns and ammo. Members, this is your range. Please take a moment before you leave and look around. Have you cleaned up your stuff, packed your equipment? Guests, this is not your range. Being on it is a privilege. Make sure you have cleaned up after yourselves.

The August **InterClub** will be held at our range on August 12. We always seem to have the biggest event with shooters coming from 5 different clubs in the area. I believe it is because we have the best place to shoot. If you are interested, please come and check it out. For more information, please contact **Darrin Eaton** or me at: Deaton@escondidofishandgame.com or Ccote@escondidofishandgame.com.

JUNIOR CORNER

Important Dates:

Junior Trap	7/8/2023 & 8/12/2023
Junior Rifle	7/16/2023 & 9/17/2023
Junior Pistol	8/20/2023
Junior Archery	8/20/2023

For those that don't know, **Patrick Watson** and **Julie Olmstead** have moved to North Carolina. Patrick and I have been running Junior Pistol for the last 8 years. **Patrick Watson** did many of the safety classes that are done for first time shooters. Thanks to his dedication we have had a perfect safety record, a record that we will be continuing. **Julie Olmstead** was in charge of the sign-ins and prepping the relays. Her great organization and timeliness ensured that the relays were ready to go when needed. Let's not forget her voice. When she wanted your attention, the whole range knew it. The Junior program wishes Patrick and Julie the best of luck in North Carolina. They will be missed.

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

That being said, I would like to thank **Kestrin** and **Breda Walsh** for volunteering to help run the Junior Pistol events. We all know the Walshes, they are probably the hardest working family at Escondido Fish and Game Association. You would be hard pressed to find a major project at the range in which they were not a part. Breda is currently the shoot chair for Woman on Target and she has turned the program around and made it another program that the range can be proud of. Everyone knows Kestrin, too. I have written about her many times. Kestrin is currently the Senior Junior Coach. She has become an extremely important part of many Junior events at the range. I am looking forward to working with both them and I am excited about the future of the Junior Marksmanship Program.

The Junior Marksmanship Program would like to wish everyone a SAFE and Happy 4th of July.

BLACK POWDER NEWS

by Garth Warner

Last Contest on May 28th:

The details are a little hazy as I had received both a Covid shot and a Shingles shot the day before. Pro Tip - They don't mix well. Open Rifle had a two way tie for first place, and 3rd thru 5th were tied as well. All scores resolved by who got the most hits at the longest distances. Lots of new names this time around and the Cartridge Class had three competitors for the first time in long while.

Muzzle Loading Bullseye July 2nd:

For those of you that struggle with hitting the Silhouettes but don't know where you missed, this contest is for you. On July 2nd we will hold a Rifle Short Range Course. You will have TWO B-19 paper targets at 50 yards. You shoot 13 balls at each target. Your best 10 rounds on each target is counted for score. NOW you can see where you missed..... **Note:** This is for Muzzle Loading Rifles firing Patched Round Ball ONLY. There is NO Pistol shoot associated with this event.

The price is the same as the Silhouette shoot, \$5 for EF&GA members, \$10 for non-members. If you have not done this before, you need to give it a try. You get to take your targets home with you for future reference.

Contact **Garth Warner** for details.

Primitive Archery July 2nd:

On the archery range. Starts at 10:00 (ish), following the above rifle contest.

Contact **David Premetz** for details.

Muzzle Loading Silhouette July 23rd:

This will be a Mid-Range Course with targets at 75, 100, and 125 yards. Standard Pistol at 25, 50, and 75 yards starts at 08:30. Rifle starts at 10:00 (ish).

Contact **Garth Warner** for details.

Tues - Fri 10-7 pm
Sat 10-5 pm
Closed Sun/Mon

2022 TOP GUN August 27th 2023:

If you WON a contest in 2022 in the category of Open Rifle, Primitive Rifle, or Master Rifle, you are eligible to enter the Top Gun Contest. No Entry Fee for this event. The event will have 3 Silhouette targets on frames at each range from 25 to 150 yards. For each relay, you start with a loaded rifle and get no more than 3 shots per frame in a 7 minute window. There is 1 point per target down. Target starting assignments will be by random drawing. 1st place is declared the 2022 TOP GUN for the year and gets a nice trophy. If the winner was NOT a Master Class shooter, then they are promoted to Master Class for all future competitions.

Because of the length of this event there will be NO PISTOL contest on this date.

Following the Top Gun we will have a Long Range Rifle Contest with targets at 100, 125, and 150 yards. If you have had trouble scoring well in the long range contest you should shoot this one. Traditionally, the guys who do well in the Top Gun will suck shooting the following Long Range event.

Get up to the range and make some smoke. (people call it practice....)

MUZZLE LOADING SILHOUETTE CONTEST RESULTS FOR MAY 28TH 2023

All ties resolved by highest score at the longest distance. Cartridge Rifle resolved by a shoot off and then a coin toss.

Conditions: Overcast and wet drizzle through mid-morning.

Course of Fire: Stupid Short Range Pistol 15, 40, 65 yards;
Super Short Range Rifle 25, 50, 75 yards.

Revolver:

Erik Olson	13
Alex Luz-Olson	7
Dan Hannah	7
Geoff Orchin	7
Bud Smith	7

(All ties resolved by highest score at the longest distance)

Single Shot Pistol:

Brad Speer	4
------------	---

Trade Gun:

Brad Speer	6
Erik Olson	6

Master Rifle:

Ren Everett	17
Garth Warner	14

Open Rifle:

Martin Flaherty	13
Elvio Marchi	13
Kaz Lewak	12
Alex Luz-Olson	12
Rick Baugh	12
Dan Hannah	11
Rich Hall	10

Cartridge Rifle:

Nathan Elliott	13
Mickey Booher	13
Bud Smith	3

COWBOY ACTION SHOOTING

The Cowboy Action Team of 11 volunteers received many accolades from their guests at the annual BBQ and they had a great time in the process. About 125 shooters enjoyed the Cowboy Action stages.

Cowboy Salute for our friend Salty Pawl who has recently left us.

Buckhorn assisting a new shooter

The Escondido Bandidos held their Cowboy Action shoot on June 3rd, 2023. There were only 26 shooters this month. The top cowboy was **Dead Meat** with 131.8. The top cowgirl was **Lantana Lady** with 213.5. There were 5 clean shooters: **Dead Meat, Black Raven Bob, Eeyore, Sea Soldier, and Tejon Buckaroo.**

Our next shoot is scheduled for July 1st, 2023.

AS-ISSUED MILITARY RIFLE MATCH NEWS

by Jim McKim

Czech vz.24

Rifles and cartridges used by the participants in the June match were: US M1 and US M1903-A3, .30-06; Czech vz.24, 7.92x57mm (8mm) Mauser; Japanese Arisaka Model 38, 6.5x50mm; and British Lee-Enfield No. 4 Mk I, .303 British.

The "show and tell" this month was the Czech vz.24 rifle, presented by yours truly. The vz. 24 rifle is a bolt-action carbine designed and produced in Czechoslovakia from 1924 to 1942. The rifles were manufactured by Zbrojovka Brno, which is still in existence as part of the Colt-CZ Group. In Czech, "Zbrojovka" means "armory", and Brno is a city in the southeast of the Czech Republic. Those of us who own modern CZ rifles such as the smallbore 452-455 models might consider the vz.24 as the granddaddy of our newer models.

Czechoslovakia emerged as an independent state following the fall of the Austro-Hungarian Empire after WW I and needed small arms for their new army. Their first effort was the vz. 98/22, a derivative of the German Gewehr 98, even though with a 740 mm (29.1 in) barrel it was known to be too long and cumbersome for trench warfare. Shortly thereafter they developed the vz. 23 and then the vz. 24 which is based on the Karabiner 98AZ with a 590 mm (23.2 in) barrel. Even though the vz. 24 resembled the Karabiner 98k, it predated it by more than a decade. But even as a "carbine" of the era, it was 1,100 mm (43.3 in) long and weighed 4.2 kg (9.2 lb).

The vz.24 had a Mauser-style action with a straight bolt handle and a tangent rear sight graduated from 300 meters to 2000 meters. It was primarily chambered in 7.92x57mm (8mm) Mauser but was also chambered in 7x57 Mauser and 7.65x53 Argentine for export. It featured a five-round, fixed, internal magazine that could be fed with stripper clips. The stock had a semi-pistol grip, upper hand

guard, and sling swivels on the rear barrel band, the bottom of the butt and the side of the grip. A cleaning rod was stored under the barrel.

Use of the vz. 24 was not limited to Czechoslovakia by any means. Exports were sent to numerous South and Central American, European and Asian countries. Some of them even made it to Vietnam via Lithuania>Germany>Soviet Union to equip the Viet Cong and were captured by American forces in the Vietnam War! One of the larger export number recipients was Romania, which adopted the vz. 24 as their standard infantry rifle in the 1930s. By mid-1943 they had received 445,640 rifles, all marked with an "R" as part of their serial number, ranging from "AR" to "ZR". My rifle is an "XR", a later production unit that does not include the Romania crest on the receiver.

The 7.92x57mm (8mm) Mauser is a rimless, bottlenecked cartridge that in its day was one of the world's most popular military cartridges, used by both Axis and Allied powers during WW II. The "standard" military rifle version of Germany, the s.S Patrone, was loaded with a 197.5 gr spitzer bullet but other versions ranged from 153 to 225 grs. Surplus ammo from Yugoslavia, Iran and other countries was readily available ten years ago, but not anymore. Surplus ammo generally has corrosive primer salts that are easily mitigated with a water flush of the barrel prior to cleaning. Current 198 gr 8mm Mauser is produced by Prvi Partizan.

- NRA Seal Engraved Forend

SAVAGE ARMS 110 CLASSIC 6.5 CREEDMOOR WITH NRA SEAL

Combine timeless looks, complete adjustability and superior accuracy, and the result is the new Savage 110 Classic. The rifle features a quality walnut stock with modern ergonomics similar to those of the new Model 110 design, but sports a forend engraved with the NRA Seal. The stock's fully adjustable length-of-pull and comb height allow peak comfort, consistency and precision. The 110 Classic also features our user-adjustable AccuTrigger™ and a carbon steel barrel with a threaded muzzle. Made exclusively for 2023 Friends of NRA events, this firearm is limited to 750 units.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
