## PRESIDENT'S MESSAGE

Dear Members,

A good time was had by all at the Annual BBQ held on the 17th of May. It was one of the best yet, weather was perfect. A special thanks to Dave and Dottie Ransberger, Ed Migdal and Bud Smith. They worked countless hours planning and coordinating this event. A special Hats-off to all of you

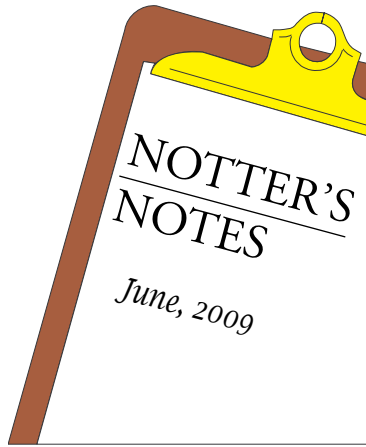

for an exceptional job well-done. Thank you, Assoc. members, for the support you give this Association. Larry Bailey won the Henry® Golden Boy and Dean Hunting won the Ruger® Vaquero 45LC.

When you get a chance, give a special "Thank You" to Frank Alessio, L.T. Reynolds and Mike Lange. They recently had surgery and are recovering. They have given dedication above and beyond for years to make this association what it is today. Thank you gentlemen and keep up the hard work.

I greatly appreciate the Board of Directors who have done a great job this last year. It has been a pleasure, especially with Bud Smith who had done a remarkable job with the Range Masters Program, and Ed Migdal who has spent countless hours on the Range Enhancement program; completing the new rifle/pistol ranges and doing the new storage building. A special thanks to Kurt Nelson for heading a new San Diego Range Ordinance Committee. This Committee will coordinate with the SDSO and the County Board of Supervisor, implementing the revised ordinances for shooting ranges. Dave Premetz has done an extraordinary job organizing our membership files, along with the help of our Treasurer Lucy Nelson. Dave has done a great job on the new forms and membership cards. Last but not least, Neil Pisk, who has done an exemplary job as Association Recording Secretary. He has spent many hours and days handling association matters. I realize there are other names that deserve nice comments. It would be impossible to get all of you. Thank you for your tireless hours of dedicated work.

**Renewals:** Every year, as most of you know, becomes headache time for renewals. The renewal notice that accompanies every renewal application specifically requests that you renew early and states that the **gate code changes every 1 July**. The notice also states the old code will not work on 1 July. Those who choose to wait until the last minute may not get their new cards by 1 July, but that is your responsibility, not ours. The new cards will be mailed to you in

early June. If you wait past 15 June, you may not receive your new card by 1 July. **Effective 1 July, new card and code will be required to make entry to the range.** Please renew early to ensure you will have your new card and code prior to 1 July. The Range Officers have been instructed to check all members. The card in the mail will not work! If you forget to renew, you will not be able to use the range as a member, but only as a guest accompanied by a regular member. Even more serious, **DO NOT GIVE THE GATE COMBINATION TO ANYONE. THERE ARE NO EXCEPTIONS!** This violation will result in disciplinary action by the Board of Directors.

As most of you know, we are in the process of having the lead removed from the range. This may entail shutting the range down for a day here or there. Please bear with us and the short notice if we must shut down the range. Even more importantly, do not shoot or damage the lead removal equipment. The lead removal will be over shortly. Check the website and the answering machine for the latest update. Once again, thank you for your patience. Also contact Lonny Fowler for updates on obtaining some of the lead.

It has been an honor to serve you as your President and I hope to return again to serve all of you. Thank you for your trust and God Bless our Great Country.

Michael R. Marks

Respectfully,

Michael R. Marks

**ALL NAVY MATCH**

On May 12th, at the All Navy Match held on Marine Corps Base Camp Pendleton, Kasey Nelson, one of our EF&GA juniors, shot an outstanding score, placing 4th Civilian overall. The match was held on Range 116, the Long Range at 600 yards. Kasey was using a Remington Police 700 high-power rifle. Kasey scored a 189/6x while her dad, Kurt, fired a score of 178/4x. Congratulations Kasey!!

**CALIFORNIA AND FEDERAL GUNS LAWS (abridged)**

1. Pistols And Revolvers That Chamber Shotgun Shells.

California regards most modern handguns that chamber shotgun ammunition to be sawed off shotguns. The Thompson/Center single shot pistol with .45/.410 barrel and revolvers and single-shot or multi-barrel pistols with rifled barrels that chamber .410 cartridges are prohibited, even though there were no Federal objections to sale of these arms. Mere possession may be punished by up to three years in state prison.

2. Disguised Firearms And Containers.

California prohibits devices that are not easily recognizable as firearms, and also items intended to conceal a firearm, that allows the gun to be fired. Prohibited devices include pen guns, knife pistols, pager guns, cell phone guns, belt buckle guns, and wallet guns. Mere possession may be punished as a felony with up to three years in state prison and for some items, Federal felony penalties may also apply.

3. Any Firearms Possessed If You Are A Prohibited Person.

If ordered to surrender firearms acquired while you were barred from gun ownership or if you become prohibited from possessing firearms that you legally acquired, consult a firearms attorney immediately. You do not forfeit your economic interest in firearms legally acquired but you may not have access to the firearms. Community property interest in firearms is not extinguished if one spouse becomes prohibited from gun ownership. NOTE: possession of ammunition is also prohibited and California bars possession of ammunition feeding devices such as clips, magazines and speed loaders.

4. Magazines Holding More Than Ten Cartridges.

Since January 1, 2000, high capacity magazines may not be transferred within California, except to properly licensed firearms dealers. The dealer may sell these devices out of state or in state, for law enforcement use only. Importation or transfer of a high capacity magazine within California may be prosecuted as a felony.

5. Assault Weapons Not Registered In California.

A person who just simply possesses an unregistered Assault Weapon may be charged with either a misdemeanor or a felony and upon conviction, may be sentenced for up to three years imprisonment. Conviction for manufacturing, importing, selling or transporting unregistered Assault Weapons, may bring up to eight years in prison. The California Penal Code implies, and the California Department of Justice has taken the position that, arranged in advance, surrender of unregistered Assault Weapons to police or sheriffs results in immunity from prosecution.

6. .50 Bmg Rifles Not Registered In California.

Effective January 1, 2005, rifles chambered to fire the .50 BMG cartridge became subject to the California restrictions previously imposed on Assault Weapons and had to be registered on or before April 30, 2006. Failure to comply can result in the same criminal penalties imposed for Assault Weapon violations.

7. Folding Or Pistol Grip Stocks For Semi-Automatic Rifles And Shotguns.

Assembly of such a stock to a firearm may result in being charged with manufacture of an Assault Weapon, a California felony. Ownership of a folding stock or pistol grip stock and the semi-automatic firearm to which it applies, may also result in Assault Weapon prosecution.

8. Machine Guns, Short Barreled Rifles, Short Barreled Shotguns Or Smooth Bore Pistols Under Federal Law.

Manufacture, sale and possession of these "gangster weapons" is regulated and taxed under the National Firearms Act (NFA) of 1934. NFA registration is also required for unserviceable machine guns, cannons and some other war souvenirs. Mere possession of an unregistered NFA weapon may result in a prison sentence of up to ten years. No amnesty has been offered to permit voluntary registration of NFA weapons since 1968. Lawful dispositions of unregistered NFA weapons are abandonment or forfeiture to a government agency but immunity from prosecution is not guaranteed. NFA restrictions do not apply to shotguns with barrels 18" or longer and an overall length of 26" or more, nor do NFA rules apply to rifles with barrels 16" or longer and an overall length of 26" or more.

9. Machine Guns, Short Barreled Rifles, Short Barreled Shotguns Or Smooth Bore Pistol Under California Law.

Special permits may be obtained from the Department of Justice to possess machine guns and short-barreled rifles or shotguns, but permits are normally issued only for law enforcement or for motion picture or television production. Unlawful possession of a short-barreled rifle, shotgun, a smooth bore pistol or machine gun may be punished as a misdemeanor, or as a felony with a sentence of three years in state prison. A person convicted of misdemeanor machine gun possession may not own any firearm in California for ten years. California does not regulate possession of machine guns or cannons that are permanently unserviceable; however, there have been successful prosecutions for "constructive possession" where one person was alleged to have all the parts necessary to assemble a machine gun. California allows ownership of specific short-barreled rifles, short barreled shotguns and smoothbore pistols, which have been classified as Curios and Relics by the ATF and are owned in accord with Federal law.

Knowing possession may be prosecuted as a felony in California.

13. Over 20 Pounds Of Smokeless Gunpowder Or More Than One Pound Of Black Powder.

Even if intended for use in sporting firearms, California provides felony penalties for possessing more than the stated amounts of gunpowder without special permits.

Range Officers and Members,

We have (5) new Range Officers that completed training in May. Please welcome Mike Moran, Mike Collins, Ray Cline, Shannon Baker and Edwin Feliu. Please introduce yourself to these new Range Officers. Summer hours require an extra shift from 5pm until sunset and we are falling short filling this shift. We appreciate anyone stepping up and filling any void we have on the calendar. Any new member with a desire to become an active Range Officer please call me, Bud Smith 858-679-1918 or email me at [buckshotbud@cox.net](mailto:buckshotbud@cox.net). Training Officers are available for on the job training. Jay Zimmert, Tom Kendall and Lee Allen are the current training officers. If you would like to become a training officer please give me a call. Dick Cross is now a regular RSO twice a month on Sundays. Thanks Dick, the weekend shifts are always tough to fill. If you are looking for a range officer shift, please view our web site, [www.escondidofishandgame.com](http://www.escondidofishandgame.com) around the 25th of the month. Click on the next month newsletter and scroll down to the range officer schedule. Any shift without a name is available and we would appreciate your help.

We have had numerous requests to open the 25 yard line on the 150 range to bench shooters with a need to sight in their scopes. After considerable study and survey detail we have determined this is **not an option** due to the height of the backstop. At 25 yards the usable site corridor is 13 inches in height to maintain impact on the backstop. The 15 yard and 25 yards lines will remain closed for casual shooting on the 150 range. The 100 yard range is available to site in your scopes at 25, 50, 75, and 100 yards.

July 1st begins our new fiscal year and this is the time we change the gate code. All members will need to renew prior to July 1st and will not be allowed on the range without a new valid card and sticker. Renew early, call our clerk, Dave Premetz with any renewal questions. Range Officers will be checking all members. Please have your EF&GA ID card and picture ID visible or on your person and present it to all Range Officers. Wal-Mart has an inexpensive plastic card holder and lanyard for approximately \$1.50. A lanyard will save the member time and make the range officer's job much easier.

To provide additional safety during scheduled shoots we have placed on each range, range closure signs. It is the responsibility of the shoot chairs for placement and removal of these signs before and after their shoot. Remember these signs are for scheduled shoots (shoots that are posted in the bulletin). Please remember to remove the signs after your shoot.

Tim Geiser, Marshall Goddard and Ira Bryant filled in the blanks this month. The Association appreciates all the help and time donated by our Range Officers. Thanks for all you do.

It's all about attitude and safety.
