From the President's Point of View

Improvements Coming

We are making progress on some range improvements that have been in the works for some time. The archery range is getting a sail cloth shade cover. Large and wide open, the archers in the group will love it. We have contracted to install swipe card door locks on the clubhouse, bathrooms, shed, and trap ramada. This should stop the vandalism that's been going on recently. The big question, what about the 100-yard range remodel. We know you are tired of waiting and we share your concerns. Here is the reality, this is a great time to be a contractor. Ed Migdal, who is running point on this project, has gotten close to finalizing a deal. But then the contractors sign something closer to their home base and drop out. Having been a licensed contractor for just shy of 40 years I know this is true. Of course, we could hire a big name with no regard for a budget, but this is not how your Board of Directors works. Be patient. We will get it done.

Range Rules

Our range rules are found posted in many areas of the range. They can also be found under range information on the web site. Why do I mention this? Many times, the RSOs refer to a range rule when interacting with a member. The member's response of "I didn't know that" does not help the situation. All members are expected to know the range rules. Rule #7 states all members will carry their ID when on the range and they will show their ID to any member who requests to see it. No exceptions. Rule #31; Your good attitude is necessary and is appreciated. Rule #32; Be responsible and respect the rules and your fellow members. We are one association.

Special Thanks

Having been your president for a few months now, it is very apparent that this position is not done without a support group behind it. In the next few newsletters I will acknowledge folks who have made my job much easier. First up is Geoff Orchin. Geoff has been a friend and mentor long before I became president. He has a devotion to this association that is second to none. The time he puts in as your secretary, range officer and involved member is hard to match. Thank You Geoff

Norm Porst

Upcoming Work Parties

December 8th, 2018, February 17th, 2019, May 18th, 2019, August 18th, 2019.

DARRIN'S DOSSIER

Election Day (11/6/2018)

Every year around Halloween my wife and I sit down and go through the election sample ballot and figure out how we want to vote on not only the

big ticket items (President, Governor, Congressman, etc...) but also the smaller, less glamorous items like propositions, measures, city council, and judges. This is a tedious process but I consider it to be a very important discipline. If I don't research a ballot item and I blindly cast a vote, then I am being negligent with the power of my vote. That is irresponsible and dangerous.

I also do not rely on advertising alone to decide how I will vote. I usually go to the web sites for the candidates or propositions (for and against) to get more of the story. This all sounds like a lot of work, and it is. However, as stated in the Spiderman comics... With great power comes great responsibility. The great power of your vote comes with the great responsibility to know what you are doing when you vote.

I would not be arrogant enough to tell you how to vote but I do want to passionately request you all to participate in our democracy and make your voice heard at the ballot box.

In my family we all have very different political opinions. Whenever we all get together (once a year or so), we all politely and passionately debate the issues of the day. Almost every time there is a niece or nephew with a strong opinion and an arrogant dismissal of all opposing viewpoints. Almost every time one of the older family members will ask when the last time that he/she voted and if it is ever more than one year ago, he/she is banished from the discussion because he/she wasn't passionate enough about the issue to take the time to vote for someone that can do something about the issue. The older family members continue this tradition and enjoy teaching the younger ones how important it is to participate from an informed point of view.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, *Linda Linaker* won the \$25 door prize and generously donated it to the Ransberger

Dave Ransberger Memorial Joy Drive

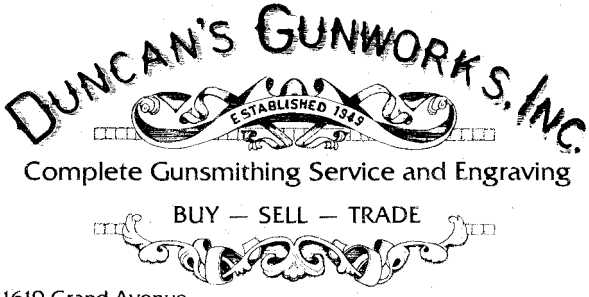

Many years ago, Dave Ransberger (and probably a few others) got a wild hair and decided that we need to take better care of our local military dependents. In cooperation with the Chaplain's Office on Camp Pendleton, we gather toys (new and unwrapped) and money (to buy more toys) and deliver them to the Chaplain's Office on base. Last year I had the honor of filling the back of my truck with the toys that we had gathered and delivered it to the Chaplain. Knowing that it all remains in Camp Pendleton makes it even more special. Mr. Ransberger passed away in 2017 and this event is part of his legacy. Today this "Joy Drive" is run by Linda Linaker and she has decided to do something different this year. In addition to the toy collection, there is going to be a raffle for at least three different prizes. There is a pair of custom earrings, a lovely bottle of Crown Royal, and nice bottle of Jack Daniels (separate drawings). Tickets are available from Linda Linaker at Trap events and at the General Membership Meetings.

Newsletter Changes

We have changed to a different vendor to process the printing and mailing of the newsletters. You have probably noticed that it is a bit more colorful and the paper has a better texture. This change was made at no additional cost to the Association.

Facility Security

The next time that you go to the Range you will probably notice that the commonly accessed buildings have proximity readers like the gate entrance. This was done in response to some

RANGEMASTER SOUND OFF

By: Jay Zimmett – CRSO • crsojay@escondidofishandgame.com

The primary job of the Range Safety Officer (RSO) is to make sure that the range is safe and that members and guests are following our safety rules. It is really frustrating to continue to see these types of issues – Folks I need you to start paying attention!

I arrived at the range and parked at the 100 yard and immediately noticed that the COLD Blue lights were On and blinking. We ALL know that means you do not handle any firearms or equipment! Much to my surprise there was someone shooting on the range while the COLD lights were On. We had a discussion...

Walked over to the Pistol range and there were three shooters on the 10 yard line. Target One – Good, Target Two – Good, Target Three – Bad (Ed they had more than one target on the frame). Shooter Three; Yeah I noticed the sign that says only one target after I put it up. So why didn't you fix it? Well the shooter before me had more than One target! We had a discussion...

Walked over to the 150 yard range and noticed several rifles in the rack. Shooter is that a fixed magazine in your AR? No, so please remove it. We had a discussion...

Headed back towards the club house and noticed the Blue lights were blinking at the 100 yard range as I got closer there was no one there!

The default state at the range is HOT (lights Off). Turn OFF the lights before you leave.

As some of you may know I am also the Match Director for Cowboy action and I arrived very early for setup for our match. As I was driving towards the 150 range through the mist and semi-darkness what do I see but the Blue COLD lights blinking that someone left On ALL night.

The default state at the range is HOT (lights Off). Turn OFF the lights before you leave.

Cold Range:	Hot Range:
<ul style="list-style-type: none">Blue Blinking Lights ONDO NOT handle Firearms & EquipmentHandle TargetsSweep up brass behind the Yellow and in front of the Red line OK TO GO DOWN RANGE	<ul style="list-style-type: none">Blue Blinking Lights OFFHandle Firearms & EquipmentOK to Load/Unload VehicleSweep up brass behind Red line DO NOT GO DOWN RANGE

Next day I park by the storage doors and hear shooting on the 100 yard range. As I turn the corner what greets my eyes, if you guessed the Blue COLD lights were On, you would be correct. We had a discussion...

Later that day at the Pistol range Blue COLD lights On and a group were packing up handling firearms and equipment. We had a discussion... BOD member had a discussion... Stay tuned....

I am going to need therapy...

It is time to schedule a First Aid/CPR class which is taught by Marshall Goddard our "Fire Guy". It is a great class and you need to pre-register so we can order materials. Please send me an email if you are interested.

We are still looking for more Rangemasters to help with managing the range. If you are interested please contact me by email.

BLACK POWDER NEWS

by Garth Warner

November is upon us and Turkeys are infesting our range. You can find out how big a turkey you are this month by entering the November Muzzle Loading Contest. This month we will shoot the dreaded "Across The Course" shoot. Each range line from 25 to 150 yards will be set with three silhouettes on a single frame. You have three balls to knock down three targets. Whatever is ON THE GROUND at the end of the relay will be your score. One Point per target. There will be six relays. You will need 18 round balls. I will outline a more detailed description at the range. This will be a TIMED EVENT. You will have a maximum of 10 minutes to shoot 3 balls. If we have more shooters than frames we will hold a blind drawing from all classifications for shoot order.

Pistol will be held at the normal ranges and will start promptly at 08:30. Rifle will start as soon as pistol is concluded. November is the 5th contest of a six contest series in our Black Diamond Silver Challenge cap and ball revolver contest. Ray Bucholz is providing a silver presentation Pietta cap and ball revolver to the person that has the top cumulative score over a six contest series. We will find out in December who wins. Ray is also willing to provide awards for a new pistol class called Cap and Ball Dragoon Pistol. (Walker Colt or replica saddle pistols). The hitch in the git-along here is that there has to be a minimum of three contestants for the awards to be presented. As always, the pistol contests are held at ranges of 25, 50, and 75 yards.

Christmas is coming. If you suspect that Santa may be providing a new smoke pole for you this Christmas, have him call me before he puts his elves to work. There are many, many rifles out there that will work for long range silhouette shooting. There are also rifles out there that are designed for hunting. Some of the hunting rifles will have extremely fast twist barrels for shooting sabots. They don't shoot round ball so well. Know before you buy. A call or text may save you some grief and \$\$\$

Thank you
Garth Warner

SUB-MOA PERFORMANCE

Dossier Continued From Page 4

you while you are at the Range. This has always been recommended, now it will be more necessary. When the gate is set to be open (during events that are open to the public) the bathroom doors will be unlocked. The new system will improve our range but there will be a period of adjustment while we all get used to it and work out any issues. If there are issues, please contact a Board member and we will do our best to resolve issues as quickly as possible.

No Smallbore Rifle in November

Due to the Annual Turkey Shoot (11/17/2018) there will not be a Smallbore Rifle match this month. It will resume in December as usual.

National Bison Day (11/3/2018)

In honor of National Bison Day which is the first Saturday each November, Ray Bucholz is sponsoring three shoots this month. One, Ren Everett's Junior Rifle; two, Steve Sparks' Junior Trap Shoot; and three, Al Anselone's Cracker Shoot. Join in the fun and prizes celebrating the day of our National Mammal - the American Bison.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

Items For the Next Newsletter are Due

Sunday, November 18th

Any and all requests for items to appear in the monthly bulletin should be routed through

Darrin Eaton - 760-630-8339

JUNIOR CORNER

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

in other countries that mark the end of World War I. Major hostilities of World War I were formally concluded at the 11th hour of the 11th month of 1918, when the Armistice with Germany went into effect. For all of those keeping track, that means that this will be the 100th year since the end of WWI.

I believe that many people know the term "Devil Dog" when referring to a United States Marine. But, what many don't know is that the moniker was used by German soldiers to describe the Marines that fought in the Battle of Belleau Wood in 1918. The Marines were said to have fought like "Teufel Hunde" or "Hells Dogs". Later this became Devil Dog, a term that is still used today as a historically well accepted term of endearment. Additionally, a Navy Corpsman that is assigned to a Marine Corps unit is sometimes referred to as a "Devil Doc"

The Junior Marksmanship program would like to thank all of who have served or continue to serve this great country, in our Armed Forces. At the Junior Rifle event on November 18th, we will be holding a special ceremony to honor the men and women of our Armed forces. The ceremony will start at 8am and include singers and a color guard. All are welcome; the Junior Rifle event will start shortly after the ceremony.

As a reminder, we are getting close to the end of the year, which means that the names for the Top Gun event and the Junior Coach of the year will be decided in the next few weeks. Do you have what it takes to be on those lists?

DON'T FORGET TO BRING A NEW, UNWRAPPED TOY for our annual toy drive. All of the toys that are collected go directly to military families on Camp Pendleton.

On November 10th we will be celebrating the 243rd birthday of the United States Marine Corps. To all my fellow Marines, Happy Birthday and Semper Fidelis.

Armistice Day

by Patrick Russ

On November 11th we will be celebrating Veterans Day. This is the day that is set aside each year to honor our military veterans. Formally known as Armistice Day in the United States, it was renamed Veterans Day in 1954. It coincides with other holidays, including Armistice Day and Remembrance Day that are celebrated

TRAP CORNER

By Darrin Eaton

Annual Turkey Shoot (11/17/2018)

No, we do not encourage people to shoot at live turkeys on our range, the turkeys are frozen. It's not easy getting them to fit in the target launching machines, but it's worth it. Actually, we shoot regular Trap with a twist. There are 10 people on the line and the top score (out of 10 clay targets) wins a frozen turkey. If there is a tie, then there is a shoot-off for the bird. Second place wins a box of stuffing.

This annual event is always a lot of great family-friendly fun. The shoot will take place starting at 8:00 AM and will continue until the turkeys are all gone. Compete to win a frozen turkey or stuffing from 3 different disciplines – 16-yard trap, 25-yard handicap, and 27-yard wobble. Tickets are \$5 per round or 5 tickets for \$20.

TRAP STRAIGHTS

NRA Basic Shotgun Class January 27th, 2018 Sund. 8am-5pm

NRA Basic Shotgun Class. Location: Escondido Fish and Game Association 16525 Guejito Rd, Escondido Ca.

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.
