Linda's Lines

November is here with cooler temperatures and shorter days. We have a number of things going on here at the range.

We are starting into the holiday season, and that means our annual Dave Randsberger Memorial Holiday Joy Drive is up and running. This annual tradition was started several years ago by Dave Randsberger because he wanted to improve the holidays for the dependents of our deployed soldiers. We collect new toys, games, gift cards, and money that we take to Camp Pendleton to be distributed by the Chaplain's office on base. We will be collecting through our December meeting and are planning a caravan to take the items out to the Chaplain's office located at the hospital. Last year we collect more than \$2000 worth of toys and cards. Hopefully we can do even better this year.

We also have our Turkey Shoot on 11/23/20. The estimable Darrin Eaton is heading up the shoot. More info in his column.

At this time of plenty, I want to say thank you to God for the health of my family, friends, and for the opportunity to be of service. We are at our best when we are helping others. Please take time to say thanks to those who do so much here to keep our Association the best around.

will generally live a happier life and keep others around you happier as well.

At Thanksgiving we should take that habit a step further and identify the people, events and other features of life that we are grateful for. This year I am grateful to have a beautiful wife, a family that I really enjoy and appreciate. I have a whole bunch of great friends at EF&GA who share my passions for shooting sports, our Junior Marksmanship Programs, our facilities, and our Association as a whole. Every morning I wake up in a nation where anyone can have the opportunity to rule his/her own destiny and then define and execute his/her definition of the American Dream.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, **Jerry Strauss** won the \$25 door prize and graciously donated it to the Junior Marksmanship Program. Had he attended the meeting, **Peter Winckur** would have won the \$500 Attendance Prize. The next General Meeting is 11/14/2019. If you don't show up, you can't win.

Donor List (10/10/2019)

Thanks to all who donated to the raffle table at the last General Meeting – **Bill Kitrell, Bud Smith, Bill Williams, Al Anzelone, Linda Linaker, Michael McKinney, Ray Bucholz, Pam Tucker, Steve Baran, Leonard Hodges, Bob Leider, Eric Elsam, Mark & Laurel Baldwin, Paulette Bryson, Rob Davis**

Be a Raffle Donor

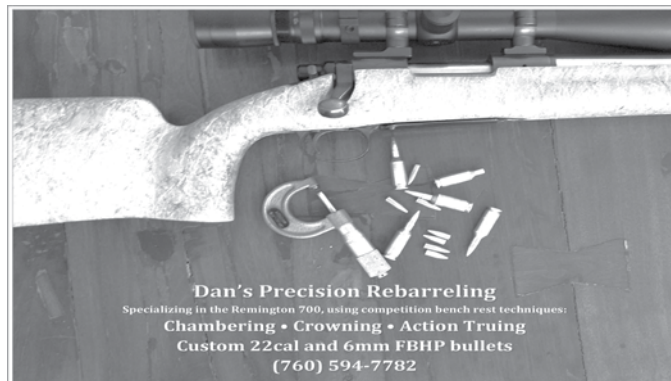

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Proper Attire

As we all know, our highest priority at Escondido Fish and Game is to run a safe range. That being said, we need to remember that it is not just the way we handle firearms that

A Lot To Be Thankful For

creates a safe environment. There are other concerns such as proper eye and ear protection. Another area of safety that many people seem to forget is clothing and footwear. Wearing proper clothing and footwear can be a vital part of keeping yourself and others safe while on the range. For safety reasons it's a good idea to avoid low cut t-shirts and blouses with large opening that can catch hot brass. The same thing goes for shorts and dresses. Anything that exposes the skin to potential burns from hot brass should be avoided. A hat with a brim extending over your eye protection can prevent brass from falling between your glasses and forehead (don't ask how I know.) Footwear is another area of concern, sandals and flip-flops do not protect the feet from hot brass or the many biting critters, insects, and arachnids that we have around the range.

National Bison Day (11/2/2019)

You see them everywhere — on coins, on sports team logos, and a couple of state flags. No, we're not talking about the bald eagle. This honor is reserved for North American bison. On National Bison Day, an annual event that falls on the first Saturday in November, all Americans should reflect on the impact bison have as a part of our environmental and cultural heritage. The purpose of National Bison Day is to encourage celebration of the American Bison, also commonly known as the American buffalo.

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

On October 20th, the Junior Marksmanship Program hosted the annual coaching class. This class was designed to teach the fundamentals of coaching for some of the more popular shooting disciplines. This included pistol, rifle, trap and archery. The Shoot Chairs for each of these disciplines taught the basics of how to safely and properly teach good marksmanship skills to new shooters. Each of the Shoot Chairs started with some classroom time followed by some live fire exercises on the range. Some of the individuals will also be coaching for our Women on Target program. We had a great turnout as almost a dozen enthusiastic individuals gave up their

Sunday to learn some great new skills. Special thanks to Ren Everett for putting on the class as well as to everyone that attended. We're looking forward to seeing you on the range.

On November 11th the nation will be celebrating Veteran's Day. This holiday started as Armistice Day in 1919. Congress would eventually pass a resolution in 1926 for the annual observance to become a national holiday beginning in 1938.

I'm sure many people have heard the term 'Leatherneck', but never knew what it meant or where it came from. The term is a slang term used to refer to a member of the United States Marines. The term is believed to have come from the wearing of a high leather collar that was designed to protect the neck from the cutlass used by pirates. As the Marine Corps is full of tradition, the current Dress Blue Alpha uniform has a high collar that symbolizes the high leather collar that the Marines wore so long ago.

The Junior Marksmanship program would like to thank all of the men and women who have served or continue to serve this great country in our Armed Forces. As well as all those who have served or continue to serve as First Responders. On November 17th, before the start of the Junior Rifle event, we will be holding a special ceremony to honor these men and women. The ceremony will start at 8am and include singers and a color guard. All are welcome; the Junior Rifle event will start shortly after the ceremony.

On November 10th, the United States Marine Corps will be celebrating their 244th birthday. To my fellow Marines,

Happy Birthday and Semper Fidelis.

Here's to 244 years of protecting and serving this great nation.

TRAP CORNER

InterClub (10/19/2019)

The InterClub events are always great fun and more of a social event than a blood-and-guts angry competition. At the last event we went to Lakeside Sportsman's Club in the middle-of-nowhere outside of Boulevard. This remote location is right up against the US/Mexico border fence. The terrain and unusual wind changes make the targets do a little dance that will frustrate the most seasoned Trap shooter. With a background of scrub brush and boulders, you never know if you are shooting too high or low, or what. The high score for the day went to John Kinum from Maywood with an 89. I came in 3rd with an 85. It was a tough course of fire but a fun event for all of us.

Turkey Shoot (11/23/2019)

No, we do not encourage people to shoot at live turkeys on our range, the turkeys are frozen. It's not easy getting them to fit in the target launching machines, but it's worth it. Actually, we shoot regular Trap with a twist. There are 10 people on the line and the top score (out of 10 clay targets) wins a frozen turkey. If there is a tie, then there is a shoot-off for the bird. Second place wins a box of stuffing or some cranberry sauce.

This annual event is always a lot of great family-friendly fun. The shoot will take place starting at 8:00 AM and will continue until the turkeys are all gone. Compete to win a frozen turkey or stuffing from 3 different disciplines – 16-yard trap, 20-yard wobble, and 25-yard handicap. Tickets are \$5 per round or 5 tickets for \$20.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

RANGEMASTER SOUND OFF

By: Jay Zimmet – CRSO

crsojay@escondidofishandgame.com

A reminder to our membership that practicing good gun range etiquette isn't just good manners—it's good sense! Gun range etiquette is a blend of common sense, courtesy and safety. A day at the range is supposed to be fun, and good gun range etiquette makes it even better and keeps my blood pressure down!

These three rules are ALWAYS appropriate:

1. **ALWAYS** keep the gun pointed in a safe direction.
2. **ALWAYS** keep your finger off the trigger until ready to shoot.
3. **ALWAYS** keep the gun unloaded until ready to use.

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

Hot Range:

- Blue Blinking Lights **OFF**
 - Handle Firearms & Equipment
 - OK to Load/Unload Vehicle
 - Sweep up brass behind Red line
- DO NOT GO DOWN RANGE**

Cease Fires

Don't touch any firearms or equipment during a cease fire!

If the range isn't hot, don't touch your firearms or equipment. Leave them be until it's time to shoot again. During a cease fire, you may have others doing tasks such as changing targets. The last thing anyone wants to see while they're down range is someone playing with a firearm at the line. Don't do it.

Loading and Unloading Pistols

When you are on a shooting line, there are going to be other shooters next to you. For this reason, it is of the utmost importance that the **muzzle never points to the right or left of you.**

Take extra care when loading and unloading your firearm, making certain to keep the muzzle pointed downrange. If you need more leverage to manipulate the slide, turn your **BODY** sideways (versus the gun). This enables you to keep the muzzle pointed in a safe direction, as opposed to pointing it at the person next to you.

Don't give unsolicited advice to others on the range.

If they wanted your help, opinion, or oracle-like knowledge of everything relating to firearms, they'd have hired you before they arrived. This bad habit, especially prevalent among men shooters, is one reason more women don't come to the gun range alone; they know as soon as they show up to shoot a few practice rounds and work on their technique, some "Bubba" type with a hand cannon (try this one) and a desire for a dinner date will begin telling her what she's doing wrong. In reality, she doesn't want to hear anything except the report of her gun. So keep your nose to your own lane.

It's good etiquette to leave the range better than you found it. Picking up trash, cleaning your firing station, and obeying all of the range rules are not only good gun range etiquette—they're good manners! Would your mom let you leave that mess...

Have FUN! You're at the range to ultimately have a good time doing what you love to do. Embrace it and enjoy it...safely.
