Darrin's Dissertation

It has been a busy month and a lot has happened around the Range. We have lots of projects and issues that are all getting addressed with great care and attention to detail.

Bylaws - At the General Membership Meeting, we voted on the Bylaw modifications, and it went very smoothly. The few items that had multiple opinions were discussed in a very respectful and civil manner. There was no malice in the room, just a great group of Association Members discussing and cleaning up minor issues with the wording of the document. The revised bylaws are posted on the web site under Range Info-> About Us.

Flagpole Monument – More progress has been made on the new Flagpole Monument. At the time of this writing, the concrete structure has been poured, the lower half of the flagpole has been set in place and the first round of skim-coat has been done. A crane operator has been scheduled and if all goes as planned, the top half of the flagpole will be in place by the time that you read this. We still need to apply a few coats of sealant and finish before the plaques are mounted on the faces of the concrete structure. Finally, low-voltage LED lighting will be installed to illuminate the flag at night.

100-Yard Remodel – The project has been pushed back a couple of weeks so that we can complete the Flagpole Monument project before starting another major project. With that in mind, we are still proceeding with the applications for the proper permits from the County so that we can do it all by-the-book. If you want to volunteer to help with this project, please send an email to 100Remodel@escondidofishandgame.com and we will include you in status updates as well as notifications of work schedules.

AB2571 – Well, the law is still in place despite a motion to issue an injunction to suspend enforcement of it. However, while the courts are battling this out, AB-160 was passed and (finally) signed into law. This places an explicit exemption of programs like ours. This amendment adds the following language to Section 22949.80 of the Business and Professions Code:

22949.80.(a)(3) This subdivision does not apply to a communication offering or promoting any firearm safety program, hunting safety or promotional program, firearm instructional course, sport shooting event or competition, or any similar program, course, or event, nor does it apply to a communication offering or promoting membership in any organization, or promotion of lawful hunting activity, including, but not limited to, any fundraising event, youth hunting program, or outdoor camp.

This means that we can resume our Junior Marksmanship Program. The limitations that remain have to do with corporate sponsorship that includes advertising. Our Shoot Chairs for the Junior events are aware of those limitations and will have no trouble running the events with those restrictions.

100 Yard Range Project VOLUNTEER HELP NEEDED

The start of the 100 Yard Range Project was postponed. We still need volunteers with construction skills and experience to begin the project. If you have construction, painter, roofer, framer, electrician or concrete finishing skills, volunteer

to be part of the team. E-mail your interest, skills and contact information to 100Remodel@escondidofishandgame.com. For those of you that have already volunteered, Thank you for your interest and commitment.

The team was trying to find an EF&GA member to be in charge of the project. With no one being willing to take on that role, **Jack Starlin** arranged his work schedule so that he could lead the team. Jack contacted the volunteers that had responded to come up with a schedule that everyone could commit to. Jack would very much like to get started by the first week of November so that we might be completed by the end of the year.

The following is a preliminary schedule of necessary activities:

1. Move the current shooting benches to the 25-yard line, install or provide "pop-ups" to shoot under.
2. Demo the existing concrete aprons (leave the shooting slab)
3. Demo the existing roofing and cut back the front of the existing overhang on the downrange side.
4. Fabricate the new "saddles" for the new support beams.
5. Excavate and install the 2 new "pole footings"
6. Form and install the epoxy dowels for the new slabs.
7. Place and finish the new slab.
8. Review all of the existing framing to determine a final lumber list.
9. Remove the existing support beams and replace with the new beams.
10. Install the new framing over the new shooting area and replace any other existing framing that needs to be replaced.
11. Install the new roofing.
12. Install new concrete "collars" around existing wood poles and new pipe columns.
13. Pressure wash and paint entire structure and slab.
14. Move all the shooting benches back to the correct positions.

Many of the above activities may be performed concurrently but that will mean determining a schedule that we all can commit to.

Please feel free to contact **Jack** at engrjack@cox.net with suggestions and or comments.

Congratulations to these 3 young men. May your journey be filled with success.

Flag Pole Monument

The Flag Pole Monument is about 80% complete. Tasks remaining include some patch work on the concrete base, attach the top of the pole and paint with anti-graffiti paint. Volunteers are needed to complete these last remaining segments of the project. Silver Award from Volunteers of America

Escondido Fish and Game Association was awarded a Silver Award by the Volunteers of America in recognition of our annual Holiday Joy Drive. We have been doing the Joy Drive for a number of years and our generosity makes this a pleasure to organize. Thank you all. **Linda**

Speaking of Joy Drive

Gobble, Gobble. We are starting to get a little "stuffed" with all the diapers and toys collected for the Camp Pendelton Joy Drive. But like all families, we can always make room for more. We are hoping to exceed last year's haul and take even more goodies to the families of our deployed Marines and Sailors. Toys, diapers, gift cards, cash and checks are all accepted. Please see **Linda Linaker** momma92082@gmail.com for information. Thank you. **Linda**

October General Membership Meeting

The October General Membership Meeting was held Thursday, October 13. **Robert Alessio** won the \$25 Door Prize. If **Keith Atwell**, **John Garner** or **George Cline** had been present one of them would have won the \$300 Attendance Prize. Since the prize was not claimed, it will grow to \$400 for next month.

On behalf of Mom's Creek and Black Diamond **Ray Bucholz** and **Pamela Tucker** raffled off a Kentucky Rifle. The lucky winner was **Cindy Dahlin**. Ray also recognized **Patrick Watson**, **Garth Warner** and **Ren Everett** with special awards for their dedication to the Escondido Fish and Game Association. Ray announced that November is National Bison Month and Saturday, November 5th is National Bison Day. Join us in celebrating the ecological, cultural and economic contributions of the United States' national mammal. For more information about our local Bison herd see below right.

The important business of the night was to approve recommended changes to our bylaws. We held a line by line vote on the recommended changes allowing for any discussion when appropriate. The new bylaws are now posted on the Website.

Of course, the General Membership Meeting would not be complete without **Bud Smith's** "Entertainment Raffle". WooHoo! Thank you to all who participate in the raffle making it a fun activity for everyone. Thank you also to **Jim Rolfes**, **Eric Elsam**, **Bob Leider**, **Ray Bucholz**, **Drake Duplessis**, **Rich Oberle** and **Bud Smith** for their additional donations to the raffle table.

We look forward to seeing everyone at the next meeting, Thursday, November 10. AND....Be sure to mark your calendar for the Big Christmas Meeting on December 8. See you there.

Newsletter Printing Cost Increase

As with the cost of groceries, gas and just about everything else, the cost to print the EF&GA newsletter has recently increased significantly (70%). We reviewed many options for keeping our costs in line. None of them is particularly appealing. Currently, we would like to request that you consider receiving the email version of the newsletter, if possible, instead of the hard copy version by mail. One big advantage of the email version is that you get it several days earlier. If you are willing to change to the email version, please contact **Juli Everett** at EFGAclerk@cox.net. If you already receive your newsletter via email, there is no need to respond to Juli. She already has you.

We hope you are enjoying the newsletter. Thank you for considering this change.

Thank Your Shoot Chairs

On Thursday, October 6, the casual .22 rifle shooters were treated to a very special surprise. The 3 Thursday Shoot Chairs, **Al Anzelone**, **Bill Townsend** and **Rich Hall** hosted a catered lunch from Lake Wohlford Cafe. The feast was in celebration of the 8th anniversary of Al's first Cracker Shoot. Al started the Cracker Shoot which has since inspired Bill's Thursday Precision Shoot and later Rich's Thursday Poker Shoot.

Clearly the gratitude should be going in the other direction. Without the commitment of our Shoot Chairs, the events that we all participate in at EF&GA would not exist. These events, in part, create much of the camaraderie we enjoy within the Association.

So....PLEASE don't forget to thank your Shoot Chairs for everything they do for us. They have certainly earned our appreciation.

Work Party - November 26

Don't miss the Fall Work Party, Saturday November 26. It's a perfect time of year to get a lot of projects done and we always have a lot of fun. We will provide lunch and a no-charge raffle. It's usually cooler and we all need a little activity to help take off the extra pounds from our Thanksgiving feasts. Bring work gloves if you have them. See you there.

National Bison Month

In 2015 the 114th Congress passed S.2032, the National Bison Legacy Act, which established and adopted the North American Bison as the national mammal of the United States. November is National Bison Month and the first Saturday in November was declared National Bison Day by Presidential Proclamation.

In 1973 the San Diego Zoo gifted 14 North American Bison to the Camp Pendleton Marine Base. The herd has grown with estimates ranging from 119-150 members. These animals can weigh up to 2000 pounds and run as fast as 35 miles per hour.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello everyone,

This month we are talking about Rangemaster/RSO authority. Any member can challenge an on duty Rangemaster/RSO. The on duty Rangemaster/RSO for Casual Shooting has the final word. If the member is not satisfied with the Rangemaster/RSO's final word they can contact the Chief Range Safety Officer for more clarification. If that is not satisfactory, they can bring the issue to the Board of Directors. For any Sanctioned Events the rules for Casual Shooting and Sanctioned Events may be different. Shoot Chairs for the Sanctioned Events have authority to use different procedures than for Casual Shooting. Training Instructors also have the authority to use different procedures than for Casual Shooting. The on duty Rangemaster/RSO does not have authority to override the Shoot Chair or Training Instructor of a Sanctioned Event. Any disagreements with any Rangemaster/RSO, Shoot Chair or Instructor must be discussed offline, away from the event. We do not want to have any animated discussions while holding firearms in our hands.

Members bringing guests need to have the guest(s) with them at all times except for when using the restrooms.

The Green Sheets - If you sign any of the Green Sheets and there is not a Date and Range filled in, can you fill in the Date and Range? There are Green Sheets being turned in with no Date and Range information filled in.

All shooters remove your targets from the target backers and return the target frames back to the designated area.

Make sure that what you bring with you to the range, you also take back home with you.

If you have any comments, concerns or questions please feel free to contact me at garymfukuda@cox.net or (760) 420-7488.

Be safe and try to participate when you can.

Thanks,

Gary Fukuda

Turkey Shoot 11/19/2022

No, we do not encourage people to shoot at live turkeys on our range, the turkeys are frozen. It's not easy getting them to fit in the target launching machines, but it's worth it. Actually, we shoot regular Trap with a twist. There are 10 people on the line and the top score (out of 10 clay targets) wins a frozen turkey. If there is a tie, then there is a shoot-off for the bird. Second place wins a box of stuffing or some cranberry sauce. This annual event is always a lot of great family friendly fun. The shoot will take place starting at 8:00 AM and will continue until the turkeys are all gone. Compete to win a frozen turkey or stuffing from 3 different disciplines – 16-yard trap, 20-yard wobble, and 25-yard handicap. Tickets are \$5 per round or a 5-Punch Card for \$20.

Winter Saturday Schedule for Trap

Because the sun sets earlier and the weather is colder at night, we are going to change Saturday Trap to begin at 2:00 instead of 4:00 PM. This will only be until Daylight Saving Time returns (3/12/2023). The good news is that we all get to shoot while it is still warm. Under this schedule, the Punch Card Shoot and the Century Shoot will be suspended. This will NOT affect the Pot Shoot, only 16-Yard Trap.

Next Events:

Junior Trap 11/12/2022
Junior Rifle 11/20/2022
Junior Pistol 12/18/2022

Thanks to the passage of AB160, the Junior Marksmanship Program is back in business. On October 16th, we held our first Junior Pistol event in months. (Scores are on page 13.) It was great to see everyone. As usual, the Junior Coaches had everything set up and ready to go by 7:30 am. We had 16 shooters and 4 new adult coaches. As expected, **Daysha Halbert** won the event with a score of 397 out of 400. That includes 20 rounds of rapid fire. This is all done at 10 yards. That is an insane score.

I would like to thank everyone who has donated to the new flagpole and monument. By donating you are a part of saying "Thank You" to all our military and first responders. I recently had some Marines at the range. I was explaining what we were trying to do with the monument and how we are trying to do it. The Marines said that they have never seen this before at a private location. They took it to heart that we were thanking them for their service as well as everyone that came before them and after. Please help us finish this monument. We are still asking for donations. Please help us in honoring past, present and future members of the military and first responders. It is due to their sacrifice that we enjoy the rights and privileges we have. We are currently collecting donations for the completion of the new monument and flagpole recognizing these individuals' service to our country. All contributions toward the monument are welcome and appreciated.

On November 10th of this year, the United States Marine Corps will be celebrating their 247th birthday. To my fellow Leathernecks, Devil Dogs, Jar Heads, men's department of the Navy, Marines, Brothers and Sisters, Happy Birthday and Semper Fidelis. Here's to 247 years of being the greatest force the world has ever seen and to protecting the greatest nation that the world has ever known.

On November 11th the nation will be celebrating Veteran's Day. This holiday started as Armistice Day in 1919. Congress would eventually pass a resolution in 1926 for the annual observance to become a national holiday beginning in 1938.

The Junior Marksmanship program would like to thank all who have served or continue to serve this great country in our Armed Forces, as well as all those who have served or continue to serve as First Responders. On November 20th, before the start of the Junior Rifle event, we will be holding a special ceremony to honor these men and women. The ceremony will start at 8 am. All are welcome. The Junior Rifle event will start shortly after the ceremony.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
