Turkey Season

This year, the Fall Turkey Season (<https://wildlife.ca.gov/Hunting/Upland-Game-Birds>) is from November 11th until December 10th. It looks like it's going to be a great year for Fall Turkey. Every evening just before sunset we see about a dozen or so very healthy-looking hens marching across the back of the Archery/Pistol/Trap/100 ranges. Although it is inconvenient to call a cease-fire, it is great to keep an eye on what the season will be like this year. It should not need to be stated, but please remember that our property is a wildlife preserve and that we are not allowed to shoot at anything with a heartbeat – including the turkeys.

Thanksgiving

Thanksgiving is coming soon and that means that it is time to set your bathroom scale back 20 pounds and change the batteries in your smoke detectors (especially if I am the one cooking). I really enjoy spending time with friends and family and stopping to remember all that we are thankful for. I am grateful to be a member of an Association with so many great events and features. The reason that we have these blessings is that we have a great group of members who make it all possible.

Turkey Shoot

This also means that the Turkey Shoot is coming up 11/18/2023. I have been involved with this event for years and it is always great fun. It is certainly not like shooting ATA Trap because it is a much more relaxed atmosphere. Punch cards (5 games per card) are \$25 for EF&GA Members and \$30 for Guests. Each game has two shooters at each station (10 shooters per game) and the top score of each game (10 targets) wins the turkey. If there is a tie, we resolve it with a shoot-off. Second place wins a box of stuffing or a can of cranberry sauce. I have been in a few shoot-offs and in some cases I got the bird, many times I got stuffing, and other times I just walked away with a smile. Bring your friends and family and join in the fun.

Left the Range

Another member of our EF&GA family, **Lon Smith**, has passed away. Lon became a member in September of 2000.

Eric Elsam has also Left the Range. Eric was a frequent face at the monthly membership meetings and often donated prizes to the raffle table. Eric left us on Monday, October 16 due to complications from a car accident a few weeks ago.

Please keep Lon and Eric and their friends and families in your thoughts and prayers.

October General Membership Meeting

It was a low turnout for the October Membership Meeting on 10/12/2023. That just means more prizes for the rest of us. Vice President, **Mark Baldwin** led the meeting this month and didn't miss a beat. The Shoot Chairs provided an update on past and upcoming events. **Jack Starlin** gave us an update on the 100 Yard Range project.

The winner of the \$25 door prize was **Robert Walsh**. The attendance prize is up to the maximum of \$500 now. **Tara Viotis, Albert Bates, Robert Laverty, Craig Jones, and Ruben Abrego** all had the chance to take home the treasure, but they were not present.

Ray Bucholz and **Pamela Tucker** gave away several prizes in the Black Diamond and Mom's Creek raffle. **Dawn Gormley** took home the main prize of a Colt .44 Black Powder revolver. **Jeanine Cleary, Robert Walsh** and **Leonard Hodges** all won Silver Proofs of the Morgan Dollar.

And then came the Raffle!! The table was LOADED with prizes. The prizes purchased by **Bud Smith** and **Mark Baldwin** each month were supplemented by a ton of donations from **Hank Beck, Elvio Marchi, Jim Rolfes, Geoff Orchin, Bob Leider, Robert Reid, Bill Quon, Linda Linaker** and **Bud Smith**.

We'll look forward to seeing everyone at the November Membership Meeting on 11/9/2023. There is a rumor that there will be "PIE" involved.

The Christmas Cookie Bar Will Soon Be Open

Everyone, put on your baking hats, we are doing cookies again in December. The cookie bar went over so well last year, we are going to do it again. Please bring two dozen cookies or snacks to share with the group at the December meeting.

have your volunteer commitment completed.**

100 Yard Range Update

We're almost there. **Kenny Hogue** has completed the grading around the pad. He volunteered his time, equipment and material to complete the project. Kenny has also volunteered to break up and remove the old concrete. If you run into Kenny on the range, please let him know how much he is appreciated.

The plan was to finish the lighting and paint the red, yellow and blue lines at the Work Party on October 28, so by the time you get this newsletter, that should be completed.

Plans are underway to mitigate the sun at the firing line and to set up a permanent arrangement for the target stands.

Camp Pendleton Joy Drive

Happy turkey day! Thank you for the great start for the Joy Drive. I will be continuing to collect in November and December. Toys, cash, gift cards and checks are gratefully accepted. Those at Camp Pendleton are always appreciative of your generosity. Remember, they do so much for us. We should help them as much as we can. Thank you.

EF&GA 2023-2024 Scholarships Announced

Each year EF&GA awards up to four \$500 scholarships to active Escondido Fish and Game Association members in good standing, or children or grandchildren of active Escondido Fish and Game Association members in good standing. The scholarships can be used at a university, college, community college or trade school. This year's recipients are **Stephen Zhu, John Rader and Justin Rader**.

Stephen Zhu will be attending Hillsdale College in Hillsdale Michigan. **John Rader** will be attending the University of Kansas and **Justin Rader** will be attending the University of California at Berkeley.

Congratulations to these young men. We are delighted to help them on their journey.

Life Member Nominations

Each year up to two members are honored with a Life Membership to EF&GA. If you would like to nominate a member for Life Membership, please submit your nomination in writing by March 31, 2024 to:

Geoff Orchin at Gorchin@escondidofishandgame.com

Mark Baldwin at Mbaldwin@escondidofishandgame.com

National Bison Month

In 2015 the 114th Congress passed S.2032, the National Bison Legacy Act, adopting the North American Bison as the National Mammal of the United States. November was declared National Bison Month and the first Saturday in November was declared National Bison Day by Presidential Proclamation.

Escondido Fish and Game celebrates National Bison Month as part of our interest in the Black Powder and Muzzle Loading heritage.

In honor of these majestic creatures, **Ray Bucholz** will be presenting Bison related Black Diamond Awards at the Muzzle Loading Silhouette Contest on November 26th. We are also likely to see some bison related prizes in the Black Diamond raffle at the next General Membership Meeting on November 9th.

Smallbore Rifle Match canceled for November

There will be no Smallbore Rifle Match in November. The 100 yd range is used that day for the annual Turkey Shoot. The next match will be on 12/16/2023. **Jim McKim**, Shoot Chair

Look ahead - Annual BBQ 2024

Plans are underway for the 2024 Annual BBQ. Actually they started the day after the 2023 BBQ with "After Action" evaluations. There will be a financial advantage for buying your tickets early. Tickets purchased in December and January will be \$30. In February and March, they will increase to \$35. If you wait until April and May you will be paying \$40 per ticket. It pays to plan ahead.

How to place a classified ad in the newsletter

EF&GA Members in good standing may submit Classified Advertisements to the newsletter at no cost. E-mail to newsletter@escondidofishandgame.com by the 16th of each month. Include your Membership Number from your membership badge with your request. It will NOT appear in the advertisement.

Classified Ads run for ONE month. If you wish to repeat an ad for another month (with a maximum of 3 months), re-submit the request by the 16th.

No Illegal Transactions may be advertised in this newsletter.

It is illegal to sell ammunition in California without going through an FFL or a licensed ammunition reseller. Firearms Ads must also include a phrase similar to "Buyer pays DROS".

Please include the following in your Classified Ad:

Subject/Title, Description, Price & Contact information

Editor's Note: Please accept that when space is limited your first 2-3 firearms or your first 5-6 non-firearm items will be published.

TRAINING CENTRAL

Location: Escondido Fish and Game Association, 16525 Guejito Rd., Escondido CA

NRA Metallic Cartridge Reloading Class

11/4/2023 (8 am – 12 noon)

Need or want ammo but can't find any? MAKE YOUR OWN!

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is "Hands-On" training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (e.g., cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 deposit is required to secure a place in this limited class.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone,

We have several safety and house keeping reminders for you this month. You may have seen a few of them before, but they seem to be recurring issues. Remember – Everyone is an RSO and we are all responsible for keeping a safe range for each other.

Hole in the Fascia – 150 Yard Range:

Last month someone shot a round through the inside of the 150 yard hanging fascia between shooting positions 4 and 5 just a couple of inches above the conduit for the Blinking Blue Lights. It exited out the front sheet metal leaving a large hole. Does anyone have any information about this?

Members Are Allowed Two Guests:

I have received information about members bringing more than the allowed two guests. A member's comment was that it has not been a problem before. The rule is, if you want to bring more than two guests you must get approval from the Association Secretary. Your request must be confirmed by the Secretary via an email. Print out the confirmation and bring it with you when you and your guests come to the range. Members- pay attention to your guests. You are responsible for their conduct on the range.

Casing and Uncasing Your Firearms:

Do not use the rear seating benches or middle tables to uncasing (and recase) your firearms. You must use the firing line shooting benches only. This applies to the Pistol, 100 yard and 150 yard ranges. We want to avoid handling firearms behind the yellow line.

Blinking Blue Lights:

The Blinking Blue Lights "On" and "Off" protocol applies to all ranges. If the Blinking Blue Lights are "On", do not unload firearms or gear. Sign the Green Sheet and wait for the range to go hot (lights "Off"). Then you can unload your firearms and gear. When the Blinking Blue Lights are "On", no one should be between the yellow and red safety lines.

The Green Sheets:

We still have Green Sheets being turned in with no Date and Range information filled in. If you sign any of the Green Sheets and the Date and Range information is not filled in, please fill it in.

Take Your Targets Home:

Targets can not go in the trash at the range. This is a HAZMAT requirement. All shooters remove your targets from the target backers and return the target frames to the designated area.

Watch for Wildlife on the Range:

Watch for Turkeys and Deer on the range. Call a "Cease Fire" immediately if they wander onto the range or slope. The "Cease Fire" can only be lifted once the visitors have cleared the range.

Did You Pack Everything Up?

Make sure that what you bring with you to the range, you also take home with you.

If you have any comments, concerns or questions please feel free to contact me at garymfukuda@cox.net or 760-420-7488.

Be safe and try to participate when you can.

Thanks, Gary Fukuda

TRAP CORNER

by Chris Cote

Hello Trap folks.

Fall Scheduling

As we move into the fall and winter, we are going to be making some adjustments to our hours of operation and the services we are offering. Effective immediately, the Tuesday morning start time will change to 8 am. 5 stand will be moving back to the 1st and 3rd Wednesdays. The start time will not be changing. The Saturday start time will remain at 2 pm but we will be moving our ending time to 7 pm. Please do not show up at 6:30 and expect to shoot 4 rounds.

Members Who Need Volunteer Hours

Trap is looking for folks to help with set up, take down and scoring on Wednesdays and Saturdays. The trap team will show you what you need to know.

Ladies

On Wednesday nights we are going to be starting a down and dirty trap 101 introduction. If you are interested in learning trap please RSVP to Annette Champion at 760-803-7428. We are going to limit the event to 5 participants per night and members will have first priority. What you will need: eye and ear protection, 20-gauge ammo and cash for trap rounds. We will provide shotguns and trap pouches for the evening.

Turkey Shoot 11/18/2023

Don't miss the Turkey Shoot on 11/18/2023. *No....We are not shooting at our resident live turkeys.*

The shoot begins at 8:00 am and continues until all of the **frozen** turkeys are gone. With 10 people on the firing line, the top score wins the turkey. Ties are resolved by a shoot out.

Tickets are \$25 for members and \$30 for non-members.

Contact Darrin Eaton at Deaton@escondidofishandgame.com for more details.

JUNIOR CORNER

by Patrick Russ

Important Dates:

Junior Trap	11/11/2023 & 12/9/2023
Junior Rifle	11/19/2023
Junior Pistol	12/17/2023
Junior Archery	12/17/2023

On October 15th we held a Junior Pistol event. We had 19 shooters. Lots of great shooting. As usual, safety was our #1 priority and it showed in every aspect of the event. It was truly a great day. Special thanks to **Mark Baldwin** for saving the day and taking care of some computer issues.

On November 10th of this year we will be celebrating the United States Marine Corps 248th birthday. I think **Ren Everett** has been there to celebrate every one of them. Marines may get older and pass away but the Marine Corps will live on, which means that the Marines live on. The faces may change, the names may change but the mission remains the same. When America dials 911, the Marine Corps answers the call. To my fellow Marines young and old, please raise a glass to our glorious past and our victorious future. Here's to the greatest fighting force the world has ever known. Semper Fidelis and God Bless.

"The Marines I have seen around the world have the cleanest bodies, the filthiest minds, the highest morale, and the lowest morals of any group of animals I have ever seen. Thank God for the United States Marine Corps!"
— **Eleanor Roosevelt**

The very next day, on November 11th, we celebrate Veterans Day. This is a day that we give thanks to all of those that have served in our Armed Forces. I'm proud to say that I believe that EF&GA celebrates this day every day. That was never more obvious then with the donations and the respect shown for the new flagpole and monument.

The Junior Marksmanship Program would like to thank everyone that has served or continues to serve in our Armed Forces. We would also like to thank all our first responders. Before the Junior Rifle event on November 19th the Junior Marksmanship Program will be doing a little event to show our gratitude to all our military and first responders. All are welcome. If you are a Veteran or First Responder, please attend so that the juniors can thank you for your service. If you are a supporter, please help us show our gratitude to these heroes.

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

The Final Congress:

No, not the idiots in DC. This is the final Black Powder Congress held on October 1st. Following a 15 year run, the last Black Powder Congress entailed shooting Rifle, Pistol, and Trade Gun. The competitors had to shoot up to four different targets for each discipline at distances of 25 to 150 yards. Warm September weather made this a marathon event for the aging mountain men in attendance. Final Scores are listed below.

Next Muzzle Loading Bullseye Contest:

Will be our annual Rifle Fest held on November 5th. We will be shooting 150 yard benchrest, followed by a "Seneca Run", as well as some other surprise events. How many of you know who **Polly Pureheart** is? **Snidely Whiplash**? The horse **Nell**? This and other important questions will be answered on the field. Safety Briefing at 07:45, Contest begins promptly at 08:00. Contact **Dudley Do-Right** for more information.....
760-420-7550

Next Muzzle Loading Silhouette Contest:

Will be on November 26th. This will be our annual **Neil Pisk** Memorial contest. The contest will be open to Single Shot Pistol, Cap and Ball Revolver, Trade Gun, and Rifle, with targets at a variety of distances. Providing that we have enough personnel present to change the course of fire, pistol targets will be set at 15, 25, and 35 yards. The course will then be reset for rifle distances once the pistol competition has concluded. Pistol Safety Briefing will be held at 08:15. Pistol will start at 08:30. The Rifle Safety Briefing will be held at 09:45, with the rifle contest starting at 10:00. You **MUST** be present at the safety briefings to compete in that event. If you show up late, you're a spectator.

Two Types of Accuracy:

AKA....how to drive yourself insane and waste powder and shot. Let me "mansplaine" this.... First let's start with the physical rifle. Round Ball rifles have a slow barrel twist compared to Conical Bullet rifles. Conical bullets require a faster twist rate to stabilize in flight and provide consistent accuracy. Round Balls need some twist (but not too much) to be consistent. Unfortunately, round balls generally have sprues (casting pour cut off points) that can leave them unbalanced. This, and differences in bore and groove diameters between rifles (even of the same make and model) can make finding the perfect "accuracy" load for your rifle somewhat challenging. If you're an Olympic quality shooter, and your rifle is not set up to be accurate, you're unlikely to do well. Conversely, if your rifle shoots like a laser off the bench, but you can't hold within 50 MOA at 50 yards, then you're also not going to do well.

A Way to Move Forward:

Training yourself to hold accurately is a positive goal that you can practice for the rest of your life. Start now and be patient. Results for this are incremental. You get out of it what you put into it. (Topic for another discussion). I would suggest starting with your rifle. You can make it as accurate as is physically possible for that particular piece of hardware. Note that there are limitations with your hardware. A 1 in 18 twist barrel is NOT going to be as accurate as a 1 in 66 twist barrel, when shooting Round Ball. Most replica Black Powder rifles will have a compromise twist rate of 1 in 48. Not sure what your twist rate is? It **SHOULD** be stamped somewhere on the barrel. If it is NOT, then start looking on the internet for more information on your make and model. You can also join the The Muzzleloading Forum and ask the question. Note that free advice is worth what you pay for it... (including this printed drivel that I write).

<https://www.muzzleloadingforum.com>

Once you have a rifle that will group well off the bench, with repeatable accuracy, then you can see the results of your holding improvements over time.

Next month we can discuss how to determine your rifles ultimate accuracy... It involves some testing from the bench.

AS-ISSUED MILITARY RIFLE MATCH NEWS

by Jim McKim

Prior to their match on the 1st Sunday of October, As-issued Military Rifle shooters assembled for a group photo with their rifles. In attendance were US M1s and 1903s, a Japanese Arisaka Type 38, and a Swiss K31 and Schmidt-Rueben Model 1896. Oh, and their owners. Note the diligent use of empty chamber indicators to show that the rifles are "safe" - mandatory at this event. We're all happy to be there every month anyway, but chuckling this time because our photographer was touting the technology of his watch-operated remote camera control, only to realize he had the camera in video mode while we were all trying to hold still. At least no one looks like they have a rifle barrel growing out of their head!

After the match we gathered for lunch in the picnic area-grilled brats, chips, potato salad and sodas were the order of the day. A nice simple and casual affair where the conversation and camaraderie were as important as the food. The instigator and grillmaster donned special headwear for the occasion (a bit early for Halloween, no?). I have to say, it's hard to look someone in the eye during a conversation when they have a carving knife through their head!

The As-issued Military Rifle Match is held every 1st Sunday at 10 AM following the National Match Course event. It is a three-(scoring)stage, two-position match with vintage service rifles. See the full event description at <https://escondidofishandgame.com/events/as-issued-military-rifle-match/>

Comes with pritchett cartridges. \$1395

Cimarron Model P 1873- Like new in box, comes with original paperwork. In 357/38, 5.5" barrel. \$575

Reenactment grade No1 Mk3- Made in Enfield in 1916(18? hard to tell). The bore is shootable. Action and bolt are matching, with trigger guard, buttstock, and rear handguard being original to the British rifle. Repaired using DP rifle parts, and as such the wood and magazine still have some dp paint. Would make for a good project shooter/reenactment piece. \$479

Various Primers/Powders/Projectiles/Brass-Various older collectable airguns + accessories in either working/needs repairs conditions. Type, quantity, and price negotiable.

On all firearms, buyer pays DROS + any transfer fees* *Will provide photos and additional info if asked

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
