Linda's Lines

September is here and we are interviewing our newest set of applicants. The first batch was great and we look forward to another great year.

Lots of changes on the range in 2019-2020; a new Junior Trap Chair, new lights on the trap range, a new chair for Women on Target, more opportunities for volunteer hours just to name a few.

All of our shoots seem to be going in a positive direction, and growing exponentially. Thanks so much to all of our shoot chairs for their good work. Be sure to thank them when you see them.

The work party on August 18 went great! More than 70 people showed up and worked like crazy.

Thank you for the support. We are a volunteer association and can't do this without all of you.

The diapers were finally delivered to Camp Pendelton. Vickie at the Chaplains office was thrilled to get them and we will do something similar next spring.

As we move into fall please be aware of the fire danger in our county. Keep yourselves and our range safe. Also be aware that the kids are back in school so watch for them in your travels.

Don't forget to try a new shooting event here at the range. It's a good way to meet other members and you might even find a new passion.

Take care of yourselves and good shooting.

Linda Linaker

DARRIN'S DOSSIER

Work Party (8/18/2019)

Every year we hold four quarterly work parties. Every year the August work party is usually the most challenging. Most years the heat frightens away many prospective participants and with summer

vacations and other responsibilities the turnout is usually very low. On the contrary, the work party that was held on August 18th had 75 people that stepped up and worked hard to make the Range a safe and beautiful place that we can all be proud of. We also cleared tons of vegetation and other brushfire fuel from around the Range. As usual, the food was fantastic and the raffle was lots of fun.

After it was all done, I was sitting in the shade with Ed Migdal discussing what we had all accomplished in just one day. Ed made some association between my appearance and a character from the Peanuts cartoons. I didn't think that a cloud of dust was around my feet and legs but I guess that he was right.

As usual, I want to recognize all of the volunteers who gave up their Saturday to help take ownership of the Range by participating. If you know anyone on this list, be sure to thank them for their service to the Association. If your name is on this list and it is misspelled, please write your name more clearly on the Green Sheet the next time.

Ed Migdal, Tim Hoy, Fernando Hurtado, Joe Urban, Tim Allen, Derry Allen, Garth Warner, Robert Tucker, Eric Schoelkopf, Ben Schieber, Chris Cote, Joe Mak, Steve Baran, Annette Champion, Del Morton, Glen Luena, Dan Dorman, Lane Kuhlman, Dean Dorman, Darrin Eaton, Donald Brunt, Clyde Ewin, Rob Davis, Ken Halbert, Daysha halbert, Mike Monroe, Ed Snyder, Yosi Boubilil, TysonBizzigotti, Michael Sullivan, Mike Marks, Julie Marks, Danny Kelly, Todd Ellerby, Billie Scofield, Jason Scofield, Bill Brandon, Fritz Beecher, Linda Linaker, Randi Michael, Alonzo Clark, Rod Florea, Alan Anzelone, Breen Emery, Bert Barbosa, Paul Hendrikson, Pete Olson, Scotti Clary, Breda Walsh, Kestrin "Hurricane" Walsh, Rhyann Walsh, David Pendergrass, Rick Baugh, Bill Linaman, Robert Walsh, Roger Fannin, Mark Ruhm, Eugene Jemnianiuk, Ren Everett, Luiz Wink, Brian Finneran, Gary Desram, Geoff Orchin, Patrick Russ, Bob Leider, Don Hudson, Joanne Anderson, Mark Bently, David Bowers, Jay "Rustler" Zimmet, Neil Pisk, Patrick Watson, Elayla Jean Watson, Jack Bryson, M. Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, **Patrick Russ** won the \$25 door prize and donated it to the Junior Marksmanship Program. Had he attended the meeting, Brent Hatcher would have won the \$500 Attendance Prize. The next General Meeting is **9/12/2019**. If you don't show up, you can't win.

Donor List (8/8/2019)

Thanks to all who donated to the raffle table at the last General Meeting – **Alan Briski, Bud Smith, Bill Williams, Dorothy Notter, Jack Barnhart, Mark and Laurel Baldwin, Jim Rolfes, Roger Pigott, Michael McKinney, Wayne Brunner, Geoff Orchin, Kevin Miller, Rich Oberle, Charles "Colonel" Daugherty, Steve Baran, Joanne Anderson, Alan Anzelone**

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items that you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Newsletter Advertising

This newsletter is partially paid for by corporate advertisements. When you patronize any of these newsletter sponsors, please be sure to thank them for supporting our Association. If you are interested in advertising your business in this publication, please send me an email (newsletter@escondidofishandgame.com) and I will be sure to give you all of the information you need to get your advertisement in front of the eyeballs of our entire membership for a reasonable price.

General Meeting Guest Speaker (9/12/2019)

We will be having a special guest at the September General meeting. A representative from US Law Shield will be there to talk about insurance for CCW holders as well as some of the classes that they will be offering at the Range. They will also be available to answer any questions that you might have regarding the CCW laws in California.

We all know that our Junior Marksmanship program is the best around. We know that the program teaches safety as our number one priority. We then teach the proper fundamentals for many different disciplines including, rifle, pistol, trap, black powder and archery. But, have you ever thought about the other benefits of learning how to shoot? There is so much more than just becoming proficient with different firearms. To accurately shoot a rifle or any other firearm, requires the child to quiet their mind and concentrate on lining up the sights to the target. The child must slow their breathing and relax in order to squeeze the trigger at the right moment. Aiming a pistol takes large motor skills, proper trigger squeeze takes small motor skills, doing both engages the whole brain. Proper marksmanship is an exercise in body-eye-hand – mind coordination. This is a skill that is not easily attained and must be practiced.

Additionally, when you offer to teach a child to shoot, you are saying, I trust you, I know that you can listen and learn, I know that you can do it. In a world that often says that they are too young, or they can't be trusted, even ignored or belittled, especially when they ask about firearms, this is a huge confidence booster to these kids. I've seen it many times, when a child gets done with a Junior Marksmanship event, they walk taller, they smile more, they are more engaged in what is going on around them. They want to be that trustworthy person that they were just shown that they could be.

Does this transfer into other areas of their lives? Absolutely, we see these kids getting better grades in school, behaving better and wanting to get more involved in the world around them. Like I said before, they want to be that responsible person that we all know they can be. The idea that they are being allowed to do something, that for many people is forbidden, is very exciting to many kids.

The discipline and focus that marksmanship requires, combined with the stigma of firearms, can not only bring a new level of self-confidence, it can also improve the bonds of trust between the child and the adults around them.

The Junior Marksmanship program strives to make every event a learning opportunity. We do this by constantly "coaching up", by focusing on the good and working to strengthen the weaknesses. I want to thank all of the coaches that come out every month and work tirelessly to give our kids these opportunities.

Dossier continued from pg. 3

Advertiser Shout-Out

I want to give a quick shout-out to RDL Tactical (advertisement on Page 2 of this newsletter) to identify their excellent service. They have cleaned, repaired and generally detailed all of the pistols for Junior Pistol and the Rifles for Junior Rifle so that we now have a great inventory of operational and excellent firearms. They are now starting to go through our Junior Trap shotguns next. Kudos to them for their excellent service at a reasonable price. If you are in the market for a new firearm or gunsmith services, give them a shot and thank them for their service to the EF&GA Junior Marksmanship Program.

Credit Where Credit is Due

Back in May, when we had plenty of rain to make the annual barbecue good and soggy, we all got together to make it work rain or shine. One of the items that made a huge improvement was the huge tent that we rented at the last minute to keep us all dry while we ate great food (Bekker's Catering) and enjoyed the raffle. In order to make the tent possible at the last minute, Allie's Party Rentals made the whole thing work and they did it all around our chaotic schedule. They waited until we finished the Work Party and then delivered and set up the tent before dark on Saturday evening. After the barbecue was finished, they made it out to the Range to neatly and quickly tear down and remove the tent without any issues. They made the whole thing look easy but their staff worked very hard to make it all easy for us. I meant to give Allie's Party Rentals a shout-out a few months ago but for numerous reasons it was excluded. I want correct that oversight now and let it be known publicly that Allie's Party Rentals provided excellent service and helped us out of a bind. My wife and I used them for our wedding many years ago and whenever my wife has a party at the house, we still use them to rent chairs and other party items.

TRAP CORNER

Range Improvements

We have a perfect storm brewing. Most of the electricity consumed at the Range is for the Trap machines and the Trap Lights. SDG&E is making matters worse by dramatically increasing the price of electricity from 4 PM – 9 PM. Rather than increasing the price of Trap and 5-Stand, we decided on another approach to reduce the cost of electricity. We are replacing the Trap light fixtures (16 x 1500w each) with brighter LED fixtures (16 x 500w each). We found a vendor in San Diego that can sell us the equipment for a reasonable price. At the time of this writing, we are working on selecting a licensed and bonded electrician to install the new fixtures.

Saturday Night Fun.

I want to recommend a new weekly practice that is going on at Trap on Saturday evenings. It started one Saturday afternoon while we were shooting Trap hand having a great time shooting 16-Yard Singles. Dan Doorman came over from the Pot Shooter's area and invited us to participate in a **Buddy Shoot**. After explaining how the game works, a few of us went over to give it a shot. In order to prevent any **Super Teams**, we were all issued a playing card after a good shuffle of the deck. The two people that were handed aces and made a team. The two people that were issued deuces became another team. This continued until everyone was on a team and had a location to stand in the line. In this game, each team (two people) has two shots to break each bird. Scores are calculated and ties are decided with a shoot-off. This whole game took about 20 minutes and we all had a great time.

Because the teams are randomized, we all get to meet someone new and have great fun while we are at it. If you are around on Saturday afternoon and you hear the announcement about a **Buddy Shoot**, give it a shot. It's a lot of fun and we all get to know each other better.

RANGEMASTER SOUND OFF

By: Jay Zimmett – CRSO • crsojay@escondidofishandgame.com

As I have mentioned before, safety is the most important issue while on the range and we do have a set of rules that we all must follow to help achieve that goal. Some of the rules may be a bit ambiguous (wording is not clear), and some are on purpose to allow you to use some “common sense”.

I will make it a priority to update the EFGA Range Manual and get a new copy published. Until then let me clarify a couple of items.

- If you have any range rule disagreement with a Range Safety Officer or get information you believe is incorrect, please follow their instructions, get their NAME (the old guy in the faded red shirt does not work) and let me know the details.
- Silhouette targets are allowed as long as it fits the paper target size for the range/frame in use. It must not look like a specific person (use some common sense here) and may not be a full size target that hangs off the frame.
- Short pistol range has a one target and size limitation. You may only have one target piece of paper, but that paper may have multiple “targets” on it. Remember all shots must hit the bank.
- Zombie targets are allowed; once again it may not resemble a recognizable person (that common sense thing again).
- Semi-automatic rifle legality and magazines with more than 10 rounds is the responsibility of the firearm OWNER. You may safely shoot any legal AR or AK (no steel core ammo), but YOU are responsible to make sure that it is legal.
- Concealed Carry – Key word here is “Concealed”, keep it that way. You want to show it to your buddy, take it to the firing line.
- Adding an audible indication that the range is Cold in addition to the current lights. Item is under BOD consideration and research.
- Firing line adjustment for Saturday night “Pot Shoot” Access from the 3 Trap ranges towards the Trap Club House will be blocked when shooting from the Trap Ramada Patio.

I was “accosted” at my local firearms dealer the other day by a few members and the owner in a lively discussion (thoughts of body armor flashed by)! I do appreciate a civil discussion regarding clarification of the rules and notifying me about range offenders; especially RSO’s...

As this is new member season, I will once again put out the call for those of you who would like to volunteer as a Range Safety Officer. You will get a Red Hat and Shirt that will make you the envy of all your friends (I am still working on tasers). Please contact me for further details.

By the time you read this Range Master Appreciation Day (RMAD) will have passed. It is one day that all the Range Masters, Shoot Chairs, BOD, and a few others have our day of shooting (Ren always wins), Prize table (Ren always goes first, cause he always wins) and good food (we make Ren go last...). I have purchased extra band-aides and tourniquets for the hatchet and knife throwing events...

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

High Power Rifle Match (9/14/2019)

Come join us for this competitive and fun shoot starting at 8:00 AM on the 100-Yard Range. This match is held on the second Saturday of odd months (January, March, May, ...) Early arrival is recommended. Any sights are allowed. Any centerfire caliber is allowed. The event consists of 4-position shooting. There will be unlimited practice rounds and then 10 rounds per position for score. One hour is the total time allowed. Members pay \$5 and non-members pay \$10. For more information contact Paul Hendrikson at 760-522-4660

Junior Marksmanship Donation Banner

In the Meeting Hall there is a white banner with the names of individuals and businesses that have donated over \$500 to the Junior Marksmanship Program. We are always accepting donations for this excellent program and all of the donations go to food and ammunition for the events. If you want to get your name and/or business logo on the banner for fiscal year 2019-2020 please do so soon because the new banner will be printed in September. For more information, contact Neil Pisk at 760-781-1289.

NRA Basic Shotgun Class (9/29/2019)

Learn the Basic skills to hitting a moving target. We supply the guns if you need one. Classroom instruction and live fire training will be from 8 AM to 5 PM. Contact Bud Smith at budsmith223@gmail.com or Dave Premetz, slixgunr@yahoo.com for details and registration, or register using the link to the NRA web site at <https://www.escondidofishandgame.com/classes/nra-basic-shotgun-shooting-course/>

EF&GA Member Success

Congratulations to Kevin Cooper for earning his Distinguished Rifleman Badge in the Civilian Marksmanship Program (CMP). The Distinguished Rifleman and Distinguished Pistol Shot Badges are the highest honor that most military and civilian rifle and pistol shooters can aspire to earn. Kevin, who is a regular shooter at our monthly National Match Course (NMC) match, put in a lot of time and effort at matches around the county, state and country to develop the skill required to achieve this award.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

CLASSIFIEDS

All sales must comply with Federal and State laws!

Browning T-Bolt Sporter (model : 025179202) bolt action; .22LR; 22" barrel; composite/synthetic stock; includes 2 magazines; manual, box, etc. NIB and never fired. \$590.

Browning SA-22 (model : 021001102): semi-auto; .22LR; 19 3/8" barrel; grade 1 walnut stock; includes manual, box ,etc. NIB and never fired. \$585.00.

Contact Neil at 949-648-0529

RCBS Reloading 2-Die Set, 30-30 Winchester P/N 14601 \$25.

Sightron SI 1x20 Rifle Scope, special made for states requiring no magnification on muzzleloader hunts, \$80.

Contact Bernie at 760-505-6537

Sig Sauer P-220R SSS (Stainless) Good Condition. Includes original magazine plus four spare magazines.

\$975.00 OBO

Contact Neil at 949-648-0529

Excalibur Equinox Crossbow - Scoped \$500

Excalibur Equinox Crossbow - Open sights \$300
Each comes with bolts, broad heads, and other accessories.

Contact Chris at 619-818-6747

Colt 1991 45 ACP – Series 80 in mint condition. Less than 500 rounds through the firearm. Comes with the factory case and magazines. Buyer pays DROS. \$900 OBO. Contact Darrin Eaton at 760-630-8339 or deaton@escondidofishandgame.com

Larry Rathbun - My nephew Scott asked me if I wanted to go hog hunting with him a few months ago and I thought why not, it has been many years since I have been out. I bagged this hog in June using a Mossberg MVP-LC with a Timney trigger in .308 caliber just north of Paso Robles. The guide dog's name is Bo.

BLACK POWDER NEWS

By Garth Warner

Last Contest: Our July contest was a Mid-Range with targets from 75 to 125 yards. Despite the scorching heat, we had nine pistol shooters and thirteen rifle shooters come out to slowly marinate in the heat. We had a BullsEye League Trade Gun contest on the first Sunday in August. This also had a good turnout, as the temperature was a little more moderate. BTW, what do you call a Muzzle Loading shooter that has to call his wife at home, to bring his balls out to the range? Ask Tom Arendell next time you see him at the range.

Next Contest: Our September contest will be Super Short Range, with targets at 25 to 75 yards.

This format is for those of you that have been thinking about getting into muzzle loading silhouette shooting. This is, by far, the easiest contest of the year. We will work with you to make sure that you understand the format, and have a good time. Categories for this contest are Single Shot Pistol, Cap and Ball revolver, (Percussion or Flintlock) Rifle, and/or Trade Gun.

Remember, this is for replica muzzle loading pistols, cap and ball revolvers, replica period rifles, (percussion or flintlock), firing patched round ball, (only), using black powder or BP substitute.

We also shoot a black powder cartridge class for those of you that swing that way. Cowboy Action guys are invited to see if they can actually hit a target at 25 yards and beyond, (with black powder, or BP substitute).

If anyone is interested in participating in any of the above for the first time, please feel free to e-mail or phone me with questions or concerns. Contact info is on our website.

On September 1st, the BullsEye league will be running a ML 3 Gun Aggregate. Contact Patrick Watson for more details. Contact info is on our website.

Other Stuff Upcoming: In October, the Bullseye League is running a Muzzle Loading Congress Trophy Event, for Rifle, Pistol, and Trade Gun. This is an ALL DAY multi discipline event, that is as much an accuracy contest, as it is an endurance test. There are individual events for percussion rifle, flintlock rifle, single shot pistol, and trade gun. You are encouraged to enter those individual events that you have equipment for. You are not required to enter them all. There is a hard cut off date for registration on Sept 29th. Entries after this date will NOT be accepted. Contact Tom Arendell at tarendell@sbcglobal.net for entries and more information.

Sheep Dog Academy - Coming in October

By Norm Porst

Overview:

Sheepdog Academy is designed for EF&GA members with a current California CCW permit and current CCW insurance to participate in small group discussions about actively carrying a concealed firearm in California and live fire training. The event will include holster draw, threat and hostage simulations.

Requirements:

Must be an EF&GA member in good standing with a current California CCW permit and current CCW insurance. Permits and insurance will be checked. Members will be asked if they plan to actively carry their firearm. Personal carry insurance is to show responsibility and a serious desire to carry responsibly. As a sanctioned event the current green sheet will be the liability release. No fees will be charged.

Equipment:

Only firearms listed on the CCW will be allowed, this will be checked. Proper concealment holster, and mag carriers if desired. Ammunition will be factory loads only. Eye protection will be everyday glasses or clear eye protection. Appropriate ear protection is required. Everyday concealment attire is required. No fishing, trap vests etc.

Location, Days, & Time:

Trap Pad # 1. Academy will alternate between Saturdays and Sundays. Start times 7 to 8 am. Other days may be used.

Course of Fire:

This will not be a competition and there will be no timed courses of fire. Timers may be used to measure holster draw time. Holster draw will be concealed inside or outside the waist band at the three o'clock position. At this time all other draws (ankle, rear {four o'clock}, appendix, etc.) will be done with training (inert) firearms only. Cardboard IDPA targets will be used at three to seven yards. Shooters will go through various drills as discussed by the group with the goal of assessing a situation, safely drawing from the holster, and bringing an end to the threat. All live fire drills will include an RSO.

Group Size & Ability:

Groups will be limited to eight to ten members at a time. Pre-registration will be required. Groups will be a mix of experienced carriers with those members new to the carry community and who want to ask questions, exchange ideas, and train to become a responsible carrier.

If you are interested and meet the requirements, or have questions email me, Norm Porst, at nwporst@gmail.com I will notify anyone who is pre-registered by email when an event will be held. The first eight to ten respondents will be invited to that event. I will rotate rosters to give as many as possible a chance to join in.
