Dear Member:

Education has many meanings in today's environment. Developing classes, a monthly newsletter and arranging for occasional guest speakers to address our membership are some of the ways we internally provide educational opportunities to our members.

Another way we assist our members is through an annual scholarship program.

Our program (which consists of up to FOUR (4) available scholarship awards of \$500.00 each) is open to our members, their children and grandchildren ages TWENTY THREE (23) and younger.

What better way to achieve our general goal of enhancing the education of our young adults than to play a part in assisting our members and their families in achieving their individual (or family) educational goals?

When filling out the attached application, please indicate who the applicant is (member, child, grandchild). Remember, if the scholarship applicant is an eligible family member, then the **EF&GA member has to complete and sign page four {4}** of the application form. Whether the applicant is an EF&GA member or an eligible family member, they must also submit a copy of registration or matriculation documentation including proof of payment from the attending educational institution in order to have their application and essay considered (see attached application and program description for more details and rules).

As you participate in this application process, we want to wish you (and/or your family) the best in your educational endeavors. Thank you for participating in this worthwhile program that we can all feel proud of.

Fraternally,

Neil Pisk
Scholarship Committee Chair
