Civilian Marksmanship Program • National Shooting Sports Foundation

Linda's Lines

It's August already and we are still operating under restrictions. We will be holding an outside general meeting on August 13th, 2020. If we start at 7:00 pm we should be able to get some business taken care of before dark. Also we have those awesome trap lights so we should be able to move around without breaking our necks.

We have received a number of reopening plans. If your favorite event is not yet scheduled, please contact the shoot chair for that event. They are responsible for the plan for each discipline. We hope to have most of the events scheduled by the time you receive this newsletter.

I know we have started some of our events (good for us) and more will be coming. Please watch the distancing and don't forget your masks. We don't want to be shut down because someone doesn't like the mask restriction or is standing too close.

We are still going to collect diapers, clean ones please, and toys for Camp Pendleton. I spoke to Vicki from the Chaplain's Office and they are looking forward to getting stuff from us. We need to support the families of our service personnel. They help us, let's help them.

Your Board of Directors is working hard to keep things moving forward. If you have suggestions please let us know your ideas. We take all suggestions and do our best to act on them.

Please take care of yourselves. Hope to see you soon, on the range.

Linda

SUMMER

DARRIN'S DOSSIER

environment so that the shoot chair can iron out the finer details of running their respective events while remaining compliant with State, County, and CDC guidelines. The plan is to start small, learn as we go, and expand when it is prudent and practical. We consider this the *Crawl, Walk, Run* method.

As we learn from this process, we are passing that information to the other shoot chairs so that we can all improve as we go. Our next step could be expanding certain events to permit non-members that have been hand-selected by the shoot chairs. This could increase the number of participants while maintaining control of the events.

The next question would be *What is the status of my favorite event?* On the calendar, in [square brackets] it shows the location/status of the event. If the location/status is [Members Only] then that event is still in the early stage of reopening. For the best and most current information, I would recommend using the web site and direct contact with the shoot chair.

Make Time to Attend a General Meeting

We are going to have our first COVID compliant General Membership Meeting on 8/13/2020 at 7:00 pm. The plan is to set up chairs on the Trap pads so that we can keep them spaced far enough apart to accommodate social distancing. There will not be a raffle but there will be the typical drawings for the Attendance Prize and the Door Prize.

Elections (9/10/2020)

Because we are finally going to hold General Membership meetings we can finally get the elections rolling. Nominations will be available at the August (8/13/2020) and September (9/10/2020) meetings. The offices of President, Vice President, and Secretary as well as three Director positions will be on the ballot this year. After the September meeting, the ballot process will begin. In order to vote, you must be present at the September meeting and have your EF&GA badge in hand with the annual sticker on the badge proving that you are a current member in good standing. The votes will be counted that night by the Election Committee and the results will be announced later that evening.

Crawl – Walk – Run

I get a lot of phone calls and emails asking about how and when we will be able to get our favorite events running again. As I stated last month, we are working to get each event running in a small (members only) controlled

August 2020 InterClub Trap Shoot

Hosted by
Escondido Fish & Game Association

When: 8/22/2020 - Sign ups begin at 8:00 and first squad will be out before 9:00

Where: 16525 Guejito Road, Escondido, CA 92027

Cost: \$30 for the 100 targets and lunch is included.

COVID-19 Protocols will be required and enforced.

- Social distancing is required during the event.
- Face masks are required while in close proximity to others.
- Temperature screening and statements of wellness will be completed during the sign-in process.

Come and enjoy this fun event and see the shooters that we only get to see at these events. All shooters are welcome to participate in this family-friendly event.

- Shoot two rounds of 25 from 16 yards and two more rounds of 25 at Individual Handicap (distance calculated by your score in the first 2 rounds).
- Lunch will be served while the handicap squads are being calculated.
- Trophies from the last InterClub event will be awarded during the lunch break.

Be there or be square!

Lead Mining

One of the features of EF&GA is our commitment to conservation and being good stewards of our property. In order to properly maintain our Range, we need to periodically mine the lead from the South side of the property. We are going to be mining the Pistol Range on August 14th – 16th. The plan is to scrape the hill with an excavator on the 14th to create a stockpile of paydirt, stack sandbags to control erosion on the 15th, and process the paydirt on the 16th. Range closures are noted on the Calendar for the Pistol and Trap Ranges so that we can perform the work safely. If you are interested in helping out with this project, contact Chris Cote or myself (Darrin Eaton).

Work Party (8/16/2020)

At the last Work Party in June we learned that we can do an outdoor Range clean-up while practicing social distancing and wearing facemasks when we are close to others. Because we have not accumulated a lot of broken clays on the Trap Range, we have a very different set of projects scheduled for the August Work Party. We are still concerned with brush abatement because we expect the fire season to be very active this year. We also have some landscaping and fence work to be done in and around the Campground. We will also be working on the Lead Mining Project so there will be plenty of work to be done.

Help Wanted

As this newsletter has grown over the years I have always encouraged additional content from other authors so that it is not primarily my voice alone in the newsletter. If you have decent composition skills and enjoy writing, please feel free to contact me to discuss how you can participate. The best way to contact me about newsletter items is via email at newsletter@escondidofishandgame.com

RANGEMASTER SOUND OFF

During the last few months there have been more casual shooters using the range than normal due to the cancellation of organized matches and the virus lock down. This is a excellent way to get out of the house, get some fresh air and enjoy the smell of gun powder...

One thing I have noticed and has been pointed out (phone calls and emails) is that some members, BOD and RSO's have "forgotten" some of the basic rules of firearms safety! Please remember everyone is a Safety Officer on the range. If you see something unsafe please confront the person and/or get details (date, names, pictures, etc.) and let me know.

We also have a large group of new members joining us and I would like to go over the basics again.

Rule # 1 – All firearms are loaded until you prove otherwise to yourself and others on the range. When you bring a firearm to the range please take it to the shooting bench/table to remove it from it's case.

Open the action remove any magazines and if you have a chamber flag insert it so others on the range know it is unloaded.

Please do NOT unload your firearm behind the firing line and all the shooters. Then sweep everyone

while you take it to the firing line. The reverse is also true when you are putting your firearm away. The purpose of this request is if by chance (and I know it would never happen to YOU) the firearm has a round in it and it goes bang it's pointed down range and safe. PLEASE....

Rule # 2 – See Rule # 1! There are no do-overs with a firearm once it goes bang. They are not toys and should never, ever, ever be pointed in a direction that is not safe, especially if it is loaded. Remember every round (you are responsible) down range has a lawyer behind it... Think about that for a moment.

Rule # 3 – Keep your "booger hook" off the trigger until you are ready to fire; then take your finger off until you are ready to fire again.

Rule # 4 – See Rule # 2! When target shooting know "how" you are hitting. You may be hitting center target but top of the hill. Make sure your angle and target placement is correct so that you are hitting the middle of the bank.

Attention: Range Safety Officers and Shoot Chairs

Regretfully due to virus and social distancing we will not be having Range Master Appreciation Day (RMAD) this year. That does not mean I don't appreciate you! Thank you for your service!

BLACK POWDER NEWS

July COVID-Compliant Match

Set-up took about 90 minutes per the description in the newsletter last month. We had five Pistol shooters and eight rifle shooters. We had a designated Health Safety Monitor for the entire event. Brad had a bad day. Everyone else seemed to do pretty well. Tear-down took about 25 minutes with lots of bodies to help. This was the Super Short Course with targets at 25, 50, and 75 yards.

Everybody wore masks without too much complaint. (Note: The Board of Directors authorized removing your mask on the firing line while you shoot, then putting it back on again when you step back). I had posted "Masks Required Beyond This Point" signs around the outside of the shoot house. I also brought a bottle of hand sanitizer to set next to the green range sign in sheet. Ray had some problems in the first relay with a hammer/nipple misalignment problem. We fixed it for him and he ended up shooting pretty well. I had an ice chest full of water to keep everyone hydrated. As a consolation prize, I had cold beer to give to the bottom three finishers. (Brad got two). It was a small turnout, but about what I expected. We did it safely.

TRAP CORNER

Reopening – Starting Small

Well, we are finally starting to shoot Trap again. In the spirit of the *Crawl, Walk, Run* method we have started back up with Saturday events (Trap and Pot) in a small **[Members Only]** environment. We are getting used to the idea of having a Health Monitor around and we are practicing social distancing, wearing masks, and sanitizing equipment during the events. I want take this opportunity to thank everyone who has stepped up and helped out with this process. Both Pot and Trap have had great participation with lots of people volunteering to help out. The cooperation on all sides has been very encouraging. For more information on the other Trap events (Tuesday mornings and Wednesday evenings) keep an eye on the web site because this will change over time.

InterClub at EF&GA (8/22/2020)

We will be hosting the InterClub in August and I am always looking for volunteers to help run the event. This year we will have the additional complication of the COVID compliance procedures so we could use some more volunteers. If you are interested, please contact me and I will be eternally grateful. Every year this is a fun event filled with friendly competition. The number of people who help are is directly related to how smooth the event goes. The smoother the event goes, the more fun we all have.

Check the web site for up to date information.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.

TRAINING CENTRAL

NRA Basic Shotgun Class September 13th, 2020 Sunday 8am-5pm

NRA Basic Shotgun Class. Location: Escondido Fish and Game Association 16525 Guejito Rd, Escondido Ca.

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.

To reserve your spot call or email:

Bud Smith 858-922-6489 budsmith223@gmail.com

Dave Premetz 760-489-1082 slixgunr@yahoo.com or register online through the NRA at www.nra.org

Bud Smith: Chief Range Safety Officer/ Range Safety Officer,

Certified NRA Instructor: Certified Muzzleloading Rifle, Muzzleloading Pistol, Muzzleloading Shotgun, Refuse to be a Victim, Basic Rifle, Pistol and Shotgun.

David Premetz: NRA Training Counselor/Chief Range Safety Officer/Certified Instructor for Rifle, Pistol, Shotgun, Range Safety Officer, Personal Protection, Home Firearm Safety.

California Department of Fish & Game - Certified Hunter Education Instructor.

International Bow Hunter Education Federation - Certified Bow Hunter Instructor.

JUNIOR CORNER

Soon you will notice a new kiosk at the pistol range, thanks to one of our Junior shooters.

Jared Johnson has been a Scout with Carlsbad Troop 750 since 2008. He currently holds the rank of LIFE Scout. Since the beginning, Jared's goal was to achieve the rank of Eagle Scout. As part of his journey towards his goal, Jared has completed his Eagle project by soliciting, planning and building a new kiosk for the pistol range. Over the years, Jared has enjoyed participating in many events at Escondido Fish and Game. In fact, he earned his Rifle Shooting merit badge, thanks to his participation in the events. In total, Jared has earned 36 merit badges. He is proud of that fact that his project will benefit many people over the next few years and will further add to the improvements at the range. He was happy to give back to a program that has done so much for him. Jared plans to be a long time member of the Escondido Fish and Game Association.

The Escondido Fish and Game Association is very proud of Jared and his accomplishments. We would like to thank him for his hard work and dedication to the range. We look forward to seeing Jared at the range for many years to come.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

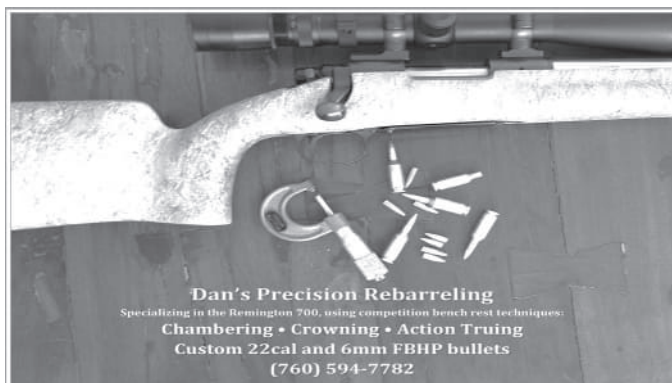

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.
