Linda's Lines

Ho, Ho, Humbug!

Actually Merry Christmas, Joyous Hanukkah, Happy New Year to all.

Another holiday season, another month of quarantine. When will it end?

We are doing our best to follow the rules. Keep up the good work.

The December meeting will be great, hope to see all of you there. Even though we have to wear masks, there will be lots of smiles...hopefully.

We are doing our best to keep the range in good shape and will continue to do so.

Several projects are completed and even more are underway. The 100-Yard Range is on hold until Ed Migdal has recovered from surgery. Keep him in your prayers. Also, Pete Olsen had surgery and is getting better. Stop with the hospital stuff please!

The "Joy" drive is proceeding well. Lots of toys and diapers collected, but more will be appreciated by the families at Camp Pendleton. We will be delivering on Friday the 11th of December so be sure to bring the donations before that date. Thank you for your generous support.

Remember the reason for the season and may God bless each one of you.

See you next year!

Linda

DARRIN'S DOSSIER

spin. Sure, we had a nationwide pandemic but we also figured out how to make vaccines in one quarter the time that it has taken in the past while automakers figured out how to produce medical equipment in great volume. Businesses, schools, and churches have been forced to shut down their brick-and-mortar locations but they also figured out how to work from home, expand distance learning, and meet online to worship together. Our shoot chairs and the COVID-19 Committee got together and came up with a method of running our events while maintaining compliance with County, State and CDC guidelines. As an Association, we have figured out how to move more of our activities outdoors and continue with the business of being an Association. We held an election and installed a new Board of Directors with entirely outdoor meetings. While events were suspended, we excavated the Pistol Range and did lead remediation while improving the profile of the hillside providing a better backstop for Pistol shooting. Rather than complaining about how much we hated this year, we should look back and appreciate what we have accomplished in the wake of an otherwise adverse situation.

🔪 No Meeting in November

The November General Membership Meeting was cancelled because the County of San Diego fell into the 'purple' status level. Because the weather was not cooperating, we could not hold the meeting outdoors.

🔪 Annual Holiday Meeting (12/10/2020)

After having to cancel the November meeting, we didn't want to cancel the December meeting as well. We have come up with a way to hold the meeting outdoors. Allie's Party Rentals came to the rescue and has rented us a large tent as well as eight outdoor heaters. The tent will provide us with additional space to accommodate social distancing as well as room for a very large prize table for the raffle. Masks will be required when and where social distancing is not practical. Our plan is to continue to be compliant with County, State, and CDC guidelines. I highly recommend attending the December General Meeting each year and 2020 is no exception. I know that there are many raffle prizes and other special drawings that are always great fun.

As with all events during these uncertain times, check the web site for up-to-date information.

🔪 Reflect and Be Grateful

This past year has been very eventful for the Nation, State, County, and local communities. Lots of people around just want 2020 to end and to forget about the whole year. I'm looking at it all with a more positive

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Joy Drive 2020

A few years ago, Linda Linaker voluntold me to help deliver the toys and gifts to the Chaplain's Office at the Hospital on Camp Pendleton. I figured that it was just part of owning a pickup truck so off I went. What I thought would be a chore soon turned into a great honor. The more that I learned about it the more that I wanted it to succeed. This event is designed to have all of our donations delivered directly to the families of our men and women serving our great Nation in the Navy and Marine Corps.

Coming from a Navy family, I thought that I had an idea of just how important this is. My parents often told us stories of how my mother figured out how to feed three boys and a girl on military wages. They never complained about being broke, they simply stated that they always had to be creative with minimal resources.

On October 27th, 2020 my point of view was changed forever. My son who is serving in our great Navy and his lovely wife made me a grandfather. My grandson was born in a Navy hospital and they are all starting out as a new family on base housing in Norfolk, Virginia. They are learning that diapers are expensive and that time and money for leisure activities is thin or non-existent.

Programs like the Dave Ransberger Memorial Joy Drive help to fill the gaps for our military as well as demonstrating to them that we do appreciate their service and are grateful for their sacrifice to our Nation. If you want to contribute to this great cause, please contact Linda Linaker. We are accepting donations of new, unwrapped toys as well as new (unused) diapers. Any cash that is donated will be converted to gift cards for the kids. Any contributions are appreciated.

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

As we all know, the Junior Marksmanship program has been temporarily suspended, since mid-March, due to the Covid-19 pandemic. Hopefully, we will be allowed to start up again early next year. Please know that we miss seeing those smiling faces every month and we are looking forward to getting the program started again, as soon as possible.

Since we were only supposed to have no more than 6 people for Thanksgiving, but we were allowed to have 30 people for funerals, I'm sure that most of us decided to have funerals for the turkeys. The following is a eulogy, for the turkey, that was written by Ren Everett.

Eulogy for a Turkey

"Welcome friends and Family. We are gathered here today to celebrate the life of Tom T. Gobbler. Tom was a good turkey; he lived a happy and peaceful life on the farm. Before Tom's passing, he made one request, that he be semi-cremated and shared with all the people that loved him in the hope the he would provide nutrition and happiness for the rest of the day. So today we honor Tom's request. As you partake of Tom today, please say a thank you for his sacrifice and for the nutrition we are about to receive. Amen."

Why I do what I do at EF&GA

A few weeks ago, I started asking some of the people that are responsible for the Junior Marksmanship program, why they do what they do. Some people gave short answers like "I do it for the kids". Others said they do it to give back to an association that has given so much to them.

Ren Everret - It started back 15 years ago in 2005. I was a newly retired Marine, and a newish member of EF&GA. Frank Alessio asked me if I would take over the Junior Rifle program. I said yes, due to most of my time in the Marines was spent either shooting or teaching it. Junior Rifle was a perfect fit and I don't plan on giving it up any time soon. Why I do the other things I do for the Association: BOD - For many years, write the NRA grants and gold medal club sub-

missions and I have served on a few committees when work allowed? I think that when you are part of an Association, life commitments and personal skills dictating, you should do what you can to preserve, improve, and help the Association prosper. I like to think that I have given back to the Association almost as much as I have ever received.

Patric Russ - During my time in the Marine Corps, I was given the job as the local coordinator for Toys For Tots program. It was there that I started to really understand the benefit of giving back to the community. Seeing children that wouldn't normally get a gift for Christmas, receive 3 or 4 gifts plus a stuffed animal and board game and how their faces would light up when Santa visited them was a very heartwarming sight. After getting out of the Marine Corps, I started working at North County Shooting Center where I found out about trap shooting at Escondido Fish and Game. That is where I met people like Kurt Nelson, Ed Migdal, Darrin Eaton and Linda Linaker. I also met Julie Olmstead, someone that I had gone to high school with but hadn't seen in many years. Not long after that I was asked, by Julie, to come help out with the Junior Rifle program. After that first Sunday, I was hooked and I kept coming up to coach. That quickly grew into helping in the armory and working on the firing line with Kurt Nelson. Not long after that, Kurt asked myself and Patrick Watson take over the Junior pistol program. That was about 8 years ago and I have never regretted a minute of it. Now I run the line for both the Junior Rifle program and the Junior Pistol program. I also started the Junior Coaches program with the help of Darrin Eaton. Working with the Junior Marksmanship program has been very rewarding. I firmly believe that I have gotten far more from the program than I could ever give back. Personally, I am very proud to be a part of such an amazing program.

Since this is the holiday season, I would like to remind everyone to give to the Escondido Fish and Game's annual Joy Drive. As I said before, I was a coordinator of the local Toys For Tots program for many years. I can tell you first hand that these toy drives make a differ-

Junior Corner continued on pg. 5

Junior Corner continued from pg. 4

ence in the lives to not only the children that receive the toys but also the parents of these children as well. All for the donations to the Joy Drive go directly to the children of Marines and Sailors stationed on or around Camp Pendleton.

During my first couple years with Toys for Tots, I would stand in front of local businesses collecting toys for the program. I was great to see everyone donating toys but one little girl made a donation that I will never forget. As she and her dad walked into the store she stopped at the box of toys and asked me why I had so many toys. I kneeled down and tried to explain to her what we were doing with the toys while trying not to traumatize her. Evidently, she understood and proceeded to go shopping with her dad. About 30 minutes later, she came out of the store with a doll in hand. She came up to me and handed me the doll and said "Please give this to a kid that won't have none". I took the doll and thanked her for her donation. I also thanked her dad as I figured that he had bought the doll for her to give to us. But, the father said that his little girl had wanted to go to the store to get a doll that she had saved her money to get. It was her money and her decision to donate it to another child. When I asked her about it, she said that she could what for Santa to bring her the doll and the she wanted that doll to go to someone else. This little girl understood more about life than most adults that I have known. This happened nearly 20 years ago and I can remember it like it was yesterday.

The Junior Marksmanship Program would like to wish everyone a very Merry Christmas and a very safe and happy New Year.

TRAP CORNER

Turkey Shoot (11/21/2020)

This year the Turkey Shoot went on as usual, sort of. Because of COVID-19 requirements, we had to do the usual temperature scans and statements of health. Also, the event was limited to just Members and Invited Guests. With all of the restrictions in place and a smaller group of participants, we all had a great time.

5-Stand Changes Coming

I have a love-hate relationship with 5-Stand. I love to shoot 5-Stand and I hate my scores at 5-Stand. The only way to improve my scores is to practice more. Because I still have a day-job, Tuesday mornings are not an option so like the rest of us working-stiffs, my only opportunities are on Wednesday nights.

While we are still under COVID-19 restrictions, we are working with smaller groups of participants. Because of this, Wednesday evenings only have 5-Stand on the 1st and 3rd Wednesdays each month. Another contributing factor is the amount of effort involved in setting up and tearing down the machines. We are investigating and researching a number of ways to make 5-Stand more reliable and faster to set up and tear down. Over the next few months, we will be looking at ways to improve the electrical infrastructure as well as the downrange structures to accommodate a better variety of machines.

In the meantime, people volunteering to help set up, tear down, score, etc. help it all run smoother. If you are shooting any sort of event, please be sure to thank those around you that are helping out.

RANGEMASTER SOUND OFF

by Jay Zimmet

For the last few articles, I have spared you from my normal whining about our Safety and Association regulations at the range, but I am back this month with a big pointy stick since they won't give me a taser (yet)...

Critters - I would like to remind ALL members and their guests that the Escondido Fish and Game Association regulations prohibits the killing, harming or harassing of any wild life on the Range. Violation of this will result in suspension or termination of your membership. Depending on the incident you may also be prosecuted by Law Enforcement (California Department of Fish and Wildlife) and will be responsible for any fines and punitive actions.

Cold Range - When the range is COLD (people going down range, blue lights on) you may only sweep brass behind the Yellow and in front of the Red line. You may NOT be BETWEEN the Yellow and Red lines. You can setup or retrieve your target. You can not be doing anything else with your gear or firearms!!!!

Unloading/Loading firearms from a case - Please do NOT Unload or Load your firearm(s) from it's case behind the firing line. You will be sweeping the shooters on the firing line and it is a violation of our safety regulations. Take the bag/case to the firing line or bench and remove it from it's case pointed down range. Verify the firearms is unloaded and then action open (chamber flag if you have one).

Guests - You the member are responsible that your guests understand and follow our range rules. You the member are accountable to EFGA for their actions.

Range Trash - The RSO's are not your Mother and are not here to cleanup your brass (unless we want it) or used targets. Please cleanup your

shooting area. And when you bring your target frame back tear off the old shot up targets. Also, please stop dropping live ammunition in the parking lot! At least someone dropped a Cowboy load (45-70 which was used to hunt Buffalo).

Lost & Found - I have enough staplers, spotting scopes, glasses (some prescription) and water bottles. We do have a lost and found, please contact us and we will see if anyone turned it in. Also, PLEASE remember to bring all of your FIREARMS home with you.

Happy Holidays - This time of year is not just for Christmas and I wish everyone a safe, healthy and Happy Holidays. May you find some ammo or primers!

Cold Range:

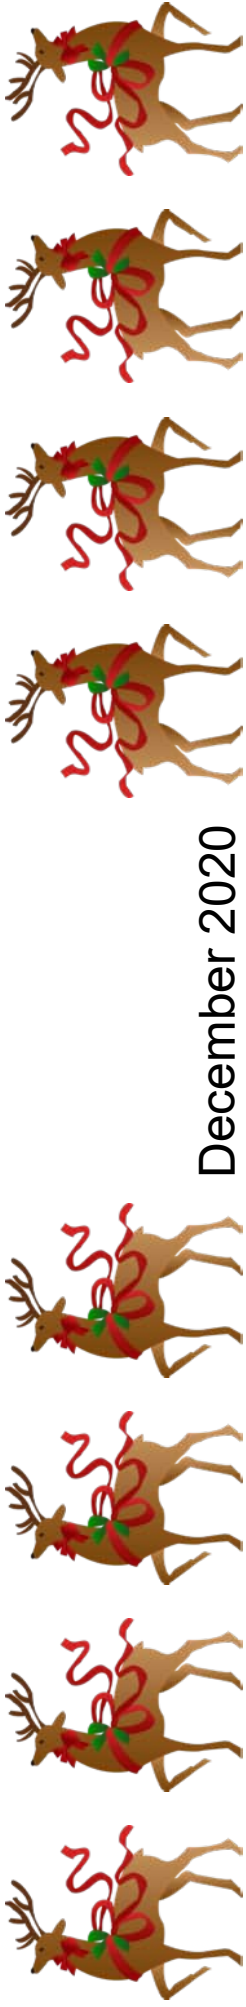

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

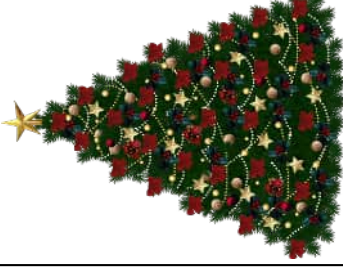

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

BLACK POWDER NEWS

by Garth Warner

Covid-19 Update: Basically no change at the time of this writing. ML contests continue to be run with both Mask and Social Distancing requirements. The range house tables are moved to maintain separation between contestants. Scores are recorded by a single person to avoid grouping. Volunteers are welcome for Safety Officer duties as well as target set up in the early AM, and take down at the end of the contest.

Last Contest: Was scheduled for Oct 25th. This was set up for a Long Range event. As soon as we finished the first relay of the Pistol competition the skies opened up and we had to pause for a rain delay. As per our long standing tradition, rain day contests are set up for Super Short Range so shooters can shoot from under the edge of the range house. Volunteers David Erickson, Jerry Straw, and Dan Crane all helped move our targets and frames from the Long Range course to the Super Short Range course. As soon as we got things reset, the rain stopped. It did not rain again until the contest was over. It did start raining again as soon as it was time to put everything away. 2020 is such a great year. Thanks again to the volunteers for their help, and congratulations for the hours you earned towards your volunteer hours requirement.

Next Muzzle Loading Silhouette Contest: This will be scheduled for December 27th. For this contest we are going to break with tradition and set up a "Walk Through", "Unknown Distance", event. There will be 9 standing targets at various ranges from 25yds to 100yds. Two shots at each target, one point for each "hit". This will match our 18 point possible score for the other contests this year. You will need to pair up with a partner or team. Each contestant will carry his/her partners/team members scorecard, Partners or teams need to shoot together as a socially distanced group. A 6ft separation is mandatory for all shooters. Family members or spouses cannot be on the same team. You can load from the bench or from a pouch. Because setting this up is labor intensive, I will need some help in getting it together and hammering in the targets in the early AM. Your help, and/or volunteers, are welcome. If this becomes a rain day, then we will set it up so you can shoot from under the

eaves of the 150yd range house. If you have not shot a "Walk-Through" contest before I think you will find it to be a nice change of pace. If you're tired of the holidays and want to get away from visiting relatives for 5 or 6 hours this will be a good excuse... Come on out.

Next Muzzle Loading Bullseye Contest: Nothing scheduled in December. ML Bullseye League contests will resume in January 2021. Watch for an event listing in the January newsletter.

Archers Of the Lake Primitive Archery: Primitive Archery will resume in January 2021.

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.

Season's Greetings

The holiday season is upon us so I want to take this opportunity wish everyone a Merry Christmas, a Happy Chanukah, a Fabulous Festivus, or a wonderful... whatever you choose to celebrate. It is great that we all have the freedom in this country to choose what we celebrate and how we choose to do so.

While I'm on the topic of the holiday season, please remember to practice safety with friends and family. If you have had a little too much liquid cheer, there is no reason to put yourself or others at risk. We are constantly teaching each other about personal responsibility with firearms and a vehicle can be just as deadly especially when one is impaired. In addition to the safety and personal responsibility reasons, a limousine for an entire evening is about 1/10th the cost of a DUI if there is no damage or injuries. In those terms, an Uber or a taxi is dirt cheap. If you are truly want to be responsible, you probably shouldn't go to holiday parties at all this year until we all have access to a vaccine and we are not under State restrictions.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
