Linda's Lines

It's hard to believe that 2 years have passed since I took office as President of this Association. What a strange and wonderful 2 years it has been. I don't think I can list all the changes and challenges that have taken place in our world, both at large and at the Range.

We implemented range improvements that had been discussed for some time, ie. trap lights, short range pistol, stage reconstruction, to name a few. What a great Board of Directors. Thanks to all of you for making my life easier.

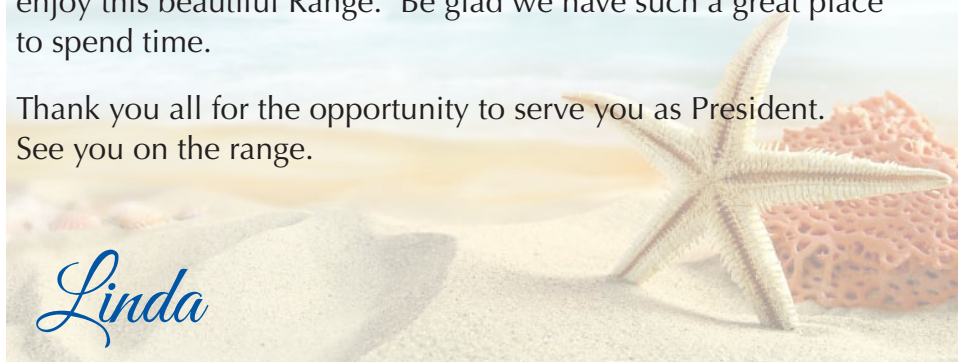

COVID kicked us in the teeth, with having to shut down for so long. I won't miss the masks! We are opening up our programs and I hope that we will be up and running by July with everything.

Our 75th anniversary barbecue was great. Lots of smiling faces, good games, great food, in spite of the rain. Hopefully, next year no "liquid sunshine".

John and I are planning a couple of small trips later in the year. We have family from California to Key West and hope to be able to see some of them now that we have been released from COVID restrictions.

I have a couple of small requests as I leave this position. First to Darrin, learn to delegate! Gina will be much happier with you. Second to Scotti, don't worry about the newsletter, you will have lots of help. And lastly to the members, take time to enjoy this beautiful Range. Be glad we have such a great place to spend time.

Thank you all for the opportunity to serve you as President. See you on the range.

DARRIN'S DOSSIER

One Heck of a Barbecue

So, we finally had the barbecue and due to relaxing COVID restrictions, we were able to hold a great outdoor event. It seems like we all have had enough of being cooped up inside without social interactions for so

long that nothing was going to stop us. The weather tried not to cooperate but we all showed up despite a little rain.

The events were great and everyone had a great time with the Tomahawk, Archery, Black Powder, 22 Rifle, Trap, Casting, Air Rifle, and Cowboy Action. The drawings and raffles were great fun as well with lots of great prizes.

As usual, the food was excellent and Berkker's Catering did a fantastic job of serving the people quickly, efficiently, and professionally. Before lunch, Bekker's had a crew of servers handing out appetizers and a station for fresh fruit. This was added to make the event even more special in celebration of our 75th anniversary. Lunch was served with speed and perfection with generous portions and top quality ribs, chicken, beef and all of the sides. Every year I am amazed at how well Bekker's executes their jobs at this event.

Just a note of THANKS

I just want to say thank you to all that braved the cold and sometimes wet weather, to come out and celebrate our 75th Anniversary barbecue blowout. Many thanks to Bekker's Catering for a great job with the food. (Bacon wrapped dates, yummm) .

This event could never take place without the seemingly tireless efforts of a slew of volunteers, and I want them all to know how much we appreciate you. A very special thank you to the Escondido Sea Cadets and the Young Marines. Their presentation of colors was perfect. Again, thank you all,

Neil

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, **Mark Baldwin** won the \$25 door prize. Had he attended the meeting, **Cris Riemersma** would have won the \$300 Attendance Prize. Next month it will go up to \$400. The next General Meeting is 6/10/2021. If you don't show up, you can't win.

Donor List (5/13/2021)

Thanks to all who donated to the raffle table at the last General Meeting – **Julie Marks, Mark Baldwin, Bill Williams, Bud Smith, Rich Hall, Bob Leider, Debbie Sanfilippo, Linda Linaker, Richard Lawrance, Wayne Brunner, Joanne Anderson, Rich Oberle**

Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is **Bud Smith**. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

Elections (5/13/2021)

At the last General Meeting, we held our annual elections as defined in the bylaws. I want to publicly recognize the Election Committee, **Elvio Marchi** and **Al Anzelone** for doing a fine job of running the election and counting the votes with professionalism and honor.

Below are the nominees for each position:

President	Darrin Eaton
Vice President	Mark Baldwin
Secretary	Geoff Orchin
Director	Ed Migdal, Patrick Russ, Yosi Boubilil, Gary Fukuda, Jack Starlin, Tim Hoy, Dave Robertson

First of all, I want to state that I have been handed the honor of serving as President and I will work tirelessly to live up to the high bar that has been set by my predecessors. I have some very big shoes to fill. Next, **Mark Baldwin** has been elected Vice President and I am more than confident that he will serve with honor and distinction as he has done with everything else that I have seen him do. Also, **Geoff Orchin** was elected to continue serving his life-sentence as Recording Secretary.

Looking at the list of seven people running for the four open Director positions, I would be happy to work with any and all of them. I have worked with all of them for years in many capacities and I know their character and commitment to our great Association. The four with the most votes were (in no particular order) **Ed Migdal, Patrick Russ, Gary Fukuda, and Jack Starlin**.

I'm looking forward to a challenging and prosperous year for the Association. It's always good to get new craniums into the Board so that we can get new ideas and fresh enthusiasm.

Steel Targets!

Well, we have been talking about them for a long time and they are finally here. This is a prototype enclosure for steel targets on the 100-Yard Range. The enclosure is for the four shooting positions (two benches), on the far right side of the Range. If this works well, we plan to expand it to the next four shooting positions as well. The enclosure is designed to contain the splatter from rifle rounds hitting the AR-550

steel targets. This is designed for use with 30 caliber and smaller rifle rounds.

We should not have to repeat this again, but steel in any projectiles is still NOT permitted. Besides the fire hazard, steel in the projectiles will damage the targets. If the steel targets are torn up too quickly, we will be forced to remove them entirely. If you see someone next to you with questionable ammunition, politely inquire and offer to test their ammo if you have a magnet handy.

At the time of this writing, the targets are suspended by steel cables. We are testing various methods of hanging the targets to find out what will be easy to maintain and effective.

I want to take this opportunity to publicly thank **Dave Robertson** and **Gary Fukuda** for the time and effort that they have put into this part of MOAPL (Mother Of All Project Lists). People keep telling me about how much they like this new feature of the Range but I can't take credit for much of it. Dave and Gary did all of the heavy-lifting on this one.

MOAPL Update

We are coming down to the home stretch of the MOAPL (Mother Of All Project Lists). I wanted to throw in a quick update on the status of the big items on that list.

5-Stand Improvements – The concrete and electrical work has been completed. We are waiting on the shipment of the plastic Trap machine covers for the permanent machines (#1, #2, #4, #7). At the time of this writing, I received tracking information for the common carrier shipment leaving Kentucky this morning.

Trap Safety Lights – The fixtures have been painted with rugged bed-liner paint and the electronics should go in this month. We still need to do more painting of the Trap bunkers so if you want to pitch in, please let me know.

Pistol Short-Range Extensions – The GREEN target slots are in place and operational with matching GREEN target frames. The new alcove for the target frames is also in place and operational.

Well House Conversion – The old well has been legally and properly decommissioned and the old well house has been improved with a new concrete floor, new electrical, and a cutout for a new soda machine.

Air Compressor – The equipment is installed and bolted to the floor. At the time of this writing, the plumbing from the compressor to the target-turners is missing a short segment and that should be completed this month. The electrical/electronics of the controller are also being tuned and simplified as well.

75-Yard Target Slot on the 100-Yard Range – The concrete work has been completed and it has been received well by the membership.

Steel Targets on the 100-Yard Range – As stated above, the Prototype is progressing well and people are loving it. As we tune the design to work with our geography and our membership, we plan to expand this design to more of the 100-Yard Range as well as the 150 and Pistol Ranges in the future (under a separate version of MOAPL).

Bottom Line – After the extended Range closure that made the MOAPL possible, we are cleaning up the loose ends now. The extended Range closure was due to the lead reclamation project on the back of the Trap Ranges. After the recycling contractor has been paid, the revenue from the reclaimed lead will pay for at least 80% of the entire cost of this MOAPL. We should have a more accurate accounting of this in the July newsletter. When it comes to bang for the buck, this is hard to beat. None of this would have been possible without a tremendous MOAPL Committee. I plan to summarize this better and recognize the MOAPL Committee more next month.

The Elephant in the Room

Most of you who know me have heard me say that I don't think that I can be an effective President while I'm still working full-time, Webmaster, Newsletter Editor, and a husband. I can't give up work because I like to sleep indoors. Keeping up the web site is not that bad so, I can keep that one. I'm not letting go of my wife because I finally found a really good one that can put up with my insanity.

Well, that means that I have to pass the torch for the Newsletter Editor job on to **Scotti Clary**. I have a lot of faith in her writing and composition abilities and I look forward to her enthusiasm and sense of humor. I'm willing to bet that her grammar and spelling skills are way better than mine as well.

NRA Basic Shotgun Class - July 11th, 2021 Sunday 8am-5pm

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.

NRA Blended Pistol Class

This course is geared towards those who are new to pistol shooting, or those familiar with handguns but desiring structured training on the fundamentals.

This version consists of two Phases: Phase I is self-paced, on-line instruction through the NRA website; Phase II is the actual range portion following the completion of your on-line training. You will need to register & complete the Phase I portion prior to conducting the Phase II hands-on range portion.

Class Schedule – Phase II (8 am – 1 pm)

- June 23 • October 19
- August 25 • December 15

Please contact Dave Premetz, Jay Zimmert or sign up at the NRA training website.

NRA Basic Metallic Cartridge Reloading Course (6/19/2021 & 7/3/2021)

Who figured this existential event would effect us so seriously? Need or want ammo but can't find any and the powers that be won't allow mailing? You're left with an old American skill; self-sufficiency and creativity... Make your own!

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective, and accurate ammunition. As you hone your reloading knowledge you will also improve your shooting skills as well.

The class is structured in two sessions:

1st session - This class is strictly academic and is held in the EF&GA Meeting Hall from 8 AM until noon.

2nd session – This is “Hands On” training held at the reloading bench scheduled for a mutually agreed to time and date. You will reload your own cartridges and produce ammunition that day.

The cost of the class is \$125 for members and \$135 for Non-members. If you need supplies (cases, primers, projectiles, powder) they are available for a \$10 surcharge. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and limited. For more information, contact Elvio Marchi at elvio1@cox.net or 760-734-3942 or register using the link at <https://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

InterClub (6/12/2021)

Lemon Grove Rod & Gun Club will be hosting the first InterClub of the new shoot year on June 12th. Registration will open at 8:00 AM with the first squad out by 9:00 AM. 50 targets at 16 yards and 50 handicap targets based on your 16 yard score. Only the top five scores from each club count plus one added point for each club member shooting will determine the top club. Awards to the high score shooters in the men's, women's, and junior categories. Entry fees: Men \$25.00, Women \$20.00, Juniors \$20.00 Lunch is NOT included this year so plan accordingly. For carpool and/or caravan information, contact Darrin Eaton at deaton@escondidofishandgame.com

Don't be part of a statistic

RANGEMASTER SOUND OFF

by Jay Zimmet

If you were unable to attend this year's annual Barbecue, you missed a good time and did not have the opportunity to meet "Marshal Rustler"! While it rained a bit it was nothing like the last Barbecue and a smart cowboy brought his rain slicker!

The Bandido's hosted one of the shooting events providing an opportunity for members and their guests to try out Cowboy Action Shooting. Many thanks to **Double Diamond (pictured), Lantana Lady, Diamondback Dree, Yul Lose, Buck Garrett, J.B. Corn, Aurora and Mountain Man Gramps.**

A special thanks to the Wells Fargo Stagecoach line for transporting the ammo to the range under guard! They left the less valuable gold as a decoy for the robbers...

If you have not been to the range in a while there have been several enhancements. One of the more popular ones is the expansion of the 5, 7, and 10 yard distances across the entire length of the Pistol range. No more crowding and trying to see how many shooters can fit in the old area!

One of the projects that still needs to be completed is permanent steel on the short Rifle range (100 yard). This will be AR550 steel, which is strong enough for just about any normal cartridge. BUT, and I know you are thinking it, don't try and put holes in them! Don't shoot the stand, Don't shoot the chain holding the target. I want to come out and shoot my Sharps (45-70) before they get destroyed. Don't abuse them please!

On the short Rifle range (100 yard) you are allowed to shoot a Pistol at 50 yards+. We are now allowing Black Powder Pistols to use the same range at 25 yards+. This only applies to Black Powder Ball Pistols.

Spring is here, the plague is ending and some of you still have ammo! This is a good time to come back to the range for casual and organized matches. We have many excellent shooting opportunities that can keep your shooting skills current.

If you are looking for training we have great instructors for Pistol, Rifle, Shotgun and Reloading. Take a class or contact the instructors for one-on-one instruction. The range is looking for volunteers for the Junior programs which will be opening up again and I am always looking for qualified Range Safety Officers to help manage the facility and keep everyone safe.

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

Welcome to summer. By the time you read this or very close to it, the Covid restrictions should be mostly lifted for our state. It will be nice to walk around without a mask and not have someone giving you grief or dirty looks.

The last month has been pretty hectic at the Escondido Fish and Game Association. We started off by electing a new executive board. Congratulations to **Darrin Eaton**, our new president and **Mark Baldwin**, our new vice president. Geoff Orchin was again elected as secretary. We have two new board members, **Jack Starlin** and **Gary Fukuda**.

Ed Migdal and I were both reelected to another 2 year term. The last two years have been demanding to say the least. The board did an amazing job dealing with all the crazy issues that came with the pandemic. I'm looking forward to moving forward over the next 2 years.

On May 16th, we had our 75th Anniversary BBQ. If you missed it, you truly missed a great time. The weather was a bit wet but nothing serious. It really didn't stop us from doing anything. The Junior Marksmanship program and the Junior Coaches were responsible for three areas, the Concessions tent, run by **Austin Ellerby**, the Egg Shoot, run by **Kestrin Walsh**, and the bounce house, run by **Shelby Ellerby**. They were supervised by our Senior Junior Coach, **Austin Cote**. I know that I say this a lot, but these young adults truly impress me. **Austin Ellerby** ran the concessions with **Ryan Walsh** and two adults. They sold out of sweat shirts and almost sold out of t-shirts. When the weather got wet and they had to take on other responsibilities, Austin was able to make it happen without missing a beat. **Kestrin Walsh** ran the Egg Shoot again this year. She used the set up that she designed and built for the last BBQ. Kestrin and her team ensured that everyone had a good time and more importantly were safe. I think they went through 500 eggs by the end of the day.

Shelby Ellerby ran the Bounce House. Unfortunately, due to the very light rain, it was deemed unsafe to use the Bounce House for most of the day. When it was up and running, Shelby made sure that everyone was safe. Lastly, all of this was supervised by **Austin Cote**. He made sure

that all of the Junior Coaches responsibilities were met and that if they needed anything, he ensured that it was handled quickly. In addition to running these events, they were all at the working party the day before setting up their events and helping get the range ready for the BBQ. They all put in two full days of hard work. I never heard one complaint. Instead, I heard "what can I do next", "can I help you with anything" or "I'm going to clean up this area".

I would also like to recognize some of the adults and companies that stepped up to help with the BBQ. **Jon Fein** with Dovetail Marketing is a longtime supporter of the Junior Program. He has donated multiple pallets of water to the program, all with the Junior Marksmanship logo on the bottle. Jon also takes care of all our shirts and sweatshirts. The last order was done in a hurry and Jon made sure that we got them in time to sell at the BBQ. Next is **Walt Dommers** with Audio Visual Reality. Walt, John, Alex and Nicolas came out the day before to set up the sound system and make that it covered all the areas evenly, without being too loud. They were also there bright and early on Sunday to make sure that we were up and running by 8am. This was the first year that I can remember that we didn't have any complaints about not being able to hear the announcements. I would also like to thank **JD at JDbuilt** for helping us with the banners. JD is another one that has been a huge supporter of the Junior Program. He does amazing things in a very short time. North County Shooting Center stepped up yet again by getting the ammo in time for the BBQ. In case you didn't know, ammo is very hard to come by right now. NCSC made sure that we had everything we needed. In addition to these companies we were supported by numerous individuals. There are too many to list, but we couldn't do it without them.

I would like to say thank you to the **Sea Cadet Honor Guard** for presenting the colors at the BBQ. These young men looked sharp and they take their responsibilities seriously. It was an honor and a privilege to have them join us.

I would like to thank **Samantha Cary** and **Nicole Duran** for providing the live music. As many of you heard, they were amazing. If you don't know, Samantha is a former Junior Coach. She has several singles out already and a CD that will be coming out soon. You can find her music on Spotify

Lastly, I would like to thank my girlfriend, **Marnie Kittel** for doing all the decorations for the BBQ. This was a huge task that took many hours of preparation during the weeks leading up to the BBQ. As usual, she went above and beyond to ensure that everything was perfect for our 75th anniversary.

BLACK POWDER NEWS

by Garth Warner

Covid-19 Update: We are back to members and invited guests for our Black Powder shoots. For the interim, we will continue to shoot from the 8-yard line to provide ample free space to move across the range during the relays.

June 6th BullsEye League Contest: This will be a NMLRA One Gun Aggregate Contest. (IE: one gun at multiple ranges and targets). The contest starts at 08:00 on the 150 range. Contact Patrick Watson for details.

June 6th Traditional Archery Contest: This will be 360 course of fire. I don't know what that is, but Dave Premetz will tell us when we get there. The contest will start 11:00 ish after the BullsEye League event.

June 12/13 Guejito Rendezvous at EF&GA: This is a two day walk-thru steel shoot. Categories include Rifle, Pistol, and Trade Gun, on the 150-yard range. Contact Captain Patrick Watson for details. Period clothing is encouraged.

June 27th Muzzle Loading Silhouette Shoot: This will be a standard Short Range contest for Pistol and Rifle. Rifle targets will be at 50, 75, and 100 yards. Pistol will start at 08:30 and rifle will start at 10:00 ish. Contact Garth Warner at 760-420-7550 for details. (Feel free to show up early and help set up)

August 22nd, 2019 and 2020 Combined Top Gun: As Covid restrictions are relaxing, we will be holding a 2019 / 2020 Combined Top Gun event this year. This is the way it works. If you won a regular contest in the Open, Primitive, or Master category in 2019 or 2020 you are eligible to enter. (I will post a list in the next newsletter). Each shooter will have 7 minutes to shoot 3 targets at each range. Targets will be set at 25, 50, 75, 100, 125 and 150 yards. One point per target, for a possible score of 18 points. Top score wins the Trophy. BTW, if you win this event, you are automatically promoted to Master Class. Because of the time involved, there will be NO PISTOL event for the normal Long Range rifle contest that will follow. The TOP GUN contest will start at 07:30. Start working on your loads and practicing you speed loading NOW.

DEADLINES!!

Items For the Next Newsletter are Due

Friday June 18th

Any and all requests for items to appear in the monthly bulletin should be routed through

Darrin Eaton - 760-630-8339

newsletter@escondidofishandgame.com

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
