Darrin's Dissertation

We had a great group of people at the Work Party last month and we got a lot of work done. At these events we do a lot of maintenance tasks as well as infrastructure improvement tasks. By keeping up with the common maintenance tasks, the Range looks clean and tidy as well as keeping any potential brushfire fuel under control. The Improvements are designed to make casual shooting as well as sanctioned events safe, efficient, and fun.

We cleared brush for fire prevention, raked up broken clays (and a few unbroken ones that were probably mine) for general cleanliness and appearance. We finished and tested the plumbing for the new air compressor that feeds the target-turner on the Pistol Range as well as all three Trap machine bunkers. Speaking of the Trap bunkers, we now have nice diamond-plate doors on all three of the bunkers. We also sanded and refinished the shooting benches on the Pistol Range. There were many other tasks that were completed in and around the Meeting Hall and the big shed as well.

We have had a lot of positive feedback about the Steel Targets on the 100-Yard Range. We are continuing to fine tune the structure and **Dave Robertson** and **Gary Fukuda** are doing a great job of executing the improvements. Our current plan is to move the structure further into the hillside to contain any splatter as well as improve the support of the structure. This will put the targets at about 115 Yards from the benches. If we continue to have no safety issues and positive feedback, the next step will be to double the width of the structure so that half of the 100 Yard Range will be for steel targets. When you use the steel targets for casual shooting, only use the two benches (4 positions) at the West side of the structure to prevent crossfire issues. Please continue to be vigilant to make sure that we don't have anyone shooting steel projectiles at the steel targets.

Thanks for your support and effort to keep EF&GA great!

Darrin Eaton

BULLET POINTS

By Scotti Clary

The Work Party on August 15 was a Big Success

We had 78 brave volunteers and we had a blast. Sure, it was hot, but everybody came with a community spirit and got a lot done to maintain and enhance the range. We had a great lunch of burgers and hot dogs with all the trimmings. Thanks to "Chief Range Grill Master", **Jay Zimmett** for standing over the hot grill. Thanks also go to **Ed Migdal** for another fun, no cost raffle. Everybody won something. The next Work Party will be November 27, 2021. You won't want to miss it.

Don't miss the next General Meeting

The August General Meeting was held 8/12/2021. The \$25 door prize was won by **Mark Baldwin**. He donated the prize to the Junior Program. If **Nichola Barnett** had been present, she would have won the \$500 Attendance Prize. The Attendance Prize will remain at \$500 for the September General Meeting on 9/9/2021. We look forward to seeing you then.

Monthly Raffle

Help support the monthly General Meeting Raffle. Our entertainment Chairman is **Bud Smith**. If you have items you would like to donate to our monthly General Meeting Raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please donate new items or used items in like new condition. Thanks to all who donated to the August raffle table: **Elvio Marchi, Bob Leider, Wayne Brunner, Frank Alessio, Eric Ersam, Larry Mayer, Rich Hall, Rich Oberle, Joanne Anderson** and **Al Anzelone**. Thank you all for your support.

Ray Bucholz and **Pamela Turner** have an additional monthly raffle to raise money for the Mom's Creek rose garden. This month each ticket purchaser was given a National Park Quarters booklet with 4 starter quarters. Mom's Creek also raffled off an 1858 Remington Carbine .44 this month. Tickets from these monthly raffles are accumulated for the Christmas gun raffle.

On behalf of the Black Diamond group, Ray also recognized **Patrick Russ** for his many contributions to the range. Ray presented Patrick with a 1971 proof set and a 1971 stamp set in honor of Patrick's 50th birthday.

Scholarship Deadline has been Extended

Due to the impact of Covid-19 limitations we have extended the deadline for the Escondido Fish and Game Scholarship Program submissions. The revised deadline will be **5:00 pm on Wednesday, September 22, 2021**. Late applications will not be considered. The program is open to our members, their children and grandchildren ages 23 and younger. Scholarship award information and requirements can be found on the www.escondidofishandgame.com website under the Junior Marksmanship section. Click the EF&GA Collage Scholarship Application Form link for details.

BULLET POINTS continued on pg. 3

BULLET POINTS continued from pg. 2

☛ Left the Range

Ira Bryant left the range on 8/4/2021. Ira had been a long time member before going into an assisted living home a few years ago. Our president described Ira as the "Ultimate Ambassador for Escondido Fish and Game Association". He always made everyone feel welcome. He will definitely be missed by many of us. Please keep Ira and his family in your thoughts and prayers.

☛ Join the By Laws Committee

Would you like an opportunity to represent your fellow associates at the range? Join the By Laws committee to help revise our By Laws. Please contact **Norm Porst** 760-271-8016 nwporst@gmail.com if you would like to participate in this endeavor.

☛ Paper Targets and Shotgun Hulls MUST BE REMOVED from the Range

It is important to know that PAPER TARGETS and SHOTGUN HULLS must be removed from the range and disposed of at home. **DO NOT** put them in the trash receptacles or recycle bins at the range. Please don't jeopardize the range by leaving your targets and hulls behind. We have too nice of a range to allow it to be shut down for such a small thing. Thank you for your cooperation.

☛ 75th Anniversary T-shirts Are In

The last order of Escondido Fish and Game Association 75th Anniversary T-shirts are in. **Ed Migdal** will have them on hand at the September Board Meeting, the September General Meeting and all the shoots he is associated with. If you have not received your shirt, look for Ed at those events or call 760-752-1554.

☛ Improvements on the Archery Ranges

Keep your eyes open for upcoming improvements on the Archery Ranges. Plans are underway to replace most of the hay bale targets with carpet bales. We are also planning to build a standing platform at the shooting line. On the Mike Marks Memorial training archery range, we will be placing foam targets. The targets will withstand repeated arrow impact. Additionally, you will no longer have to fear arrow retrieval from the hay bales, home to many unexpected tenants. We expect a few other improvements as the project develops. A big "Thank You" to **Yosi Boubllil** for spearheading this project.

BLACK POWDER NEWS

by Garth Warner

Sept 5th Bullseye League:

This will be a 3 gun event to include Rifle, Pistol, and Tradegun.

Contact Patrick Watson for details
patwatson1969@hotmail.com

Sept 5th Traditional Archery:

This will be a Field Course in the campground. Bring extra arrows and your metal detectors.

Contact David Premetz for details slixgunr@yahoo.com

September 26th Muzzleloading Silhouette:

This will be a **Super SHORT Range** for Rifle AND Pistol. Rifle targets will be at 25, 50, and 75 yards. Lately none of you seem to be able to hit the pistol targets, so this time around the pistol targets will be at 15, 25 and 35 yards. Even the Cowboy Action guys should be able to hit something that close. On a more serious note, the Super Short Range contests are designed as an entry level event for new or inexperienced muzzle loading shooters. Because this is a Super Short Range event we will also offer a Tradegun category. New shooters are welcome. If you have the gear we WILL help you figure it out.

Contact Garth Warner for details gwarner@cox.net

October 3rd Muzzleloading Congress XIII:

Save the date.

Contact Patrick Watson for details
patwatson1969@hotmail.com

Editor's Note: At press time, we were still anxiously awaiting the August 22nd **Top Gun Muzzleloading Silhouette** competition. Which scurrilous villains will rule the range? You'll have to watch for the October newsletter to find out.

NRA BASIC SHOTGUN CLASS

9/12/2021 & 11/14/2021 (8 am – 5 pm)

Class Description:

This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student with the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull and follow through. The class consists of classroom exercises and hands on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets (Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 students and a deposit is required to secure registration.

NRA BASIC PISTOL CLASS

9/18/2021 & 11/20/2021 (7:30 am – 3 pm)

Class Description:

This course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals. This is a full day NRA Instructor led pistol course. It includes classroom instruction and hands on instruction. The hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique.

NRA HOME FIREARM SAFETY CLASS

9/22/2021 (8 am – Noon)

Class Description: The goal of the NRA Home Firearms Safety Course is to teach the basic knowledge, skills and attitude for safe handling and storage of firearms in the home. This is a non-shooting course. No live fire is involved. The course of instruction will be on the safe gun handling rules, primary causes of home firearm incidents, firearms nomenclature, how to properly and safely unload firearms, ammunition components, firearms cleaning and maintenance, and safe storage of firearms in the home to preclude access by unauthorized persons.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

coltsixshooter@gmail.com

NRA BASIC METALLIC CARTRIDGE RELOADING COURSE

9/25/2021, 10/2/2021, 11/6/2021, 12/4/2021

(1st Session 8 am – Noon)

Class Description: Need or want ammo but can't find any and mailing is not an option? You're left with an old American skill; self-sufficiency and creativity...Make your own! This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your reloading knowledge you will also improve your shooting skills.

The class is structured in two sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall from 8 AM until noon.

2nd session – This is "Hands On" Training held at the reloading bench scheduled for a mutually agreed upon time and date. You will reload your own cartridges and produce ammunition that day.

The cost of the class is \$125 for members and \$135 for non-members. If you need supplies (cases, primers, projectiles, powder) they are available for a \$10 surcharge. Prior registration and a \$20 deposit are required to secure a place in this class. Registration is necessary and limited.

Contact: Elvio Marchi 760-734-3942 elvio1@cox.net or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

MUZZLELOADER RIFLE/PISTOL CLASS – BLACK POWDER

(10/10/2021 8 am – 4 pm)

Class Description: This class is an NRA/NMLRA Certified Basic Muzzleloading Rifle Class. Students will learn the basic fundamentals of handling Black Powder as well as the safe handling and use of Muzzleloading Rifles to include Flintlock and Caplock. The session will consist of classroom and range time (hands on shooting). All guns, powder and equipment will be provided. Those wishing to shoot their own firearms may do so provided the firearm passes a safety inspection by the instructor. (Students bringing their own firearms MUST supply their own proper caliber lead round balls) Classes are limited to 10 students. "Keep Your Powder Dry"

NRA BASIC RIFLE CLASS 10/16/2021 (7:30 am – 3 pm)

Class Description:

This course teaches the basic knowledge, skills, and attitude necessary for the safe use of a rifle in target shooting. The course includes classroom and range time learning to shoot rifles. Students learn NRA's rules for safe gun handling; rifle parts and operation; ammunition; shooting fundamentals; range rules; shooting from the bench rest, prone, sitting, standing and kneeling positions; cleaning, and continued opportunities for skill development.

COACHES CLASS (10/17/2021)

Class Description:

Would you like to coach but you don't feel confident? Maybe you just want to familiarize yourself with the Escondido Fish and Game Association's coaching processes. This course will provide guidance for coaching new shooters in Pistol, Rifle and Shotgun disciplines. The emphasis is on coaching new Junior Shooters, but the techniques are also applicable to Women on Target coaches.

TRAP CORNER

By Darrin Eaton

Our Community

One of the features of our group that I appreciate more each day is our sense of community. The shotgun disciplines (Trap, Pot, and 5-Stand) are all very social events. Between games and outside of the Range, we all stay in contact with each other and help each other out whenever possible. When I first started reloading, I started with the NRA Metallic Reloading class and thought that to transition to shotgun, I would need to rely on books and the Internet to get things going. I learned that I had a wealth of information from people shooting all disciplines who were happy to share recipes as well as tips & tricks to make my end product safe, consistent, and effective. Not only do we share information, we also have been known to share equipment and components when we want to clean out our garages. Unlike other sports where people don't want to share their 'secrets' to gain a competitive edge, we help each other out. This goes for equipment as well as technique. I would never have made it to shoot my first 25 straight without lots of coaching and pointers from our community. I consider it an honor to be part of this community, so I decided to use this forum to state it directly and remind all of us to appreciate how good we have it here.

5-Stand Shells

We are continuing with the plans to place permanent 5-Stand machines in the field to make the set-up and tear-down of 5-Stand faster and easier. At the time of this writing, we are working on setting up the first machine behind the 150 Yard berm for the #2 machine. As we tune the design of the structure further, we will continue with the #4 (rabbit) and #1 machines. As soon as it comes back from repair, we will also put the #7 machine back up on the hill. If you are interested in helping with this project, please shoot me an email deaton@escondidofishandgame.com and I will put you on the team.

RANGEMASTER SOUND OFF

by Jay Zimmett

Rangemaster Appreciation Day

One of the events that I have the pleasure to organize is called RMAD (Range Master Appreciation Day). It is my opportunity as the CRSO (Chief Range Safety Officer) to thank the Rangemasters, Shoot Chairs, Instructors and other invited guests for their volunteer work.

Since this is an invitation only event I usually succeed in making someone unhappy that they did not get an invite.

There is a difference between a Rangemaster and an RSO (Range Safety Officer). A Rangemaster is also an RSO, but their job is to manage the entire range not just a specific shooting event. They are here to manage any shooting activity happening on the range, including other RSOs and Shoot Chairs as necessary. The association has a lot of RSOs and I thank them very much for their service, but it is the few Rangemasters that take on the most responsibilities (and should be issued Tasers). They are the individuals I like to recognize at RMAD. One such individual, **Michael Lasiter** has been an outstanding Rangemaster at our Association for many years and has been selected as the **"Rangemaster of the Year"**! Please congratulate Michael the next time you see him at the range.

When is "Sunset" on our range and you need to stop shooting?

There is the published time on our Website and some believe it is when the Sun is below the tree line. Both answers may be correct depending on the time of year.

In the Fall/Winter months the Sun sets early and the shadows are across the 150 rifle range around 4 – 4:30. In the Spring/Summer it is light until 7:30 - 8:00+ and you have more shooting time. When dusk is approaching and the shadows are moving across the range it is time to stop shooting.

Spirit of the Game

In Cowboy action (one of our organized shoots) we have something called the "Spirit of the Game" and it has two definitions; one is a complement and the other is a 30 second penalty. Some of the things that will get you that penalty are:

- Willfully shooting a stage other than the way it was intended in order to gain a competitive advantage.
- Shooting ammunition that does not meet the power factor/minimum velocity.
- Willfully refusing to make an attempt to complete any non-shooting procedure written within the stage instructions.

As we all know this is just a game and nobody goes home with

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

a Cadillac unless you drove one to the range. Is it that import to win that you need to cheat??

Now on the other side of the coin there is the "Spirit of the Game" where a shooter will go out of their way to help you succeed sometimes at their own demise.

Do you have the positive "Spirit of the Game" attitude?

Do you help with setup and/or tear down?

- Do you help with match chores?
- Do you befriend new shooters and torment your friends?

Bring a positive attitude (its just a miss or three) even if you don't win the Cadillac.

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

It's hard to believe that this month marks 20 years since 9/11. It doesn't seem possible. A lot has happened in these 20 years. Most of us can remember exactly where we were and what we were doing when we found out about the attack. I was on active duty in the Marine Corps and a football coach with Escondido High School. That morning, we were out doing PT (physical training) when someone told us of the attack. We all went back to the unit and waited for orders and fielded phone calls from panicked and scared people that were calling to see if we were under attack or if there was something that they could do. Later that day, I went to football practice. The practice had been canceled but the team came together to talk about the events for the day. It was a scary time because no one knew what to expect. Little did we know that we were living through one of the worst days in U.S. History. Some of those football players went on to enlist and fight in the War on Terror. It really doesn't feel like it was 20 years ago. It's wild to think that most of our Junior shooters have never known a world without the aftermath of 9/11.

Welcome to September. This is going to be a great month for the Junior Program as our most popular event will be starting up again. We will be holding our Junior Rifle event on September 19th. Sign ups start on September 1st. Please contact Ren Everett to get on a relay. This will be the first Junior Rifle event since March of 2020. I'm looking forward to seeing everyone there.

In October we will be teaching a Coaches Class. In this class you will be taught the proper way to teach the various disciplines including pistol, rifle, and trap. This class is open to anyone that wants to learn how to coach any or all of these disciplines for any program at the Escondido Fish and Game Association. You will be amazed at how much better your own shooting will become when you learn how to coach. You will learn to spot small mistakes that can make a big difference on how you shoot. Please RSVP with **Ren Everett** everettju1@cox.net or **Patrick Russ** pruss@escondidofishandgame.com

This past weekend we had a work party at the range. Considering how hot it was, we had a pretty good turnout. Everyone worked hard and we were able to get a lot done in a short amount of time. As usual, **Kestrin and Ryan Walsh** showed up and made us proud. These two will routinely out work most adults and they do it with a smile and great attitude. Another up and coming super star for the Junior program is **Iwo "Lucas" Iwaszkiewicz**. This young man showed up and got to work immediately. He worked very hard, kept asking if there was more that he could do and happily did whatever was asked of him. He was extremely polite and well mannered and took the initiative to make sure that the jobs were done to the very best of his ability. We are proud to have him among our ranks. I look forward to seeing what else he has in store for us. If you want to see what a future leader looks like, look no further then Lucas and the Junior Marksmanship Program.

Important Dates:

Junior Trap 9/11/2021 & 10/09/2021

Junior Rifle 09/19/2021

Coaches Class 10/17/2021

Junior Pistol 10/24/2021

Around The Range

100 yard HIGH POWER RIFLE SHOOT

Saturday 9/11/2021 8:00 am

Shoot Description:

Competitive - Fun Shoot. Any sights allowed. Any centerfire caliber allowed. The event consists of 4 position shooting: prone, sitting, kneeling and off-hand. Unlimited practice rounds then 10 Rounds per position—1 Hour is total time allowed.

EF&GA Members: Cost \$ 5.00

Non-Members: Cost \$10.00

Shoot Chair: Paul Hendrikson @ 760-522-4660

COWBOY ACTION SHOOT

1st Saturday monthly 8:00 am – 2:00 pm

Shoot Description:

This is an SASS (Single Action Shooting Society) sanctioned event. The event uses firearms typically used in the Old West. You will need 2 single action revolvers, a pistol caliber lever action rifle and a side-by-side or period correct pump action shotgun. The competition consists of different Old West shooting stages and is scored based on time and misses. Costuming and aliases are an integral part of SASS. Participants assume an alias from the late 19th century, a western movie or a fictional character and dress accordingly. Even if you're not ready to compete in this event, its a lot of fun to come out and watch. You'll also observe what our Chief Range Safety Officer calls "Spirit of the Game".

EF&GA Members: Cost \$10.00

Non-Members: Cost \$15.00

Shoot Chair: Rustler coltsixshooter@gmail.com

AR-15 MATCH

3rd Saturday monthly 7:30 am

Shoot Description:

This is a beginner to intermediate AR-15 and pistol match on steel targets. Rifle targets range from 75 to 150 yards. Pistol targets are from 20 to 25 yards. Each course of fire requires you to transition safely from rifle to pistol. You will need a center fire rifle with 3 magazines, (no .308 or 30-06), a semi-automatic pistol with 3 magazines or revolver, a sling and holster. Scopes, red dot sights and bi-pods are permitted.

EF&GA Members: Cost \$5.00

Non-Members: Cost \$15

Shoot Chair: Gary Fukuda garymfukuda@cox.net

For more information on all shoots, please see the Website under **Events**.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

CLASSIFIEDS

All sales must comply with Federal and State laws!

Cowboy Action Shooting Cart Simple and plain but functional. A finished, plywood box on a golf cart with a vertical rack that supports three long guns. The box easily contains two or more pistols, web gear and ammo. \$50 (The cart alone is probably worth that much.)

Send an email and I'll send pictures.
