Darrin's Dissertation

It is with a heavy heart that I must announce the passing of a great friend, **Neil Pisk**. He passed unexpectedly and we will all miss him very much. Neil served EF&GA in every elected position of the Board – Director, Secretary, Vice President, and President. While he served in each of those positions, he learned many skills and tribal knowledge about the Association. He also served as a mentor to others serving in those same positions. One of his greatest talents in that capacity is that he did not expect or require me to agree with his opinions on any policy or decision, but he was always willing to refer to the proper chapter and verse in the Bylaws to guide us in the correct method to execute any policy, procedure, or decision that the Board was faced with. I will truly miss his candor and counsel in those situations in the future.

Neil also served the Association in many other ways. He served on countless committees and was among the first of the RSOs (Range Safety Officers) in the Association. He helped draft, write, and refine our RSO Policies and Procedures that are still in use today. Other ranges including Police and Sheriff ranges have used that template for their own P&Ps. He also served as an NRA instructor for many disciplines including training many NRA Certified RSOs.

Neil worked with Ed Migdal for many years to run, improve, and refine the annual Barbecue into our biggest event of the year. He also started and continued to chair the committee for the Junior Marksmanship Sponsorship Banner that has helped fund the ammunition and food for the Junior Marksmanship events – that he also helped run and operate in any way that he possibly could. His passion for promoting our youth in the Association led to the creation of the Escondido Fish and Game Association Scholarship Fund Award that is delivered every year.

One of Neil's passions was history. Not only did he want to learn what happened and when it happened but also how it worked. This got him into black powder muzzle loading, reenactments, and SPAR (Society of Primitive American Riflemen). He will truly be missed by his many fellow black powder associates.

Neil served our Nation in the United States Navy including operations in Vietnam. He then served the people of New York as a Port Authority Police Officer. He also served the Department by competing on their Pistol team.

In his 'spare time' Neil was involved in 'Theatre'. He would have required that I spell it that way because a 'theater' is where you go to see a movie. 'Theatre' is an art form, not a building. He was involved in many facets of Theatre production as an actor and a playwright.

Those of us that had the honor of working, competing, and having fun with him will now have to deal with the void left behind in his absence. I plan to keep his memory alive by remembering the great features of this man. When dealing with Association policy and decisions, I will be asking myself, "What would Neil have to say about this one?"

Please remember Neil and his family in your thoughts and prayers.

Darrin Eaton

BULLET POINTS

By Scotti Clary

Bylaws Review Committee

Our bylaws maintain the integrity and longevity of our Association. Every three to five years we review our bylaws to correct grammar, stay current with new conditions, and consider requests from the members. The bylaws have been fine tuned over many years

and changes are not taken lightly. Any changes must be approved by a vote of the members. Day to day operations and guidelines are addressed with casual shooting rules, administrative rules, and regulations. These can be changed or updated at any time by the Board of Directors (BOD).

Bylaws state the Association's objectives, membership requirements, range use, meeting times and agenda, BOD requirements and duties, range improvement funds and fund control. The bylaws can be viewed in their entirety on the EF&GA website under "about us."

Members will have until November 1st, 2021 to suggest any changes, deletions, or additions to the bylaws. Suggestions or questions must be submitted to the committee by email. The committee consists of board members and general members. After the committee reviews all input, it will make its recommendations to the board. At that time the board can accept or reject the recommendations, or add their own changes. The board will then vote on what revisions, if any, to put before a vote of the general membership. Any updates to this process will be noted on the Association's website.

Committee Chairman:

Norm Porst, Past President & Life Member
nwporst@gmail.com

Committee Members:

Gary Fukuda, Board of Directors & Life Member
garymfukuda@cox.net

Jack Starlin, Board of Directors, engrjack@cox.net

Woody Morrison, Member, woodym@morrisson.net

Alonzo Clark, Member, alonzo.clark@cox.net

Make a Life Member Nomination

This year's Life Member Nominating Committee has been formed. Each year 2 worthy EF&GA members are granted Life Membership to EF&GA. Nominations come from the entire general membership. If you would like to nominate a member for this prestigious honor, please submit your nomination in writing to:

Geoff Orchin at Gorchin@escondidofishandgame.com

Gary Fukuda at garymfukuda@cox.net

Jay Zimmert at

jzimmert@escondidofishandgame.com

Dave Randsberger Memorial Joy Drive & Diaper Dash

Linda Linaker will soon begin pounding the drum for the **Dave Randsberger** Memorial Joy Drive. Every year before Christmas we collect new toys and gift cards for the children of deployed service personnel at Camp Pendleton. We hope to have a "treasure trove" of gifts for these kids this year. In addition to toys, we collect diapers (unused only, please) for the babies. Linda and her team will deliver the gifts and diapers to

Left the Range An EF&GA Icon

On Friday, September 17, I was notified of the sudden passing of Past President Neil Pisk.

I will always remember Neil's assistance in the early days of my term as president. He helped keep me focused on the bigger picture and not get lost in the minutiae.

Neil served four terms as President, as well as several terms in other Board positions. He served as co-chair for the barbecue, taught firearms classes, created and ran the scholarship program.

An actor and playwright, Neil was very involved in the local theatre scene. He was happy to direct others towards their special interests.

His "Larger than Life" persona will be missed by all.

Shalom my friend. Rest well.

~Linda Linaker

Camp Pendleton Family Services who will distribute them to more than 150 families. Linda has been spearheading this campaign for about 6 years. A special Thank you to Linda and her team. Thank you also to every member and their guests who elect to donate something to the Joy Drive and Diaper Dash.

NRA Grant Recipients

Thank you to **Ren Everett** for submitting 2 grant applications to the NRA for the EF&GA. We were partially funded on the 1st Grant for the Junior Program. We were given 2 x 12 gauge left handed Shotguns, 3 x Training Pistols, 500 shotgun shells and almost 17,000 rounds of .22 ammunition. He had also requested, but did not receive, 5 x spotting scopes, 6 x .22 cal. bore snakes, 3 x boxes of foam ear plugs, and an NRA Thank You banner. Ren has also submitted a 2nd grant for the recent improvements on the Archery Range. We have not heard the results from that submission yet.

BULLET POINTS continued on pg. 3

BULLET POINTS continued from pg. 2

General Meeting (2nd Thursday Every Month)

Save the date, 2nd Thursday every month. We're hoping to see you at the General Meeting. You'll get an update about improvements on the range and all of the upcoming shoots and events. It's an evening of fun and camaraderie with fellow range associates. Bring a friend and one or both of you could win a few bucks. At the September 9th General Meeting, **Larry Bailey** won the \$25 door prize. Larry donated the prize to the Junior Program. If **Mark Renault** had attended the meeting, he would have won the \$500 Attendance Prize. The October Attendance Prize will remain at \$500. Participate in the various raffles for additional chances to take something home. WooHoo! The next General Meeting is 10/14/2021. If you don't show up, you can't win. Don't miss out.

Be a Raffle Door

"Smoldering" **Bud Smith** budsmith223@gmail.com coordinates a raffle every month at the General Meeting. It is always a lot of fun. You can donate new items or items in like new condition to the raffle table. Thanks to all who donated to the September raffle table:

Bob Leider, Joey Anamngang, Ken Lusher, Wayne Brunner, Ed Migdal, Al Anzelone and Bud Smith.

Stop and Smell the Roses

If you have eyes and noses, you have probably noticed that we have beautiful roses. The roses are for you. Feel free to take a few home with you. Nothing says, "Thank you Honey, for letting me stay at the Range all day" like a nice bouquet of roses. To support the Mom's Creek rose garden, **Ray Bucholz** conducts a second raffle at the General Meetings. He raffles off guns, coins and other items. This month he raffled off a Complete Collection of America the Beautiful Quarters. It included silver proofs from all of the D, P, S and W mints. **Leonard Hodges** won the Collection. Ray also presented the gorgeous 1858 Remington Revolver .44 Carbine to last month's winner. Ray included a complete starter kit that included everything needed to learn to use the firearm.

NRA Women on Target

Breda Walsh led another very successful NRA Women on Target event, August 29. She had 21 eager ladies, many of whom were 1st time shooters. They learned to shoot .22 handguns and rifles. 20 EF&GA members volunteered as coaches and for other support functions. Each woman has a "Hands-on" coach while shooting.

Our past president, **Linda Linaker** and our favorite chef, **Denise Chamberlain** prepared a delicious meal to cap off a fun morning. During Lunch **Ed Migdal** talked about various firearms and the responsibilities associated with firearms ownership. The next NRA Women on Target class will be October 23.

Contact: Breda Walsh at bwalsh@escondidofishandgame.com if you would like to volunteer as a coach.

Former EF&GA Youth Wins Civilian Marksmanship Program's National Rifle Matches

1st Lieutenant James Minturn, a former EF&GA Youth member and currently a member of the USMC Rifle Team, won the Three-Gun and Four-Gun Aggregate competitions at the 2021 National CMP Games Matches. Jim scored 865-21X and 1156-30X to capture the wins. The National Matches, considered the "World Series of Shooting Sports", have been a tradition at Camp Perry in Ohio since 1907. In the past the Escondido Fish & Game Association has sponsored some of our young shooters to go to the Nationals. In 2009, Jim was on a team that beat the military teams. Congratulations to Jim Minturn and to all of you who helped coach him along his journey. You can be very proud of your contribution to future generations.

BLACK POWDER NEWS

by Garth Warner

Left The Range: Neil Pisk passed away on the morning of Sept. 17th. Neil was a four term past president of EF&GA. His list of personal interests and accomplishments reflect a busy life, well lived. Among other things, Neil was a strong supporter of our club in the following areas; numerous Junior Programs, all aspects of Muzzle Loading firearms, EF&GA scholarship program, and a long time organizer of the EF&GA BBQ picnic. Neil was also an Actor, a Playwright, and a member of the Screen Actors Guild. SPAR members, (Society of Primitive American Riflemen), will hold a Medicine Bag remembrance in the campground at our next camp on Nov. 13th.

Welding Help Wanted: Our next range cleanup is scheduled for Nov. 27th. The Muzzle Loading Silhouette group has a number of targets, and stands, that have broken welds. Many are badly bent by 40 plus years of bullet impacts. We have a welder and O/A torch at the range. If I can get one or more volunteers on Nov. 27th we will try to heat, bend, and weld this steel back into shape. This may take 3 or 4 guys to accomplish, due to the volume of gear to be moved. We have 6 steel stands and 30ish steel targets. If your skill set falls into this area, and you need volunteer hours, please contact me and we will make it happen. Note that I DO NOT have a helmet, goggles, or leather jacket/gloves. You will need to bring your own protective gear.

Contact: Garth Warner cell 760-420-7550, or Gwarner@cox.net

October Events:

ML Bullseye League: Oct. 3rd is our Muzzle Loading Congress. Events will include Rifle, Pistol, and Tradegun.

Contact: Patrick Watson for details.

Muzzle Loading Silhouette Contest: Oct. 24th will be a Standard Short-Range event with rifle targets at 50, 75, and 100 yards. Pistol starts at 08:30, rifle starts at 10:00.

Contact: Garth Warner for details on the Oct. contest.

Start channeling your inner Buffalo as November, coming up, is National Bison Month. Ray may have something planned.

Contest Results: Top Gun and Long Range Shoot 8/22/2021

Congratulations to **Ren Everett** for winning the 2019/2020 combined Top Gun Trophy. Typical of previous winners, he went on to totally tank in the following Long Range event.

Top Gun 2019 and 2020 Combined

Ren Everett	12
Kaz Lewak.....	10 (Top Open Class Shooter)

NRA BASIC METALLIC CARTRIDGE RELOADING COURSE

10/2/2021, 11/6/2021 & 12/4/2021 (1st Session 8 am – Noon)

Class Description:

Need or want ammo but can't find any and mailing is not an option? You're left with an old American skill; self-sufficiency and creativity...Make your own!

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your reloading knowledge you will also improve your shooting skills.

The class is structured in two sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall from 8 AM until noon.

2nd session – This is "Hands On" Training held at the reloading bench scheduled for a mutually agreed upon time and date. You will reload your own cartridges and produce ammunition that day.

The cost of the class is \$125 for members and \$135 for non-members. If you need supplies (cases, primers, projectiles, powder) they are available for a \$10 surcharge. Prior registration and a \$20 deposit are required to secure a place in this class. Registration is necessary and limited.

Contact: Elvio Marchi 760-734-3942 elvio1@cox.net or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

NRA MUZZLELOADING RIFLE/PISTOL CLASS – BLACK POWDER

10/10/2021 (8 am – 4 pm)

Class Description:

This class is an NRA/NMLRA Certified Basic Muzzleloading Rifle Class. Students will learn the basic fundamentals of handling Black Powder as well as the safe handling and use of Muzzleloading Rifles to include Flintlock and Caplock. The session will consist of classroom and range time (hands on shooting). All guns, powder and equipment will be provided. Those wishing to shoot their own firearms may do so provided the firearm passes a safety inspection by the instructor. (Students bringing their own firearms MUST supply their own proper caliber lead round balls) Classes are limited to 10 students. "Keep Your Powder Dry"

Contact: David Premetz 760-489-1082

slixgunr@yahoo.com or register at the NRA training website at www.nra.org

NRA BASIC RIFLE CLASS

10/16/2021 (7:30 am – 3 pm)

Class Description:

This course teaches the basic knowledge, skills, and attitude necessary for the safe use of a rifle in target shooting. The course includes classroom and range time learning to shoot rifles. Students learn NRA's rules for safe gun handling; rifle parts and operation; ammunition; shooting fundamentals; range rules; shooting from the bench rest, prone, sitting, standing and kneeling positions; cleaning, and continued opportunities for skill development.

Contact: David Premetz 760-489-1082

slixgunr@yahoo.com

COACHES CLASS

10/17/2021

Class Description:

Would you like to coach but you don't feel confident? Maybe you just want to familiarize yourself with the Escondido Fish and Game Association's coaching processes. This course will provide guidance for coaching new shooters in Pistol, Rifle and Shotgun disciplines. The emphasis is on coaching new Junior Shooters, but the techniques are also applicable to Women on Target coaches.

Class Schedule and Contacts

Pistol (7 am – 10 am)

Contact: Patrick Russ at pruss@escondidofishandgame.com

Rifle (10 am – 1 pm)

Contact: Ren Everett at everettju1@cox.net

Trap (1 pm – 4 pm)

NRA BLENDED PISTOL CLASS

10/19/2021 & 12/15/2021 (8 am – 11 am)

Class Description: This 2 Phase course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals.

Phase I is self-paced on-line instruction through the NRA website which must be completed prior to Phase II.

Phase II (8 am – 11 am) is the range portion. Hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique. You will need to register & complete Phase I prior to attending the Phase II hands-on range portion.

Contacts: Dave Premetz 760-489-1082 slixgunr@yahoo.com

Jay Zimmert 858-735-2354 coltsixshooter@gmail.com

Or register at the NRA training website at www.nra.org

NRA WOMEN ON TARGET

10/23/2021 (7 am – 2 pm)

Class Description: Women On Target® clinics are available only to women. You will learn how to shoot rifles and pistols. You will learn safe firearms handling and how to store your firearms safely. No experience or equipment is necessary to participate. Pre-registration is required on the NRA Training website.

Cost: \$35.00 for members and \$40.00 for non-members, payable on the morning of the course in cash or check. Fee includes: Range use fee, all firearms, all ammunition, snacks and lunch, eye and ear protection, and an NRA Women On Target gift bag. Please wear outdoor closed toe shoes and avoid lower-cut necklines to reduce the risk of getting burned by hot brass in areas where you don't want them.

TRAP CORNER

By Darrin Eaton

InterClub (10/23/2021)

The next InterClub Shoot will be held at the Lakeside Sportsmans Club on Saturday, 10/23/2021. These events are always great fun and we always have a great time. The property is in Boulevard, east of San Diego. \$35.00 for 100 targets, 50 @ 16 yds., 50 @ handicap. Sign-ups are at 8:00 am and shooting starts at 8:30. Lunch is included. If you get there early, they will be serving breakfast starting at 7:00. For driving directions, carpool, and/or caravan information, please contact: **Darrin Eaton** at deaton@escondidofishandgame.com

The Elephant Missing from the Room

We have all noticed that there are fewer people out shooting Trap and 5-Stand lately. Pot continues to have a good crowd and it has become apparent that the missing piece of the puzzle is ammunition. Before the pandemic, we would go to Wal-Mart and buy the 100 packs of the cheap stuff for around \$25 after tax and continue on our merry way. Now Wal-Mart has stopped selling ammunition in California and the other big-box stores are selling at more than double the price – if they have it at all. Those of us that have continued to shoot during the pandemic have either stockpiled ammunition for years or taken to reloading. Those of us that reload are now working hard to keep components on hand and we have been tuning and refining our processes to make an excellent product. There is a different level of satisfaction and joy when you shoot 25 straight with your own reloads.

This brings up a critical issue. Reloading can be an economical way to feed the beast but it can also be very dangerous if you don't take the proper precautions. This means that YouTube is NOT real instruction or training. This is like skydiving. You don't get a second chance to get it right if you do it wrong the first time. Like with anything else involving firearms, mistakes can cost fingers, limbs, or lives. I started reloading by taking an NRA class on reloading to learn the basics. The class that I took was on metallic cartridge reloading and it taught me a lot about making a consistent load that begins with a published recipe with NO substitutions. I learned about burn rates, components, and procedures to make a safe and accurate product. Between the Lyman's book and the web sites of the powder manufacturers, I was on my way. I also learned to ask lots of questions to people that have been reloading for a long time. When they offer their opinions about various components (powders, wads, hulls, shot, presses) they are all working from the starting point of published, safe, and tested recipes. If you are asking questions WITHOUT the base knowledge (i.e. the Lyman's book), you could be setting yourself up for an unsafe situation. That unsafe situation could cost fingers, hands, eyeballs, or a life. This is not just your own risk but also the person standing next to you on the line.

RANGEMASTER SOUND OFF

by Jay Zimmet

Over the last few months I have participated in the New Members Orientation to a large and eager group of range “newbies”. I don’t necessarily mean new shooters, but new members at this range who need to learn our rules and regulations. Some have gone blind trying to read all of our signs.

So what I am asking all of you (remember you are all RSOs) is to assist our new members and your guests with learning our procedures. If you see them doing something incorrect, please introduce yourself and help them understand how not to get hollered at and tasered. (one target on the short pistol range) The default state at the range is HOT (lights Off), just like any firearm is always loaded until you verify otherwise. It is an exception when the range is COLD (lights On) and everyone at that range should be cognizant that there is a cease-fire and no handling of firearms and equipment. When you arrive at the range, ensure that the range is HOT before removing your cased firearm(s) from your vehicle. I don’t know about you, but I don’t like it when someone is messing with a firearm behind my back! I have to prevent myself from spinning around and doing a cowboy quick draw. I would like to explain what we consider the proper way to unload and load your firearm(s). I am not referring to the round in the chamber (this time), but the bag/case you brought it in.

Your firearm should be unloaded from your bag/case on the firing line bench/table (pointed down range), not the bench/table behind the firing line. Rifles should be unloaded in this fashion and then placed in the rack if that is its eventual destination. You then reverse the process to load your firearm back into its bag/case.

If you are not following these procedures you are probably “sweeping” other shooters on the range, which is a major safety violation. Just saying.

Unload/load your firearm into/out of the bag/case on the firing line with the firearm pointed down range.

I also want to remind you that everyone is an RSO regardless of whether you have a Red Hat. If you see another member doing something unsafe, please politely remind them. If that does not work, please send me an email with the details. The Board convenes a special inquisition for those who violate our safety rules.

It’s that time of the year to be on the lookout for “It’s the Great Pumpkin, Charlie Brown”.

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

JUNIOR CORNER

by Patrick Russ

Important Dates:

Junior Trap 10/9/2021 & 11/3/2021

Coaches Class 10/17/2021

Junior Pistol 10/24/2021

Junior Archery 10/24/2021

Please don't forget about the Coaches Class. If you have ever thought about being a coach or helping with one of the many programs at the range, this class is for you.

We will be covering safe range practices and the fundamentals of shooting and coaching pistol, rifle and shotgun. This class is designed for the Junior Marksmanship program, but the knowledge gained can be used at all levels. As a coach for the Junior program, you will get the opportunity to teach future generations about the shooting sports. This is a chance to have a big impact in a child's life and it's a lot of fun. If you would like to attend, please contact **Ren Everett** or **Patrick Russ**.

It's getting close to that time of year again. The holidays will be here before you know it. Please remember the Joy Drive. We are collecting toys, money, gift cards and diapers for the military families at Camp Pendleton.

Linda Linaker has taken point on this and EFGA has been a major contributor for many years. This is a tradition that I am very proud of and would love to see it get bigger. Our service members do so much for us. It's nice to know that we are able to remember and do something for them.

It is with great sadness that I announce the passing of **Neil Pisk**. Neil was a huge supporter of the Junior Program and a good friend to many of us. He was always looking for ways to improve and grow the program. Nothing was too good for the kids. He also made sure that the Junior Marksmanship sponsor banner was maintained. Junior shooters will know him as one of the guys that did the scoring for the Junior Rifle events. Neil was a past president, and he did a lot to improve the range.

Escondido Fish and Game Association and the Junior Marksmanship Program are better because of his involvement. Neil was also a Navy veteran. He will be missed. The Junior Marksmanship Program had a moment of silence for Neil at the September 19 Junior Rifle event. Fair Winds and Following Seas, Neil.

Around The Range

FUZZY SCOPE?

By Elvio Marchi, NRA Instructor

The target is set. Your front rests are positioned. So you sit down and you bring the scope up to your eye. "I need to focus!" I have seen many do this. They inadvertently tend to bring the target in focus with their ocular (the closest ring to the eye) adjustment.

Scopes come in many configurations but one commonality is that the ocular ring is designed to adjust the diopter setting for your individual eyesight. This adjustment is primarily designed so that the individual will have a sharp reticle (crosshair) to aim by. One good example of this was when a person's (no name given) young daughter stopped shooting and let her father take the firearm to shoot...he exclaimed, "how do you see anything out of this scope? The crosshairs look like they're made of yarn."

The father's eyesight wasn't the equal of youth's sharp vision. He needed to adjust the eyepiece (ocular) lens to the diopter setting which would allow him to see the reticle sharply. Now, for him to see the target just as sharply in focus he would have to turn the ring at the front of the scope (objective lens). Some scopes have a front ring and some have a side focus dial. Many inexpensive scopes are of a fixed focus type and have no adjustments other than the ocular. Along with focus at the objective, there is also a dynamic which takes place simultaneously known as "parallax". That's a subject for another time. (...or another column?)

EFFICIENT ZEROING

By Elvio Marchi, NRA Instructor

As the majority of us are aware, ammo has become a commodity that is no longer easy to come by. Whether it be scarcity, cost or outright denial to it, it all boils down to one thing...make every shot count. Conserve. There is a technique for zeroing with as little as 3 shots that will place you on paper to fine tune. The main requirement is some form of rest that will maintain the position of your rifle after the 1st shot. (The following assumes you understand the workings of your scope.)

1. Set your target down range at either 50 or 100 yards. Low powered scopes would be better suited to 50 yards. Use a clean target backer if possible.
2. Firm up your rifle so it will hold position...scope adjustment is to be made from this position.
3. Fire one round, aiming at center of target, Locate the point of impact through the scope (without moving the rifle). It should be visible.
4. Remove the scope adjustment covers (if the scope has them). As an example, let's surmise your initial shot impacted the target at the 5:00 position. That would indicate that you are sighted low and right. With your cross hairs still on the center of the target rotate your elevation knob in the "UP" direction (Yes, that's the right direction) until your horizontal reticle line is visually even and intersects the point of impact. (most scopes - counter clockwise)
5. Since your point of impact was right, rotate your windage knob in the "LEFT" direction until the vertical reticle line intersects the point of impact. (most scopes - clockwise)
6. Now, re-aim your rifle at the center of your target and fire one round. You should be very much closer, if not right on.

How to place a classified ad in the newsletter

Only EF&GA Members in good standing may submit Classified Advertisements to the newsletter at no cost. Submit your Ad via e-mail to newsetter@escondidofishandgame.com by the 18th of each month. Include your Membership Number with any advertisement request. The number is on your membership badge. Your number will NOT appear in the advertisement.

Classified Ads run for ONE month. If you wish to repeat an ad for another month simply re-submit the ad request by the 18th. Please double-check for spelling and grammar errors.

No Illegal Transactions may be advertised in this newsletter. It is NOT legal to sell ammunition in California without going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a regulated commodity. Firearms ads must also include a phrase similar to "Buyer pays DROS".

Please include the following in your Classified Ad:

Category – 'For Sale', 'Wanted' or 'Lost & found'.

Subject/Title – This will appear in bold in the advertisement. This should be concise (2 or 3 words).

Description – This can be a few sentences but no more than a paragraph. Abbreviations are not recommended unless they are well known acronyms.

Price - A specific dollar amount and any qualifiers. For example: "\$600 or Best Offer", "Will consider trades".

Contact Information – This should be a name AND a phone number and/or an e-mail address.

Cowboy Action Shooting Cart Simple and plain but functional. A finished, plywood box on a golf cart with a vertical rack that supports three long guns. The box easily contains two or more pistols, web gear and ammo. \$50 (The cart alone is probably worth that much.)

Send an email and I'll send pictures.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
