Darrin's Dissertation

Find the time to get out of your comfort zone.

I have a list of events that I really enjoy. These events are run and attended by people who I consider good friends and great members of the Association. In my case (in no particular order), the Combat Match, the AR-15 Match, Sheepdog, Trap, 5-Stand, Pot, and the Cracker Shoot are all great ways to spend time with members and guests in friendly competition. All of the Junior events are also great fun and, in my mind, a large part of building the future of our Association.

However, I need to make time to at least observe, or even participate in events that I don't normally get to try. Most of us have a similar obstacle to minimize this cross-pollination. TIME! Between the other events, work, and a long 'Honey-Do' list at home, it is difficult to adjust my schedule to make it happen.

As my father used to say, "Difficult does NOT mean impossible". He never let me get away with an excuse like inconvenience to avoid executing a task. Many problems in society go unsolved because someone finds possible solutions to be inconvenient. We all know that this is no way to foster innovation or new experiences.

I have stated many times that our membership is made from a wealth of people from diverse backgrounds and experiences with a wide variety of information and skills. When I go to other events that are attended by people that I don't normally hang out with, I get to meet new people and try new things. Keeping an open mind and being willing to not be an expert on my first try at a new-to-me event gives me an opportunity to learn and experience a lot more than just another event. I get to know more of our members in different contexts. This is where we come up with new and creative ways to discover and address features of the Association in a different light. In my mind, this is how we grow ourselves within the Association as well as the Association itself.

Be safe and shoot straight.

Left the Range

Sad news was brought to us by **Bud Smith**, that his good friend **Jim Fratis** has left the range. Jim has been a member since 1980. He was an active flintlock

black powder shooter. Jim also taught archery in college and used to assist **Dave Premetz** with the Junior Archery Program. Sometime in the 60s, Jim was a world champion fast cowboy action shooter. Please keep his friends and family in your thoughts and prayers.

Left the Range

We also received word that **Edward "Ned" Richards** has left the range. Ned was a member from 2008 to 2019. His son-in-law, **Miles Gilmore**, honored his life by sharing that "As a father in law, I could've never asked for anyone finer. As a friend, I could've never found one more loyal. As a person, he would give you the shirt off of his back if you needed it. Quick witted, he was always one of the funniest people in any room." Keep Ned's friends and family in your thoughts and prayers, too.

First Aid, AED, CPR, Stop the Bleed

Don't forget about the First Aid, AED, CPR, Stop the Bleed Class on Sunday, September 8. This class is limited to 30 members only with a Range Membership ID Badge. The class is \$55.00 and includes a certificate of completion. If you are interested, send an email to **Gary Fukuda** at gukuda@escondidofishandgame.com.

Event Cancellations

Smallbore (.22) Rifle Silhouette is cancelled this month due to both shoot chairs attending CPR/First Aid training. The match will resume in October.

Defensive Pistol is also cancelled for the same reason.

DEADLINE for Next Newsletter:

General Meeting August 8

We had a good turnout for August at the last meeting. The heat didn't hold too many folks back. After the membership business was taken care of we engaged in FUN, with lots of prizes and awards of recognition. **Darrin Eaton** received a special recognition. See below for details. **Ray Bucholz** recognized members of the "Rose Team" with a 1997 Rose Edition proof silver dollar. He and **Pamela Tucker** have taken care of the roses for many years. They are grateful to have the Rose Team carry on the legacy. **Mark Baldwin** and **Tom Spencer** took home the two \$10 Buffalo Bills from the Black Diamond and Mom's Creek Raffle.

Chris Cote won the \$25 door prize and donated it to the Junior Marksmanship Program. **Rhett Strawser, John Max, Scott Christie, Timothy McGinn and Isabelle Chaconas** missed out on the \$500 Attendance Prize. Since they weren't present the \$500 will carry over to the September Meeting. You must be present to win. The raffle table had a little bit different mix of prizes supplemented with donations from **Mark Baldwin, Jack Starlin, Frank Alessio, Michael Douglas, Geoff Orchin, Bob Leider, Rich Oberle, Therese Thomas, Larry Bailey and Annette Champion**.

See you all at the September Meeting on September 12. For the record, members are also welcome at the Board of Directors Meetings. They are held the first Thursday of each month and begin at 6:30 pm.

Certificate of Recognition to Darrin Eaton

On behalf of San Diego County Supervisor **Joel Anderson, Jack Starlin** presented a Certificate of Recognition to **Darrin Eaton** as President of Escondido Fish and Game Association. The Certificate reads, "In special recognition and sincere appreciation of your unyielding commitment and unwavering dedication in promoting health and safety through your valuable efforts while serving as an excellent role model to uplift the members of your community!" Congratulations Darrin.

NRA Grants

Ren Everett has been busy submitting several NRA grants on behalf of EF&GA. For our last submission we were awarded 1 shotgun, 3 cases of .22 ammo, 2 cases of 250 x 20 gauge shells, 1 case of 12 gauge shells and some black powder accessories. Ren is submitting another grant for 3 x .22 rifles and all of the same ammo that was requested in the previous grant.

Ren has also submitted an NRA Range Grant for a range improvement project. We have requested Road Base to create some gopher free walking areas around the Trap Pads and on the Pistol Range. The project cost is estimated to be \$2500.

Please Don't Take What Isn't Yours

When setting up for the Air Pistol Silhouette match on 8/13 we discovered that, *for the second time (!) while I've been the shoot chair*, someone has helped themselves to the carpet sample squares we use for pistol mats. These were on the cart in the corner of the meeting hall, along with the pellet traps and targets, so it should have been obvious they served a purpose and weren't up for grabs. If you took these, please return them! And, if you took one each of the steel animal targets from that same cart some time ago, we still want those back, too. No questions asked, just put them back where you found them.

Bottom line: If something at the range doesn't have a **"FREE - TAKE WHAT YOU WANT"** sign on it, it's not yours to take.

Jim McKim, Air Pistol Silhouette Shoot Chair

Coaches Training

Want to be a Coach for The Junior Marksmanship Program or Women on Target? Although special training is not required, the annual Coaches Class can give you direction and confidence that you're on the same page with EF&GA's programs. This year's class will be held Sunday October 27. Please see page 5 (Training Central) for a class description and contact information. Giving your time back to the Association as a coach will be the only cost for the class.

Dogs at the Range – Policy

With the exception of the campground, dogs must be on leash and in your complete control.

Camp Pendleton Joy Drive

There are less than 100 days until we take toys, diapers, money and gift cards to Camp Pendleton for our annual "Joy" drive. We are hoping to raise over \$8000 this year. That amount would surpass last year's total. Don't forget to bring your donations to the range, give them to board members or call me and I will arrange to get them. On behalf of the families on base, thank you. *Linda Linaker* at momma92082@gmail.com

Junior Muzzle Loading

The next and last Junior Muzzle Loading event for this year will be on Oct 13th. Come on out and shoot the same type of rifles that were shot in the Civil and Revolutionary wars. We start shooting at 8 am. Sign ups are not required, but **Ren Everett** would like an email at everettju1@cox.net to get an idea how many shooters will be participating. Parents, we let you shoot, too.

Bow Hunter Education Class 9/14/2024 (8:00 am – 4:00 pm)

Class Description:

The Bow Hunter Education Course is a nationally approved curriculum designed to teach bow hunters the knowledge, skills and ethics to becoming safe and responsible archery hunters. The covered topics include basic bow and arrow nomenclature, safe bow and arrow carrying practices, distance-judging techniques, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, tracking skills, shot placement, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more. Most states in America require a Bow Hunter Education certificate in order to obtain an archery hunting license. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. The Bow Hunter Course includes 3-D archery field shooting at various targets and distances, including using a ground blind and tree stand. Bring a bow, arrows and quiver. Traditional and compound bows are acceptable. Use field tips on the arrows, no broadheads for the course targets.

NRA Metallic Cartridge Reloading Class 10/5/2024 (8 am – 12 noon)

Ammunition is hard enough to find and expensive enough. Is there any better reason to learn to reload your own ammunition?

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is “Hands-On” training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (e.g., cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 nonrefundable deposit is required to secure a place in this limited class.

NRA Pistol Instructor Class

10/19/2024 (8:00 am – 4:00 pm)

Class Requirements: All Instructor candidates must first complete the Basics of Pistol Shooting Course and the Basic Instructor Teaching Course prior to completing the Pistol Instructor Course as required by the NRA.

Class Description: The NRA Pistol Instructor Course is designed to provide the necessary training to become an NRA Certified Pistol Instructor.

The Pistol Instructor Course provides actual hands-on methodologies of the curriculum to provide candidates the opportunity to experience a classroom educational setting. There is a live-fire portion where candidates meet the shooting level also required to become certified instructors.

Registration for the course can be done directly through the NRA website.

For additional information, **contact David Premetz**, NRA Training Counselor at slixgunr@yahoo.com.

Coaches Class

10/27/2024

Class Description:

Would you like to coach but you don't feel confident? Maybe you just want to familiarize yourself with the Escondido Fish and Game Association's coaching processes. This course will provide guidance for coaching new shooters in Pistol, Rifle and Shotgun disciplines. The emphasis is on coaching new Junior Shooters, but the techniques are also applicable to Women on Target coaches.

RANGEMASTER SOUND-OFF

Hello Everyone,

by Gary Fukuda

Safety First

Due to safety concerns with the extension of the 100 yard range remodel and additional shooting benches, going forward Trap pad #3 will not be available for use when the 100 yard range is open for Casual shooting. The concern is that when someone is shooting from the far right benches on the 100 yard range and someone would be shooting from the far right shooting position on Trap pad #3, there would be a possibility of an accident.

There is a lot of new activity going on at the range. If you have a safety concern or any other items that you would like to talk to me about, you can contact me. We can discuss things in confidence and I can serve as an advocate to pass on the information to the Board Of Directors.

Guests

Members are responsible for their guests. You are allowed to bring two guests to the range with you. Pay attention to them at all times. If they are not in compliance with our safety rules, it is your responsibility to correct. If they can not be corrected, it's time to head home and that guest should be removed from your guest list.

Blinking Blue Lights

Blue Blinking lights on or off applies to all ranges. If the Blue Blinking lights are on, do not unload firearms or gear. Sign the Green Sheet and wait for the range to go hot (blue lights off). Then you can unload your firearms and gear. The chart in the upper right corner of this page should help you keep the lights protocol straight.

The Green Sheets

Sign the Green Sheets when you arrive at each range. Check to make sure the "Date" and "Range" lines are filled in. If not, fill them in, please. There are still Green Sheets being turned in without "Date" and "Range" information.

House Keeping

All shooters must remove their targets from the target backers and return the target frames back to the designated area. Take your targets home to discard. HAZMAT rules do not allow used targets to be discarded at the range. Look around and make sure you have all of your guns and gear. Too many guns have been left behind recently.

Wildlife

As always, watch for turkeys, deer and any other wildlife on the range. Call a "Cease Fire" and wait for the visitors to leave. If you have any comments, concerns or questions please feel free to contact me at gfukuda@escondidofishandgame.com or 760-420-7488.

Be safe and try to participate when you can.

Thanks, Gary Fukuda

TRAP CORNER

by Chris Cote

Happy September Everyone.

It seems that it has been hotter this year than last year. Must be global warming. Please take care when out on the trap field. Stay hydrated. Wear a hat and remember your shotguns when you leave.

New PSA for everyone. Trap Pad 3 is going to be closed while the 100 yard range is open. We have discovered that since the expansion of the 100 yard range, if you are on Trap Pad 3 you can look over and see the firing line. So, for safety reasons this is going to be the new safety rule.

In case you were not aware, September 1 is the opening of Dove season. What does that mean?? We will have lots of new and or once per year shooters getting in some last minute practice before heading out to the field. Please, if they are on the line with you stay calm and help them through the game of Trap.

It is also important to remind everyone about hot range, cold range etiquette. We have had quite a few instances of gun handling while the range is cold. Safety is everybody's responsibility.

Last Note - Gun Handling: It seems that with the influx of new and once a year trap participants the need to remind folks of where they can point and mount shotguns seems to have slipped their minds. I have seen several instances of flagging and outright pointing guns towards others. Please calmly educate them, once they have stopped pointing their gun at you.

Ladies Night

Ladies, you need a night out. Come on down and join us for Ladies Night. On the 2nd and 4th Wednesday nights of the month we are going to have a "Down and Dirty Trap 101" introduction. If you are interested in learning trap, please RSVP to **Annette Champion** at 760-803-7428. We are going to limit the space to five participants per night and members will have priority. What you will need: eye and ear protection, 20-gauge ammo and cash for trap rounds. We will provide shotguns and trap pouches for the evening.

JUNIOR CORNER

by Patrick Russ

Important Dates:

Junior Trap	9/14/2024 & 10/12/2024
Junior Rifle	9/15/2024
Junior MuzzleLoading	10/13/2024
Junior Pistol	10/20/2024
Junior Archery	10/20/2024

Today we held our Junior Pistol Event. We had 15 shooters and they all did a great job. Today was by far one of our best coaching days that we have had in a long time. All the coaches brought their "A" game and the shooters followed their lead. I saw huge improvements from the sight in period to the last rapid fire session. The safety was first rate with trigger finger discipline being nearly perfect. Even the weather decided to play nice today as there was a cool breeze on the range until just after we finished the last relay.

I need to again mention **Staff Sergeant Xavier Greiss**. For those that don't know, Xavier has been a part of the range for over a year now. He has become a huge part of the Junior Program. Up until a few months ago he was stationed at Camp Pendleton. Now he is stationed in 29 Palms. That's about a 2.5 – 3 hour drive for those of you keeping score. **SSgt Greiss**, drove out on Saturday and slept outside in our primitive camping area just so that he could help with our Junior program. Junior Pistol only takes 3 – 4 hours. He drove a minimum of 5 hours. The last 2.5 hours being in the heat of the day. If that is not dedication to a program, I honestly don't know what is. If you don't think that our Junior Program brings out the best in people, think again. While this is an exceptional example, it is not the only one. If you have been reading the Junior Corner over the last few years, you know that the Junior Program is made up and supported by some amazing individuals.

On October 27th we will hold our annual Coaches Class. This class is designed for anyone that has ever thought about coming out to help with the Junior Marksmanship Program or Women On Target, but thought they needed a little education on how to coach the different disciplines. The morning will start off with **Patrick Russ** teaching Basic Pistol Coaching. **Chris Cote** will teach Basic Shotgun Coaching and **Ren Everett** will teach Basic Rifle Coaching. All three of these guys are NRA certified instructors. This class is open to anyone that is interested in learning how to coach. Trust me. Knowing how to shoot and knowing how to coach shooting are two completely different skills. By learning how to coach, you learn how to break down shooting into its smallest components. Doing so actually helps you see the flaws in your own shooting style and improve them. You will learn to spot small mistakes that can make a big difference in how you shoot. In this class, you will learn how to work with very new shooters and experienced shooters alike. I have been lucky enough to be a part of the program for about 12 years now. I can still tell you the name of the first shooter that I coached. Watching these kids become better shooters and the confidence that comes with it is nothing short of amazing. Ren and I could talk about the stuff that we have seen all day. Those stories and the amazing things that we have seen are what keep us coming back for more. If you're an experienced coach or new to coaching, everyone is welcome. Lunch will be provided. Please RSVP with

Ren Everett at everettju1@cox.net
or **Patrick Russ** at pruss@escondidofishandgame.com

Junior Muzzle Loading

On October 13th we will be having our Junior Muzzle Loading event at 8am. Come out and shoot some of the same types of firearms that they used in the Revolutionary War and the Civil War with guys that are probably old enough to have been there.

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

BLACK POWDER NEWS

by Garth Warner

Muzzle Loading Bullseye Sept 1st:

This is scheduled for a 3 gun contest. ML Rifle, ML Pistol, and ML Tradegun. The winner will be the shooter with the highest total combined score. If you don't have a Pistol or Tradegun, you can still come out and shoot those categories for bragging rights.

Mandatory Safety Briefing is at 07:45. Contest begins at 08:00. Contact **Garth Warner** Gwarner@cox.net for details.

Primitive Archery Sept 1st:

This is scheduled for a CA 600 Round. Contest begins after the above Bullseye event (11:00 ish ?).

Contact **David Premetz** at slixgunr@yahoo.com for details.

Muzzle Loading Silhouette Sept 22nd:

This is scheduled for a Super Short Range (With a Twist). If you are new to Black Powder Silhouette Shooting then this contest is for you. Super Short Range places the rifle targets at 25, 50 and 75 yards. It does not get any easier than this. If you have a ML rifle that has been hiding as the queen of your gun safe since the dawn of time, then dust it off and bring it out. You need your own supplies and gear, but we will help you if you have a problem.

As Part of this Contest, we are also holding the **Neil Pisk Memorial Trade Gun Shoot** concurrently. This is a category that allows you to shoot a Trade Gun in the normal rifle event with targets at 25, 50 and 75 yards. This will be the 3rd in the Trade Gun series.

Because this Rifle Contest is too easy for the few Master Class shooters that we have, I have decided to add a twist. Master Class shooters will shoot the same course of fire as everyone else. The twist is that all Master Class shooters will be required to use the BobCat Short Children's rifles that were donated to the Junior Muzzle Loading program. ALL of these rifles have been repaired and zeroed at 50 yards with 30 grains of 2F powder. We will provide the balls and patches (which you can use or not). You are free to use your own loading components as needed. There will be a short sighting in period on paper targets after the pistol contest so you can see where they shoot. This will take the "best gear" equation out of the shoot and show who is best at adapting to a "new" gun.

Master Class shooters will need to start working on their excuses now.....

Pistol starts at 08:30. Pistol ranges will be 15, 25 and 35 yards.

Rifle starts at 10:00. Ranges will be 25, 50 and 75 yards.

Contact **Garth Warner** at Gwarner@cox.net for details.

Muzzle Loading Silhouette Contest

7/28/2024

This was a Mid-Range contest. Pistol targets were a 15, 25, and 35 yards. Rifle targets were at 75, 100, and 125 yards. Temps were in the High 80s, with light to moderate wind as the day progressed. The Silhouette contest was immediately followed by a 5 round Cross-Sticks contest using B-19 targets at 100 yards. (Listed below as Cross-Sticks).

Note: As we have done in the past, the Mid-Range middle target for both pistol and rifle were the steel Bears. Larger than our standard Turkey target, they are more difficult to knock down as they are very base heavy. Numerous shooters in both Pistol and Rifle could hit, but not knock down a Bear target with single shot. Ask Brad Speer and me how we know...

Constitution Day - September 17

It had been a long hot summer in Philadelphia for 55 delegates from 12 of the 13 new states. They had originally gathered in May of 1787 at the Constitutional Convention to amend the Articles of Confederation that had clumsily held the new nation together since 1781. The Revolutionary War had ended with the signing of the Peace of Paris on September 3, 1783. The Convention delegates quickly realized that they should scrap the Articles of Confederation and begin anew.

James Madison has been credited with writing The Constitution of the United States, and indeed he was the Chief Architect. Many of the concepts like "Separation of Powers" came from Madison's extensive research of governments which included the Magna Carta 1215 and the Code of Hammurabi circa 1755-1750 BC. The 55 delegates, however, spent the entire summer deliberating and compromising to come up with the final document.

On September 17, 1787, one of the most important documents in the history of the world was signed by 39 of the delegates in attendance. Nine of the 13 states were required for the new Constitution to be ratified. Over the next 9 months, **James Madison, Alexander Hamilton** and **John Jay** wrote 85 essays under the pseudonym, "**Publius**". These Federalist Papers, explained the reasoning and purpose of various sections of The Constitution and were intended to persuade the remaining states to ratify the document. Several states pressed for the addition of the Bill of Rights before agreeing to the new government structure....a wise decision as it turns out. It wasn't until 1790, however, that the last state, Rhode Island, signed The Constitution of the United States of America.

So...On September 17 and every day, honor The Constitution. It has kept us free for over 234 years.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
