The Presidents' Corner!

NEXT WORK PARTY IS MAY 14, 2016.

{Provisional members; this is the last work party before the June 30th renewals deadline for your required volunteer hours.}

Member Renewals

Membership renewals will be beginning soon. Please, if you have relocated, contact the association clerk and update your mailing address.

By Law Revisions

Thank you to all who came to the March general membership meeting to participate in the voting for the new by law revisions. As soon as possible, we will have the revised edition printed and sent to the membership, as well as posting it to the website. Special thanks to Norm Porst and committee for the superb job done on the by law revisions. Well done! Junior Marksmanship Sponsor Program

Thank you to all who have donated time and money to our award winning junior programs. It's that time of the year when we update the banner hanging in the meeting hall so please, if you wish to sponsor again this year with a donation of five hundred dollars or more, now is the time.

Classes

Want to hone your skills? There are many classes offered at EF&GA. Most are listed in the newsletter or on our website. Education is the key. And speaking of education...

Scholarship Award

The deadline for our scholarship awards program this year is August 17, 2016. All the information and application forms are on our website.

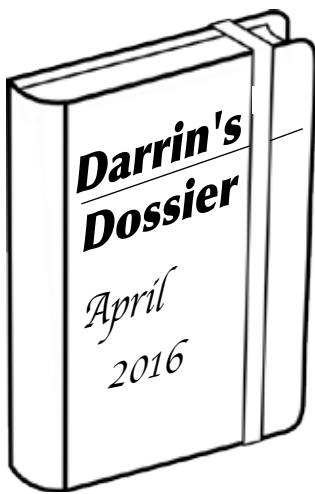

Kudos

Thanks to Mathew Basham and the Major Market family. Your support is most appreciated.

*****Safety Tip- When you're shooting more than one caliber, it is always best to bring them to the bench one at a time as you use them, rather than take the chance of mixing ammunition and possibly loading an incorrect round.**

Neil

PLAY SAFE, STAY SAFE

Get the Lead Out

Hunters and fishermen (fisherwomen too) are known for being conservationists and good stewards of the land so that our quarry may continue to thrive and we can continue to have fish and game to pursue. With that in mind, EF&GA has mined the South hill of the property for many years. The contractor that mines the lead shot does the work for a fair price and we have tons of lead shot that is

available for purchase (see Dan Doorman for details).

The Pistol and Rifle ranges are more challenging to mine and the contractor has no use for the large jacketed bullets. Some might see that as a problem but we found it to be an opportunity. We found a metal recycling company that is willing to pick up the lead as long as we mine it and remove most of the dirt and rocks. We got together and made a dry sluice box designed to separate the lead from the dirt. One person shakes the sluice box while others shovel in the dirt and lead mix from the hill. The dirt that falls through the sluice is used to fill sand bags and we will be stacking them on the hill to prevent erosion.

At the last work party, we mined over 4000 pounds of lead and since then we have mined about another 1000 pounds when we had some spare time and a few volunteers to help. We will continue to mine lead at the work parties because we had such great success at the last one. We will also be mining at least one afternoon per month and we are looking for volunteers. If you are a provisional member and need to get your volunteer hours finished, this could be an opportunity for you. If you want some lead for casting your own fishing weights or bullets, we can help you with that too. The next scheduled mining session will be 4/3/2016 from 2 – 7 PM. Please contact Darrin Eaton or Patrick Russ for details.

Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last meeting Gary Robertson won the \$25 door prize and graciously donated it to the Junior Marksmanship Program. Had he attended the meeting, Gennady Levin would have won the \$500 Attendance Prize. The next General Meeting is 4/14/2016. If you don't show up, you can't win.

Donor List (3/10/2016)

Thanks to all who donated to the raffle table at the last General Meeting – Bud Smith, Bill Williams, Tom Kendall, Ray Bucholz, Rich Sorionell, Pam Tucker, Joyce and Frank Alessio, Jim Rolfea, John Matson, Tim Geiser,

JR. CORNER

By Shane Cary

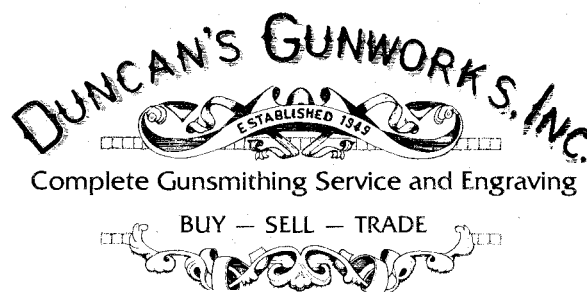

My name is Shane Cary. I have been around firearms my whole life. My first experience with a firearm was when I was four years of age. My dad first taught me basic firearm handling and safety by taking out an HK USP model pellet gun and teaching me to always make sure its unloaded by locking back the slide and looking into the chamber when someone hands you any type of firearm. We would practice this every day about ten times. Then when I got the technique down using a pistol we started practicing with a bb gun rifle. After I learned basic firearms handling and safety with the bb pistol and rifle, my dad took me to the EF&GA range where he taught me to drop the magazine, clear the chamber, and safely put the firearm down before backing behind the yellow line when you are done firing the rifle.

My dad started taking me to North County Firearms to buy ammo and other awesome firearm and shooting gear. That is where I met Patrick Russ who told me about the Junior Rifle Program at the EF&GA range and asked if I might be interested in competing. I of course was immediately thrilled with the idea of shooting with other kids and having a coach instructing me on how to breathe, use trigger control, natural point of aim, and sight in my rifle. After a few shoots I was getting better and better and learning new things every time.

After a few years of going to the EF&GA range with my family, I learned to shoot a SIG 40, 1911 45, Mosquito 22, Ruger 22 revolver, AR15, Cricket 22, and many more. I got my first rifle was when I was about nine. My dad and I built a tan AR15 with a desert Marpat camo sling. It took us about 2 months to get all the parts and assemble the rifle. That rifle is still the best rifle my dad and I have. Once I got into cowboys, bull riding and old west movies, I bought a Henry 22 lever action rifle

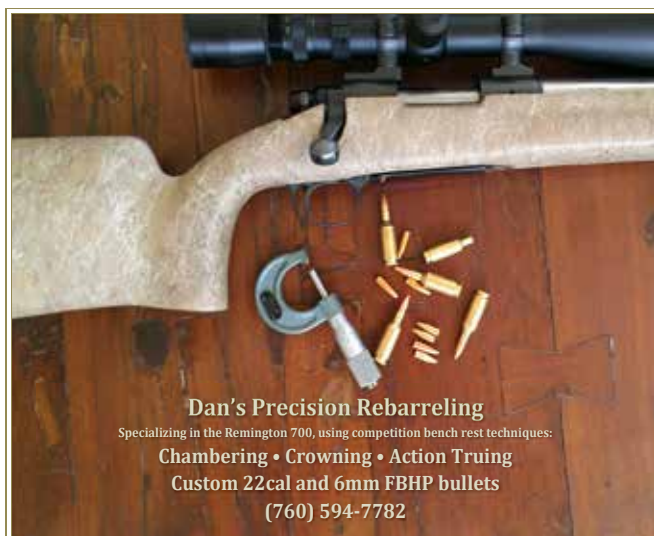

with the money I saved up. I sure thought I was the stuff when I showed up at rodeos with my Smith and Wesson belt buckle and Justin boots.

Then Patrick Russ sent my dad an email saying they had started a junior pistol shoot and wanted to see if I was interested in shooting in the first relay for the first shoot. You could probably guess what my answer was. When I got to the range I helped put up the targets, listened to the safety brief and lined up with a coach behind the yellow line. It was cold and the fog was just starting to clear when I stepped up to the line and took my first twenty shots at the target for the slow fire portion of the shoot. When the firing ended we backed behind the yellow line and turned on the cold range lights. We then walked out to grab our targets and handed them to the target collector. When we started the rapid fire portion of the shoot my coach reminded me that I had ten seconds to fire five rounds. I loaded five rounds into each of the two magazines I had laying to the left of my pistol. When I was finished firing my twenty rounds into the rapid fire target we repeated the safety drill and collected our targets and once again handed them to the target collector. We then finished the shoot with a safety debrief and a good cinnamon roll.

On the drive home I told my dad all about my target and the shoot. Later I found out I shot first place and was thrilled. At my next shoot I got invited to join the junior coaching team and was told to walk up and down the shooting line looking for any safety issues and fetching ammunition for other coaches. The shoot after that I got to coach my first shooter. I was super nervous and was worried that I was going to mess up, but I pulled myself together and just kept my eye on the firearm and instructed my shooter on sight alignment, trigger control, breathing, and safety. It was a pretty crazy feeling to see my shooter's target and feel like I had something to do with his success. I feel have I taken away a lot from being a coach. I have made friends, and being around firearms has made me a better person and a better defender of the Second Amendment. I am proud to be a member of the Escondido Fish and Game Association.

RANGEMASTER SOUND OFF

By: Tim Geiser – CRSO • crsoTim@aol.com

One of the duties of the Chief Range Master is to conduct a safety walk-thru for new members and kids who wish to become a part of our various junior and youth programs.

The kid's parent(s) must accompany them on the walk where I and assisting Chiefs are able to truly emphasize our organization's commitment to all aspects of firearm safety. It has been a satisfying experience for me. For many of the kids it is the beginning of a lifelong love of the shooting sports and I appreciate the opportunity to help them develop a good safe start.

One of our talented board members, Darrin Eaton devised a shaker device that works similar to a trommel. Using his device we were able to recover over 4,000 pounds of lead from just a small portion of the pistol range during the last clean-up. So far we have recovered the best part of 5,000 pounds! Trust me folks it sounds like a lot but it is a small fraction of what is there. The youth programs should benefit greatly from the sale of the lead. Thanks Darrin and to all the folks who helped to process all that material.

On occasion I receive an offhand report that an RSO spoke to a member or guest in a manner that ruffled some feathers. Every member should be aware that an RSO is expected to converse in a respectful manner, but depending on the situation and the member's response it can be a challenge to say the least. If you feel that you have been slighted in some way you can always send me an email and I shall be happy to investigate. If necessary the matter can even be referred to the Board of Directors. You will be given a fair and thoughtful hearing. It would be helpful to make sure you know the rules and SOP for our range. I can assure you that our RSOs review them often. Far more people tell me that our RSOs are courteous and helpful when on duty, than anything to the contrary.

There is an emerging issue that I see as becoming more prevalent as more people purchase and use shorter barreled rifles such as an AR-15 with a 24" barrel. It is difficult to bring the muzzle up to the red line to fire. As a result a shooter on a bench to the right can easily wind up with his head virtually on line with the muzzle of the AR-15 and on the receiving end of a face full of hot brass or brass down the back of his neck. The problem is somewhat exacerbated by the fact that AR-15 shooters tend to fire more rounds than a typical bolt action rifle shooter. So what is the solution? Is there a solution? Am I imagining a problem that doesn't exist? Think about it and send me an email with your thoughts. Now I know that you all think I have all the answers, but truth be told there are a few problems that I have not figured out yet. Thank you for your input.

Eugene Ramey (AKA "Gunny") passed away on February 15th. He served in Korea and Vietnam and has been member of EF&GA since 1997. Please keep his family in your thoughts and prayers.

BBQ Volunteers Needed (5/15/2016)

This year the annual barbecue will be bigger and better than ever. That also means that we will need more volunteers to help run the events, assist with parking, etc.. If you want to help but don't think that you know enough about any events to help, we can teach you. Also, there are jobs that require minimal physical effort but are entirely necessary to keep the event running smoothly. The parking area needs people to help direct traffic. We also need 'rovers' to help give short-term relief to people running the events so that they can have restroom breaks. If you need hours signed off on your yellow card, this is a great way to get a few hours. For more information, please contact Ed Migdal.

Air Pistol Practice – Summer Hiatus

There will be no Air Pistol Practice starting in April. This event will resume in October.

Coach Training Day (4/17/2016)

Many people are intimidated by the thought of not knowing enough to be a great coach. Well, now is the time to fix that. Come out and train with the shoot chairs on how to properly coach as well as some finer points of each discipline that you probably didn't know. Also learn some of the finer points of working with children and how to keep everyone engaged and safe. There will be training for pistol, rifle, and archery. Contact Ren Everett to reserve your space in the class.

NRA PERSONAL PROTECTION OUTSIDE THE HOME COURSE (4/27/2016 & 4/29/2016)

This class is open to EF&GA members and the Public. This is the NRA's most advanced handgun class and it addresses concealed carry through challenging range exercises that emphasize the draw and presentation, movement, awareness, avoidance, and multiple threats, and a classroom session that expands the concepts you experience on the range. The range sessions cover basic carry and movement concepts in the morning and advanced skill development in the afternoon on May 27. The classroom session will be held in the morning on May 29. This is an advanced class: Students (adults 21+ must have prior intermediate to advanced experience/training in the safe use of, and legally be able to use handguns) will

Fun Shoot Rescheduled

The 5th Saturday Fun Shoot originally scheduled for 4/30/2016 has been postponed due to a schedule conflict with the Camp Pendleton InterClub shoot on the same day. The 5th Saturday Fun Shoot has been rescheduled to 7/30/2016.

InterClub Shoot Coming Up

The next InterClub will be hosted by the Vado Del Rio Skeet and Trap Club on 4/30/2016. Registration opens at 8:00 and the first squad will start around 9:00. Because this will be held on Camp Pendleton, special permission is required to get on base due to heightened security. Please contact Barbara Griffith or Mark Eller for more information.

Black Powder Muzzleloading Pistol/Rifle Class (5/1/2016)

May 1, 2016 (Sunday) in the EF&GA Meeting Hall from 8am-5pm. This class is an NRA/NMLRA Certified Basic Muzzleloading Pistol /Rifle Class. Students will learn the basic fundamentals of handling Black Powder as well as the safe handling and use of Muzzleloading Pistols/Rifles to include Flintlock and Caplock. The session will consist of classroom and range time- (hands on shooting). All guns, powder and equipment will be provided. You may bring your own firearm if you prefer. Classes are limited to 10 students. To reserve your spot call Bud Smith 858-922-6489 email buckshotbud@cox.net or Neil Pisk 760-781-1289 email npisk@escondidofiahandgame.com . Please call Bud or Neil for information.

NRA Metallic Cartridge Reloading Class (5/7/2016)

Ammo has plentifully come back to the market. But are you getting the accuracy and precision you and your rifle are capable of? The opportunity to learn reloading techniques that will allow you to produce consistent, accurate ammunition and receive NRA certified reloading instruction is available on May 7th, 2016.

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session, 12:00 on Saturday, May 7th, 2016 and will last until approximately 4 P.M.

The Second Part will be a "Hands On" reloading bench experience. This session takes place on my reloading bench and generates the practical detailed experience necessary in successfully completing your caliber reloads.

Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session.

The cost is two tiered: EF&GA members = \$90; non-members = \$100. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. A \$20 deposit is required to secure a place in this class.

Registration is limited. Any questions and/or need more information, contact me, Elvio Marchi at elvio1@cox.net or 760-734-3942

2016 BBQ ORDER FORM ESCONDIDO FISH & GAME ASSOCIATION

The BBQ is Sunday, May 15

NAME _____

ADDRESS _____

CITY _____ STATE _____ ZIP CODE _____

Number of child tickets _____ X \$10 each
(12 years old & under)

Number of Rifle Drawing Tickets _____ X \$1.00 each. Total _____

TOTAL AMOUNT ENCLOSED _____ (Checks payable to EF&GA)

Mail check & form to: EF&GA C/O Neil Pisk, P. O. Box 460506, Escondido, CA 92046

Kitchen Story By Norm Porst

So, just how do you remodel and upgrade a kitchen in less than thirty days? Simple. You surround yourself with motivated, dedicated, and professional people. It starts with a Board of Directors that wants to continue this Association's excellence through improvements and maintenance.

At the Board meeting on February 4th the Board approved funds for the kitchen project. At the general meeting on February 11th this was announced to the membership with instructions to clear the kitchen of any keepsakes or say goodbye to them forever. On Sunday February 14th Lucy, Juli, Linda, and Marianne started us off by completely removing (and throwing away) "stuff" from the kitchen. This gave me and my crew a great start on the following Monday.

The first week was demolition, rough electric, and rough plumbing. Four new circuits were added and a water line was run to the refrigerator location. Stove gas line and HVAC electric were put into the wall.

The second week was drywall and paint. It is hard to describe just how much drywall was removed to accomplish the rough ins, but it was substantial. It was replaced, taped, skim coated and painted.

The third week was set aside for new cabinets to be installed. At this time many pick up items start to take place such as a new fire extinguisher cabinet, phone, towel container, fans, etc., etc.

The fourth and final week brought new counter tops, sink, faucet, water heater, bulletin board and much more. The kitchen was done under budget and at a great cost. But this would not have happened without the help of those dedicated and professional people mentioned above. I would like to acknowledge and thank the following:

- Rick Ross, EF&G member and owner of Big Pine Construction, Escondido. Supplied much labor and material at no cost.

- Duane Wright, EF&G member, Nevell Group, Inc., San Diego. Supplied all drywall labor and material at no cost.

Jim Wong, EF&G member and co-owner of Jim-n-I Systems, San Marcos. Supplied cabinets at a reduced cost plus extras.

- Danny Rios, owner E & G Builders, Valley Center. Supplied Paint and labor at a reduced cost plus extras.

At the time of this submittal we are still waiting for our new windows. Hopefully at press time they will be installed.

- The kitchen was turned over to the Association at the general meeting on March 10th. 29 DAYS, woo hoo!!

We hope our members appreciate your Associations efforts and will help keep this kitchen looking new and functional for many years.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

DEADLINES!!

Items For the MAY Bulletin Due

Monday April, 18th

Any and all requests for items to appear in the monthly bulletin should be routed through
