### PRESIDENT'S MESSAGE

Happy New Year to Everyone,

The year 2007 has come to a close and we now embark upon 2008.

As we look back on 2007 and especially the last 6 months, changes have been made. This has come about with the help of a lot of people in the association. A new board of directors was elected, Denny Martin agreed to spear head the range improvement along with the help of Frank Alessio and Kenneth Notter. At the last board of directors meeting the three of them presented tentative plans for the 200 yard range, pistol range improvement and a new building to be construction to replace the trailer and the storage boxes adjacent to the trailer. Like I said these are tentative plans, but it shows we are moving forward. A new perimeter fence has been put up and the picnic/camping area should be completed by summer. When you come to the range take time to look around – it looks better every time I am there. We all can be proud of what has happened and what is going to happen!!

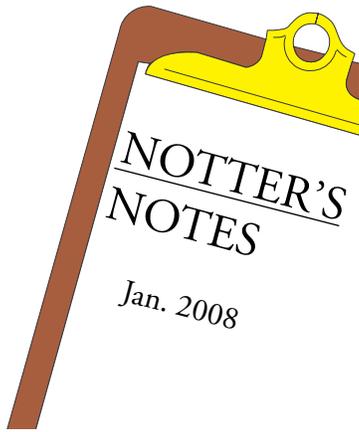

Also, the Range Fund was voted on by the general membership to change the title to Range Improvement Fund, giving the board of directors the ability to spend the money on improving the range. I want to thank all those who voted in favor of this.

I would like to put out a call to all hands. To make the improvements that we are planning to do we need all your help. Denny Martin is going ahead with the 200 yard range. So, when construction is about to start I would like to see as many members as possible helping. Bring your friends along also. It just might get them interested in joining the Association. This also goes for the picnic and camping area. But as this project is primarily for a couple of Boy Scouts to earn their Eagle Scout award we will leave the planning of it to them.

Well, enough said. Let us go forward in 2008 and make it a better year for everyone and may all your dreams and wishes come true.

Sincerely,

*Leonard*

### **LEAD MINING ON JAN. 10 through 21**

It is time to shut the range down in order to mine the lead. The range will be open on Saturday/Sunday for matches and Wednesday night Trap. Having them mine at night will be investigated. Rain

## A LITTLE GUN HISTORY

I Thought you might appreciate this . . .

In 1929, the Soviet Union established gun control. From 1929 to 1953, about 20 million dissidents, unable to defend themselves, were rounded up and exterminated.

In 1911, Turkey established gun control. From 1915 to 1917, 1.5 million Armenians, unable to defend themselves, were rounded up and exterminated.

Germany established gun control in 1938 and from 1939 to 1945, a total of 13 million Jews and others who were unable to defend themselves were rounded up and exterminated.

China established gun control in 1935. From 1948 to 1952, 20 million political dissidents, unable to defend themselves, were rounded up and exterminated

Guatemala established gun control in 1964. From 1964 to 1981, 100,000 Mayan Indians, unable to defend themselves, were rounded up and exterminated.

Uganda established gun control in 1970. From 1971 to 1979, 300,000 Christians, unable to defend themselves, were rounded up and exterminated.

Cambodia established gun control in 1956. From 1975 to 1977, one million educated' people, unable to defend themselves, were rounded up and exterminated.

Defenseless people rounded up and exterminated in the 20th Century because of gun control: 56 million.

It has now been 12 months since gun owners in Australia were forced by new law to surrender 640,381 personal firearms to be destroyed by their own government, a program costing Australia taxpayers more than \$500 million dollars. The first year results are now in:

List of 3 items:

Australia-wide, homicides are up 3.2 percent

Australia-wide, assaults are up 8.6 percent

Australia-wide, armed robberies are up 44 percent (yes, 44 percent)!

In the state of Victoria alone, homicides with firearms are now up 300 percent. Note that while the law-abiding citizens turned them in, the criminals did not, and criminals still possess their guns!

While figures over the previous 25 years showed a steady decrease in armed robbery with firearms, this has changed drastically upward in the past 12 months, since criminals now are guaranteed that their prey is unarmed.

There has also been a dramatic increase in break- ins and assaults of the ELDERLY. Australian politicians are at a loss to explain how public safety has decreased, after such monumental effort and expense was expended in successfully ridding Australian society of guns. The Australian experience and the other historical facts above prove it.

You won't see this data on the US evening news, or hear politicians disseminating this information.

Guns in the hands of honest citizens save lives and property and, yes, gun-control laws adversely affect only the law-abiding citizens.

Take note my fellow Americans, before it's too late!

The next time someone talks in favor of gun control, please remind them of this history lesson.

With guns, we are 'citizens'.

Without them, we are 'subjects'.

During WWII the Japanese decided not to invade America because they knew most Americans were ARMED!

If you value your freedom, Please spread this anti-gun control message to all of your friends.

### **Escondido Fish & Game Trapshooting Etiquette**

1. Make your entry far enough in advance, so that the office can properly process it. Clubs want shoots to start on time, but they can't if shooters don't sign up enough in advance so that squadding and record keeping can be done.
2. Be ready when your squad is called and also when it is your turn to shoot in the squad.
3. Do not lean over each time to pick a shell out of a box on the ground, or to pick up empties. Have your shells where you don't have to stoop to get them.
4. Do not raise your gun until the shooter ahead of you fires.
5. Remain at your post until the 5<sup>th</sup> man has fired, then move to the next position at the end of the round. Stand facing the traps until the last man has fired the last shot. If you are leadoff, do not fire until all squad members are in position after each change.
6. Never load your gun before changing positions. When going from position 5 to position 1, turn to the right to avoid bumping guns with the man coming from post 4.
7. Load only one shell at a time except in doubles. Close the gun only when it is your turn to shoot. If a delay occurs, remove the shell.
8. Do not let ejected shells from your gun hit or annoy other shooters.
9. Do no unnecessary talking when you are on the firing line. When you are not on the firing line, keep your voice down when you are around other squads which are shooting.
10. Time your shooting to establish rhythm in the squad. Call in a loud clear voice so there is no confusion about when the puller should respond.
11. Be a sportsman at all times. Be sure your competitors get what is due them, but do not be a target claimer.
12. Observe safety rules. Do not point your gun at another, even if it is unloaded. On the firing line, always keep your gun pointed toward the ground or the trap houses.
13. Shooters are always willing to have you look at their guns, if you ask permission first. Do not pick up another's gun from the gun rack and handle it without asking.

### **NOTES CONTINUED FROM PAGE 2**

Walt Nicoll was the lucky winner of the RUGER Rising 10/22. Each year a prize is given to one of the active Range Masters.

### **RANGE MASTER "FUN" DRAWING**

Three Range Masters won red, silk shorts emblazoned with EF&GA and a pair of red Coca Cola underwear that proclaim "It's the real thing"; Bud Smith, Walt Nicoll, & L. T. Reynolds. They all must wear these items to the December 2008 meeting.

### **JUNIOR RIFLE ON JANUARY 20 NEEDS YOU**

Coaches are needed for this event. Come and help these fine youngsters learn to shoot. Call Ren Everett or Frank Alessio to volunteer.

### **CONGRATULATIONS, ROBERT!**

Robert Reid has been a member of EF&GA since 1962. I'll bet he can tell some stories.

### **LEFT THE RANGE**

John "Chris" Bain and his wife Victoria Fox were caught in their garage when the recent fire went down Highland Valley Road.

Jack Blackburn left us on Nov. 18. Jack was 89+ years old and married to the same lady for 67 years. Jack really loved the EF&GA range.

Brad Denny passed away after a lengthy cancer battle. He is survived by his wife, Grace.

### **KIDS NEEDED**

EF&GA has a multifaceted shooting program for children. Rifle, pistol, and shotgun are offered. All firearms are supplied by the Association. This is an excellent way to involve your child or grandchild in the shooting sports. For information call any of the Junior Shoot Chairs for information.

### **PISTOL COMBAT**

The Association hosts an IPSC style match on the first Saturday of every month. This is an excellent way to improve your pistol skills. Either a semi automatic with spare magazines or a revolver with speed loaders are needed for this match. All targets are steel. For information, call Bill Laird.

By RAY and NEIL

First off let us say we hope each and everyone had the best holiday season ever. On behalf of the range masters, let us also say we hope this New Year will bring much happiness to all of you. A lot of great things are going on around the association property as well. Denny Martin, Kenneth Notter and Frank Alessio and committee have been scurrying around working on range improvement plans. We think you will all be pleased with the results as they start to happen.

As this new year unfolds, let's all be aware of *Safety First*, mixed with a little *Range Pride*. Our maintenance man, Vinny Rutta, and our janitor, J.W. Pyles have been working their tails off to make the property look great both inside and out, but it also takes the cooperation of the membership to pull it off completely. When you're done shooting, please police your space. Place trash in the proper receptacle; pick up your brass, shotgun hulls, etc. Take down your used target so the next person has a clean target frame to work with. Oh! While we're on the subject of target frames, have you looked at the ones we have lately? See a pattern working here. We have had to replace more target frames this past year than any other year prior. Some of you are either not paying attention while you shoot, or you just don't care. So, here is lesson number one: **SHOOT AT THE CARDBOARD BETWEEN THE WOOD STICKS**. Simple, easy

Okay, now for the happy stuff. Congratulations to Walter Nicoll. Walt won the custom built Ruger Green Mountain Rising 10/22 rifle at the December general member meeting. This special drawing, which is held each year, is exclusively for our volunteer Range Masters, Trap masters and Shoot Chairs. Based on duty post attendance, ( special thanks to Milt Johnson for tabulating the green sheets) this award has been quite successful in helping to maintain safety at our property by giving an incentive to our volunteers to give a little more of their time. Anyone interested in signing up for range duty can either go to the Trap Ramada and fill in the appropriate space in the green sign up books, or, give Kenneth Notter a call and he will give you an access code to sign up on-line. Once again, congrats to Walt Nicoll.

Shotgun Santa says Ho!, Ho!, Ho! Thanks to all of our Range Masters that wore their hats, shirts and badges, (and the wannabe range master undies) at the December general member meeting. Congratulations to the lucky three who now possess their official red silk Range master boxer shorts and their official Coca Cola "It's the Real Thing" red underwear.

Congratulations also go to our Junior shooters who hand made the amazing ornaments that decorated our Christmas tree. Jerry, Kayla and Kim Everett and Brittany Tugwell were our "Decorate Our Tree" winners.

Range Masters: Some of you have indicated that you do not have your name badge. Please notify Ray or Neil if you need a name badge.

Range Masters, please remember that this column is for you to voice your ideas, suggestions or just your thoughts. Please do not hesitate to call Ray or Neil if you have something worthwhile to say.

*Play Safe, Stay Safe*
