Life Members

Congratulations to our newest Life Members, Jay Zimmitt and Patrick Russ. Both of these members have shown exceptional service and dedication to this association and I am very happy to bestow this great honor on both of these fine members.

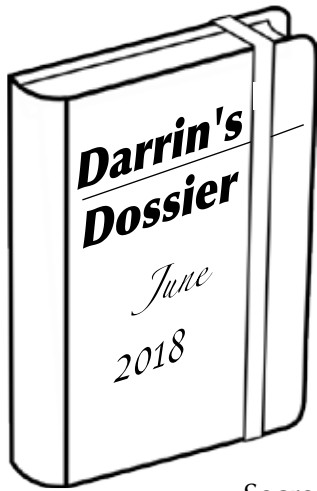

Honor & Privilege

Wow! Hard to believe it has been four years since you first elected me to sit in the Presidents chair. I have to say it has been a great run. A few bumps along the way, but, everything we do should be a learning experience. I think we got much accomplished in this short period of time. I say we because I didn't do it alone. I had lots of help in the form of some fabulous Board(s) of Directors as well as the support of you, the membership. Without that support nothing gets done. If you keep showing that support for the new Board, I'm sure they will work hard for you.

In closing let me just say this. It has been an honor and a privilege to serve this amazing organization.

Neil

PLAY SAFE, STAY SAFE

🔫 New Board of Directors for 2018-2019

At the last General Membership Meeting (5/10/2018) elections were held and a new Board was elected. Our new Directors are Yosi Boubllil and Chris Cote. Ren Everett was re-elected as a Director as well. Geoff Orchin was re-elected as

Secretary again. The new President

is Norm Porst and I was elected as the new Vice President. I am honored and humbled by the support that I received from all of you. I will do my best to live up to the high standards set by my predecessors. Speaking of predecessors, be sure to thank Neil Pisk and Patrick Watson for their outstanding service to the Association over the past four years that they held the offices of President and Vice President.

🔫 Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. Barbecue 5/20/2018

Well, we have survived yet another outstanding Barbecue event. There were a few changes this year that drew many comments from the crowd. First of all, we had an excellent vocalist – one of our Junior Marksmanship participants, Samantha Carey. She is not only talented with a rifle but also with a guitar and her voice. Next, we had the addition of the Cowboy Action event. Everyone that I talked to who tried it had a goofy grin and lots of positive comments about it. We also had a bigger crowd than last year and as usual, the food was fantastic. Bekker's Catering did an outstanding job of getting over 450 people through the line in under half an hour.

There were also many people behind the scenes who made everything continue smoothly and with minimal mayhem. Roger Fannin and his crew made sure that parking was organized and orderly. We had shoot-chairs that kept the events flowing, fun, and safe.

Work Party 5/19/2018

The Barbecue would have been possible without the 121 volunteers who showed up for the Work Party the day before the Barbecue. Besides removing the broken clays from the hill, there were numerous other tasks that were completed to keep the Range beautiful, functional, and safe. I want to use the platform of this newsletter to identify and thank each of the participants by name. If your name is misspelled, please be sure to print your name on the green-sheets clearly in the future.

NRA Metallic Cartridge Reloading Class (6/2/2018)

Although ammo has plentifully come back to the market there are California restrictions (Prop. 63) that have been generated to hinder such purchases both in-store and on-line. The opportunity to learn reloading techniques that will allow you to produce timely, consistent, accurate ammunition while receiving NRA certified reloading instruction is available on June 2nd, 2018.

 - i. A pistol grip that protrudes conspicuously beneath the action of the weapon.
 - ii. A thumbhole stock.
 - iii. A folding or telescoping stock.
 - iv. A grenade launcher or flare launcher.
 - v. A flash suppressor.
 - vi. A forward pistol grip.
- b. A semiautomatic, centerfire rifle that has a fixed magazine with the capacity to accept more than 10 rounds.
- c. A semiautomatic, centerfire rifle that has an overall length of less than 30 inches.

Where can I register my assault weapon?

All registrations must be submitted electronically, through the California Firearms Application Reporting System (CFARS) at <https://cfars.doj.ca.gov>. The registration fee is \$15 per person (transaction).

Where can I find additional information about bullet button assault weapons?

Additional information can be found within the Bullet Button Assault Weapons Frequently Asked Questions.

NOTE: If you are in lawful possession of a bullet button assault weapon that is a Firearm Manufactured By Unlicensed Subject (FMBUS), you must obtain a DOJ-issued serial number by completing form BOF 1008 and emailing it to DOJSerialNumber@doj.ca.gov. The serial number issuance process is separate from the assault weapon registration process and must be completed before the assault weapon registration application will be accepted by DOJ. <https://oag.ca.gov/firearms/bullet-button-assault-weapon>

RANGEMASTER SOUND OFF

By: Jay Zimmett – CRSO • crsojay@escondidofishandgame.com

I am happy to report during the last month that there were no major safety issues other than the normal “*What Sign?*” or the “*I didn’t know there were (blue) lights on the range?*”....

But I have heard (we have not caught you yet) about a few of you that still have not gotten the message. When the range is **COLD** and you are going down range to handle your target turn the blue lights **ON**, even if you are the only one on the range! Remember no lights means the range is **HOT**; so don’t get upset when someone up range shows up with their firearms or is messing with their equipment as the range is technically **HOT**!

As some of you know I am also the Match Director for the Cowboy Action Shoot and today was our Annual BBQ. The Bandidos setup a shooting event which has never been done before at the BBQ. I was not sure how it would be received by the guests and in particular the “younger crowd (less than 40)” since it is not “*tactical*” and they have not grown up with John Wayne (poor souls).

When the cease-fire was called for lunch they still had a long line and I have heard nothing but positive comments. Rough count we had 108 shooters go through the course of fire with a lot of smiling faces. Must surprising to me was the large interest from the “younger crowd” especially our Jr’s. Big thanks to my posse who made this happen: Hacksaw Hack, Paddy Wack, Gutshot Greg, Ruthless Roth, Lantana Lady, Buck Garret, Double Diamond and Diamondback Dree. We will be back next year with more tables!

Our Assistant Chief RSO Jim Harris would like to speak to you about Steel Core Bullets

Shooting of Steel Composition Bullets is Not Allowed

Every member and guest coming to EFGA has access to the Casual Shooting Rules and Regulations of EFGA on our website. Under the category “Range Information”, on page two, item 24 states:

- “No tracer, incendiary, explosive, steel jacketed or steel core ammunition is allowed on any of the association ranges”.

These types of bullets present a very real fire hazard and those caught using them will explain why to the Board.

The magnets affixed to the shooting benches (we need to replace some) are for testing your ammunition. If the tip of the bullet sticks to the magnet, **DO NOT** use it and put it back in your car. Remember you are responsible for using the correct ammunition.

RSO’s will be on the alert for this type of ammunition on the firing line. They will check to see if the magnet is attracted to **JUST THE STEEL CASE** and **NOT** the bullet, or if the bullet itself sticks to the magnet. If the magnet does not stick to the **bullet** portion, you may shoot it.

SUB-MOA PERFORMANCE

RTH FIREARMS™
www.rthfirearms.com // info@rthfirearms.com

The First Part is strictly academic in structure and conducted at the EF&GA meeting hall. This session (8:00 AM 6/2/2018) will last until approximately 12 noon. The Second Part is a "Hands On" reloading bench experience. This session generates the practical, detailed experience necessary while you successfully complete a number of your personal reloads.

Scheduling the second session will be at a mutually agreed to time and date. This scheduling will be completed at the 1st session. The cost is two tiered: EF&GA members = \$100; non-members = \$110. For those individuals beginning and are without any reloading supplies (empty cases, powder, primers, etc.) a \$10 surcharge will be applied. Prior registration and a \$20 deposit is required to secure a place in this class. Registration is necessary and limited. For more information, contact Elvio Marchi at elvio1@cox.net or 760-734-3942

🔫 Guejito Rendezvous (6/8/201/-6/10/2018)

We will be conducting a traditional muzzleloader rendezvous and primitive dress and camping gear is encouraged but not required. Events include a rifle walk, pistol walk, smoothbore walk, knife and hawk competitions. Prizes will be awarded for the top five aggregate scores. The cost for the event is \$25 for non-members and \$20 for EF&GA members. For more information contact Booshway Patrick at patwatson1969@hotmail.com

🔫 Landscape Work Party (6/16/2018)

There will be a special Work Party for some specific landscape clean-up and planting. All are welcome to come and help out. You don't need special skills to help plant some trees and shrubs. For additional information, contact Neil Pisk.

🔫 Junior Muzzle Loading (6/17/2018)

There will be a Junior Muzzle Loading event held on Sunday June 17th at 8 AM. Dad's come on out on your special day and spend some time with the kids as they learn to shoot the rifles used in the Revolutionary and Civil wars. We even encourage and let the parents shoot as well. Please email Ren Everett at everettju1@cox.net and let him know that you are coming.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader. **There are 5 main components of a classified ad:**

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

Over the past few months there have been 50/50 raffles to raise money for the Junior Marksmanship Program on Saturday afternoons. This has raised a good amount of money and the Juniors appreciate the effort as well as the gesture. The money raised will cover the cost of ammunition for at least two of the Junior events. Way to go Trap and Pot Shooters!

2018 Barbecue

By Patrick Russ

Another annual BBQ is in the books. I would like to thank some of the people that made it possible. I would like to start with everyone that lent a hand in setting up on Saturday. This preparation makes Sunday go a lot smoother. Next would be all of the shoot chairs that spent most of the BBQ showing people how to do everything from throwing an ax to shooting cowboy action style. This is not an easy task

but I know that everyone enjoys and appreciates their efforts. I would like to give a very special thank you to Samantha Cary. She was our entertainment for the day. She did an amazing job singing. I know that everyone was enjoying it because I saw a lot of people singing along with her. I'm especially proud of her because she is also one of our Junior shooters. She is an outstanding shooter and she does a great safety brief. I know that we will be seeing a lot more of her in the future and we can all say that we can remember when we saw her in concert - at the Escondido Fish and Game Association range. Maybe we should get her autograph the next time we see her, just in case. Last but certainly not least, I think that Ed Migdal and Neil Pisk deserve a lot of credit and thanks for all that they did to make sure that the BBQ was a huge success. I know for a fact that these two spend a lot of time on every aspect of the event. The raffle table alone is enough to prove that fact. These guys start working on the next BBQ almost as soon as this one is over. It's a great event and a nice feather in the cap of Escondido Fish and Game.

Some of you may have noticed some of the Junior shooters walking around wearing green shirts. They are Junior Coaches. They are the young adults that have taken the time to, not only learn how to coach their fellow Junior shooters (under adult supervision) in the fine art of pistol and rifle marksmanship, but they have also learned to give a proper safety brief as well as set up and tear down the range, among other things. These young adults have taken the initiative to become better shooters as well as good stewards of the range. These coaches understand how great our Junior Marksmanship program is and they give back every chance they get. I would like to thank AJ Wagle, Daysha Halbert, Austin Cote and Kestrin Walsh for all of their hard work in setting up the BBQ, working during the BBQ and cleaning up after the BBQ. These are our future leaders, they lead by example. Leaders like these are the ones that make great things happen.

Just a friendly reminder

Junior Pistol is on June 24th at 7:30AM. If you have not done all of your volunteer hours, this will be your last chance. We always need help with coaching as well as range set up and tear down.
