## Darrin's Dissertation

### Elections (5/8/2025)

We will be electing a new Board of Directors at the May General Membership meeting. This will also be the final opportunity to nominate members for any of the open positions. I encourage as many members as possible to be there for the election process. In order to vote, you will need your Membership ID badge. Unlike other elections in California, we enforce Voter ID. While the ballots are being counted, we will be holding the raffle and eating cookies and treats from the participants (more about that on Page 2).

### Work Party (5/17/2025)

This is the last major work party before Membership Renewals. So, if you need to get volunteer hours completed, this is a great opportunity. Some of us are there by 7 AM and others come in a bit later. There are lots of jobs to be done to clean and maintain the Range. The work is not glamorous, but it needs to be done. Lunch is always great, and we always have fun congregating in the picnic area and telling stories while we eat. At most work parties this is when most of us go home. At the May work party, we (the die-hard Members) work through the afternoon to get everything ready for the next great event of the year...

### Annual Barbecue (5/18/2025)

This is always a great family-friendly event with lots of activities for people of all ages. We will have the traditional events like Tomahawk, Archery, Black Powder, 22 Rifle, Shotgun, Air Pistols, and Cowboy Action. The Kids Zone will be run by the American Heritage Girls again and we expect it to be excellent again this year. Lunch will be served by Bekker's Catering and it is always fantastic. There will be a Golden Gun raffle for a beautiful Kimber Stainless II 1911. The silent auction will have lots of big-ticket items like firearms and other equipment. There will also be a Bake Sale in the Meeting Hall to satisfy your sweet tooth. It will operate like the Silent Auction. The main raffle will be like last year with ticket buckets in front of the prizes so that winners will only get prizes that they put tickets in for. It will be a great time for everyone. See you there!

*Be safe and shoot straight.*

### Friends of NRA Dinner in Lemon Grove

If you are interested in attending a Friends of NRA Dinner, **Jack Starlin** has three tickets available for the Lemon Grove Dinner on Saturday May 17<sup>th</sup>. Contact Jack at 619-840-7990 or [engrjack@cox.net](mailto:engrjack@cox.net) if you are interested.

### April General Membership Meeting

The April Meeting was held on April 10. In addition to the pertinent business, we were treated to the Shoot Chair reports, a BBQ update and the Safety Briefing for the month. Two new Life Members, **Jack Starlin** and **Scotti Clary** were announced.

The \$25 door prize was won by **Frank Alessio**. The Attendance Prize, now at \$400 went unclaimed. **Salvatore Lamanna, Jason McDonald, Victor Burns or Timothy Leen** would have won the prize if one of them had been present, but they weren't. The prize has now reached the maximum of \$500 for the May meeting. The raffle table was supplemented with donations from **Jack Starlin, Leonard Hodges, Roberto Ramirez** and **Steve Baran**.

The floor was opened for nominations to the Association Board of Directors. See the following Bullet Point for the details of that process. Nominations will continue followed by the vote at the May General Membership Meeting on May 8. You must be present at the meeting and show your membership ID badge to vote.

### Elections for Board of Directors

Elections for your Board of Directors will be held at the May Membership Meeting on May 8. Nominations for officers so far include: **Mark Baldwin** for President, **Jack Starlin** for Vice President and no one yet for Secretary. There are four open positions for Director. Nominees at this point are: **Patrick Russ, Nathan Elliott, Dan Durkovich** and **Mark Oakley**. The floor will be open again for additional nominations at the May meeting prior to the vote. Please submit names of candidates for Officers and Board members to **Linda Linaker** at [momma92082@gmail.com](mailto:momma92082@gmail.com), **Gary Fukuda** at [gukuda@escondidofishandgame.com](mailto:gukuda@escondidofishandgame.com), **Patrick Russ** at [patrickruss71@gmail.com](mailto:patrickruss71@gmail.com) **Jeanine Cleary** at 760-749-9781 or **Breda Walsh** at [bwalsh@escondidofishandgame.com](mailto:bwalsh@escondidofishandgame.com). This is your chance to be involved in the direction of our Association. You must present your membership badge to vote.

### May is Cookie Month

May is Cookie Month for the General Meeting. Bring your **HOME BAKED COOKIES OR TREATS** to the meeting on May 8. We already know how good Costco cookies are, but we think you can do better, so **HOME MADE** please.

### Association Vehicle Use Authorization

After a very expensive vehicle repair, it was necessary to impose a few restrictions for vehicle operation.

To operate the Gator, you must have a valid driver's license and permission from the Shoot Chair, Board of Directors, or Chief Range Safety officer.

To Operate the Forklift, Tractors, and all other equipment, You must have a valid driver's license, training and authorization from the Board of Directors.

### New Shoot Chair, Chair

**Gary Fukuda** is stepping down from his role as the Chairman of the Shoot Chairs. **Tracie Sheldon** will be assuming that position. Break her in gently, guys.

### Wildly Successful Work Party

WooHoo! The March 30 Work Party was wildly successful. 187 eager members took advantage of the ideal weather and came together to accomplish a lot. **Ben Schiebel** and **Rick Baugh** brought up their own tractors to add to the two rentals. It's impressive how much more we can get done with the added tractors. Thank you gentlemen and thank you to everyone who showed up and put their elbow grease into the projects. The place looks amazing. Enjoy a few photos snapped by **Linda Brinkmeier**. The next Work Party is scheduled for Saturday May 17, the day before the annual Barbecue.

**DEADLINE for June Newsletter:**

The Association Secretary is in charge of the calendar. If you have items to add or cancel, contact the Association Secretary. That name is listed on the front page of the newsletter. The newsletter editor cannot update the website calendar. It can only be copied and pasted, as is, into the newsletter.

### Membership Renewals are Here

The membership renewal notices were mailed out on April 25. If you have not received your renewal by May 12, contact the Association Clerk at [efgaclerk@cox.net](mailto:efgaclerk@cox.net) or call 760-432-2089. She will mail another one to you.

### Barbecue Update

The 2025 barbecue is almost here. Hope you have your tickets. Some new things this year are custom earplugs for sale, a bake sale, blacksmith demonstrations, a knife sharpening venue, a beautiful quilt, and lots of great prizes. We open at 8am and go until approximately 3pm. We will be looking for volunteers to help throughout the day. We also need lots of help with cleanup. This is one of the last times to get your volunteer hours so be sure to plan on helping.

If you are in charge of an event please meet on May 4, 2025 at 10 am. We need to make sure everything is covered so that **Annette, Patrick** and **I** can sit down for at least a few minutes.

We are accepting prize donations through the May 8 General Meeting. Tickets for the event can be purchased at that meeting and also at the barbecue. \$40 for adults and \$10 for kids. Bring your family and friends for a great time.

**Linda Linaker**

### Barbecue Planning Meeting

May 4<sup>th</sup> at 10 am there will be a Barbecue Planning Meeting for the Barbecue volunteers. See you there.

### Special Demonstrations at the EF&GA Barbecue

This year, **Ralph Magnus**, one of our Range Safety Officers, will be providing a complimentary knife sharpening service designed to help the Junior Marksmanship Program. Should you wish to make a donation for his services, 100% of all gratuities will benefit the Junior shooters. Knives will be sharpened on water stones and/or diamond stones. Bring your knives and look for the knife sharpening table at the Barbecue.

## Support for the CCW Community Among Us

Part of the Mission Statement for Escondido Fish and Game is “to serve the community by providing training in firearm safety”. A large portion of our range activity is Casual Shooting where you can practice your shooting skills in a casual setting. Casual Shooting, however, does not offer the opportunity to practice some of the skills necessary to be a responsible CCW holder. Holster draw and rapid fire practice is not allowed during casual shooting for safety reasons. Don’t worry, though. We have other avenues.

In Training Central (pages 4 and 5 of this newsletter) we typically highlight the various training classes that will be held for the month at our range. One series of classes that is available but not highlighted in this section is the CCW classes. That’s because they are generally scheduled on an as requested basis. Escondido Fish and Game has four certified San Diego County CCW trainers that are also vetted by the Association to offer CCW classes at our range: **David Premetz, Woody Morrison, Rich Hall and Yosi Boubliil**. Their contact information can be found on page 6 and their business cards can be found in Training Central.

**REMEMBER:** If you are not vetted by the Association Chief Instructor, you **CAN NOT** be training on Association property.

In addition to the above formal training, the Association authorizes several shoots that provide opportunities to practice holster draw, rapid fire and scenarios that a CCW holder might encounter. These include Sheep Dog, Defensive Pistol and Pistol Skill Builder. At these shoots, the participants run through complex situations under the watchful eye of a one – on – one RSO. Official authorized shoots are the **ONLY** circumstances where holster draw and rapid fire shooting are permitted.

Last month we published a new policy change for CCW permit holders that will make it a little more convenient to bring your carry firearm to the range for casual shooting. Here it is again for your edification.

## Cold Range:

- Blue Blinking Lights **ON**
- DO NOT Handle Firearms & Equipment
- Handle Targets
- Sweep Up Brass Behind the Yellow and In Front of the Red Line

**OK TO GO DOWN RANGE**

## Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red Line Only

**DO NOT GO DOWN RANGE**

## New Policy for CA CCW Holders

For reasons of safety and practical application of a standardized procedure, the following policy was put in place by the Board of Directors:

*Drawing from a holster and firing is prohibited during casual shooting. A shooter that has a valid California CCW may unholster a firearm from concealment on the firing line and must immediately clear the firearm (remove the magazine and clear the chamber of any ammunition while the firearm is pointed downrange) before engaging in casual shooting. When the casual shooting session is completed, the shooter may reload and re-holster the firearm safely at the firing line before leaving the Range.*

During casual shooting, the CCW holder must continue to follow all casual shooting rules (no rapid fire, no drawing and firing, etc.). The policy above only applies to retrieving and stowing the firearm.

# TRAP CORNER

## Trapshooting Support

By Rich Davis

Everyone misses targets at some point while shooting any shotgun game. All the coaches that sit on the back line will gladly tell you where you are missing- you were over it; you were under it; you were behind it and any other reason they can think of or what might sound good at the time.

Most shooters will not blame their gun for the reason they are missing targets, they just keep shooting, getting the same results. As frustration builds with the poor outcome, they lose interest in their shotgun and stop shooting. Instead of spending time on a patterning board or messing with the comb or the adjustable rib, **LETS CHECK THE WEIGHT OF THE TRIGGER.**

If your trigger has worked its way below 2 lbs. it may be too light. If your trigger has gone the other way and is 4 plus lbs. it's too heavy. Most shooters and gunsmiths will tell you they want a shotgun trigger to be somewhere between 3 and 4 lbs. Shotgun triggers are not like competition rifles, revolvers or pistols.

A shotgun trigger too light will cause short shooting the target which means the trigger is so light it is going off before you get to the target. A heavy trigger would feel like the "F" word (**Finch**) and you will be somewhere around the target just not on it.

So how do I know if my trigger is light or heavy? That would be a very trained trigger finger, or a trigger pull gauge.

I have a trigger pull gauge with me at the range, so ask me and I can check the weight of the trigger. If the trigger pull is good, then you just need to spend the money on targets, lead and do the "P" word (**Practice**). Once you know the trigger pull is good, that will be one excuse you can eliminate.

## Sam Cary to Entertain Us at the BBQ

We're thrilled to announce that **Sam Cary** will entertain at this year's annual BBQ. Despite her growing success, Sam continues to perform at our event every year. **Scotti Clary** will join as her background singer and dancer, and **Darrin Eaton** will juggle in front of the stage. Sam currently travels nationwide to sing at various events. She recently released a song titled "Starts with a Prayer" on Spotify and will also sing "Stand," my favorite song by her.

Sam was one of our Junior shooters for many years where she shot rifle, pistol and trap.

**\*Editor's Note:** Backup singer, dancer and juggler specified are highly unlikely.

## RULES TO LIVE BY

1. Treat every firearm as if it were loaded
2. Never point your firearm at anything you don't intend to shoot
3. Keep your finger straight and off the trigger until you intend to fire
4. Know your target and the surroundings

## Youth Volunteers at the Annual Barbecue

Throughout the year we share our range and our member volunteers with many youth organizations in the community. Sometimes these youths give back while at the same time learning to be productive members of the community themselves. Some of these young folks will be hosting venues at the Barbecue this month.

You may all remember the **American Heritage Girls** from their moving presentation at the flag pole dedication. They have also been involved with making wreaths and placing them at the gravesites of fallen warriors. For the EF&GA Barbecue these young ladies will be managing the Kid's Zone.

By now you all know **Kestrin** and **Rhyan Walsh**. They have been valuable leaders in our Junior Marksmanship Program. They will be sponsoring the "New" Cracker Shoot at the Barbecue. They used to host an egg shoot, but with the cost of eggs...well, you get the picture.

Please stop by both of these venues at the Barbecue and thank both of these groups for their contributions.

## Muzzle Loading Bullseye Contest Results: April 6, 2025

The April 6th Muzzle Loading Bullseye contest was a "Long Range" Pistol contest with one target at 50 yards and one target at 25 yards. The 50 yard target was a two-handed hold, while the 25 yard target was a one-handed "Duelist" hold.

Everyone shot 13 balls at each (Except **Mark** who shot 14) and your best 10 counted for score. Shooting a 14th ball means your highest scoring ball is not counted. The day was perfect with clear blue skies and temps in the low 70s. The turnout was disappointing, but several people were sick or on vacation out of state this time around.

Raw scores are listed below under the format of Name, 50 yard score, 25 yard score and total score.

Garth Warner	51- 71-122
Mark Cederquist	44- 44 – 88
David Premetz	22- 51 – 73
Jerry Strauss	22- 48- 70

We were pretty much wrapped up by 10:00, so we opened up the 150 range to casual shooters, and headed on to the archery event. As it turns out **David Premetz** had used up the last of his 80 cm targets that we needed on the Junior Archery range, so we headed over to the campground to shoot 30 arrows at 25 yards. **Jerry Strauss** managed to lose 2 carbon arrows in the tall grass behind the target butts. We eventually found one, but the other one will be found with the mower later in the week. Only 3 of us shot archery. We all shot in different classes, so we ALL won in our class.

## Muzzle Loading Silhouette Contest Results: March 23, 2025

Nice day with a constant wind from the South West by 11:00 am. We had one EF&GA member volunteer looking for hours who helped us from 06:30 to 13:00. He got a chance to shoot Cap and Ball revolver during the pistol contest. He also got a chance to knock down steel at 100 yards during the rifle contest. **Brad Speer** took a tumble late in the contest and dinged up his head and nose.

This was a Mid-Range contest with Rifle targets at 75, 100, and 125 yards. Non-master class shooters were allowed to use provided cross-sticks at 100 yards and beyond. After the first relay **Mark Cederquist** ended up using a set for BPCR. He said it was pretty much like cheating (because it is). **Ren** shot his (new to him) Walker Colt. He did well in his first time with a C&B Revolver. (This thing is a %@\$ing Hand Cannon at just under 5 lbs unloaded.)

# COWBOY ACTION SHOOTING

by Darrell Brinkmeier  
AKA Double Diamond

It was a nice, sunny morning  
on the range.

The **Escondido Bandidos** hosted 22 shooters on April 5, 2025. This match was designed as a preparatory match for the SASS California State championship match being held in May. The top shooter for the day was **Josey Walz**. The top lady shooter was **Lantana Lady**. There were 2 "Clean" shooters: **Big Horn Bari** and **Tejon Buckaroo**.

There will not be a match in May, as it conflicts with the State Championship. Our next match will be Saturday, June 7, 2025.

If you have any questions about getting started in, or competing in Cowboy Action Shooting, please contact **Double Diamond** at [dbrinkmeier1@cox.net](mailto:dbrinkmeier1@cox.net) or 760-745-9249.

## AS-ISSUED MILITARY RIFLE MATCH NEWS

### Stripper Clips vs. en bloc Clips

by Jim McKim

At the April match we looked at a variety of stripper and en bloc clips. A clip is a device that just holds cartridges for feeding into a magazine. (A magazine is a device or space that holds multiple rounds in the firearm and includes a spring and a follower.) Military clips were considered one-time-use, disposable items but those of us who shoot vintage military rifles hang on to them like gold.

An en bloc clip is a device that holds multiple rounds and is inserted into an internal magazine and stays there until all rounds are fired or the magazine is unloaded manually. Most hold five rounds in a single stack; the clip for the M1 Garand holds eight in a staggered, double stack arrangement.

A stripper clip is a device that holds multiple rounds in a single stack that can be "stripped" by hand to feed the rounds into a magazine, either internal or detachable. Most are simple stampings made of steel or brass, with flat springs for rimless cartridges or wraparound flanges for rimmed cartridges, though the stripper clip for the Swiss K31 is of more elaborate

construction. Most firearms that use stripper clips have notches at the rear of the action to guide the insertion of the clip.

A good video on en bloc clips vs. stripper clips can be seen at <https://www.youtube.com/watch?v=3PjvRuBms9E> by Forgotten Weapons with Ian McCullom.

Some stripper clips are unique and there isn't any confusion over what round and what rifle they are to be used with, but when it comes to Mauser-style clips, confusion abounds. Mauser used three different clips between the M1889, M1893, and the 98, all for cartridges with a 12 mm head diameter but changing the width of the clip. Even rifles built by Mauser after 1898 for export might use the 1893-style clip, as do the US M1903 and Japanese Arisakas. The point is, you need a clip that fits both your cartridge and your rifle for reliable loading. A good video on Mauser-style clips can be seen at <https://www.youtube.com/watch?v=EKThn7K1rXM>
