Darrin's Dissertation

Election Day (11/5/2024)

Every year around Halloween my wife and I sit down and go through the election sample ballot and figure out how we want to vote on not only the big-ticket items (President, Congressman, etc...) but also the smaller, less glamorous items like propositions, measures, city council, and judges. This is a tedious process, but I consider it to be a very important discipline. If I don't research a ballot item and I blindly cast a vote, then I am being negligent with the power of my vote. That is irresponsible and dangerous. I also do not rely on advertising alone to decide how I will vote. I usually go to the web sites for the candidates or propositions (for and against) to get more of the story.

This all sounds like a lot of work, and it is. However, I refuse to squander the power of the legacy that our forefathers fought so hard for. With great power comes great responsibility. The great power of your vote comes with the great responsibility to know what you are doing when you vote.

I would not be arrogant enough to tell you how to vote but I do want to passionately implore you all to participate in our Constitutional Republic and make your voice heard at the ballot box. Remember that the wrong people are elected when the right people don't bother to vote.

My parents had a rule with my siblings and me – If you don't vote, you are not allowed to complain about what the politicians are doing. They continued to enforce that rule for the rest of their lives. I plan on continuing that rule in my house as well.

Work Party (11/30/2024)

I really enjoy our quarterly work parties. I have not missed one for the past decade or so and I still enjoy them. I'm always amazed at how much work we accomplish in just one day. This time it will be on the Saturday after Thanksgiving so that we can all work off a pound or two of what we gained a few days earlier. It's also a great excuse to not hang out at home with the in-laws.

Because it is late in the year, the weather is usually cool and pleasant and there is usually enough moisture to prevent most of the airborne dust. There are many tasks that need to be done. Everyone is welcome to pitch in and be part of something awesome. People of all ages and abilities are sure to have a job to do and make the Range great again. The food is always great and the dart-board raffle after lunch is also a lot of fun. We usually start around 8 AM and we work until the tasks are done. Members and guests alike are welcome to attend and all who participate are greatly appreciated.

Left the Range

Layne Kuhlman has left the range. He passed away on October 3. Layne became a member on January 1, 1987 and earned the honor of becoming a past president and life member.

He was an active Trap and Pot Shooter. Layne ran San Diego Shooting Sports at Miramar and helped us get our trap machines. Please keep Layne and his family in your thoughts and prayers.

Camp Pendleton Joy Drive

There are only two more meetings before we take goodies to Camp Pendleton. Please be generous to those that help protect us. See **Linda Linaker** to arrange donations. momma92082@gmail.com

Work Party – Range Clean Up Day

Calling all members for a day of work and play. November 30th is the Fall Work Party. There will be lots of Range Clean Up projects to do. We always work hard and have a great time together getting some maintenance done around the range. We provide the lunch. You provide the man power. For newer members, this is one of the easiest ways to fulfill your volunteer hour obligation, too. Just show up anytime after 7:00 am. We'll put you to work. If you have your own garden tools and gloves or other useful equipment, bring it along. We have some on hand, but can always use more. See you then.

Magnificent 7 Christmas and New Year Gun Raffle

Mark the date on your calendar....January 9, 2025. Mom's Creek Roses and Black Diamond Awards presents The Magnificent 7 Christmas and New Year Gun Raffle. Win a fine black powder rifle or handgun. Seven outstanding guns will be awarded to the lucky ticket holders. Purchase your ticket for \$20.00 at the monthly general meetings or call **Ray Bucholz** at 760-443-1852. Ticket Sales end on 1/9/2025. You need not be present to win.

Life Member Nominations

Each year up to two members are granted Life Membership to EF&GA. If you would like to nominate a member for this prestigious honor, please submit your nomination in writing to:

- Patrick Russ** at pruss@escondidofishandgame.com
- Mark Baldwin** at Mbaldwin@escondidofishandgame.com
- Darrin Eaton** at Deaton@escondidofishandgame.com.

General Membership Meeting

The October Membership Meeting was held on Thursday, October 10 at 6:30 pm. If you've never been to one of our monthly meetings, you've miss a lot of fun and a lot of chances to walk away with some treasures. This month **Elvio Marchi** won the \$25 door prize. Nobody won the \$500 Attendance prize. **Michael Frank, Gary L. Schultz, Nathan King, Robert Chin** and **Herb Snider** all had a chance, but they weren't here.

The Guns and Roses Raffle for Mom's Creek and Black Diamond gave away two Eisenhower Silver Dollar Collections to **Doug Mortimer** and **Robert Reid**.

A slew of supplemental donations by **Mark Baldwin, Tracie Sheldon, Therese Thomas, Michael Douglas, Robert Reid** and **Rich Oberle** helped fill the center stage raffle tables. So, after stuffing ourselves with donuts we all had a good time picking through the treasure trove.

The next General Meeting will be Thursday, November 14 at 6:30 pm. Did I hear someone say "PIE"??

Mom's Creek and Black Diamond I LIKE IKE!!!

For the next two meetings a complete collection of Eisenhower Dollars, 1971-1978, will be given to the lucky ticket holders for the BONUS PRIZE. Get your \$20.00 donation ticket from **Ray Bucholz** at 760-443-1852 to be included in the fun!

In November, **ALL ATTENDEES** will be given a set of Buffalo Nickels **FOR FREE!** Come see what other fun we have created for your education and enjoyment!

National Buffalo Day this year is the first Saturday of November—11/02/24. This day is set aside to remember the importance of the National Mammal of the United States.

National Bison Month

In 2015 the 114th Congress passed S.2032, the National Bison Legacy Act, adopting the North American Bison as the National Mammal of the United States. November was declared National Bison Month and the first Saturday in November was declared National Bison Day by Presidential Proclamation.

Escondido Fish and Game Association celebrates National Bison Month as part of our interest in the Black Powder and Muzzle Loading heritage.

Christmas Cookie Extravaganza

The December meeting is Cookie Extravaganza night. Bring two dozen treats to share. We seem to really enjoy the variety that the membership brings for everyone. We start at 6:30. Be sure to bring a sweater since we set up on the 100 yard range.

Christmas on the 100

Last year we had our annual Christmas Meeting on our new 100 yard range. That worked out GREAT, so we're doing it again this year on Thursday, December 12. As mentioned above, Linda will be coordinating the Cookie Extravaganza. Bud, Elvio and Scotti will be managing the Christmas Raffle. Ray and Pamela will be there, too, for Mom's Creek Roses and Black Diamond Awards. If you have any new or unused items you would like to donate to the Christmas Raffle, see Bud, Elvio or Scotti or email Scotti at lsclary@escondidofishandgame.com. Keep in mind that for the Christmas Raffle, we like to have higher value prizes, so if you are considering a used item, we would encourage you to wait until the January raffle. See you on the 100.

Policy Adjustments

EF&GA is going to be making some policy adjustments. If you have suggestions please send to **Chris Cote** at ccote@escondidofishandgame.com, **Tracie Sheldon** at Tsheldon@escondidofishandgame.com or **Linda Linaker** at momma92082@gmail.com. Don't forget to sign the emails in case we have questions.

Vote

EF&GA is not a political organization, but we want to encourage everyone that is eligible to get out and vote on or before November 5th. Make sure your friends and family members vote, too. If someone you know needs help to get their vote in, please offer a helping hand. Our voices matter.

If you think you can, or if you think you can not, You're probably right.

NRA Metallic Cartridge Reloading Class
12/7/2024 (8:00 am – 12:00 noon)

Ammunition is hard enough to find and expensive enough. Is there any better reason to learn to reload your own ammunition?

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is “Hands-On” training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (e.g., cases, primers, projectiles and powder) they are available for a \$15 surcharge.

Prior registration is necessary and a \$20 nonrefundable deposit is required to secure a place in this limited class.

Bow Hunter Education Class
12/14/2024 (8:00 am -4:00 pm)

Class Description:

The Bow Hunter Education Course is a nationally approved curriculum designed to teach bow hunters the knowledge, skills and ethics to becoming safe and responsible archery hunters. The covered topics include basic bow and arrow nomenclature, safe bow and arrow carrying practices, distance-judging techniques, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, tracking skills, shot placement, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more. Most states in America require a Bow Hunter Education certificate in order to obtain an archery hunting license. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. The Bow Hunter Course includes 3-D archery field shooting at various targets and distances, including using a ground blind and tree stand. Bring a bow, arrows and quiver. Traditional and compound bows are acceptable. Use field tips on the arrows, no broadheads for the course targets.

Register at California Hunter Education website.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone,

Last month there was a sign installed on the Trap Range on Trap Pad 3 that reads (Trap Pad 3 closed when 100 yard range is open) to remind shooters that when the 100 Yard Range is open, do not use Trap Pad 3. The concern is that when someone is shooting from the far right benches on the 100 yard range and someone would be shooting from the far right shooting position on Trap pad 3, there would be the possibility of an accident. For Casual Shooting, the Pistol Range, Trap Range and 100 Yard Rifle Range are all open at the same time unless there is a sanctioned event going on.

For Casual Shooting on the 150 Yard Rifle Range, do not use the 15 yard and 25 yard target butts (concrete target backer holders). There are signs posted to not use them. Do not place targets in between the posted signs and shoot from those distances.

Guests

Members are responsible for their guests. You are allowed to bring two guests to the range with you. Pay attention to them at all times. If they are not in compliance with our safety rules, it is your responsibility to correct. If they can not be corrected, it's time to head home and that guest should be removed from your guest list.

Blinking Blue Lights

Blue Blinking lights on or off applies to all ranges. If the Blue Blinking lights are on, do not unload firearms or gear. Sign the Green Sheet and wait for the range to go hot (blue lights off). Then you can unload your firearms and gear. The chart in the upper right corner of this page should help you keep the lights protocol straight.

The Green Sheets

Sign the Green Sheets when you arrive at each range. Check to make sure the "Date" and "Range" lines are filled in. If not, fill them in, please. There are still Green Sheets being turned in without "Date" and "Range" information.

House Keeping

All shooters must remove your targets from the target backers and return the target frames back to the designated area. Take your targets home to discard. Look around and make sure you have all of your guns and gear.

Cold Range:

- Blue Blinking Lights **ON**
- DO NOT Handle Firearms & Equipment
- Handle Targets
- Sweep Up Brass Behind the Yellow and In Front of the Red Line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red Line Only

DO NOT GO DOWN RANGE

Wildlife

As always, watch for turkeys, deer and any other wildlife on the range. Call a "Cease Fire" and wait for the visitors to leave.

If you have any comments, concerns or questions please feel free to contact me at gfkuda@escondidofishandgame.com or 760-420-7488.

Be safe and try to participate when you can.

Thanks, Gary Fukuda

TRAP CORNER

by Chris Cote

Alright folks, fall is upon us.
Seems it came really fast.

Clean Up Reminder

We have a cleanup on November 30th. If you need volunteer hours here is your chance. On second thought... how about you all show up and take pride in your range and clean up, pick up, put away, socialize, meet new people.

Turkey Shoot

The annual Turkey Shoot is coming on November 23rd. Set up begins at 7:00 am. Shooting starts at 8:00. We shoot until all the birds and stuffing are gone. How it works: You will buy a punch card. Sign up for one of a few different shoots (16 yard trap, wobble, handicap, etc). Once we have ten people, we will shoot two birds from each station. Best out of 10 wins. Ties are broken by a shoot off. You can only win one first and one second prize from each event. It is a lot of fun and supports the trap program.

Ladies Night at Trap

Ladies, let Annette teach you how it's done. She will be offering "Down and Dirty Trap 101", an Introduction to Trap for the ladies. If you are interested in learning Trap, join **Annette Champion** on the 2nd and 4th Wednesday of every month. Space is limited to five participants per night. Members will have the first priority. You will need eye and ear protection, 20-gauge ammo and cash for trap rounds. We will provide shotguns and trap pouches for the evening. RSVP to Annette at 760-803-7428 if you would like to join the fun.

JUNIOR CORNER

by Patrick Russ

Important Dates:

Junior Trap 11/9/2024 & 12/14/2024
Junior Rifle 11/17/2024
Junior Pistol 12/15/2024
Junior Archery 12/15/2024

On Oct 20th, we held our Junior Pistol event. We had 11 shooters which is about normal for this time of year. Everyone had a great day. As everyone that reads the Junior Corner knows, **Kestrin Walsh** usually runs the show. This event was no exception. In fact, I even got a chance to challenge her by having her run the line, under my supervision. At first I thought it might be a bit too much for her, but she proved me wrong. Kestrin was able to run the line like she'd been doing it for years. As usual I was extremely proud of her. This is truly what a leader looks like.

We were also honored to have a surprise guest from CRPA (CA Rifle & Pistol Association). **Brian Kerz** had this to say about our Junior Program.

Letter from Brian Kerz California Rifle & Pistol Association

Good Afternoon,

On behalf of the **California Rifle & Pistol Association (CRPA)** I would like to thank the Escondido Fish & Game Association for the opportunity to observe and donate 1000 rounds of .22lr ammunition to your youth pistol program on Sunday 20 October 2024. Even though this was not my first time observing youth programs at your club, I was reminded as soon as I arrived how safe, professional and fun these programs are for the participating youth. As a staff member of CRPA I have had the pleasure of visiting around 190 ranges in California over the past two years. Many of these ranges have robust and active youth shooting programs that help ensure the future of the 2nd amendment in this state. However, if I were to be asked, with the information I know now, how I would rate Escondido Fish & Game Association's youth programs I would easily put them in the top five overall in the state and at the top when it comes to youth pistol. The youth of San Diego County and the surrounding area are truly blessed to have access to these programs. I would specifically like to congratulate, even though they are not asking for any recommendation: **Patrick Russ, Kestrin Walsh** and the plethora of volunteer coaches and club members that make the youth pistol and other youth programs at the Escondido Fish & Game Association possible. CRPA looks forward to continuing to support these programs and wishes them nothing but continued success and growth.

Respectfully,

Brian Kerz

Competitive Shooting Sports and Range Specialist

California Rifle & Pistol Association

We would like to thank Brian and the CRPA for their generous donation. We also look forward to working with them in the future.

The Junior Marksmanship Program Salutes

On November 10th of every year, we celebrate the birthday of our beloved Marine Corps. This year marks 249 years of protecting the greatest nation the world has ever known.

"Some people spent their entire lifetime wondering if they made a difference in the world. But the Marines don't have that problem." **Ronald Reagan**

To my fellow Marines, raise a glass or take a moment to remember the Marines of the past and present. No better friend, No worse enemy. Semper Fidelis and God Bless.

The very next day we proudly celebrate Veterans Day. The Junior Marksmanship Program would like to thank all current and past members of our armed services as well as our First Responders. You are the everyday heroes, and you are truly the reason why people sleep safely in their beds at night.

The Junior Marksmanship Program would also like to wish everyone a SAFE and Happy Thanksgiving.

Black Powder Silhouette - Contest results 9/22/2024

This was scheduled as a Super Short Range contest, dedicated to the memory of **Neil Pisk**. The weather was clear and warm, reaching the low 80's by mid day.

Bud Smith made a rare appearance to show us that he still remembers how to shoot a pistol wrong handed..... and left handed rifle too.

New participant **Huy Nguyen** is lighting the range on fire with his entry into the hobby recently. He has demonstrated a remarkable proficiency with minimal instruction. He still dry balls once in a while, but then everybody does when they start out.

Geoff Orchin is still a crack shot (when he pushes the balls all the way down in the cylinder of his revolver).

MuzzleLoading Bullseye - Contest results 10/6/2024

This will be somewhat challenging to report and describe as it was held as a Non-Standard contest shoot. To begin with, we shot a rifle event followed by a pistol event, both of which had stand-alone winners and combined winners. This was followed by a double elimination bloodless duel for pistol.

The Rifle event was shot with one round at 15, 25, 50, 75 and 100 yards. The Pistol event was shot with one round at 15, 25 and 50 yards. The target consisted of a white paper plate (representing a Whiskey Bottle) worth 5 points. Below the paper plate was a somewhat smaller rectangular area worth 4 points. Below that was a considerably larger rectangular area worth 3 points. The object of the contest was to score as many points as possible by placing a round ball in one of the designated areas at each distance. Outside of these areas earned a zero.

You could only shoot one ball at each range, so you had to evaluate your skill to take the highest scoring shots at the closer distances, and take the easier lower scoring shots at the longer distances. Because you had to walk out and move the targets after each shot, you knew what the other guys were scoring. On the next shot you had to evaluate whether or not you needed to risk a higher scoring shot on a smaller target at a longer distance, or if you could safely pick up three points in the larger scoring area. In short, you needed to evaluate your skill, your equipment, and do some math, each time you stepped to the line.

When we finished with Rifle we did the same thing with pistol, although with only 3 rounds. (Should have added a 75 yard target.) Scoring broke down as follows.

	Rifle Score	Pistol Score	Total Score
Garth Warner	20	12	32
Jerry Strauss	18	11	29
David Premetz	13	13 (W)	26
Brad Speer	20	5	25
Mark Cederquist	18	0	18

We then ran a double elimination bloodless duel sequence. Originally set up at 15 yards, we were forced to move to 10 yards after numerous shooters managed to miss a watermelon size target in their haste to get a round off. (Repeatedly).

Jerry Strauss managed to squeak by **David Premetz** for the win.

All in all we had fun in the heat without overdoing it.

COWBOY ACTION SHOOTING

by Darrell Brinkmeier

AKA Double Diamond

The Escondido Bandidos match that was scheduled for October 5th, had to be cancelled because we did not have enough registered shooters to make up one posse. It was predicted to be very hot again causing some members to back out and others were shooting at the Nevada State Championships which further reduced our numbers.

We will be back in the saddle again on Saturday, November 2, 2024.

"Spirit of the Game"

As the game of Cowboy action shooting has evolved, our members have developed and adopted an attitude towards their participation called "Spirit of the Game." Competing in the "Spirit of the Game" means you fully participate in what the

competition asks. You try your best to dress the part, use the appropriate tools, and respect the traditions of the old west. Some folks would call it nothing more than good sportsmanship. We call it "Spirit of the Game."

If you have any questions or would otherwise like to discuss cowboy action shooting, please contact **Double Diamond** at dbrinkmeier1@cox.net

PRECISION PISTOL

One of EF&GA's sanctioned events is Precision Pistol led by shoot chair, **Kevin Cooper**. This event is usually held the second Saturday of every month. In October **Barbra Crouse** "Cleaned the Target" with a score of 839 and 20X.

Barbra Crouse

**Kevin Cooper
Middle Shooter**

Regular shooters from the EF&GA Precision Shoot also participated in the 20th anniversary of the CMP Western Games, CMP Pistol and CMP cup matches (Civilian Marksmanship Program) at the Ben Avery Shooting Facility in Phoenix, AZ held October 7-13. **Barbra Crouse** won the Service Pistol EIC (Excellence in Competition) match. **Kevin Cooper** placed 9th for Non-distinguished shooters. Congratulations to Barbra and Kevin for representing us well.

SMALL TARGET LONG DISTANCE BENCH SILHOUETTE

(for lack of a better name)

by Jim McKim

A new version of Smallbore Rifle Silhouette has been added to the monthly match. It involves shooting 1/10 scale targets at 75-150 yards from a bench with a front rest only (block, bag, bipod, adjustable rest, etc.) with any .22LR rifle; standard NRA smallbore rifle silhouette is done with 1/5 scale targets at 40-100 meters offhand (standing). This is for rimfire benchrest shooters who want to shoot metallic knockdown targets for the same satisfying reason I like shooting NRA-style silhouette, but not offhand. We made it difficult enough with the target sizes and distances to be challenging, especially with any wind. To consistently hit the targets you will need a decent rifle, scope and ammunition, but just as (or more) important, you will need your "dope" for the four different distances and be able to read the wind.

Silhouette involves four different animal target shapes: chickens, pigs, turkeys, and rams, shot at increasing distances. "1/10" scale refers to the targets as being one-tenth the size of those used for high power rifle silhouette, and is the same as that used for air pistol and rifle silhouette. While the outline of each animal is irregular, making it difficult to describe their size, a 1/10 chicken is ~1"x1", a pig 1.5"x2", a turkey 2"x2" and a ram 2"x3". These will be placed at 75, 100, 125 and 150 yards respectively. Those numbers translate to roughly 1.5 MOA. Fortunately, any hit on a nose, tail, leg or even the base is usually just as effective at knocking a target over as that of a center of mass hit! There are ten of each target shape, for a total of 40. Shooters get one shot per target, "hit or miss, move on". Details can be found at <https://escondidofishandgame.com/events/smallbore-rifle-silhouette>

I am also opening up the NRA-style course to anyone who wants to shoot from the bench. This should be considerably easier than either offhand or the ST/LD bench version. With the right setup and reasonable skill a shooter should be able to hit 100% or close to it. Scores for this will be reported in a separate category.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
