Linda's Lines

It's September and we are still experiencing China virus messes.

We are slowly opening shoots and hope to continue doing so. We are in our crawling to walking stage. Maybe we can run sometime next year. I hold out hope for a smooth 2021 since 2020 was so lousy.

A few bright spots include the shoots that have opened have been following the COVID protocols and seem to be enjoyed by the participants. The shoot chairs haven't reported problems so I think we are on the right track.

We have a great group of new members and look forward to adding more in the coming months. Thanks to the board members who have worked so hard in the interview process.

Speaking of the board, we are saying goodbye to Yosi this year. He has been a valued member of the board and I hope he continues to work with us. We say welcome back to Chris and Ren and hello to "Scotti". It will be an interesting remainder of the fiscal year with Darrin, Geoff and myself remaining in our positions. Wish all of us luck.

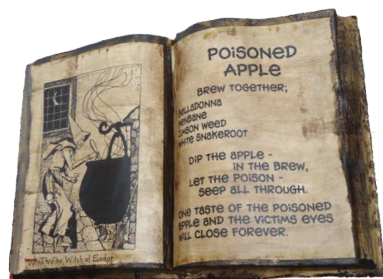

Don't forget that we are collecting toys and diapers for Camp Pendelton again this year. We always help the families of our service men and women through our donations.

Thanks again for allowing me to finish out this challenging year, I will do my best for our association.

Take care and be safe. See you at the range.

Linda

More COVID Crud from the County

For the past few months I have described how we have been staging, testing, and operating events in the *Crawl, Walk, Run* method. Our shoot chairs have done an outstanding job of stepping up to the plate and working with the new

requirements so that their participants can get back to something closer to *normal*. Each shoot chair now needs to do additional paperwork, coordinate a Health Monitor to scan temperatures of participants and enforce masks and social distancing. This is so that the shoot chair can be prepared to be inspected by a County official at any time. All of this extra effort is done to comply with the County requirements as they are handed down from the State of California with the intention of stopping the spread of COVID-19.

Earlier in the spring, the State created a *phased* reopening plan for the State where each County is classified as being at a specific phase based on the number of positive test results, hospitalizations, and COVID related deaths. When the County of San Diego transitioned from phase 2 to phase 3 we thought that there was light at the end of the tunnel. We could eat indoors at a restaurant (at reduced capacity) and even go to the gym (at reduced capacity). I didn't go to the gym but I do enjoy eating indoors again.

Perhaps the State was concerned that too many people could understand the Phase system so they decided to redesign the system and make it all more complicated. Now there is a color-coded map on the California State web site. Each color represents a different level of infection, percentage of positive cases, etc. Purple (Widespread), Red (Substantial), Orange (Moderate), and Yellow (Minimal) are the stages identified by the State of California. As of this writing, San Diego is in the Red (Substantial) level. There was recently a concern that a spike in infections from the SDSU campus could push the County into the Purple (Widespread) level but so far that has not happened. I expect the State to change the rating system again soon and go to Disney characters instead of colors just to keep us on our toes. Hopefully, we will stay in the Little Mermaid stage and avoid falling into the Cruella DeVille stage. I would expect Sacramento to be in the Pinocchio stage for a while.

What does all of this mean to EF&GA and your favorite events? Hopefully, not much. As we have been slowly working each event through the Crawl (Members Only) and Walk (Members & Invited Guests) modes of running the events, we have learned a lot from all of the shoot chairs. We have standardized the Wellness form and devised a scheme to make sure that each event has a standardized supply of disinfectant, hand sanitizer,

sanitizing wipes, etc. as well as a standardized practice to keep our members and guests as safe as possible while maintaining County and State compliance.

 Make Time to Attend a General Meeting

Bring a friend to the next General Meeting and one or both of you could win a few bucks. At the last General Meeting, Geoff Orchin won the \$25 door prize. Had he attended the meeting, Jeffrey Shaffer would have won the \$300 Attendance Prize. Because he was not present, it will go up to \$400 at the October meeting. The next General Meeting is 10/8/2020. If you don't show up, you can't win.

 Donor List (9/10/2020)

Thanks to all who donated to the raffle table at the last General Meeting – **Allen Briski, Mike Roche, Charles Hanlen, Bud Smith, Bill Williams, Jay Jayberg, Rich Hall, Jim Rolfes, Mark Baldwin, Bob Leider, Joey Altamisano, Jim Schaible, David Landes, Rich Oberle, John Hubbard**

 Be a Raffle Donor

Your donations help support our monthly General Meeting Raffle. Our entertainment Chairman is Bud Smith. If you have items you would like to donate to our monthly General meeting raffle, please contact Smoldering Bud at budsmith223@gmail.com. Please consider new or used items in working order. Thanks for your support.

 Election Results (9/10/2020)

Because we have finally been able to hold General Membership meetings (outside with masks and social distancing) we finally held elections last month. Nominations were made at the August (8/13/2020) meeting and there were additional nominations at the September (9/10/2020) meeting as well. The offices of President, Vice President, and Secretary as well as three (3) Director positions were on the ballot this year.

The nominees were:

- President**Linda Linaker (unopposed)
- Vice President**Darrin Eaton (unopposed)
- Recording Secretary**Geoff Orchin (unopposed)
- Directors**Ren Everett, Chris Cote, Yosi Boubilil, Tim Hoy, Mark Fusting, Jack Starlin, Tim Allen, Eric Jamois, Laura 'Scotti' Clary

After the September meeting, the ballot process began and we had a wonderful selection of snacks and started the raffle while the votes were being counted. There were about 100 votes cast and the results are in – **Ren Everett, Chris Cote** and **Laura Scotti Clary** are the three Director positions this time around.

Dossier continued from pg. 3

I want to thank Yosi Boublil for his relentless efforts while he served our Association as a Director for the last 2+ years. He was instrumental on numerous committees and has agreed to continue to coordinate the new member interview process. I have always appreciated his sense of humor, candor, and determination to be part of the solutions rather than one who just complains about adverse situations. I also want to welcome Scotti Clary to the Board and I'm looking forward to working with her and her positive attitude as well as her unique perspective.

 Coaches Course (10/18/2020)

One of the many areas where we need more volunteers is in coaching. We need people to coach for the Junior Marksmanship Programs (when we can make them COVID compatible), Women On Target, and other introductory classes and events. If you are interested in participating but question your abilities as a coach, perhaps the Coaches Course would be a good place to start. The class is a full-day event and lunch is included. Skills for coaching include but are not limited to the skills that are used for shooting. When you learn to coach a specific discipline, it forces you to consider and break down the discipline to a combination of minor components – stance, breathing, trigger control, etc... Because you are forced to dissect it, you re-learn the discipline and become better at it yourself. Also, when you watch a new shooter improve with your assistance and watch them get stoked on their own progress, it is gratifying and motivating for yourself. Join us for the Coaches Course and learn how great it can be to coach someone. Please email Ren Everett at everettju1@cox.net if you would like to attend. Reservations are not required but strongly recommended so that we can plan for enough food.

Corporation Code 6321
Annual Report as of June 30, 2020

6321 (a) (1)	Assets and liabilities, including the trust funds, of the corporation as of the end of the fiscal year	Assets Liabilities	\$1,185,044.00 \$129,920.00
6321 (a) (2)	The principal changes in assets and liabilities, including trust funds, during the fiscal year.		\$7,051.00
6321 (a) (3)	The revenue or receipts of the corporation, both unrestricted and restricted to particular purposes, for the fiscal year.		\$298,441.00
6321 (a) (4)	The expenses or disbursements of the corporation, for both general and restricted purposes, during the fiscal year.		\$291,390.00
6321 (a) (5)	Any information required by Section 6322:		
6322 (d) (1)	Any covered transaction during the previous fiscal year involving more than \$50,000 in which any director or officer had a direct or indirect material financial interest.	None	

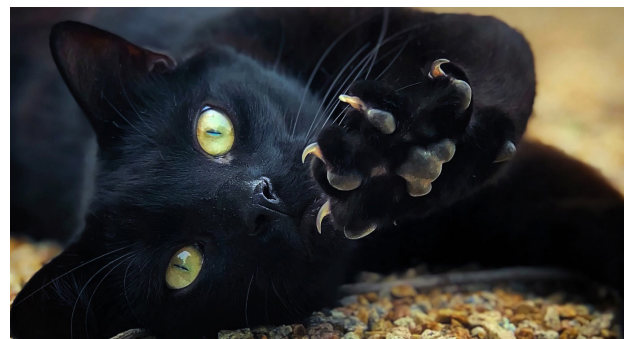

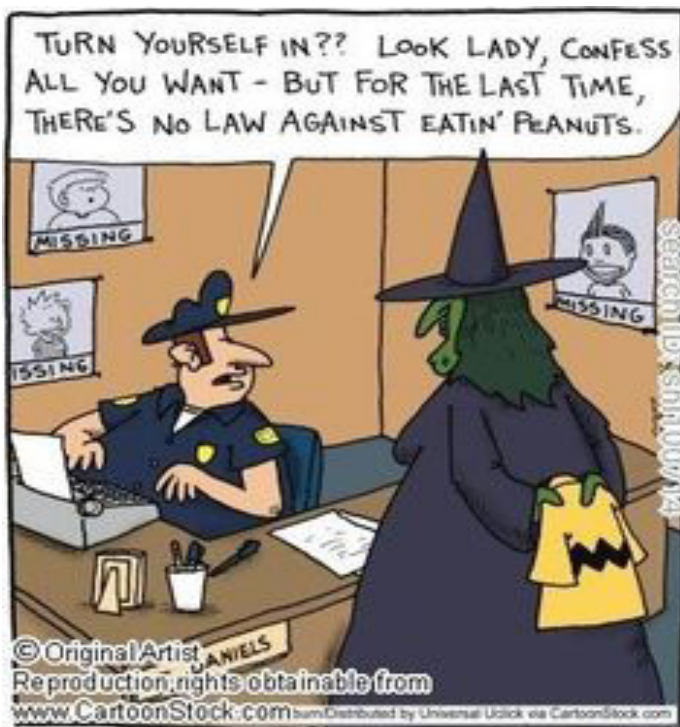

COYOTE CAUTION

Pictured above is a typical Southern California Coyote. They live in rural and most rural/urban areas. Coyotes are most often seen very early in the morning or during the evening hours. Coyotes feed on small mammals and birds. They can be opportunistic feeders in an urban environment and small pets can be at risk. It IS NOT NECESSARY to call 911 if you spot a coyote in your neighborhood. Only call 911 if the following Coyote behavior is observed...

- Carrying any product by ACME
- Carrying an Anvil
- Wearing a Rocket Pack and Roller Skates
- Carrying any box marked "TNT"
- Moving directional Road Signs
- Building a Catapult
- Loitering in the back of a retro 1970s Plymouth dealership
- Wearing a gold "Gangsta" medallion spelling "Whyil-E"
- Loitering in the back of a "Chick-fil-A"
- Wandering in circles howling "Beep Beep" "Beep Beep"

TRAP CORNER

Change in Management

For the past two years we have had the leadership of Bill Williams orchestrating, overseeing and running all of the shotgun events on the Trap ranges. Many of us know Bill as the guy that makes 5-Stand really challenging but he does a whole lot more. Leveraging his background in management, he has provided the Board with a much more granular view of how the shotgun events are doing. We now have a much better idea of how many guests and members are at each event as well as how much money each event is bringing back to the Association. Unfortunately, Bill has informed us that he needs to step down from his position as Chief TrapMaster. He will still be around and helping out but he has decided to pass the torch to someone else.

Dan Doorman was Chief TrapMaster for years before Bill had the position. Dan has accepted the position again and we are pleased that he agreed to take the job. Dan will be able to hit the ground running for multiple reasons. He has had the job before so he knows what is involved. He participated in the COVID Reopening plan and process for Pot Shooting and he understands what is involved and how to continue it as part of the EF&GA team. He has many people behind him offering to help him with running the events and continuing with the COVID Reopening process. We are looking into getting Wednesday evening Trap and 5-Stand opened again and I'm looking forward to what Dan will bring to the table.

The one thing that Dan will continue to need is more volunteers. If you are interested, there are many volunteer positions available. Each event will need a Health Monitor to assist with the documentation and enforcement of masks and/or social distancing. Each event needs people to help set up and tear down the equipment. We always need people to keep score. We also want RSOs around whenever possible. The more that you pitch in and help out, the better the entire program becomes.

InterClub Shoot (10/17/2020)

The next InterClub Shoot will be held at the Lakeside Sportsmans Club on Saturday, 10/17/2020. The property is in Boulevard, east of San Diego. \$30.00 for 100 targets, 50 @ 16 yds., 50 @ handicap. Sign-ups are at 8:00 am and shooting starts at 8:30. Lunch is included. For driving directions, carpool, and/or caravan information, please contact:

Don't be part of a statistic

RANGEMASTER SOUND OFF

by Jay Zimmett

Are you a new gun owner? If so, please take time to educate yourself on firearms safety. The rules that you learn may well save a life, perhaps your own! The below information comprises what I believe are the absolute minimum

safety rules and practices for the new gun owner. What is presented below is in no way comprehensive; being a gun owner is a life-long learning process with regards to both firearms safety and proficient handling. All gun owners should endeavor to take ongoing firearms training courses on a regular basis and train independently with their firearms.

BASIC RULES OF FIREARMS SAFETY

There are two widely respected sets of firearms safety rules. The NRA Gun Safety Rules:

- **ALWAYS** keep the gun pointed in a safe direction
- **ALWAYS** keep your finger off the trigger until ready to shoot
- **ALWAYS** keep the gun unloaded until ready to use

The other set of firearms safety rules are generally referred to as the Jeff Cooper Rules of Gun Safety:

- **All** guns are **always** loaded
- Never let the muzzle cover anything you are not willing to destroy
- Keep your finger off the trigger until your sights are on the target
- Be sure of your target and what is beyond it

READ THE MANUAL THAT CAME WITH YOUR FIREARM

The most important step for a new firearm owner is to read the manual (or a YouTube Video) that came with their firearm. If you purchased a used, surplus or other firearm that did not come with a manual, you should attempt to find an electronic copy of the manual by searching the internet.

The manual will explain the specific *manual of arms* (i.e., how the action of your gun functions) for your firearm. It should also give a detailed set of instructions on how to perform a *field strip* (i.e., disassembly of

your gun for cleaning and other purposes). Read through the entire manual and make sure you understand all aspects of the operation of your firearm. Most firearms *accidents* occur during administrative handling

One of the more important aspects to firearms safety is to always be aware of whether your firearm has a cartridge chambered (i.e, the gun is *loaded*). This is especially important when performing *administrative tasks* such as cleaning your firearm or handing your firearm to another person.

BECOME PROFICIENT WITH YOUR NEW FIREARMS

The last thought I will leave you with is to come out to the range and **PRACTICE** with your new firearm(s). To be comfortable with your firearm you need to practice and learn muscle memory! A great way to do that is attend some of the competitions that are offered at the range which are open to all levels.

Cold Range:

- Blue Blinking Lights **ON**
- **DO NOT** handle Firearms & Equipment
- Handle Targets
- Sweep up brass behind the Yellow and in front of the Red line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red line

DO NOT GO DOWN RANGE

BLACK POWDER NEWS

by Garth Warner

2020 The year that time should forget

Last Contest - Was held on Aug 23rd. More people showed up for this one with 6 pistol entries and 10 rifle entries. We were socially, morally, and ethically distant. By the end of this contest, we were mostly sweaty, and limp. The temperature at the field was 109 F. Due to the temps, a number of people were shooting a bit high and rifle barrels were almost too hot to hold. See below for the top three scores in each category. A sincere **THANK YOU** to everyone who stayed to help me break-down the gear. It was a real lifesaver.

Covid-19 Update - We are still operating under Covid restrictions as published in the July Newsletter. Tables are separated in the shoot house, and the firing line is moved 5 yards forward outside of the shoot house, etc. These rules have been amended to allow Invited Guests to shoot the contest with you. Up to 2 guests per member are allowed. They will be your responsibility to admit to the range, and your responsibility to monitor during the contest. The only other change will be that personal shooting, (reloading), tables will be allowed for pistol reloading, when we are set up for the mid and long ranges courses.

Next ML Silhouette Contest - Is scheduled for Oct 25th, This will be a Long Range Shoot with targets at 100, 125, and 150 yards. (**Special Note:** Those of you paying attention to the field layout. Under the Covid setup, the Firing Line has moved 5 yards forward of the concrete apron on the shoot house. The concrete apron extends 3 yards from the **RED** firing line marked between the poles in the Shoot house. At the 150 yard line, I can **NOT** move the targets back any further because the bank is in the way. So... its going to be less than 150 yards. Considering that Round Balls have the ballistics of a Wiffle Ball, you should **DO THE MATH** for the real distance)

Next ML Bullseye Contest is the ML Congress - The date is Oct 4th. This is a pistol, rifle and trade gun shoot with individual and overall awards. Contact Patrick Watson for details.

November is National Bison Month - Ray is pawing the ground, and assembling prizes for this special event. Ray tells me that the grand prize is going to be worth approximately \$500. I am reasonably sure it is not a Buffalo Calf... reasonably sure... maybe... pretty sure... He wouldn't say... If Ray shows up driving a stock trailer then you're on your own.

Grand prize will be awarded by a blind drawing of all contest entrants. If you enter the contest you get a ticket. We may also have a one shot bullseye target at 25 yards. Bring a stapler.

TRAINING CENTRAL

NRA Basic Shotgun Class

January 10th, 2021 Sunday 8am-5pm

Location: Escondido Fish and Game Association, 16525 Guejito Rd, Escondido CA

Class Description: This class covers firearm safety and basic skills of Shotgunning. It is also designed to train the student the proper skills required to hit a moving target. The NRA Certified Shotgun Course teaches stance, gun ready position, swing to target, trigger pull, and follow through. The class consists of classroom exercises and hands-on instruction including live fire exercise through which students will learn and demonstrate safe and proper shotgun shooting procedures and technique. Hands on range time will include techniques required for shooting moving targets-(Trap). Upon successful class completion students will receive the NRA Basic Shotgun Certificate. Classes are limited to 12 Students and a deposit is required to secure registration.

To reserve your spot call or email:

Bud Smith 858-922-6489 budsmith223@gmail.com

Dave Premetz 760-489-1082 slixgunr@yahoo.com

JUNIOR CORNER

by Patrick Russ

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

The Junior program prides itself on being extremely safety conscious. Ask any of our Junior shooters what our first and most important priority is, I bet they'll say "safety is our first priority". The reason for this is simple. We do detailed safety briefs before each relay of each event. It doesn't matter if there are 20 shooters or just 1, the safety brief is done the same way, every time. We do this to combat the two main causes of firearms accidents,

Ignorance: (Lack of Knowledge)

- Ignorance of Rules for Safe Gun Handling
- Ignorance of the Proper and Safe way to Operate a firearm

Complacency: (Poor or Improper Attitude)

- Failure to Apply the Rules for Safe Gun Handling
- Failure to Observe Proper Procedures for Safely Operating a Firearm

The first one is easy to understand, but still not acceptable. We all know that if you don't understand how something works, don't touch it. Hopefully, these people have the correct mindset, before they touch a firearm. That mindset would be knowing that they lack the knowledge to safely handle a firearm. Hopefully, they have surrounded themselves with good people that are willing to teach them the proper way to safely handle the firearms. This is something that I am proud to say that I see a lot at Escondido Fish and Game. This can be seen when a new shooter comes up to shoot trap or shoot in a new event. Personally, I'm seeing it as I learn the art of black powder shooting. I saw it when I wanted to try pot shooting. The generosity and willingness to help is one of the many reasons our range is so outstanding.

The second is not as easy to understand and it's one that really gets under my skin. I've seen this a lot over the years, not just at our range but many ranges, especially in the military. It usually starts out with someone that has been shooting for many years and thinks he knows everything. He'll do stupid things like resting his finger on the trigger or he'll make a comment like "Don't you trust me?" when you check a firearm that he just unloaded and checked. These are the ones that think that it won't happen to them because they know it all. They do not have the right mindset. Safety is not their highest priority. Safety comes second to their own ego. I can tell you from experience that these are exactly the people that should be avoided at all costs. Where these people go, accidents are sure to follow. They are one of the main

reasons that safety briefs are given before each relay of each event. The Junior program strives to make great shooters that will never fall into these two categories. By continuously stressing proper safety practices and the shooting fundamentals, I believe that we are accomplishing our goal. If you don't believe me, I invite you to come to an event (When it is opened up again) and see for yourself. Better yet, come be a part of the program, we are always looking for motivated coaches that want to help us achieve our goal.

How to place a classified ad in the newsletter

Please help to keep the classified section easy to read and well organized. There is no cost as long as you are an EF&GA member in good standing. Classified ads run for ONE newsletter (one month). If you want to repeat an ad for another month (with price adjustments, etc...) simply re-submit the ad request via e-mail.

Please submit requests for classified ads via email to newsletter@escondidofishandgame.com and be sure to double-check for spelling and grammar errors.

Members Only are allowed to submit Classified advertisements. Your Membership Number must be included with any advertisement request so that we can properly vet the submission before it is published. The Membership Number will NOT appear in the advertisement. Your Membership Number is on your membership badge on the same side as your photo.

No Illegal Transactions may be advertised in this newsletter. It is now illegal to sell ammunition in California without either going through an FFL or a licensed ammunition reseller. EF&GA cannot facilitate any illegal commerce of a state regulated commodity. This is also why firearm sales should include a phrase similar to Buyer pays DROS when advertising the sale of a firearm.

It may sound obvious but requests for classifieds are frequently received with not enough information to be useful to a reader.

There are 5 main components of a classified ad:

Category – Most classifieds fall into one of 3 categories, 'For Sale', 'Wanted', or 'Lost & Found'.

Subject/Title – This will appear in bold in the advertisement. This should be short (2 or 3 words) and concise.

Description – This is the body of the advertisement and can be a few sentences but not more than a paragraph. Abbreviations appear cryptic and are not recommended unless they are well known acronyms.

Price – A specific dollar amount as well as qualifiers give the reader important information. For example, "\$600 or Best Offer, Buyer pays DROS, Will consider trades"

Contact Info – This should be a name AND a phone number (including area code) and/or an e-mail address.

CLASSIFIEDS

All sales must comply with Federal and State laws!

Electronic Safe Lock - Convert your safe's mechanical lock into an easy push button electronic lock. Comes with keypad, lock mechanism and mounting hardware. The kit is completely new. I received from Canon Safe. However, I never used it. It will fit most quality safes that share a common lock bolt pattern. \$35

Contact Bryan at 858-205-4055 or
