Darrin's Dissertation

We have a reputation at EF&GA of including safety as a critical part of our *culture*. Because we all know that using firearms is a lot like skydiving (you don't get a second chance to get it right), we do a lot of practicing specific behaviors to make safe practices become *muscle-memory*. For example, I have been known to keep my finger off the trigger of a cordless drill until my sights are aligned. Good habits like this minimize the risk of bad things happening when we are distracted or complacent for any reason.

Good *muscle-memory* habits come from practicing the behaviors when confronted with specific *mental queues*. In the example above, whenever I place a tool with a pistol-style grip in my hands, I put my trigger-finger straight along the side of the device (away from the trigger). Learning to identify these *mental queues* can help you convert a *good practice* into *muscle-memory* response.

One *mental queue* that I want to spread around and merge into our *culture* is to STOP when you are getting ready to unload your firearms from your vehicle and sign the Green-Sheet FIRST. You might think that the reason for this is some lawyer wanting to make sure that everyone is accounted for and such. While that is important, it is not the primary reason for this practice. When you sign the Green-Sheet, you also learn the condition of the range that you are about to use. If that range is COLD, you know that you need to wait until that range is HOT before unloading your vehicle.

Using the *mental queue* of unloading your vehicle to remind you to sign the Green-Sheet FIRST can prevent unsafe conditions. If we politely remind each other to practice this behavior, it will become part of our *culture*.

In other Association news, the new flagpole monument is coming along well. **Jack Starlin** applied for and received the permits and arranged the inspection of the foundation before the concrete was poured. **Gary Fukuda, Bill Welch, Richard Baugh,** and **Chris Cote** got the footing excavated, rebar assembled, and concrete poured for the foundation. At the time of this writing, they are working on building the forms for the parts that are above-ground. If all goes well, it will be complete for a dedication close to Veterans Day.

Now that the Membership has voted to proceed with the 100-Yard Remodel project, we will be looking for volunteers to help with many aspects of that project. I'm working on a web-based sign-up form to make the arrangement of volunteers easier. Stay tuned for future developments.

Darrin Eaton

100 Yard Range Project – VOLUNTEER HELP WANTED

WooHoo!! The vote tally is in and the EF&GA Membership has voted to proceed with the 100 Yard Range Project. We are looking for volunteers.

We will be doing all the work ourselves. If you have construction, painter, roofer, framer, electrician or concrete finishing skills, the Project Committee would welcome your help. Please email 100Remodel@EscondidoFishAndGame.com if you would like to volunteer for the project. If you are a new member that needs volunteer hours, this will count toward your volunteer obligation.

On Saturday, October 15 at 1:00 pm, we will be moving the firing line to its temporary location at the 25 yard line. We will need for volunteers to help.

The range is expected to be under construction through February 1, 2023 depending upon inspections and weather. The “Proposed 100-Yard Range Remodel FAQ” is posted on the Home Page of the EF&GA website.

Sincere Apologies – 100 yard Range Donors

We always like to acknowledge members who donate above and beyond their dues. We had 3 donors that sent donations in their 100 yard Range vote envelopes. The checks were deposited to the project account before I could get the names. Our sincere apologies. If you were among those donors, please send an email to newsletter@escondidofishandgame.com. We will acknowledge your thoughtful contribution in the next newsletter.

Target Markers on 100 Yard Range

As you walk down the 100 Yard range, you might notice some new markers in the ground at some odd distances. These markers, made from 12” square pavers, are stenciled with a chicken, a pig and a turkey silhouette and 40m, 60m, and 77m, respectively. They are placed to mark the location for setting the target racks for Smallbore (.22) Rifle Silhouette, eliminating the need to pace off distances from the target butts and guesstimate lateral positions every month. Thanks to **Erik Olson** for the idea and Association leadership for the permission.

Jim McKim, Shoot Chair

Thank You Powerland Equipment

EF&GA would like to thank **Powerland Equipment** in Valley Center for their exceptional business practice. One of our gators needed a new motor. **Powerland Equipment** provided a quote and ordered the new motor. Along the way, the original motor was no longer available and they had to find another one for us. The cost was substantially more than the original quote. When **Gary Fukuda** went to pay the bill, they only charged us what was originally quoted. Additionally, they completed the repair in time for the July 31st Work Party. We truly appreciate their integrity.

Monthly Membership Meeting

It was so good to see everybody again at the August Membership Meeting, especially since we had missed having a meeting in July. We received updates from all of the shoot chairs and a briefing on the status of the Flag Pole Memorial and the 100 Yard Range Projects.

Jeanine Cleary won the \$25 Door Prize. If **Scott King** had been present he would have won the \$100 Attendance Prize. The prize will grow to \$200 for next month.

The Mom’s Creek Beautification and Black Diamond Team, **Ray Bucholz** and **Pamela Tucker**, had several special prizes to give away this month. **Robert Walsh** won a .45 Kentucky Pistol that Ray customized himself. **Ed Migdal** won an HE Harris Quarter Set with some of the rarest quarters minted. **Drake Duplessin**, pictured here, took home a 50 caliber Maruco BC Kentucky Rifle.

Ray also recognized 2 EF&GA members for their steadfast dedication to our range. Our current president, **Darrin Eaton** and former president, **Norm Porst** received this honored recognition.

The night would not be complete without the cheerful atmosphere of the monthly entertainment raffle brought to us by everybody’s friend, **Bud Smith**. Every month Bud organizes a fun and festive raffle. Other contributors to the raffle this month were: **Geoff Orchin, Wayne Brunner, Jeanine Cleary, Rich Oberle, Nathan Elliott, Bob Leider, Leonard Hodges, Ray Bucholz, Pamela Tucker** and once again, **Bud Smith**.

Don’t miss the September 8th Members’ Meeting when we expect to be voting on the By-Laws revisions.

Missing Air Pistol Silhouette Targets

At the Air Pistol Silhouette match this month, we discovered someone has “liberated” one each of the four different target animals from the target can, resulting in less than a complete set. (The set was complete when the match went on hiatus for COVID.) High probability of all being taken by the same person to make their own set of four. If you are that person, **PLEASE RETURN THE TARGETS TO WHERE YOU GOT THEM!** No questions asked.

Jim McKim, Shoot Chair

Bullet Points continued on pg. 3

Veterans Stand Down

As we have in the past, EF&GA has donated \$1000 to the North County Veterans Stand Down. **Aaron Andrews** joined us at the August Membership Meeting to accept the donation. This year's Stand Down event will be held October 20-23 at Green Oak Ranch in Vista. Homeless veterans will have access to VA Medical attention, dentists, glasses, legal advice, VA Benefits and even Pet Care. This 100% Volunteer Organization will also hold a Clothing Drive on September 24. The most frequently requested item of clothing is SOCKS.

Camp Pendleton JOY Drive

Ho! Ho! Ho! It's starting to look a lot like, time to collect toys and diapers for Camp Pendleton. Every year we collect toys, gift cards, cash and diapers for families of service members posted at Camp Pendleton. Please contact **Linda Linaker** 760-638-0573, if you want to participate in this most worthy outreach. Thank you for your generosity.

Neil Pisk Memorial Scholarship Program

The **Neil Pisk** Memorial Scholarship application window is closing. All completed applications must be received by 5:00 P.M. on September 23, 2022. Late applications will not be considered. Scholarship Award information and requirements can be found on the www.escondidofishandgame.com website under the Junior Marksmanship section. Click the EF&GA College Scholarship Application Form link for details. Please see the frame below for a very nice "Thank You" letter from one of our past recipients, **Drianna Brinkmeier**.

Escondido Fish and Game Association

Re: College Scholarship Program

Hello,

My name is Drianna Brinkmeier (Cowboy Alias "Diamondback Dree"). I would like to thank the board for their support over the last three years of my college education. I have graduated from Cal State San Marcos (Cum Laude) with a degree in Business Management/Marketing. I plan to continue to work my way up with Trader Joes. I truly appreciate the tuition assistance and support of my fellow shooters.

Wishing the range continued success,

Sincerely,

Drianna Brinkmeier

Flag Pole Monument

Construction of the new Memorial Flag Pole display is almost complete. A huge thank you to **Gary Fukuda, Jack Starlin, Patrick Russ, Chris Cote, Rick Baugh, Dave Olmstead, Ed Migdal** and **Bill Welch** (who also volunteered his tractor) for all of their hard work to make this project a success. Our gratitude also goes to **Free Builders** and **Escondido Lumber** for providing a lot of the building material at cost. Much of the cost for this project will be covered by donations. If you would like to contribute to this project, please send your donations to EF&GA, C/O Monument Fund, P.O. Box 460506, Escondido, CA 92046. We hope to have a formal dedication of the Memorial around Veterans Day. Please see **Patrick's Post** on page 11 for more on the Memorial Flag Pole.

Donations with Annual Renewals

Over the past 2 months we have been recognizing members who sent additional donations to the Association with their annual membership renewal. Our list of donors has grown by 2 more generous members this past month.

Thank you **Jeff Meeker & Craig Moore**.

Upcoming Coaching Course

There will be a Coaches Course held on Sunday October 30th starting at 8 AM. We will be covering Rifle, Pistol, and Shotgun. Come on out and possibly learn something new, remember something that you forgot, or just reinforce what you already know and remember about the basics and fundamentals of shooting. These classes are designed to help you be a better shooter and to help you be a better coach to a shooter that you are working with, by knowing what to look for in their position, technique, etc. We hope that you will want to come out and help us coach at any of the Junior program events or at a Women On Target shoot. No sign ups required, but please email **Ren Everett** at everettju1@cox.net so he will know how many people will need the required supplies.

Left the Range

Sandy Devita passed away last month. She was a Life member and a Past President. She became a member 8/24/90. Please keep her and her family in your thoughts and prayers.

Thank You Precision Arms

Escondido Fish and Game Association, Women on Target and the EF&GA Junior Marksmanship Program would like to thank **Martin Christensen** for his generous donation of .22 LR ammunition to the Association for its dedicated programs. His support of these programs and the transfer through Precision Arms are greatly appreciated.

TRAINING CENTRAL

Location: Escondido Fish and Game Association, 16525 Guejito Rd., Escondido CA

Bow Hunter Education Class

9/10/2022, 12/10/2022 (7 am – 4 pm)

Class Description:

The Bow Hunter Education Course is a nationally approved curriculum designed to teach bow hunters the knowledge, skills, and ethics to becoming safe and responsible archery hunters. The covered topics include basic bow and arrow nomenclature, safe bow and arrow carrying practices, distance-judging techniques, wildlife conservation, wildlife identification, hunting ethics, hunt preparations, hunting techniques, tracking skills, shot placement, basic survival skills, basic navigation skills, basic first aid, game recovery, field dressing, game care and much more. Most states in America require a Bow Hunter Education certificate in order to obtain an archery hunting license. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. The Bow Hunter Course includes 3-D archery field shooting at various targets and distances, including using a ground blind and tree stand. Bring a bow, arrows and quiver. Traditional and compound bows are acceptable. Use field tips on the arrows, no broadheads for the course targets.

Register at [California Hunter Education](https://www.californiahuntereducation.com) website.

Contact: **David Premetz** 760-489-1082 slixgunr@yahoo.com

Pistol Skill Builder Clinic

9/10/2022 (3 pm – 4 pm & 4 pm - 5 pm)

Clinic Description:

This clinic is for any beginner – intermediate shooter wanting to get some coaching while they shoot. The clinic goals are to increase comfort, reinforce safety, and work on the fundamentals of shooting in a coached environment. Both target and defensive shooting are addressed. Cost is \$5 per member, \$15 for non-members.

NRA Basic Pistol Class

9/17/2022 & 11/19/2022 (7:30 am – 4 pm)

Class Description:

This course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals. This is a full day NRA Instructor led pistol course. It includes classroom instruction and hands on instruction. The hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique.

Contact: **Dave Premetz** 760-489-1082 slixgunr@yahoo.com
Or register at the NRA training website at www.nrainstructors.org

NRA Blended Pistol Class

9/22/2022, 10/25/2022 & 11/22/2022 (7 am – 4 am)

Class Description:

This 2 Phase course is geared toward those who are new to pistol shooting or those familiar with handguns but desire structured training on the fundamentals.

Phase I is self-paced on-line instruction through the NRA website which must be completed prior to Phase II.

Phase II (8 am – 11 am) is the range portion. Hands on range time will include live fire exercise through which students will learn and demonstrate safe and proper procedures and technique. You will need to register & complete Phase I prior to attending the Phase II hands-on range portion.

NRA Women on Target 9/24/2022 (8 am – 2 pm)

Class Description:

Women On Target® clinics are available only to women. You will learn how to shoot rifles and pistols. You will learn safe firearms handling and how to store your firearms safely. No experience or equipment is necessary to participate. Pre-registration is required on the NRA Training website.

Cost: \$35.00 for members and \$40.00 for non-members, payable on the morning of the course in cash or check. Fee includes: Range use fee, all firearms, all ammunition, snacks and lunch, eye and ear protection, and an NRA Women On Target gift bag.

Please wear outdoor closed toe shoes and avoid lower-cut necklines to reduce the risk of getting burned by hot brass in areas where you don't want them.

Contact: **Breda Walsh** at 619-847-9213 or bwalsh@escondidofishandgame.com

NRA Metallic Cartridge Reloading Class 9/24/2022 & 11/5/2022

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition. As you hone your new found reloading knowledge you will also improve your shooting skills.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8 am until noon.

2nd session – This is "Hands On" training scheduled with a mutually agreed to time and date where you will reload your own cartridges on the reloading bench that day.

The cost of the class is \$125 for EF&GA members and \$135 for non-members. If you need supplies (ie: cases, primers, projectiles and powder) they are available for a \$15 surcharge. Prior registration is necessary and a \$20 deposit is required to secure a place in this limited class.

Contact: **Elvio Marchi** elvio1@cox.net 760-734-3942 or register using the link at <http://www.escondidofishandgame.com/classes/nra-basic-metallic-cartridge-reloading-course/>

CCW Prep Class

9/12/2022

Class Description:

This is an **optional class** and an introduction to the equipment and skills needed to competently carry and/or draw from a holster. Topics will also include the levels of awareness, how to avoid conflict, equipment options and clothing considerations. Dry fire and laser targets will be used in the class. This is NOT the state required CCW course.

Cost is \$50 per member, \$100 for non-member

Coaches Class 10/30/2022

Class Description:

Would you like to coach but you don't feel confident? Maybe you just want to familiarize yourself with the Escondido Fish and Game Association's coaching processes. This course will provide guidance for coaching new shooters in Pistol, Rifle and Shotgun disciplines. The emphasis is on coaching new Junior Shooters, but the techniques are also applicable to Women on Target coaches.

RANGEMASTER SOUND-OFF

by Gary Fukuda

Hello Everyone,

We are still talking about a few things because they are still continuing to happen.

On the Pistol Range, when you bag or unbag your firearms, do so on the Firing Line shooting bench. Do not bag or unbag your firearms on the middle tables or rear seating benches. Last month we had a member's guest handling a firearm on the middle table pointing the firearm at people that were standing at the Firing Line shooting bench. **Members – Pay attention to your guests.**

Last month on the Pistol Range, two handguns were left on the Firing Line shooting bench overnight. That could have caused a huge problem. Also last month a Shotgun was left in one of the Shotgun racks.

The Green Sheets: If you sign any of the Green Sheets and there is no "Date" and "Range" filled in, please fill them in. There are Green Sheets being turned in with no "Date" and "Range" information filled in.

All shooters remove your targets from the target backers and return the target frames back to the designated area.

Make sure that what you bring with you to the range, you also take back home with you.

If you have any comments, concerns or questions, please feel free to contact me at garymfukuda@cox.net or 760-420-7488.

Be safe and try to participate when you can.

Thanks,

Gary Fukuda

TRAP CORNER

by Darrin Eaton

InterClub Results

8/13/2022

We had a wonderful event for the InterClub last month. Lunch was catered by **Mary** at the Lake Wohlford Café. We had Chicken Cordon Bleu sandwiches with a creamy bearnaise sauce. The team with the high score was Lemmon Grove with a 447. The Men's high score was a 95 by **Bill Sargent**. The Junior high score was **Kona Strong** with an 88. And last but not least, the Women's high score was our very own **Michelle Fan** with an 88.

Last month I mentioned that Michelle is one of our Junior Coaches (Junior in our ranks because she is under 21) and that she shot her hat last month. She shot in the Women's class for the InterClub because she is over 18. This is proof that practice and discipline pay off. We are all very proud of her. She will be going back to college soon so we are grateful that we got to spend time with her this summer.

The next InterClub will be at Lakeside Sportsmen's Club on October 22nd. Save the date on your calendar and contact me if you want to carpool or caravan. It involves some travel on a dirt road so consider your vehicle choice carefully.

PATRICK'S POST

by Patrick Russ

Dear Members of the Escondido Fish and Game Association,

The Escondido Fish and Game Association (EF&GA) has been around for more than 75 years. From its founding until today, it has been our mission to promote shooting sports and to give back to our community.

One way the range goes about accomplishing this is by educating others about safe firearm handling and ownership. We accomplish this with numerous safety training classes, the Junior Marksmanship Program as well as shooting introduction classes for Women.

Perhaps one of EF&GA's most important missions is honoring past, present and future members of the military as well as the first responders in our community. It is due to their sacrifices that we enjoy the rights and privileges that we so cherish.

With this in mind we are asking you to consider helping to fund our new memorial in honor of the sacrifices of these members of the armed forces and first responders. Your donations will allow us to complete the new monument and flagpole at the center of EF&GA which recognizes all individuals who served our country in any branch of the military.

Please help us fund the remaining need. Any level of contribution is welcome and appreciated. To be completely transparent, EF&GA is a 501c(4) non-profit organization, but not 501c(3) non-profit. Your donations are NOT tax deductible. Please consult your tax professional if you need additional guidance.

You can easily donate by sending a check made out to: Escondido Fish and Game Association (Monument Fund) P.O. Box 460506, Escondido, CA 92046.

If you have any questions or concerns, please contact **Patrick Russ** at PRuss@escondidofishandgame.com or 760-644-2751

Dedication Plaque reads:

"The Escondido Fish and Game Association dedicates this monument to the men and women who honorably served and continue to serve in the armed forces and first responders of the United States. During times of war and peace, their courage and personal sacrifices defend and preserve our freedom and safety."

"Greater love has no one than this: to lay down one's life for one's friends: John 15:13"

"Lest We Forget"

Thank you for your time and consideration.

Sincerely,

Escondido Fish and Game Association Monument Committee

RULES TO LIVE BY

1. **Treat** every firearm as if it were loaded
2. **Never** point your firearm at anything you don't intend to shoot
3. **Keep** your finger straight and off the trigger until you intend to fire
4. **Know** your target and the surroundings

BLACK POWDER NEWS

by Garth Warner

Muzzle Loading Bullseye: On 9/4/2022 there will be a 3 gun event. Pistol, Rifle, and Tradegun. Safety Briefing at 07:45, first round out at 08:00. Contact **Patrick Watson** for Details.

Primitive Archery: Following the above event there will be a Primitive Archery Field Course (Probably in the Campground). Start time will be 10:00 or following the 3 gun contest. Contact **David Premetz** for details.

Muzzle Loading Silhouette: On 9/22/2022 there will be a Stupid Short Range Silhouette Contest for Pistol and Rifle. Pistol targets will be at 15, 25, and 35 yards. Rifle targets will be 20, 35, and 50 yards. (Or thereabouts). This is a beginner confidence building course. If you have never competed with your black powder pistol or rifle, then this event is where you start. Because of the extremely short distances, there will be NO possible medal awards for this event. Come out and have fun for a no pressure event. \$1 for each pistol entry. \$5 for each rifle entry (non-members \$10). Pistol starts at 08:30 and Rifle starts at 10:00 "ish". Contact **Garth Warner** for details.

Cowboy Action Shooters: If you have a muzzle loading percussion revolver, shooting Black Powder, and would like to try shooting beyond 10 feet, come on out and play. We also have a Black Powder Cartridge rifle category for targets out to 50 yards. Targets are roughly the size of paper plates and there is no speed requirement. There is NO period correct costume requirement for this event. The minimum clothing requirement is a loin cloth.

Area Forecast Discussion - San Diego: Current weather information can be found by Googling the above on your smart phone or computer. The information shows up as NWS Forecast Discussion San Diego Office. This is the source that the overly buxom weather girls use to present their "weather reports" on the evening news. It updates every 4 hours, or more often in severe weather events. It also includes a marine and aviation section. This report also includes a synopsis of several weather forecast models for the next week or so. Check it out.

How to Narrow Down the best load for your ML Rifle - AKA BALL and PATCH sorting:

Ok. Why do some of our rifles shoot like lasers, and others shoot like shotguns? Maybe you have not "Tuned" your ball and patch combo. Try the following to sort this out. Establish a base load for your rifle. As a rule of thumb, take the caliber of your rifle (50 cal), and add 20 to get 70. Start with 70 grains (by volume) as your test load of 2f or 3f powder. Lay out 5 patches that are .015, five patches that are .018 and five patches that are .020. Lay out 15 balls of the diameter of your choice. For a 50 cal rifle this will be .490 or .495 diameter. Shoot the first 5 with the .015 patches. Shoot from a bench using a rest. Use a good repeatable bench rest form. Measure the 75 yard group and patch up the target. Shoot the next five with the .018 patches. Measure and repeat until you have tried all the different patch sizes. Compare the results and identify which loading was the best.

NOT DONE YET:

If you used the .490 balls in the above test then switch to .495 balls and repeat. Compare the results and identify which loading was the best.

NOT DONE YET:

Take the best load combination you determined from the above and move on to evaluating your patch lube. Try liquid lubes. Try grease lubes. Which one was best for you?

NOT DONE YET:

Now you get to do the ladder test. Switch to a clean target. Lay out another 25 round balls. Firing from the bench, (and from a rest), shoot 5 rounds using 50 grains of powder. Measure and patch your target. Now shoot 5 rounds using 60 grains of powder, measure and patch your target. Repeat the above procedure for 70 grains and then 80 grains of powder. Evaluate which load was most accurate. You will most likely see groups starting wide, tightening up and then getting bigger again. Evaluate which charge weight was most accurate. Try 5 more rounds 5 grains UNDER that charge weight, and 5 more rounds, 5 grains OVER that charge weight. Somewhere in there you will find the sweet spot for YOUR rifle. This is your base load for THIS rifle.

NOT DONE YET:

You can further refine this process by trying the same test with different powders. If you used 2f powder, try the test with 3f powder. Which was better for you in THIS rifle?

NOT DONE YET:

Patch lubes are an arcane science. Call it VOO DOO of the lube. Generally, large volumes of lube, liquid or grease, are NOT a good thing. Feel free to experiment with different lubes in different moisture amounts. I can tell you from experience that WET patches will not work well and that dead dry patches will not work well. Find something in between that works for YOU, in YOUR RIFLE. Test and Practice to figure it out. Seal your patches in an airtight container (if using liquid lubes) between shots and between matches. Consistency is king. When you figure out what works for you, then you can show up at the next contest, huddle over your patch box, while cackling "My Precious" In this group of shooters you will not stand out.....except for your accuracy.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.

Visit us every weekend for hayride tours, live music, and wine tasting.
