Mark's Remarks

As you can see we have put up new signs. They are in the meeting house, the bathrooms, the big shed, on all of the ranges and on the front gate. These are Prop 65 signs. Proposition 65 Act of 1986 requires businesses to provide warnings to Californians about significant exposures to chemicals known to cause cancer or reproductive toxicity. The law aims to inform the public about potential exposures and allow them to make informed decisions about their health. These signs are required by state law. If you remember they were on the wall next to the door in each of the bathrooms, before we had them repainted.

I don't know if you've all heard that some of the clubs in the area are temporarily banning the SIG P320. SIG Sauer has received reports of unintentional discharge of this striker fired semi-automatic pistol. Last month our Board of Directors had a discussion about whether or not the Association should temporarily ban the P320. After lengthy discussion the board voted not to temporarily ban the SIG 320 from the range. After talking with our Chief Range Safety Officer, **Gary Fukuda**, it was determined that if any of the shoot chairs wishes to temporarily ban the SIG 320, it is at their discretion. As further developments come from SIG Sauer and other resources, the Board of Directors may re-address this.

I know it's summertime and it's hot and dry, but autumn is just around the corner where we might get wet and rainy conditions. The Association is working with the county on a grant that will allow us to recondition the creek area passageways. The plan is to put more rocks on the roadways so that we will still be able to pass over the creek and not have the roadway washed out.

As always be careful but have fun.

Mark Baldwin

Left the Range

We received notification that **Dale Carlson** passed away on July 29, 2025. He has been a member since October of 2003.

We have also received word that **Jim Rolfes** has passed away. He was

a good friend of EF&GA since December of 1997. Please keep them and their families in your thoughts and prayers.

August General Membership Meeting

The August General Membership Meeting was held Thursday, August 14. After the Shoot Chair reports and other business were conducted, it was time for "Prizes" and lots of them. **Patrick Russ** won the \$25 door prize and donated it to the Junior Marksmanship Program. There were still no winners for the \$500 attendance prize. The potential winners were **Chris Kafont, James W. Owens, Michael Lasiter, Dennis Metzler** and **Miguel Koenig**. Since they were not present the prize will roll over until the September meeting. **Bud Smith** was back to run the raffle with prizes donated by **Elvio Marchi, Leonard Hodges, Bob Leider, Ralph Magnus, Jack Starlin, Michael Douglas, Darrin Eaton** and **Bud Smith**, in addition to the prizes provided by the raffle team. Don't miss all the fun next month. The Meeting will be Thursday, September 11, Patriots' Day. See you then.

Volunteers Needed for Tree Planting

This fall we will be looking for some volunteers to help plant 19 oaks in the campground. Date to be determined pending your responses. If you are interested in participating in the Tree Planting, contact **Woody Morrison** at woodym@emorrison.net.

Help with New Member Interviews

On the first Thursday of every month from July until about December, we conduct personal interviews with all potential new members to the Association. The interviews begin promptly at 5:00 pm. If you are a member in good standing and would like to help with the interviews, please contact **Yosi Boublil** at 760-214-3582 or rsbiker99@aol.com. Don't worry...We don't throw you to the wolves. Ideally, there is one Board Member and two Members at Large at each interview table. That gives you a chance to learn the ropes as you go. Juli will be sending out 30 letters of invitation for the September 4 interviews, so we will need lots of help.

NRA Precision Pistol 1800

RECENT SAFETY ISSUES

Throwing Firearms and Magazines

Throwing firearms or loaded magazines on the ground is a serious safety violation and will not be tolerated. You will most likely be banned from the range.

Handling Firearms with People in Front of You

ANY handling of firearms is to be done on the firing line. No one should EVER be handling a firearm with people in front of them. This includes handguns, rifles and shotguns. Since there is no actual "Firing Line" when using the manual Trap Thrower, consider the Thrower to be the firing line. Never shoot from behind it.

Take Your Property Home

People are still leaving ammo, powder and other shooting related items at the range.

Volunteers Needed for the 2026 Annual Barbecue

The BBQ Committee is looking for a few people to join us in planning for our 80th anniversary event. Please contact **Patrick Russ** at pruss@escondidofishandgame.com, **Annette Champion** at Trapchick@cox.net or **Linda Linaker** at momma92082@gmail.com. It should be a great event and many hands make light work.

Wounded Warriors Events

Our Wounded Warrior Program events are doing very well. Archery was handled by **Garth Warner** in August and we have a Sight-in day scheduled for September 17. I'm not sure how much help will be needed that day, so watch the online website for updates. Thank you for all your support. **Linda Linaker**

Camp Pendleton Christmas Joy Drive

The holiday season is quickly approaching. I hope to get lots of help for our Randsberger Holiday Joy Drive. Cash, checks, gift cards, toys, books, diapers and other goodies are very much appreciated. We will make a delivery drive after our December meeting once we have a location. The CARES program is still having difficulties finding a place for donations. If anyone knows of a storage facility that can be used November and December (at no cost please) give me a call. Oceanside area is best since items go to Camp Pendleton. Thank you **Linda Linaker** 760-638-0573

Rose Garden Update

Barbara and **Paul McFadden** have taken on care of the Rose Garden for **Ray Bucholz** and **Pamela Tucker**. They have recently fertilized all of the roses and pruned over half the plants. They have re-programmed the controllers to handle the hotter summer and early fall months. The roses won't need any more attention until October when they fertilize for the last time this year. The oak litter around the roses near the landscape shed is there to aid in weed control and moisture retention.

A huge thank you to Barbara and Paul.

Jack Tassi Shot his Hat

Hat shoot after **Jack Tassi** shot 25 straight at 5 Stand Tuesday Aug 12, 2025. Jack is 88 years old and has been a shotgun shooter most of his adult life. This was his FIRST 25 straight. He was elated. It is a custom to "shoot your hat" after your first straight. In all the years I've been shooting 5 Stand there is only a handful of shooters to accomplish this. **Bud Smith**

NRA Metallic Cartridge Reloading Class **9/6/2025, 11/1/2025 (8 am – 12 noon)**

Class Description:

This class will supply you with the knowledge of how to properly and safely reload your used casings into economical, effective and accurate ammunition.

The class is structured in two separate sessions:

1st session – This class is strictly academic and is held in the EF&GA Meeting Hall on the above dates from 8am until noon.

2nd session – This is “Hands-On” training scheduled with a mutually agreed upon time and date where you will reload your own cartridges on the reloading bench that day.

Cost: \$125 for EF&GA members and \$135 for non-members. Supplies (e.g., cases, primers, projectiles and powder) are available for a \$15 surcharge if needed.

Prior registration is necessary and a \$20 nonrefundable deposit is required.

Contact: Elvio Marchi elvio1@cox.net 760-734-3942

Bow Hunter Education Course **9/13/2025 & 12/13/2025 7am - 4pm**

The Bow Hunter Education Course is a nationally approved curriculum. Topics include basic archery nomenclature, carrying practices, distance-judging techniques, wildlife identification, hunting ethics, hunt preparations, hunting strategies, tracking skills, shot placement, basic survival and navigation skills, game recovery, field dressing and more. The Bow Hunter Education Certificate does not replace the regular Hunter Education Certificate. Both are required in states that require them. The certificate issued is valid in all states requiring it, and is good for life. Bring a bow, arrows and quiver. Use field tips on the arrows for the course.

Go to: www.wildlife.ca.gov/hunter-education Select ‘Bow Hunter Education course’. Look for the course offering and select it.

Contact: David Premetz 760-489-1082 slixgunr@yahoo.com

Hunter Education Follow Up Course **9/14/2025 8 am - 1 pm**

The online course, alone, is NOT a qualification for a hunter education certificate. Once you have completed an online course, you will still need to attend a 4-hour follow up class with a certified Hunter Education Instructor. Access is permitted to the 4-hour follow-up class only after a student has completed the written Home Study or Online component of the class.

To register for a follow up course: Go to www.wildlife.ca.gov/hunter-education. Select ‘Online and Follow Up course’. Select a ‘Course Provider’ from the list provided. Select ‘Browse/Register for a Follow Up Course’. Select ‘Course Event’. Select ‘View Event’. Select ‘Register Now’. Complete the form. Select ‘Submit’ to send your registration to the system.

Junior Pistol Event

On August 17th we held our latest Junior Pistol event. This was the first Junior Pistol Event that I have had to miss in my 10 years of running it. Fortunately, **Breda** and **Robert Walsh** were there to save the day. Ironically, it was the first weekend since **Kestrin** went to college, otherwise she would have been the one to run the event. But, Breda and Robert did a great job. We had 14 total shooters with half being first time shooters. By all reports everyone had a great time and as you can see by the scores, there was a lot of great shooting going on.

As usual, much thanks to all of the people that came out to help. We couldn't do it without you. A special thanks to **Breda** and **Robert Walsh** for doing such a great job. Team work makes the dream work.

RULES TO LIVE BY

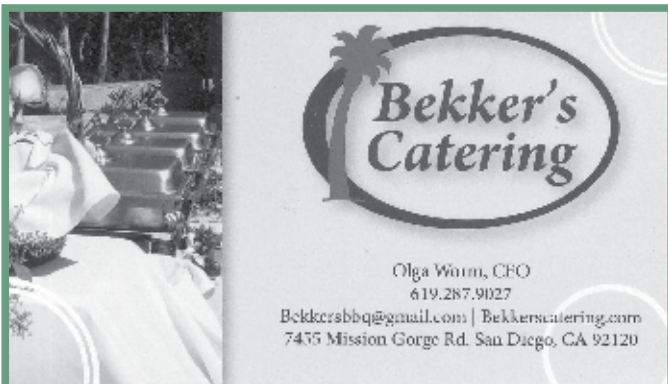

1. Treat every firearm as if it were loaded
2. Never point your firearm at anything you don't intend to shoot
3. Keep your finger straight and off the trigger until you intend to fire
4. Know your target and the surroundings

So You Want to be a Junior Marksmanship Coach?

Have you ever thought you'd like to be one of those awesome Junior Coaches that Patrick is always praising, but you just weren't sure if you were up to it? You are! And this Association is full of people eager to help get you there.

In Trap Corner this month, **Chris Cote** talks about how the Trap community is always helpful and supportive of newer or less experienced shooters. That's true with the Junior Marksmanship Team, too.

On page 5 of this newsletter (Grand Central Training Center) you'll find the Class Description for the Coaches Class on October 12. That class is for YOU. Want further guidance and confidence? Read the article on Page 11 by **Garth Warner** on "Changing a Junior's Point of Impact on the Target using Natural Point of Aim". Garth hints at a future article to come next month, too. Jump on the chance to become part of the Junior Marksmanship culture here at Escondido Fish and Game Association.

TRAP CORNER

by Chris Cote

New Shooter Support

What makes us the best range to shoot at?

I want to take a few minutes to thank the wonderful team I have that supports me in running trap on a weekly basis. We have had lots of new shooters in the past few months. I have had nothing but positive feedback from everyone on how welcome they have felt and all the tips and support they have received from our members. This is why I think we have the best range in the area for trap shooting.

As the 2026 bird hunting season approaches, please support these shooters as well. Many only come to the range to shoot the rust out of their barrel before they head to the field. Keep in mind we all shoot regularly and reminding everyone of both gun operation and shotgun safety is a positive for our range.

Annual Turkey Shoot

The Annual Turkey Shoot is scheduled for November 22nd this year. Come out and try to win your Turkey dinner (Turkey, Stuffing, Cranberry Sauce). "How does the turkey shoot work?", you ask. We have our three trap pads working with three different types of shooting, 16 yard, 25 yard and 20 yard Wobble. 10 people on the line, everyone shoots two birds from the five stations. High score wins a frozen turkey while 2nd place wins stuffing or cranberry sauce. You can only win one turkey from each pad. If you have never participated, you are missing out on a lot of fun. If you would like more details, please reach out to our retired president **Darrin Eaton** at Deaton@escondidofishandgame.com.

Sign in for Casual Trap

In the upcoming weeks I will be changing the sign in location for casual trap shooting using the hand thrower. The sign in sheet will be located next to the hand thrower instead of at the pistol range. Please be on the lookout.

Ladies Night on the Trap Pads

Ladies, you need a night out. Come down and join us for Ladies Night on the Trap Pads.

On the 2nd and 4th Wednesday nights we are having a down and dirty Trap 101 introduction. If you are interested in learning trap, please RSVP to **Annette Champion** at 760-803-7428. Space is limited to five participants per night and members will have priority. You will need, eye and ear protection, 20-gauge ammo and cash for trap rounds. We will provide shotguns and trap pouches for the evening.

BLACK POWDER NEWS

So You Want to be Junior Rifle Coach?

(Part One)

Changing A Junior's Point of Impact on the Target using Natural Point of Aim

A shooters "Natural Point of Aim" (NPA) is nothing more than finding a neutral position for a shooter that has minimal effect on shot placement from shot to shot, to enhance consistency. For Junior Rifle events, our shooters are placed in the prone position. They utilize relatively heavy .22 caliber rifles. The rifles are supported under the forearm of the stock with sandbags. In the rear they are supported by the shooters shoulder and, in many cases, by the shooters "off" hand under the heel of the stock. This can vary in detail depending on the shooter and/or on the rifle. The shooters should be prone, roughly 15 degrees to the left of the centerline of the rifle (opposite for left handed shooters) and legs extended in a slight "V" for stability. Feet should be extended or flat to prevent the shooter from attempting to "Push" themselves into position using their toes (common with young people trying to wrestle a heavy rifle).

This was a Short Range Rifle contest with two targets at 50 yards. 13 balls at each target with the best 10 counting for score.

Garth Warner	65-77- 142
Jerry Strauss	75- 61- 136
Mark Cederquist	56- 75 - 131
David Premetz	42- 55 - 97
Elvio Marchi	56- DNF

How to Find NPA:

There is no one position that is correct for every shooter. Place the shooter in the position identified above to get started. Have the shooter sight in on the center target, so that the bull's-eye is centered in the front and rear sight. Now tell the shooter to close his/her eyes. Tell them to move the rifle slightly to the right, then slightly to the left, then back to center. Have the shooter open his/her eyes and report which side of the target the front sight is on. Whichever side of the target the front sight was on, have the shooter move his/her waist and legs 3 to 6 inches in THAT direction. If the front sight was to the right of the bull's-eye, then move to the right. If the front sight was to the left of the bull's-eye, then move to the left. Repeat the test until the front sight is roughly centered on the target, moving the shooter as necessary.

Now fire your test shots at the center target. They should be somewhere in the black. Note that if your shooter is shooting consistent groups on target you can now "fine tune" your shooter's shot placement by moving them slightly side to side, WITHOUT changing the sights on the rifle. This technique works for elevation adjustments as well. Have the shooter MOVE UP on the sandbag to raise the group elevation. Have them MOVE BACK on the sandbag to lower the group elevation. NOTE: Always make sure the forearm of the rifle is resting squarely on the sandbag. DO NOT allow the shooter to position the rifle in any fashion where the front sliding sling adjustment is resting on the sandbags. This will be inconsistent and cause the rifle to be grossly inaccurate.

If your test groups are satisfactory, then repeat the NPA process for EACH of the "For Score" Bull's-eyes as you proceed through the match. If your shooter breaks position during the shooting string (bio break, stretching, etc.) then you get to start the whole process over again. Once the shooter understands the process it should go rapidly.

The Target Rifles used by our Junior Rifle program are maintained, and serviced, by cranky old men who put a lot of effort into making them work as well as reasonably possible. When you, as a coach, report that a rifle is not zeroed, these old dudes spend their lunch break getting the rifles ready for the next relay. Not surprisingly, the majority of zeroing problems for rifles returned during the relay are a direct result of somebody "adjusting" the sights to move a group one inch or less. Now you know how to "move" your shooter's groups, without touching the sights.

2025 Combat Match Trophy Series

The 2025 Combat Match Trophy Series was held Saturday, August 2. It was a great day. After the match Shoot Chair, **Lou Paz**, BBQ'd carne asada for all the shooters. We also had lumpias, watermelon, guacamole, chips and sodas. Here are the winners of this year's Combat Match Trophy Series. Enjoy the photos of some of the winners.

COWBOY ACTION SHOOTING

by Darrell Brinkmeier
AKA Double Diamond

The Escondido Bandidos held their monthly match on August 2, 2025. It was certainly a "warm" afternoon and 17 shooters completed the match. There was plenty of ice cold water, watermelon, and 2 new pop-ups to help us through the heat. **Clint Steele** was our top shooter (128.9 sec) and **Lantana Lady** (208.4 sec) was the top lady shooter. We had some close races within the rankings! Thank you to all for helping setup, run the match, and take down. A special thanks to **Cheyenne** and **Kaden** for brass picking and a shout out to **Misty Rose** and **Mesa Mary** for their help with scoring. Our next match is scheduled for September 6, 2025. Please contact **Double Diamond** at 760-745-9249, or dbrinkmeier1@cox.net for any questions about Cowboy Action Shooting.

Savage model 12 FTR Rifle

The action has been tuned and bedded in the stock by Larry Racine. A gunsmith in New Hampshire who works on Savage rifles. He replaced the factory barrel with a Keiger 30 inch, heavy palma barrel with a 1in 10 twist. The barrel was chambered for 308 Win using a FTR reamer with 0.169 inches of freebore. The firing pin has had a bushing installed in the bolt by Greg Tannel, in Rifle, Co. Comes with a Sightron S3 5-50 X 60mm long range scope. Rifle has been used mainly for 600 & 1000 yard matches.

The asking price is \$900.00, buyer pays DROS fees.

The background of the advertisement is a lush green pasture with scattered trees under a clear blue sky. In the center, there's a large circular logo for Rancho Guejito Beef. The logo has a bell icon at the top and the text "RANCHO GUEJITO BEEF" in a serif font. Below this, it says "GRASS-FED • GRASS-FINISHED" and "ESTD 1845". The central part of the logo features the words "ALL-NATURAL" in a bold, sans-serif font, with a small star to the right. Below "ALL-NATURAL", it says "100% PASTURE RAISED" and "AT RANCHO GUEJITO". At the bottom of the logo, it reads "NO ANTIBIOTICS • NO ADDED HORMONES".
