Darrin's Dissertation

100 Yard Range Upgrade

Now that the original project is complete, we wanted to add a sunshade to the target-facing side of the structure. Especially in the winter months, when the sun is low in the sky, a sunshade will make shooting easier and more comfortable. **Dave Robertson** came up with an ingenious design to bolt the shade structure to the existing truss bolts of the main canopy. This requires no additional drilling of holes in the structure that would compromise the warranty. After building the prototype, the response from the Membership was all positive. The Board voted to use the design with minor changes and continue it the length of the structure. At the General Membership Meeting on January 11th, we asked for volunteers to clean and prepare the steel for welding (remove rust and oil from the material). A few people agreed to take it on and get it done. **Dave Robertson** is continuing with the engineering, machining, welding, and assembly of the project. Kudos to all who volunteered to make the project excellent for a reasonable cost.

Kitchen Improvements

The propane stove in the kitchen has been problematic for quite some time now. We don't use it very often, but when we need it, we really need it to work. Junior Rifle, Women on Target, and other events service a bunch of people that we need to feed, and the old range appliance was not reliable. The Board voted to replace it with a newer model and to include a new vent hood above it. This sent me down the rabbit hole. I had to get a new range for the Range. After some shopping around, I found a range of ranges to choose from for the Range. Then, I had to arrange the range of ranges for the Range and categorize them by cost, quality, and availability. At the time of this writing, the hood has been purchased and the range for the Range has been ordered and delivery will soon be arranged. I want to publicly thank the Kitchen Committee for making my role in this whole process a lot easier – **Lucy Nelson, Linda Linaker, and Tracie Sheldon.**

Daisy has Left the Range

Our honorary canine member, **Daisy Everett** has left the range. She will be missed. We hope there are lots of gophers to chase where she is. Run Daisy, Run!

First General Membership Meeting 2024

The first Membership Meeting of 2024 was called to order on January 11, 2024. It was a cold night, but we still had a reasonable turnout. We had quite a few new faces to add to the "Old Guard". It is fun to see our family growing.

Bob Leider won the \$25 Door Prize this month. **Alonzo Clark** would have won the \$100 Attendance Prize if he had been present. Alonzo missed his chance, so the Attendance Prize will grow to \$200 next month.

The raffle table was full with many donations added to the prizes that **Bud** and **Mark** purchase each month. Thank you to all the donors: **Hank Beck, Bud Smith, Sue Connor, Elvio Marchi, Bob Leider, Therese Thomas, Moose Cleary, Michael Douglas, Geoff Orchin, Adalberto Perez** and **Jose Perez**.

Plan ahead for the next General Membership Meeting on Thursday, February 8. Don't forget that we will be having a guest speaker from USCCA that night instead of the raffle. If you have any suggestions or input about potential speakers please email **Patrick Russ** at PatrickRuss71@gmail.com.

Clean your stuff out of the Meeting Hall

If you have stuff in the Meeting Hall, it's time to clean it out....or we're going to clean it out for you. Check "Lost and Found" to see if you have any belongings that have been looking for you. If you brought things that you thought someone else might want, they didn't want it either. Please take it back home or pitch it.

Need Volunteer Hours??

Our Grounds and Maintenance Coordinator has projects for anyone who needs to fulfill their volunteer commitment Contact **Dean Dorman** at ddorman@escondidofishandgame.com or 858-231-8436 to make arrangements.

Wednesday and Saturday Trap are often in need of some volunteer assistance. Contact **Chris Cote** at 847-224-6898 or ccote@escondidofishandgame.com to see if you can help.

Don't wait until the last minute (June 30) to realize that you are out of time.

Work Party - February 24

The easiest way to complete your volunteer commitment is to attend a Work Party. The next Work Party is Saturday, February 24th. Show up anytime after 7:00 am and we'll put you to work. Bring work gloves and garden tools if you have them. We will have some on hand, but we often run short. There is a free lunch and a no-charge raffle to round out the day.

The Work Party is a great way to meet some of the other members of your Association and accomplish something amazing together. Take a good look at your range when the day is finished and feel good about what we have done.

There will be only one more Work Party in May before the renewal deadline in June, so catch this one if you can.

Want to be on the Landscape Committee??

EF&GA is forming a Landscape Committee. We have a beautiful outdoor facility here and we need a group dedicated to preserving it. We are looking for members with landscape familiarity, horticulture exposure, rose maintenance and/or irrigation experience. This team will be responsible for maintaining our outdoor spaces and identifying areas of need. We don't expect the committee to be doing all of the work necessarily. One of the objectives will be to coordinate with other members including those who need to complete their volunteer hours. If you are interested in being a part of the Landscape Committee contact **Scotti Clary** at lsclary@escondidofishandgame.com.

Thank you Colonel Charles Daugherty

We understand that you wanted to be anonymous, but we would like to thank you for your generous donation to the Junior Marksmanship Program. May they appreciate this contribution as well as your life time of service in support of our country.

Thank you Escondido Lumber

Times have been interesting lately both financially and politically. We see what boycotts can do to companies that are woke, have ideologies that are opposite of our beliefs. Why don't we "buy-cot" (financially support) companies that support our beliefs? I would like to thank **Peter** over at **Escondido Lumber** for his support of our Association. **Peter** is generous enough to supply all the target frame wood that you see on all the ranges. So, show your appreciation for the target frames by giving **Escondido Lumber** (310 S. Quince St, Escondido 760-745-0881) a chance to earn your business. Stay out of stores that do not have our interests at heart. They just want your dollars and cents. **Chris Cote**

Membership Renewals - Just Around the Corner

The renewal paperwork will be mailed out at the end of April. If you have any address changes, please contact the Association Clerk with your change at efgaclerk@cox.net or call 760-432-2089.

REMINDER TO NEW MEMBERS: When you send in your renewal paperwork, you will be required to turn in your yellow card with proof of having completed your volunteer hours. If you have not completed your volunteer hours by June 30th, your membership will not be renewed.

BBQ Update – May 19

Hello fellow members. It's time to start getting ready for our annual BBQ on May 19. Ticket prices increase to \$35.00 per adult on February 1st. On April 1st they will increase to the final price of \$40.00 each.

You can order your tickets by sending in the form on page 5 of this newsletter or you can purchase them from **North County Shooting Center** or **Mark Baldwin** or **Linda Linaker**.

We are also looking for ideas to make our BBQ the best ever. There will be suggestion boxes on the ranges. Put your ideas in the boxes. We will be going over these ideas and implementing what we can.

There are currently a lot of new things to look forward to at the 2024 BBQ, so be sure to get your tickets. If you don't show up, you will miss a great time.

The Newsletter is a Whole Team

We've received a lot of accolades about the newsletter. It's important that everyone knows that the success belongs to a very large team of members. There are many contributors, some monthly, some occasional: **Darrin Eaton, Gary Fukuda, Chris Cote, Patrick Russ, Garth Warner, Darrell Brinkmeier, Jim McKim, Elvio Marchi, Dave Premetz, Tom Arendell** and **Linda Linaker**. Then there are the Shoot Chairs who diligently send their event scores within a day or two of the match: **Darrell Brinkmeier, Jim McKim, Kevin Cooper, Steve Baran, Bill Townsend, Garth Warner, Breda Walsh, Mark Baldwin** and **Chris Cote**. Finally, we have our "Eagle Eye" proofreaders, **Lucy Nelson, Darrin Eaton** and **Vince Franano**. They scour the draft, checking for any spelling, grammar and punctuation errors before it goes to the printer. So...Please make sure to thank them for their contributions to your newsletter.

Republican Women – Women on Target

Linda Linaker will be hosting a Women on Target event for the Oceanside Republican Women organization on Wednesday March 20, 2024. If you are available to help with coaching for pistol or rifle, contact Linda at momma92082@gmail.com or 760-638-0573.

Speak Softly
and Carry a Big Stick

We Are All RSOs

We are all responsible for the safety of our range. To that end, it is incumbent on us to help other members remember their commitment to the Range Rules. It is never comfortable to have to remind someone of a discretion, but it is sometimes necessary. Approach the situation with respect and hope that the other party does the same. Unfortunately, that doesn't always happen. Recently, there seems to be an increase of push-back against rule enforcement. It is never acceptable to dismiss an RSO or another member acting in good faith. "Yeh, Yeh, Yeh" is not a proper response. A response like that suggests that you KNOW you are in violation and you don't care. Remember that members can and have been suspended, even expelled, for flagrant violations. Don't be one of them.

Frequent Transgressions

Frequent transgressions include: rapid fire, fiddling with firearms when the range is cold, casing and uncasing firearms anywhere except at the firing line.

Rapid fire is not permitted during casual shooting. It is reserved for sanctioned events where every shooter is closely monitored by an RSO.

Range is Cold (Blue lights ON) Unless you are going down range, you must be behind the yellow line and NOT handling firearms. Imagine if you are down range and you look back and see someone fiddling with their firearm.

Case and uncase your firearms at the firing line only. No one should be walking around behind the yellow line with a firearm.

A full set of rules is available at the kiosk for each range.

RANGEMASTER SOUND-OFF

Cold Range:

- Blue Blinking Lights **ON**
- DO NOT Handle Firearms & Equipment
- Handle Targets
- Sweep Up Brass Behind the Yellow and In Front of the Red Line

OK TO GO DOWN RANGE

Hot Range:

- Blue Blinking Lights **OFF**
- Handle Firearms & Equipment
- OK to Load/Unload Vehicle
- Sweep up brass behind Red Line Only

DO NOT GO DOWN RANGE

The RSO On Duty Is ALWAYS Right, Even If He Is Wrong!

Perhaps that sounds inconsistent. The point is, there should be no arguing at the firing line. If you are convinced that the RSO was incorrect, you can both present your case to the Board of Directors for a final determination.

First Aid

We have begun to take inventory of the First Aid Kits on the range with an eye toward restocking and updating them. We will be purchasing some "serious injury" kits and begin offering First Aid Training for our RSOs. Stay tuned to the Rangemaster Sound-Off page for more details.

TRAP CORNER

by Chris Cote

#3 Thomas Jefferson

Well, we have had an exciting month. We had lots of rain and cold weather. I hope you all had a wonderful Christmas and a happy New Year.

I do not have much to say this month other than to remind you all of our February 24th range clean up. If you have volunteer hours to complete, this is a great time to get them done. If you would like to meet like-minded people, this is an excellent opportunity to do so. I would hope those who do not need to fulfill volunteer hours will show up, too, because you have pride in our Association. Another reason to show up is that you have access to the Board of Directors and can bend their ear about any range issues or concerns you may have.

Trap 101 for Ladies

Ladies...if you are interested in learning Trap, contact **Annette Champion** at 760-803-7428. On Wednesday nights Annette will be assisting ladies interested in learning the art of Trap. This will be limited to 5 participants per night and members will have first priority. You will need to bring ear and eye protection, 20 gauge ammo and cash for the rounds. The Trap team will provide shotguns and trap pouches for the evening. If you ever thought you might want to try it out, this is the perfect opportunity.

JUNIOR CORNER

#16 Abraham Lincoln

Important Dates:

- Junior Trap 2/10/2024 & 3/9/2024
- Junior Pistol 2/18/2024
- Junior Archery 2/18/2024
- Junior Rifle 3/17/2024

On January 21st we held our first Junior Rifle event of 2024. The day started out rainy and cold but everyone was excited to get the day started. We had 80 shooters signed up with 13 on stand-by. Sadly, and largely due to rain I'm sure, we only ended up having 60 shooters. The ones that showed up, however, definitely showed up ready to shoot. Only the best can shoot in this kind of weather. Our top shooter was **Brayden Stansel** with a score of 394. Second went to **Emma Detweiler** with a score of 377. What makes Emma's score even more extraordinary is the fact that she was also having a bad hair day and she was worried that someone might see her. In spite of this hardship, she was able to power through and have great day. It was truly inspirational to see. Well done, Emma!!! Tied for second place was a relative new comer to Junior Rifle. **Unity Listiak** also scored a 377. Personally, I believe that she was inspired by watching Emma do so well against such overwhelming odds. Either way, Unity shot extremely well and I know that we will be seeing a lot more of her in the future. Great job, Unity!!! In case anyone thinks that girls can't shoot, eight of our top 10 shooters today were girls. In my experience, that is pretty much the way it goes. Girls tend to be better shooters.

I don't know how many of you have been to a Junior Rifle event, but it's a very labor intensive event. It takes about 35 volunteers to run a one day event. This includes the kitchen staff, the scoring and admin tables and of course the coaches and the armory. There are lots of moving parts. We simply couldn't do it without the help of all our volunteers. I truly wish that I could name them all and in the future I will try to do that. Some of the super stars include **Breda Walsh** on our admin desk. She makes sure everyone gets signed in and assigned to the proper relay. This is no small task but she handles it with ease. **Tracie Sheldon** runs the kitchen. Tracie coordinates the food preparation and makes sure that everything is ready when the coaches come off the line after 2nd relay. No Junior Corner would be complete without mentioning **Kestrin Walsh**. By the time I made it to the firing line that morning she already had 15 volunteers setting up the firing line. When I got there, there was no doubt who was in charge. Kestrin was running the show and getting things done like a well-seasoned leader. I also need to mention **Rhyan Walsh** who stepped up when we needed him and did some coaching and helped on the firing line. Once Rhyan found out that he was needed, he didn't hesitate to jump in wherever needed.

Last, I need to thank **Garth Warner** for his unending support of the Junior Program, not to mention the range as a whole. Garth is largely known as the hardest working person at the range and for good reason. Garth gets more done by 8am than most people do all day. I have seen him out work people half his age and 5 times his fitness level. Garth is truly an asset to the Junior Program and the range. Thanks Garth!!!

2. **Never** point your firearm at anything you don't intend to shoot

Feb 25th X-Sticks:

What is this? For 2024 we are going to be running an occasional cross-stick series immediately following the Silhouette contest. (This means after you help put away all the steel silhouettes and frames.) If you entered the Silhouette contest then entry is free. You will be given an NRA B-19 target to set up on a range target frame at 75 yards. (Ranges will vary during the year.) Using cross-sticks, take 5 shots at the bull. Highest score wins. I have 11 sets of "loaner" cross-sticks to get everyone started.

Note: You shoot this by SITTING on the concrete and using the cross sticks to support your rifle. If you have a disability, then see me for special accommodations. I got a new floor jack for my birthday, and I know how to use it.

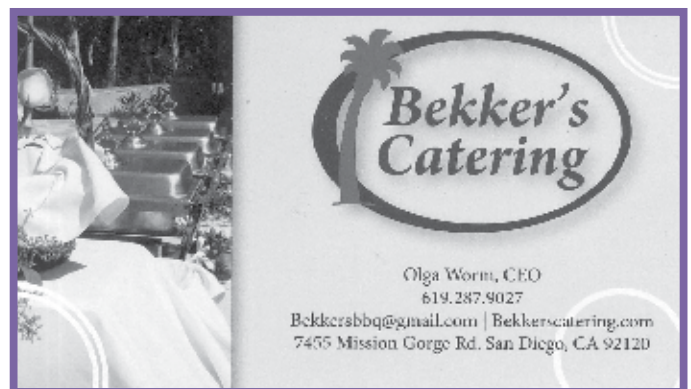

Contact **Garth Warner** Gwarner@cox.net for more details.

Relive the simpler days of Old California with us...

Rancho Guejito Vineyard grows its grapes in the fine soils and climates of the last remaining intact Mexican land grant in California. Our 23,000 acre ranch was established in 1845. Nearly 175 years later, we have kept the tradition of cattle ranching, agriculture, and wine making alive.
